

An Informative Full-Day Seminar:

Parts 6, 33, and 433 Personal Protective Equipment Standards for General Industry and Construction

1 Who Should Attend . . .

This seminar is a must for anyone concerned about health and safety on the job including:

- ▶ Managers concerned about workers' compensation costs.
- ▶ Employees who want to learn proper techniques for protecting their safety and health at work.
- ▶ Business owners who want to learn about compliance with Michigan Occupational Safety and Health Administration (MIOSHA).

2 MIOSHA Training Institute

MIOSHA Consultation Education and Training (CET) Division and Macomb Community College (MCC) have developed the MIOSHA Training Institute (MTI) through a formal alliance. The MTI introduced an Assessment-Based Certificate program, effective October 1, 2007. The certificate program offers participants an opportunity to be recognized for their educational efforts and increased technical expertise. Courses are offered throughout the state in sponsorship with other M-TECSM facilities, community colleges, and safety and health organizations. To learn more about the certificate program, log-on to the CET Division website at www.michigan.gov/mti.

3 What You'll Learn . . .

This course will provide the participant an overview of MIOSHA personal protective equipment (PPE) requirements contained in MIOSHA General Industry Parts 33 and 433, as well as MIOSHA Construction Part 6. Methods for conducting and documenting hazard surveys, PPE selection and maintenance criteria, and PPE training requirements are described. Sample PPE photos and scenarios will be included and discussed in the program. Tools for PPE hazard surveys will be provided to assist students in conducting and documenting hazard surveys in the workplace.

Participants will be able to:

- ▶ Differentiate between the MIOSHA construction, general industry and occupational health standards for personal protective equipment (PPE).
- ▶ Perform and document a simple PPE hazard survey.
- ▶ Provide PPE training according to the MIOSHA Standards.
- ▶ Discuss how to select and use the appropriate PPE in the workplace.
- ▶ Analyze some hazards found in the workplace.

Agenda

We offer a flexible program agenda to emphasize the health and safety topics you want most.

This course has been approved for both residential builders pre-licensure and continuing safety training requirements.

All meetings are accessible and barrier free. Please contact the cosponsor or the CET Division, at least 30 days in advance, to request necessary accommodations.

MIOSHA Education Training Materials

The student training manual and course reference materials will be provided in electronic format via email for students to download and print before class if they wish.

No hard copy textbook will be provided at the class. Upon arrival at class, each student will also receive a flash drive containing these materials which is theirs to keep. If you wish to bring a copy to class, you have the option to **download and/or print** the course materials in advance.

Important: When registering for this class, please provide your complete email address.

Remember to download your course handouts ahead of time!

Frequently Asked Questions

Q: Will I be able to print my materials at the seminar or workshop?

A: No printing services will be available. Print or download the presentation slides before you arrive for the class.

Q: Will I be able to charge my device at the seminar or workshop?

A: We recommend that your device is fully charged before you arrive. Charging stations may not be available in the classroom.

Q: What happens if I do not receive an email?

A: In the unlikely event that you do not receive the link via email, please call the contact number listed under Program Details on the next page for assistance.

Facilitator

Robert Atkins is an Occupational Safety Consultant with the Consultation Education and Training Division of MIOSHA. Robert currently provides consultation and training services for the Northwest Michigan counties surrounding Grand Traverse county.

Before working with the State of Michigan, Robert was an Environmental, Health & Safety Supervisor and Plant Sanitation Supervisor. His duties included accident investigation, safety training for new employees, annual safety training for all employees, chair of plant Safety committee, forklift certification and permit holder for storm water, RO water and Non-contact cooling water permits. Additional responsibilities included administration of all plant sanitation events.

Robert has a long work history in food manufacturing and aerospace. He is a graduate of Regis University with a Bachelor of Science degree in Business and Leadership.

Presenters: Robert Atkins, Occupational Safety Consultant and Brian Kellogg,
Senior Occupational Safety Consultant; MIOSHA-CET Division
