

You are invited to the

2013 Michigan Broadband Conference

Propelling Michigan to the Forefront of the Digital Economy

Thursday, October 24, 2013

9 a.m. – 5 p.m.

The Kellogg Center
219 South Harrison
Michigan State University campus
East Lansing, Michigan

Broadband and technology have the power to positively impact the future of Michigan. Join leaders in the community and economic development, education, library, local government, healthcare, and technology sectors to share and learn best practices for expanding broadband and technology access, adoption, and use throughout the state. All are welcome to attend.

To register, please visit <http://www.connectmi.org/broadband-summit>.

Confirmed Speakers

Lieutenant Governor Brian Calley

Blair Levin – Aspen Institute Fellow and Chief Architect of the National Broadband Plan

Michael Finney – President and CEO, Michigan Economic Development Corporation

Invited Speakers

Senator Carl Levin

Steve Wildman – Chief Economist, Federal Communications Commission

John Padalino – Rural Utilities Service Administrator, USDA Rural Development

Breakout session topics will include:
