

# Part 85 - Control of Hazardous Energy Sources

## 1 Who Should Attend . . .

This online seminar is a must for anyone concerned about health and safety on the job including:

- ▶ Managers concerned about liability and workers' compensation costs.
- ▶ Employees who want to learn proper techniques for protecting their safety and health at work.
- ▶ Business owners who want to learn about compliance with Michigan Occupational Safety and Health Administration (MIOSHA).

## 2 MIOSHA Training Institute

MIOSHA Consultation Education and Training (CET) Division and Macomb Community College (MCC) have developed the MIOSHA Training Institute (MTI) through a formal alliance. The MTI introduced an Assessment-Based Certificate program, effective October 1, 2007. The certificate program offers participants an opportunity to be recognized for their educational efforts and increased technical expertise. Courses are offered throughout the state in sponsorship with other M-TEC<sup>SM</sup> facilities, community colleges, and safety and health organizations. To learn more about the certificate program, log-on to the CET Division website at [www.michigan.gov/mti](http://www.michigan.gov/mti).

## 3 What You'll Learn . . .

This one day seminar will thoroughly discuss the requirements of MIOSHA Part 85, Control of Hazardous Energy Sources. Topics include: a complete review and interpretations of the standard; lockout and tagout requirements; minor tool change exceptions; energy control procedures and exceptions; periodic inspections; and employee training. Interactive discussions and exercises have been designed to enforce the concepts presented. **Virtual classroom with an in-person instructor. This training format can be taken from the office, home, or remotely.**
