I. BACKGROUND

The Library of Michigan's focus for this grant program is to improve public and academic libraries capacity to offer services and information in their communities. The focus will be on projects that improve access to library users in the areas of literacy, local history or special collections, or improving access to community users with limited access.

Libraries may apply for subsequent phases of a project that are underway, but previous funding does not guarantee continued funding. Libraries may also apply for funding of an ongoing project as it reaches new audiences, incorporates new methodologies, or significantly expands the reach of the project.

The program distributes federal library funding authorized under the Museum and Library Services Act (LSTA) to state-approved projects. Through the legislation, the Institute of Museum and Library Services (IMLS), an independent federal agency, provides grants to state library administrative agencies, including the Library of Michigan. These federal grants may be used to support statewide initiatives and services, or they may be distributed through competitive grant programs. The complete legislation is available at www.michigan.gov/lsta.

The Library Services and Technology Act outlines the following broad priorities for funding. They are:

- expanding services for learning and access to information and educational resources in a variety of formats, in all types of libraries, for individuals of all ages in order to support such individuals' needs for education, life-long learning, workforce development, and digital literacy skills;
- establishing or enhancing electronic and other linkages and improved coordination among and between libraries and entities, as described in section 9134(b)(6) of LSTA, for the purpose of improving the quality of and access to library and information services;
- providing training and professional development, including continuing education, to enhance the skills of the current library workforce and leadership, and advance the delivery of library and information services; and enhancing efforts to recruit future professionals to the field of library and information services;
- developing public and private partnerships with other local agencies and local community-based organizations;
- targeting library services to individuals of diverse geographic, cultural, and socioeconomic backgrounds, to individuals with disabilities, and to individuals with limited functional literacy or information skills;
- developing library services that provide all users access to information through local, State, regional, national, and international collaborations and networks; and
- carrying out other activities consistent with the purposes set forth in section 9121, as described in the State library administrative agency's plan.

The Library of Michigan's Five-Year plan is available at www.michigan.gov/lsta.

Policy Requirements: LSTA grant program recipients are subject to the federal Office of Management and Budget (OMB) Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards ([2 CFR Parts 200](#)).

II. PROGRAM DESCRIPTION & PRIORITIES

The Library of Michigan LSTA grant program is designed to provide libraries with the opportunity to expand services for learning and access to information and/or to develop library services that provide all users access to information. The intent is to fund one-year projects that increase access to library collections and information. In a given fiscal year, the Library of Michigan will fund a **limited number of grants** that meet these priorities.

Priorities:

- Improve access to services & information in areas of literacy.
- Improve access to services & information in areas of local history or special collections.
- Improve access to information for community users with limited online access, e.g. improving equity through digital inclusion.

III. GRANT PROGRAM GUIDELINES

Applicants may propose a project for any of the three priorities listed above. Grants may be awarded for a range of projects that **focus on improving access to users** and fit the following guidelines for the priorities.

- Literacy projects: We are interested in projects that improve community literacy for a range of topics, such as early literacy, financial literacy, digital literacy, English as a second language (ESL), health literacy, etc. Examples are supporting programming in a community group like a teen center, creating a pop-up library collection that supports an identified local need, etc.
- Local history or special collections: We are interested in projects that engage local communities in the collection, documentation, and preservation of their local histories, experiences, and identities. Examples are preservation and promotion of an existing collection, collaborating with a local museum to bring together a themed collection, etc. **See additional guidance on this below.**
- Access to Information: We are interested in digital inclusion, meaning increasing or improving services for users with limited online access. Examples are hot spot lending programs, support for technology training, using assistive devices with disabled patrons, etc.

Note that a priority of IMLS is to improve or develop new services to target populations, such as people from diverse geographic, cultural, and socioeconomic backgrounds; individuals with disabilities; and individuals with limited functional literacy, limited English proficiency or limited information literacy skills.

In considering what service to request funding for, applicants should consider how their proposal improves access to information for their community and how it may increase the reach of the library to new users.

NOTE: Proposals relating to digitization of local history or special collections will be expected to include a plan to provide the project content to the Michigan hub of the Digital Public Library of America.

Local History or Special Collections Proposals – Additional Guidance

Grant proposals that focus on local history and special collections may focus on one or more of the following three areas:

1. Digitization of local and/or special collections; or
2. Preservation of one-of-a-kind collections; or
3. Assessment and preservation planning for special collections, either physical or digital.

NEWSPAPER DIGITIZATION IS NOT A FOCUS OF THESE GRANTS AND WILL NOT BE FUNDED.

For those looking to digitize local newspapers, Clarke Historical Library at Central Michigan University has limited funding to support Michigan newspaper digitization for public libraries.

Digitization proposals or preservation proposals that include digitization **MUST** address the following bullet points to be eligible for funding. Include how these issues will be addressed in the project work and how generally accepted best practices will be maintained. Libraries without in-house expertise in these areas can include consultants or grant funded staff in their grant budget.

- Digitization processes and standards:
 - Processes and procedures for handling and digitizing (scanning or photographing) the materials.
 - Digitization standards – See Smithsonian Digitization standards.
 - Derivatives of digitization – e.g. master image, accessible image, thumbnail image. Digital Public Library of America (DPLA) standards are required.
 - Creation of metadata and standard to be used – See Dublin Core Metadata standards or other broadly used and well-documented metadata standard.
 - Access to materials - Materials must be freely accessible to all and as such in building use only is not acceptable.
 - Sharing materials through the Michigan Hub of the DPLA.
 - Equipment needs if digitizing in-house or vendors if outsourcing digitization.
 - Digital repository or content management system, such as ContentDM (Local hosting that does not allow discovery is not acceptable).
 - Digital preservation plan such as offsite or cloud server backups, microfilm backups, accepted file formats, and plans for future software and format migration.
- Digitization proposals must provide documentation of copyright permission from the copyright holder or documentation that the content to be digitized is not under copyright for all materials in the proposal.

- Projects that include working with or scanning fragile materials must include a preservation plan for the physical items. See Library of Congress Preservation Guidelines for guidance <https://www.loc.gov/preservation/care/scan.html>
- If scanning materials, the output must be in digital form. Microfilm is an acceptable output as a preservation copy only.

Institutions will not be eligible for another grant if they do not provide data to the Michigan Hub of DPLA from a digitization project.

Program Evaluation:

The Institute of Museum and Library Services stresses evaluation for two reasons. First, it provides essential information for making good decisions about priorities, use of resources, and program design. Second, it provides data to show the value of programs or services.

Proposals must include a strong, effective evaluation plan for the activity, which includes goals, benchmarks and outcomes. The Library of Michigan STRONGLY recommends using a logic model to plan your evaluation to ensure that you have considered all the necessary elements. Further information on evaluation methods can be found at the Library of Michigan LSTA web site, www.michigan.gov/lsta. The evaluation plan devised should be able to tell you, the Library of Michigan, and your stakeholders the following:

- The extent to which you have met the project goals;
- The quality of the project (e.g. efficiency, impact on participants, effectiveness, etc.);
- Whether or not your program should continue, expand or cease;
- The impact of your program on the participants or users for communication to policy makers and funders.

NOTE: Any program that provides continuing education to library staff or content to the public will need to include evaluation questions from the Institute of Museum and Library Services.

Unallowable Requests:

Requests to fund generally accepted standard library operations, such as collection development, automation, staffing or equipment replacement, will not be granted. Requests for funds that supplant local funding instead of supplementing local funding will not be granted. Requests that include construction or renovation of a building or vehicle, even to install allowable materials, or for other capital expenditures will not be granted.

Proposal Development:

The Library of Michigan encourages prospective applicants to discuss their projects with Library of Michigan staff before developing a proposal. For more information, contact Karren Reish at reishk@michigan.gov or 517-241-0021.

IV. FUNDING AVAILABILITY and GRANT PERIOD

The Library of Michigan will announce each fiscal year whether competitive grant funds are available and the possible funding amounts. The number and amount of grant awards will depend on the funds available and the number of applications received.

For fiscal year 2021, the grant awards will be as follows:

Minimum Grant Award:	\$5,000
Maximum Grant Award:	\$25,000

Local Support Requirements:

Cash Match: Not required, but it is encouraged. Lack of match does NOT count against a proposal though.

V. ELIGIBILITY

Who may apply?

For purposes of LSTA, the State Library has discretion with regard to the eligibility of applicants. For this Improving Access to Information grant program, eligible applicants are public and academic libraries.

In order to be eligible, a library must:

1. have one or more paid library staff;
2. have a regular schedule of library service;
3. have a dedicated facility for library purposes;
4. have an annual budget with funds reserved for library materials and services;
5. have a record of multi-type library cooperation, evidenced by activities such as union listing of holdings, reciprocal borrowing or interlibrary loan; and,
6. if a "public library," be "lawfully established" for purposes of the State Aid to Public Libraries Act and meet all eligibility requirements for receiving state aid, at the time of application and the time of grant award.

All applicants must be Michigan-based libraries.

Partners and Lead Organization:

Proposals must be submitted by a LSTA-eligible library. If appropriate to the proposed project, an applicant library may have a partner. However, the applicant library will be the fiscal agent and the project administrator in terms of grant requirements.

VI. APPLICATION GUIDELINES

All eligible organizations that submit an application by the deadline AND propose an eligible project will have their proposals reviewed for funding.

Application Webinars:

Application webinars will be offered in the spring of a given program year.

Application Availability and Due Date:

The Library of Michigan LSTA grant application information, including the application questions, is listed later in this document. **Application submission is via an online grant site.** The application form may be submitted any time after the program announcement in a given fiscal year, but no later than the last business day of May. Attendance at an application webinar is strongly encouraged.

Applications for LSTA competitive grants must be received at the Library of Michigan by 5:00 PM EST of the last business day of May for the given program year. Submission is online at the Library of Michigan grant site and includes a signature sheet with original signatures.

General Application Guidelines:

- A. For competitive grant projects, federal funds must be used as seed money. The funds may not be used to replace local funding of daily operations, materials or staff, or to support ongoing activities.
- B. Each proposal must clearly fit the program priorities and guidelines of the program. A library may submit more than one application in a given program year so long as the proposals are for **different** projects. Libraries may not submit proposals for the same project in different grant programs.
- C. The total amount of LSTA funds requested must meet or exceed the minimum grant award amount established.
- D. LSTA competitive grant funds are available to grantees on a reimbursement basis. The grant recipient must submit reimbursement request forms after funds have been expended (goods or services ordered, received AND paid for). The final reimbursement request may not be disbursed to grantees until the final report has been received and approved by the Library of Michigan.
- E. ALL federal funds and ALL local match funds may only be used for federally allowable costs. Grant recipients will NOT be reimbursed for unallowable costs and may not report unallowable costs as match.
- F. Libraries may not charge patrons for the use of materials or equipment acquired with LSTA funds during the grant period. After the close of the grant, fees become a local policy matter.
- G. Locations for all LSTA-funded equipment must be clearly specified in the application. Equipment is defined as physical items with a purchase price of over \$5,000 per item. Items with a purchase price of over \$5,000 per item must be approved IN ADVANCE by IMLS.
- H. Applicants must submit an active DUNS number with their application.
- I. The applicant library must notify the Library of Michigan in writing if changes are made to a project activity, or key personnel, which are the grant administrator, fiscal agent, and authorized official.
- J. Successful applicants will be responsible for completing the grant activities within the approved grant period and submitting the required forms by the deadlines. Libraries may request a 10-business day extension of a deadline in cases of emergency.

VII. APPLICATION REVIEW and AWARD PROCESS

Application Review:

The grant proposal will be read and evaluated for overall impact by the LSTA Advisory Council, peer reviewers and Library of Michigan staff. The LSTA Advisory Council membership criteria includes geographic diversity and a range of library types and staff levels. All reviewers will use the Grant Application Review Scoring Rubric to evaluate each application. The rubric is included later in this document. The State Librarian and State Superintendent will make all final decisions on grant awards.

Award Notification:

Award Letter - The State Superintendent will send a letter and grant award notice to announce the award of an LSTA grant. **Project spending must not occur until after execution of a grant award.** Execution of a grant award is the start date on the grant award notice.

Legislators – State legislators will be notified in writing of grant awards to libraries located in their districts.

Grant Administration Meetings:

Each grant recipient is **REQUIRED** to attend a grant administration meeting. The meeting will provide project management information for effective LSTA grant administration. The **grant administrator** must attend the meeting to maintain grant eligibility. Library directors, fiscal staff and/or others involved in the project are encouraged to attend. The meeting will be set at a date and time agreeable to the grantees and the Library of Michigan.

Dates of Fiscal Obligation:

The Library of Michigan will prepare and execute a grant award with each grantee and fiscal agency. The grant award will identify the award period in which all expenditures and obligations must be incurred. **Expenditures or contractual obligations incurred before or after the award period will not be eligible for reimbursement under the LSTA program.**

VIII. CONTACT INFORMATION

All grant proposal and grant management documents should be submitted in the online grant site. Questions on application materials and instructions can also be directed to Karren Reish.

Please confirm receipt of materials if you do not receive a response within five business days.

IX. STEP-BY-STEP INSTRUCTIONS FOR LSTA GRANT APPLICATION

You must submit a fully complete application no later than 5:00 PM EST on May 29, 2020 to be considered for a grant. Incomplete applications WILL NOT be reviewed.

Complete Application Components: A fully complete grant application includes all the following items:

1. LSTA Grant Application – Due May 29, 2020.
2. Partner Statements from any listed partners. – Due May 29, 2020. (Only required if the proposal includes a partner.)
3. LSTA Grant application signatures sheet. – Due May 29, 2020.

Item number 1 is submitted through an online form. The link to the online form is posted at www.michigan.gov/lsta in the Improving Access to Information Grant section.

Items number 2 & 3 are submitted as pdf files through the online application with the file names formatted as *Applicant Name–Partner Name or Document Name–LSTA Application.pdf*.

MDE/Library of Michigan CONTACT INFORMATION:

Direct questions on application information and submission to:

Karren Reish, Library Grants Coordinator
reishk@michigan.gov
517-241-0021 or 517-335-1516

It is the responsibility of the applicant to submit the online application form and confirm receipt at the Library of Michigan by the applicable deadlines.

APPLICATION INSTRUCTIONS: All questions are required.

A. PROJECT INFORMATION: Complete this section in its entirety. Enter amount of funds requested. The Total Project Cost should equal the value of LSTA Funds Requested plus Cash Match funds. Cash Match funds are not required, but if any will be used, please enter the dollar amount.

B. APPLICANT INFORMATION: Complete this section in its entirety. For the eligibility checklist, check all that apply. For legislative districts, please use the district where the applicant organization is located. You must include a DUNS and EIN number.

C. PROJECT ADMINISTRATION: Complete this section in its entirety. If any person holds more than one of the positions listed, please enter information for each position. NOTE: A fiscal agency is an organization that handles funds for the applicant organization. For example, the municipality is typically the fiscal agent for a municipal library and a district library is typically its own fiscal agent. An applicant may NOT list a fiscal agent that is different from their legal fiscal agent, such as a Friends group. An authorized official is the person with the authority to sign contracts for applicant organization.

D. PROJECT PARTNERS: Complete this section in its entirety ONLY if the proposal includes a partner. List all local or regional departments, agencies, or organizations ACTIVELY collaborating in and contributing to the project. Organizations that only provide a letter of support do not qualify as partners. Partners participate in the project by providing staff time and/or funding throughout the project. A one-page, signed statement is required from each partner to document agreement to provide staff and/or funding for specific listed activities. Do not include letters of support as partner statements.

E. PROJECT PROPOSAL: This section is used to provide a complete description of all components of the project. Emphasize how the project improves access to current or new community users. Each online question notes the maximum character length allowed. Include a short description of each item listed in the budget. Please write for clarity and conciseness. **Each question is a separate idea so there should be minimal overlap in the answers.** Be as specific as possible in each section to demonstrate your capacity and readiness to do the project. NOTE: A complete project proposal will result in up to 10 pages of text. If you use references, please use end notes in the proposal text and include a numbered references or citation list as an appendix.

Project Abstract: Briefly outline the project, using no more than 160 words. This abstract will be published for public viewing so be clear and concise in your description of the project and the desired outcome. **Use language understandable to the general public.**

Project Purpose(s): Describe the project goals in detail, including what will be accomplished and for whom. Explain how the project goals meet the goals of the Library Services and Technology Act and the Grant Program Guidelines, both of which can be found in the LSTA Grant Program General Information document at www.michigan.gov/lsta. Explain the project capacity to become a regional or statewide resource or service.

Target Population's Need for Project: Describe how the need for this project was determined. Provide statistical data and demographic information. Describe the current level of service provided to the target population. Describe the impact should the project **not** receive funding. Cite sources for all data that is used.

Project Impact: Describe the objectives and outcomes of the project and clearly relate them to the identified needs and discuss how the project may result in improved access for the target population.

Project Design: List all project activities and the methods to be used in accomplishing them, including promotion to the target population and library stakeholders, use of budgeted items, etc. Include all activities by project partners, if partners are part of the proposed project. Include grant administrative activities including required project reports. Preference will be given to proposals with a detailed, thorough project design demonstrating the applicant's readiness to complete the project successfully.

Evaluation Plan: Explain the evaluation plan developed for the project including target outcomes, the selected methodology, and a plan to share and promote the evaluation results. The methodology may be a survey, review of administrative data, interviews or focus groups, participant observation or other. Project evaluation is a required activity, critical to assessing the impact of a project. Outcomes are a required element for the evaluation. Note that outcomes are not outputs. An example of an output is the number of attendees at a workshop, whereas

an outcome is what the attendees learned at the workshop. An outcome is a change in skill, knowledge or attitude. ALA's Project Outcome (<http://www.ala.org/pla/initiatives/performance measurement>) and/or IMLS's OBE (Outcome Based Evaluation) information (<https://www.imls.gov/grants/outcome-based-evaluations>) may be helpful to review. You should consider using a logic model to plan your evaluation to ensure that you have considered all the necessary elements. Be aware that OBE evaluation may require pre- and post-testing.

NOTE: For projects that include training of library staff or trustees, library users, or develop and/or purchase content, there are prescribed questions that **MUST** be included in the project evaluation. Refer to the LSTA Evaluation Questions document at www.michigan.gov/lsta. Preference will be given to proposals with an evaluation plan over those who will develop an evaluation plan during the grant period.

Sustainability: Describe the plans to continue the project beyond the grant period. Include plans for future funding, and if applicable, how the use of project evaluation data will be used to support or seek future funding. Preference will be given to proposals show the applicant is working on sustainability over those who will be working on sustainability during the grant period.

Project Timeline: Include a step-by-step chronological list of all project activities and target dates, e.g. "January 2020 – Complete evaluation pre-testing." Include partner activities in the timeline. **Note that you must complete all grant expenditures by the last business day of August in order to request reimbursement by the last business day of September.** All other grant activities may continue through the last business day of September.

Personnel: List all the applicant's personnel who will be significant contributors to the project activities and include a short description of the qualifications of each person.

F. STATE GOAL: Identify one principal purpose from the Library of Michigan's Five-Year Plan that most closely fits the project.

G. FEDERAL LSTA INTENT: Identify one IMLS Intent that most closely fits the project.

H. FEDERAL LSTA SUBJECTS: Identify up to two IMLS subjects that most closely fit the project.

I. TARGET POPULATION: If the project has a specific population that is targeted for the proposed program or resource, select the ethnic, social, economic, age and geographic communities that most closely fit the project.

J. BUDGET: For each year of the project and each budget category, briefly list the activity or materials described in the proposal in the Budget Narrative column and enter the estimated funding amount and the funding source - either LSTA or cash match in the LSTA and Cash Match columns. Do not include cents, round up to an even dollar amount. You may enter a zero (0) for any budget category that will not be used. See Budget Category Definitions on the next page for instruction on which category to use with which expense. **NOTE:** The budget narrative column should CLEARLY identify each expense and show how you determined your estimated cost – number of staff, number of hours, specific supplies and equipment, etc.

NOTE: All grant payments to funded applicants will be provided on a REIMBURSEMENT basis. Refer to the grant program general information document for more information.

Budget Category Definitions

Salaries/Wages/Benefits: This category includes salaries, wages, and fringe benefits paid to applicant or partner staff working directly on the project. List the position titles included. You should list only those staff working on activities listed in the proposal. **NOTE: If you request LSTA funding for staff, you will be required to document hours worked on the project by each staff member for each pay period to be reimbursed, as per federal regulations.**

Consultant Fees: This category includes all expenses related to acquiring **advice** or **planning assistance** from a consultant for a specific activity within the project. If using this budget category, make sure you describe the intended actions/contributions of the consultant in the project proposal. If known, include prospective consultant name. **NOTE:** Consultants typically provide advice during planning or evaluation of projects. See Services for other contractors.

Travel: This category includes all airfare, ground transportation, accommodation, etc. for **staff members** while working on project activities. If using this budget category, make sure you describe the travel needs in the project proposal. Travel not required to accomplish a grant activity is not an eligible cost. Only costs that meet federal travel expenditure standards will be reimbursed. See www.gsa.gov in the Travel section.

Supplies/Materials: This category includes all costs for supplies and materials purchased specifically for use in the grant project. If using this budget category, make sure you describe necessary supplies in the project proposal, including item types and estimates of quantities. Note that **ALL** Internet accessible devices are subject to filtering per the Children's Internet Protection Act (CIPA).

Equipment: This category includes all tangible personal property with a **per item** purchase price of \$5,000 or more. Items that qualify as equipment must be approved in writing by IMLS prior to purchase. If using this budget category, make sure you describe the equipment needs in the project proposal, including items and quantities. An example would be a Smartlocker. **NOTE:** When equipment purchased with grant funds is no longer needed for project purposes, it must be properly disposed of pursuant to Department of Education requirements.

Services: This category includes the cost of services provided by a contractor or vendor, for project activities, such as developing databases, conducting training, writing curriculum, etc. If using this budget category, make sure you describe the services in the project proposal. **NOTE:** Contractors or vendors typically provide programmatic, technical, or administrative work. See Consultants for planning assistance and advice.

Indirect Costs: This category includes **allowable** indirect costs. Indirect costs represent the expenses of doing business that are necessary for the general operation of the organization, e.g. utility charges and are charged as a percentage of allowable direct costs. If you are requesting indirect costs, contact reishk@michigan.gov for the current IMLS documentation on indirect cost rates. **NOTE:** Indirect cost rates apply only to certain allowable costs, not the total grant award.

In general, if you have an approved indirect cost rate, use your current rate approved by a federal agency. Upload a copy of your federal indirect cost rate agreement in the online application in pdf format. The file name MUST be in this format: *Applicant Name–Indirect Agreement–LSTA Application.pdf*. If you do not have an approved federal indirect rate, you may request a de minimus indirect rate of 10% of the allowable requested grant funds. If using contracted services, the indirect rate may only be applied to the first \$25,000 for all contracted services, including consultants.

UNALLOWABLE COSTS – WHAT IS NOT ELIGIBLE FOR REIMBURSEMENT:

Some types of expenses are not allowable under federal rules (2 CFR 200), including:

- Performers or entertainers;
- **food and beverages** as part of programs or events;
- advertising not directly related to the LSTA project;
- collection development purchases not directly related to grant goals or integral to the grant program;
- construction, renovation, or repairs, including fixtures, for either buildings or vehicles;
- lobbying of any kind;
- transportation or travel for program participants or non-grant funded personnel;
- databases currently offered or similar to databases currently offered by the Library of Michigan;
- equipment or technology not specifically necessary for the grant activities;
- **awards, honoraria, prizes or gifts;**
- **souvenirs or promotional items;**
- costs incurred outside the grant period. Note that you may not request funds for planning that happens BEFORE the grant period or any activities AFTER the grant period.

This list is NOT comprehensive. If you have any questions about the allowability of a particular cost, contact Karren Reish (reishk@michigan.gov) at the Library of Michigan before budgeting or expending funds.

UNALLOWABLE COST RULES APPLY TO BOTH LSTA FUNDS AND LOCAL CASH MATCH FUNDS.

ALL federal funds and ALL local match funds may only be used for federally allowable costs. Grant recipients will NOT be reimbursed for unallowable costs and may not report unallowable costs as match. For more information see [Uniform Administrative Requirements, Cost Principles and Audit Requirements for Federal Awards 2 CFR 200](#).

K. SUBMISSION OF ONLINE APPLICATION: The application questions will be submitted through the Library of Michigan online grant system. Applicants will need to set up an account if they do not have one already. The application will include instructions and can be saved, printed and shared. All application documents are submitted in the online application in pdf format.

L. PARTNER STATEMENTS: If partners are part of the project, each partner listed in the application must submit a one-page, signed collaboration statement listing the staff, funding or resources that they are committing to the activities of the project. Include a short description of the qualifications of each person contributing significant staff time. ALL Partner Statements must be received by MDE/Library of Michigan no later than the application deadline of May 29, 2020, 5:00 PM EST. A

Partner Statement not received by this deadline will not be considered part of the application. Submit through the online application or email to reishk@michigan.gov in pdf format. File name MUST be *Applicant Name–Partner Name–LSTA Application.pdf*. (Not required for sponsorship applications.)

M. CIPA INTERNET SAFETY CERTIFICATION FOR APPLICANT: Under CIPA (Children’s Internet Protection Act), the Library of Michigan must provide certain assurances to IMLS and the federal government. These assurances pertain to the use of LSTA funds for the purchase of computers and equipment used to access the Internet or for costs associated with direct access to the Internet. This includes computers and equipment for use in the library and for use off site at a partner organization or checked out to library patron. All applicants must complete and sign the certification statement, regardless of institutional type.

Download/Print the certification form and include an original signature by the applicant’s authorized representative, which most often is the Library Director. Signatures must be original signatures. Scan the signed document and submit it through the online application or by emailing it to reishk@michigan.gov. The file name MUST be in this format: *Applicant Name–CIPA certification–LSTA Application.pdf*. This document must be received by MDE no later than the application deadline of May 29, 2020, 5:00 PM EST.

N. CERTIFICATIONS and ASSURANCES: Complete the form to certify that:

1. the applicant has the legal authority to apply for federal funding;
2. the applicant will comply with federal regulations and LSTA grant guidelines;
3. LSTA funds will be used to supplement and not supplant local funding for library service purposes; and
4. all information presented in the LSTA application is truthful. This form also includes required certifications regarding debarment and lobbying.

Download/Print the certification form and include an original signature by the applicant’s Board Chairperson, Authorized Official, Grant Administrator, and Fiscal Agent. Signatures must be original signatures. All lines must be signed, even if the same person holds multiple offices.

Scan the signed document and submit it through the online application or by emailing it to reishk@michigan.gov. The file name MUST be in this format: *Applicant Name– Board Resolution Statement–LSTA Application.pdf*. This document must be received by MDE no later than the application deadline of May 29, 2020, 5:00 PM EST.

XI. Application Review Scoring Rubric

Grant applications will be reviewed by the LSTA Advisory Council members, selected peer reviewers and Library of Michigan staff. Reviewers will assign points based on how well the grant application fits the guidelines. Reviewers will assign points as described below. The resulting total scores will reflect the following:

- 0 % - 50% of possible points – Project does not meet the program guidelines (will not be considered)
- 51% - 75% of possible points – Project partially meets the program guidelines (will be considered if funding is available)
- 76% - 100% of possible points – Project meets the program guidelines (will be considered)

Applicants will be ranked by the total score for each application. A ranked list will be used to select successful applicants, beginning with the highest scored application. There may not be enough funding to award all applications and some applications will not be funded. Funding recommendations will be presented to the State Librarian. The State Superintendent will make the final grant selections.

General Review of Application – 25 points total

1. Proposal Relationship to Program Priorities (20 points total) _____

- Is each budgeted item adequately described in the project proposal?
- Is each budgeted item necessary for the project activities?

Total Review Points (100 possible) _____

NOTE: Applicants who have previously received grants from the Library of Michigan will have their past grant management considered. This includes whether all required reports were submitted on time, whether any grant funds were unused, and whether any funds were returned as unallowable reimbursements after an audit. Applicants with previous grant management issues will be considered after other applicants with similar review scores.

XIII. GLOSSARY

Authorized Official: The person who is authorized to sign legally binding documents for the organization and who will be addressed in communications from the Library of Michigan.

Board Chairperson: This individual represents the board if the organization reports to a board, which may mean the Board Chairperson is also the authorized official. If the organization does not report to a board, the authorized official is the highest-level official who can authorize the library's participation in the LSTA project.

Cash Match: The amount of money that the grant recipient puts toward the project costs.

CIPA: The Children's Internet Protection Act restricts the use of funding that is available through the Library Services and Technology Act. These restrictions take the form of requirements for Internet safety policies and technology filters for public and school libraries that use LSTA funds to purchase computers used to access the Internet or to pay for direct costs associated with accessing the Internet.

DUNS Number: Data Universal Numbering System number. The nine digit number assigned by Dun and Bradstreet, Inc. (D&B) to uniquely identify business entities. A DUNS number may be obtained from D&B by telephone (currently 866-705-5711) or at <http://fedgov.dnb.com/webform>.

Fiscal Agency: The organization whose bank account the grant funds flow through for the exclusive benefit of the LSTA-eligible library of organization. The LSTA project reimbursement check, which is issued by the state of Michigan, is made payable to this organization. In some cases, the fiscal agency may be a parent organization (for example, city, township, county, or school district).

Fiscal Agent: The individual employed by the fiscal agency who has access to the financial books and records that pertain to the grant project. The grant administrator and fiscal agent may be the same individual.

Goals: What the project is designed to accomplish; the positive outcome generated from the project. Goals usually refer to broad intentions rather than specific and measurable objectives.

Grant Administrator: The grant administrator must be an employee of the applicant LSTA-eligible library or organization. A grant administrator is generally responsible for completion of the LSTA project application, required forms during the project and the final narrative report at the project's completion. The grant administrator may be the library director or any other staff member assigned to undertake the responsibilities of managing the project. The grant administrator and fiscal agent may be the same individual.

Grant Award: A binding legal document that authorizes the implementation of the proposed project and records the legal obligations of the parties to the award.

Grant Period: The period specified in the grant award document within which expenditures can be made or procured.

Indirect Costs: An indirect cost is an organization's incurred cost that cannot be readily isolated from the grant project. Typical examples are charges for utilities, insurance, use of office space and equipment owned by the library, local telephone service, and the salaries of the management and administrative personnel of the organization.

Innovative: In the context of this grant program innovative is one or more of the following; a library service or program that has not been tried before in the Michigan library community, is being used on a new scale, is being targeted to a user group that it has not been offered to before, or is a creative reworking of a traditional program using new methods. Grants will be rated on level of innovation.

Institute of Museum and Library Services (IMLS): An independent federal agency that supports museum and library services through various programs, including those authorized under the Library Services & Technology Act. More information is available at www.ims.gov.

Library Cooperative: A public library cooperative is a formally structured and state-funded organization consisting of a group of legally established public libraries in Michigan. Cooperatives are organized under P.A. 89 of 1977, the State Aid to Public Libraries Act, which provides the minimum requirements for public libraries and for cooperatives to receive state aid funding.

Library Services & Technology Act (LSTA): The authorizing legislation for the Institute of Museum and Library Services. The broad priorities of the Act are to improve and support library, museum and information services in the United States.

Multi-type Cooperation: Networking and collaborative partnerships among all types of libraries and local government, day care facilities, senior centers, residential adult facilities or any other local agency. Example projects include union catalog listing, common delivery and interlibrary loan arrangements, and/or joint training and planning activities.

Objectives: Objectives are narrow, precise, and measurable accomplishments that help to determine whether a goal has been reached. Objectives tend to be more specific about intended accomplishments than goals.

Outcome Based Evaluation (OBE): An evaluation process that provides information about the degree to which a project has met its goals to create benefits for individuals in the form of skills, knowledge, behavior, attitude, status, or life condition. See www.ims.gov for more information. OBE evaluation may require pre- and post-testing to show outcomes.

Partners: External departments, agencies, organizations, etc. with whom the applicant library has a formal arrangement to work mutually for the benefit of participants, end users, or patrons. Partners actively work together, expend effort and make substantial contributions toward the success of the project by being involved in the planning, funding, and/or implementation of project activities. Letters of support are not considered evidence of partnerships. Evidence of partnerships are partnership statements that detail the possible funding, work and staffing that the partner organization will contribute to the project. Vendors who provide services related to the grant project are NOT considered partners for the purposes of this grant, nor are branches or departments within the same overarching institution, or libraries or schools that a contractual for which a contractual relationship already exists with the applicant organization.

Project Outcome(s): Change(s) in the target audience’s skills, knowledge, behavior, attitude, and status or life condition from the experience of the project. Project outcomes ask the question, “What were the results?” One example may include, “75, or 32% of the parents and caregivers who participated in the ‘Mommy and Me’ literacy program reported that they read to their child at least 10 minutes three times a week for six weeks. Prior to participation in the program, only 10 percent of parents and caregivers did so.”

Project Outputs: Measures of service or products provided; for example, the number of participants who completed a workshop or the number of items digitized.

Project Purpose: Answers the questions: what we do, for whom, and to what end (i.e. for what expected outcome or benefit).

Resource Sharing: The sharing of books, equipment, expertise, staff, or other readily available library resources with other libraries in support of current, ongoing activities.

Statewide: Refers to programs or projects that have the entire state’s population as potential beneficiaries; a general service made available to all state residents, as compared to one that serves a specific, smaller target population.

Target Benchmark: A quantifiable measure of the impact of the project. For example, a success point may be the increase in participation of early reading programs by 20 percent. Another example may be to improve the reading levels of literacy program participants by 2 grade levels.

Total Project Cost: The total project cost is intended to show the total value of the project. It is the total of the LSTA funds requested and cash match.
