

MIOSHA Construction 10-Hour Course

1 Who Should Attend . . .

This online program is a must for anyone concerned about health and safety on the job including:

- ▶ Managers concerned about workers' compensation costs.
- ▶ Employees who want to learn proper techniques for protecting their safety and health at work.
- ▶ Business owners who want to learn about compliance with Michigan Occupational Safety and Health Administration (MIOSHA).

2 MIOSHA Training Institute

MIOSHA Consultation Education and Training (CET) Division and Macomb Community College (MCC) have developed the MIOSHA Training Institute (MTI) through a formal alliance. The MTI introduced an Assessment-Based Certificate program, effective October 1, 2007. The certificate program offers participants an opportunity to be recognized for their educational efforts and increased technical expertise. Courses are offered throughout the state in sponsorship with other M-TECSM facilities, community colleges, and safety and health organizations. To learn more about the certificate program, log-on to the CET Division website at www.michigan.gov/mti.

3 What You'll Learn . . .

This 10-hour program presents an overview of MIOSHA regulations for the construction industry. Detailed information is presented to enable the participant to develop an accident prevention plan as required by Rule 114 of MIOSHA Construction Safety Standard Part 1, General Rules. An overview of MIOSHA inspection procedures is presented, as well as the most frequently cited MIOSHA violations in the construction industry. Participants gain detailed information regarding construction and health standards relative to the industry. Emphasis will be placed on recognizing hazards and describing safe work practices to eliminate or control those hazards. **Students will receive both MIOSHA and OSHA 10-hour cards upon successful completion of the class. Virtual classroom with an in-person instructor. This training format can be taken from the office, home, or remotely.**

Agenda

- | | |
|--|--|
| ▶ Introduction to OSHA/MIOSHA | ▶ Part 11 Fixed and Portable Ladders |
| ▶ Part 1 General Rules | ▶ Part 12 Scaffolds and Scaffold Platforms |

Facilitator

Jim Getting was appointed to MIOSHA's Consultation Education and Training (CET) Division in 2007 and provides construction safety services for the Southwest counties of Michigan. Jim has over 20 years of experience as a construction safety professional. Prior to joining CET, Jim worked as Safety Director for several companies, encountering a multitude of construction safety hazards. Jim learned first-hand the challenges of training workers, developing safety plans, inspecting worksites, and developing written programs to ensure worker safety and complying with MIOSHA standards.

Jim has a Doctoral degree in Industrial and Organizational Psychology from Auburn University. His primary specialty is the managing of safety and motivation of workers through behavioral safety methods. By utilizing these straight-forward and effective techniques and his field experience, Jim provides training and consultation to assist companies in developing positive and proactive safety programs.

Jim Getting, Ph.D., CSP
Senior Construction Safety Consultant
MIOSHA, CET Division
