Call to Order

The April 5, 2021, General Industry Safety and Health Standard Part 74 Fire Fighting, (GI Part

74), advisory committee meeting was called to order by Ms. Matsumoto at 9:07 a.m.

Roll call was taken. A quorum of advisory committee members was present.

Approval of March 15, 2020 Meeting Minutes

Motion by Mr. Cleveland to accept the minutes from the March 15, 2020 meeting. Mr. McLeier seconded the motion. Motion passed.

Revisit R 408.17421(3)

Mr. Syrový shared his recommendations on changing some language in Rule 408.17421(3). Changes recommended were “procedures” to “operations”, “standard operating” to “written procedure”, and “operator” to “driver”.

Motion by Mr. Glotzbach to accept the recommended language. Mr. Cleveland seconded the motion. Motion passed.

Draft language for survey and RIS

The draft was shared with the committee and discussion was held. MIOSHA staff will make edits to ensure clarity in the questions. Once this is complete, it will be shared with the committee for additional edit/input. The committee was advised if they had recommendations on language, to please submit it to Ms. Klopp.

Committee member discussion

MIOSHA staff went through the Appendix to see if we had a rule to cover each item. A spreadsheet was created to cover each item. Discussion was held by the committee.

Mr. Heim proposed adding rule 7 to R 408.17464 to state:

“Assure that firefighters receive and maintain certification in first aid and Cardiopulmonary Resuscitation/Automated External Defibrillator.”

Mr. Heim made a motion to accept the proposed language. Mr. Glotzbach seconded the motion. Motion passed.

The Regulatory Impact Survey will be updated and provided to the committee. Also, the guidance instruction will be worked on.

The vote on rescinding the Appendix will be held at our next meeting, to ensure all members are able to vote.
