

An Informative Full-Day Seminar:

Parts 472 and 554 -

Medical Services and First Aid, Bloodborne Infectious Diseases

1 Who Should Attend . . .

This program is a must for anyone concerned about health and safety on the job including:

- ▶ Managers concerned about workers' compensation costs.
- ▶ Employees who want to learn proper techniques for protecting their safety and health at work.
- ▶ Business owners who want to learn about compliance with Michigan Occupational Safety and Health Administration (MIOSHA).

2 MIOSHA Training Institute

MIOSHA Consultation Education and Training (CET) Division and Macomb Community College (MCC) have developed the MIOSHA Training Institute (MTI) through a formal alliance. The MTI introduced an Assessment-Based Certificate program, effective October 1, 2007. The certificate program offers participants an opportunity to be recognized for their educational efforts and increased technical expertise. Courses are offered throughout the state in sponsorship with other M-TECSM facilities, community colleges, and safety and health organizations. To learn more about the certificate program, log-on to the CET Division website at www.michigan.gov/mti.

3 What You'll Learn . . .

Exposure to bloodborne infectious diseases is identified as a significant source of occupational illness. The lack of first aid and medical services can lead to serious physical harm or death. This full day course was developed to teach participants: the requirements of Part 472 Medical Services and First Aid, and Part 554 Bloodborne Infectious Diseases; to determine if facilities and employees are covered by the standards; to prepare a written exposure control plan; and, to ensure employees receive proper care following an occupational exposure or injury. This course is designed for general industry with emphasis for healthcare facilities.

Required Class For
Occupational Health
Level Two
MTI Certificate

Agenda

*We offer a flexible
program agenda
to emphasize the
health and safety
topics you
want most.*

- ▶ Determine the applicability of Part 554 Bloodborne Infectious Diseases standards to specific personnel and facilities.
- ▶ Evaluate written exposure control plan.
- ▶ Identify proper engineering, work practices, and personal protective equipment controls to reduce or eliminate exposure.
- ▶ Implement a program for proper management, decontamination, and disposal of contaminated materials.
- ▶ Evaluate availability and accessibility of exposed and injured employees to first aid and medical services.

The meeting site and parking is accessible. Individuals attending the meeting are requested to refrain from using heavily scented personal care products, in order to enhance accessibility for everyone. People with disabilities requiring additional services (such as materials in alternative format) in order to participate in the meeting should call 517-284-7720 at least 30 days before the program. The Department of Labor and Economic Opportunity (LEO) is an equal opportunity employer/program.

MIOSHA Education Training Materials

The student training manual and course reference materials will be provided in electronic format via email for students to download and print before class if they wish.

No hard copy textbook will be provided at the class. Upon arrival at class, each student will also receive a flash drive containing these materials which is theirs to keep. If you wish to bring a copy to class, you have the option to **download and/or print** the course materials in advance.

Important: When registering for this class, please provide your complete email address.

Remember to download your course handouts ahead of time!

Frequently Asked Questions

Q: Will I be able to print my materials at the seminar or workshop?

A: No printing services will be available. Print or download the presentation slides before you arrive for the class.

Q: Will I be able to charge my device at the seminar or workshop?

A: We recommend that your device is fully charged before you arrive. Charging stations may not be available in the classroom.

Q: What happens if I do not receive an email?

A: In the unlikely event that you do not receive the link via email, please call the contact number listed under Program Details on the next page for assistance.

Facilitator

Audrey Carlstrom joined MIOSHA's Consultation Education and Training (CET) Division in April 2019. She serves as an Industrial Hygienist in the Training and Consultation Program for the Western Counties in Lower Michigan.

Prior to joining MIOSHA's CET Division, Audrey worked as a Wastewater Laboratory Technician. As a lab tech, Audrey performed analysis on water samples throughout the treatment process to ensure compliance with the required National Pollutant Discharge Elimination System (NPDES) Permit. Additionally, Audrey served over eight years as a Bioenvironmental Engineering Technician in the Air Force, both in Active Duty and in the Michigan Air National Guard. Her duties and responsibilities primarily included occupational health surveys for over 24,000 personnel in industrial work centers. Audrey also performed environmental sampling and monitoring and was a member of the base HAZMAT emergency response team.

Audrey has a Bachelor of Science degree in Ecology and Evolutionary Biology from the University of Michigan.
