Contractor hereby acknowledges that the State is and will be the sole and exclusive owner of all right, title, and interest

in the Contract Activities and all associated intellectual property rights, if any. Such Contract Activities are works made for hire as defined in Section 101 of the Copyright Act of 1976. 10. **Subcontracting.** For the purposes of this Contract, a “subcontractor” is defined as any corporation, partnership, individual or other entity that provide services solely to the State under this Contract and to none of the Contractor’s other customers. Contractor may not delegate any of its obligations under the Contract without the prior written approval of the State. Contractor must notify the State at least 90 calendar days before the proposed delegation, and provide the State any information it requests to determine whether the delegation is in its best interest. If approved, Contractor must: (a) be the sole point of contact regarding all contractual matters, including payment and charges for all Contract Activities; (b) make all payments to the subcontractor; and (c) incorporate the terms and conditions contained in this Contract in any subcontract with a subcontractor. Contractor remains responsible for the completion of the Contract Activities, compliance with the terms of this Contract, and the acts and omissions of the subcontractor. The State, in its sole discretion, may require the replacement of any subcontractor.
11. **Reserved.**
12. **Background Checks.** Upon request, Contractor must perform background checks on all employees and subcontractors and its employees prior to their assignment. The scope is at the discretion of the State and documentation must be provided as requested. Contractor is responsible for all costs associated with the requested background checks. The State, in its sole discretion, may also perform background checks.
13. **Assignment.** Contractor may not assign this Contract to any other party without the prior approval of the State. Upon notice to Contractor, the State, in its sole discretion, may assign in whole or in part, its rights or responsibilities under this Contract to any other party. If the State determines that a novation of the Contract to a third party is necessary, Contractor will agree to the novation and provide all necessary documentation and signatures.

For purposes of this Contract, a change in control means any of the following: (a) a sale of more than 50% of Contractor’s stock; (b) a sale of substantially all of Contractor’s assets; (c) a change in a majority of Contractor’s board members; (d) consummation of a merger or consolidation of Contractor with any other entity; (e) a change in ownership through a transaction or series of transactions; (f) or the board (or the stockholders) approves a plan of complete liquidation. A change of control does not include any consolidation or merger effected exclusively to change the domicile of Contractor, or any transaction or series of transactions principally for bona fide equity financing purposes. Disclosures filed with the Securities and Exchange Commission (SEC) will be deemed sufficient to meet Contractor’s obligations with respect to the above disclosures.

In the event of a change of control, Contractor must require the successor to assume this Contract and all of its obligations under this Contract.
15. **Ordering.** Contractor is not authorized to begin performance until receipt of authorization as identified in Schedule A.
16. **Acceptance.** Contract Activities will be provided in accordance with Schedule A, the Statement of Work.
17. **Reserved.**
18. **Reserved.**
19. **Warranty Period.** The warranty period, if applicable, for Contract Activities is a fixed period commencing on the date specified in Schedule A. If the Contract Activities do not function as warranted during the warranty period the State may return such non-conforming Contract Activities to the Contractor for a full refund.
20. **Terms of Payment.** Invoices must conform to the requirements communicated from time-to-time by the State. All undisputed amounts are payable within 45 days of the State’s receipt. Contractor may only charge for Contract Activities performed as specified in Schedule A. Invoices must include an itemized statement of all charges. The State is exempt from State sales tax for direct purchases and may be exempt from federal excise tax, if Services purchased under this Agreement are for the State’s exclusive use. Notwithstanding the foregoing, all prices are inclusive of taxes, and Contractor is responsible for all sales, use and excise taxes, and any other similar taxes, duties and charges of any kind imposed by any federal, state, or local governmental entity on any amounts payable by the State under this Contract.

The State has the right to withhold payment of any disputed amounts until the parties agree as to the validity of the disputed amount. The State will notify Contractor of any dispute within a reasonable time. Payment by the State will not constitute a waiver of any rights as to Contractor’s continuing obligations, including claims for deficiencies or substandard Contract Activities. Contractor’s acceptance of final payment by the State constitutes a waiver of all claims by Contractor against the State for payment under this

Contract, other than those claims previously filed in writing on a timely basis and still disputed.

The State will only disburse payments under this Contract through Electronic Funds Transfer (EFT). Contractor must register with the State (go to <http://www.michigan.gov/SIGMAVSS>) to receive electronic fund transfer payments. If Contractor does not register, the State is not liable for failure to provide payment. Without prejudice to any other right or remedy it may have, the State reserves the right to set off at any time any amount then due and owing to it by Contractor against any amount payable by the State to Contractor under this Contract.

21. Reserved.

22. Stop Work Order. The State may suspend any or all activities under the Contract at any time. The State will provide Contractor a written stop work order detailing the suspension. Contractor must comply with the stop work order upon receipt. Within 90 calendar days, or any longer period agreed to by Contractor, the State will either: (a) issue a notice authorizing Contractor to resume work, or (b) terminate the Contract or purchase order. The State will not pay for Contract Activities, Contractor's lost profits, or any additional compensation during a stop work period.

23. Termination for Cause. The State may terminate this Contract for cause, in whole or in part, if Contractor, as determined by the State: (a) endangers the value, integrity, or security of any location, data, or personnel; (b) becomes insolvent, petitions for bankruptcy court proceedings, or has an involuntary bankruptcy proceeding filed against it by any creditor; (c) engages in any conduct that may expose the State to liability; (d) breaches any of its material duties or obligations; or (e) fails to cure a breach within the time stated in a notice of breach. Any reference to specific breaches being material breaches within this Contract will not be construed to mean that other breaches are not material.

If the State terminates this Contract under this Section, the State will issue a termination notice specifying whether Contractor must: (a) cease performance immediately, or (b) continue to perform for a specified period. If it is later determined that Contractor was not in breach of the Contract, the termination will be deemed to have been a Termination for Convenience, effective as of the same date, and the rights and obligations of the parties will be limited to those provided in Section 24, Termination for Convenience.

The State will only pay for amounts due to Contractor for Contract Activities accepted by the State on or before the date of termination, subject to the State's right to set off any amounts owed by the Contractor for the State's reasonable costs in terminating this Contract. The Contractor must pay all reasonable costs incurred by the State in terminating this Contract for cause, including administrative costs, attorneys' fees, court costs, transition costs, and any costs the State incurs to procure the Contract Activities from other sources.

24. Termination for Convenience. The State may immediately terminate this Contract in whole or in part without penalty and for any reason, including but not limited to, appropriation or budget shortfalls. The termination notice will specify whether Contractor must: (a) cease performance of the Contract Activities immediately, or (b) continue to perform the Contract Activities in accordance with Section 25, Transition Responsibilities. If the State terminates this Contract for convenience, the State will pay all reasonable costs, as determined by the State, for State approved Transition Responsibilities.

25. Transition Responsibilities. Upon termination or expiration of this Contract for any reason, Contractor must, for a period of time specified by the State (not to exceed 90 calendar days), provide all reasonable transition assistance requested by the State, to allow for the expired or terminated portion of the Contract Activities to continue without interruption or adverse effect, and to facilitate the orderly transfer of such Contract Activities to the State or its designees. Such transition assistance may include, but is not limited to: (a) continuing to perform the Contract Activities at the established Contract rates; (b) taking all reasonable and necessary measures to transition performance of the work, including all applicable Contract Activities, training, equipment, software, leases, reports and other documentation, to the State or the State's designee; (c) taking all necessary and appropriate steps, or such other action as the State may direct, to preserve, maintain, protect, or return to the State all materials, data, property, and confidential information provided directly or indirectly to Contractor by any entity, agent, vendor, or employee of the State; (d) transferring title in and delivering to the State, at the State's discretion, all completed or partially completed deliverables prepared under this Contract as of the Contract termination date; and (e) preparing an accurate accounting from which the State and Contractor may reconcile all outstanding accounts (collectively, "**Transition Responsibilities**"). At the State's option, this Contract may be automatically extended through the end of the transition period for a cost/price equal to 33% of the annualized price.

26. General Indemnification. Contractor must defend, indemnify and hold the State, its departments, divisions, agencies, offices, commissions, officers, and employees harmless, without limitation, from and against any and all actions, claims, losses, liabilities, damages, costs, attorney fees, and expenses (including those required to establish the right to indemnification), arising out of or relating to: (a) any infringement, misappropriation, or other violation of any intellectual property right or other right of any third party; (b) any bodily injury, death, or damage to real or tangible personal property occurring wholly or in part due to action or inaction by Contractor (or any of Contractor's employees, agents, subcontractors, or by anyone else for whose acts any of them may be liable); and (d) any acts or omissions of Contractor (or any of Contractor's employees, agents, subcontractors, or by anyone else for whose acts any of them may be liable).

The State will notify Contractor in writing if indemnification is sought; however, failure to do so will not relieve Contractor, except to the extent that Contractor is materially prejudiced. Contractor must, to the satisfaction of the State, demonstrate its financial ability to carry out these obligations.

The State is entitled to: (i) regular updates on proceeding status; (ii) participate in the defense of the proceeding; (iii) employ its own counsel; and to (iv) retain control of the defense if the State deems necessary. Contractor will not, without the State's written consent (not to be unreasonably withheld), settle, compromise, or consent to the entry of any judgment in or otherwise seek to terminate any claim, action, or proceeding. To the extent that any State employee, official, or law may be involved or challenged, the State may, at its own expense, control the defense of that portion of the claim.

Any litigation activity on behalf of the State, or any of its subdivisions under this Section, must be coordinated with the Department of Attorney General. An attorney designated to represent the State may not do so until approved by the Michigan Attorney General and appointed as a Special Assistant Attorney General.

27. **Infringement Remedies.** If, in either party's opinion, any piece of equipment, software, commodity, or service supplied by Contractor or its subcontractors, or its operation, use or reproduction, is likely to become the subject of a copyright, patent, trademark, or trade secret infringement claim, Contractor must, at its expense: (a) procure for the State the right to continue using the equipment, software, commodity, or service, or if this option is not reasonably available to Contractor, (b) replace or modify the same so that it becomes non-infringing; or (c) accept its return by the State with appropriate credits to the State against Contractor's charges and reimburse the State for any losses or costs incurred as a consequence of the State ceasing its use and returning it.
28. **Limitation of Liability.** Except for breach of the Contractor's intellectual property rights as set forth in the attached License Agreement, the State is not liable for consequential, incidental, indirect, or special damages, regardless of the nature of the action.
29. **Disclosure of Litigation, or Other Proceeding.** Contractor must notify the State within 14 calendar days of receiving notice of any litigation, investigation, arbitration, or other proceeding (collectively, "**Proceeding**") involving Contractor, a subcontractor, or an officer or director of Contractor or subcontractor, that arises during the term of the Contract, including: (a) a criminal Proceeding; (b) a parole or probation Proceeding; (c) a Proceeding under the Sarbanes-Oxley Act; (d) a civil Proceeding involving: (1) a claim that might reasonably be expected to adversely affect Contractor's viability or financial stability; or (2) a governmental or public entity's claim or written allegation of fraud; or (e) a Proceeding involving any license that Contractor is required to possess in order to perform under this Contract. Disclosures filed with the Securities and Exchange Commission (SEC) will be deemed sufficient to meet Contractor's obligations with respect to the above disclosures.
30. **State Data.** All data and information provided to Contractor by or on behalf of the State under this Contract, is the exclusive property of the State ("**State Data**"); this definition is to be construed as broadly as possible. Upon request, Contractor must provide to the State, or a third party designated by the State, all State Data within 10 calendar days of the request and in the format requested by the State. Contractor will assume all costs incurred in compiling and supplying State Data. No State Data may be used for any marketing purposes.
31. **Contractor Data.** All data and information provided to the State as deliverables under this Contract shall be subject to the terms of the Contractor's Master License Agreement which are hereby incorporated into this Contract. Regardless of any language to the contrary, if the State is required by law or court order to provide copies of deliverables under this Contract to third parties, and the State has provided written notice of FOIA request as well as a reasonable opportunity for the Contractor to defend itself against such release, the State will not be in violation of the Master License Agreement, the terms of this Agreement, or the Copyright Act of 1976, and Contractor waives all right of action related to such legally compelled disclosure.
32. **RESERVED**
33. **Non-Disclosure of Confidential Information.** The parties acknowledge that each party may be exposed to or acquire communication or data of the other party that is confidential, privileged communication not intended to be disclosed to third parties. The provisions of this Section survive the termination of this Contract.
 - a. **Meaning of Confidential Information.** For the purposes of this Contract, the term "**Confidential Information**" means all information and documentation of a party that: (a) has been marked "confidential" or with words of similar meaning, at the time of disclosure by such party; (b) if disclosed orally or not marked "confidential" or with words of similar meaning, was subsequently summarized in writing by the disclosing party and marked "confidential" or with words of similar meaning; and, (c) should reasonably be recognized as confidential information of the disclosing party. The term "Confidential Information" does not include any information or documentation that was: (a) subject to disclosure under the Michigan Freedom of Information Act (FOIA); (b) already in the possession of the receiving party without an obligation of confidentiality; (c) developed independently by the receiving party, as demonstrated by the receiving party, without violating the disclosing party's proprietary rights; (d) obtained from a source other than the disclosing party without an obligation of confidentiality; or, (e) publicly available when received, or thereafter became publicly available (other than through any unauthorized disclosure by, through, or on behalf of, the receiving party). For purposes of this Contract, in all cases and for all matters, State Data is deemed to be Confidential Information.

- b. Obligation of Confidentiality. The parties agree to hold all Confidential Information in strict confidence and not to copy, reproduce, sell, transfer, or otherwise dispose of, give or disclose such Confidential Information to third parties other than employees, agents, or subcontractors of a party who have a need to know in connection with this Contract or to use such Confidential Information for any purposes whatsoever other than the performance of this Contract. The parties agree to advise and require their respective employees, agents, and subcontractors of their obligations to keep all Confidential Information confidential. Disclosure to a subcontractor is permissible where: (a) use of a subcontractor is authorized under this Contract; (b) the disclosure is necessary or otherwise naturally occurs in connection with work that is within the subcontractor's responsibilities; and (c) Contractor obligates the subcontractor in a written contract to maintain the State's Confidential Information in confidence. At the State's request, any employee of Contractor or any subcontractor may be required to execute a separate agreement to be bound by the provisions of this Section.
- c. Cooperation to Prevent Disclosure of Confidential Information. Each party must use its best efforts to assist the other party in identifying and preventing any unauthorized use or disclosure of any Confidential Information. Without limiting the foregoing, each party must advise the other party immediately in the event either party learns or has reason to believe that any person who has had access to Confidential Information has violated or intends to violate the terms of this Contract and each party will cooperate with the other party in seeking injunctive or other equitable relief against any such person.
- d. Remedies for Breach of Obligation of Confidentiality. Each party acknowledges that breach of its obligation of confidentiality may give rise to irreparable injury to the other party, which damage may be inadequately compensable in the form of monetary damages. Accordingly, a party may seek and obtain injunctive relief against the breach or threatened breach of the foregoing undertakings, in addition to any other legal remedies which may be available, to include, in the case of the State, at the sole election of the State, the immediate termination, without liability to the State, of this Contract or any Statement of Work corresponding to the breach or threatened breach.
- e. Surrender of Confidential Information upon Termination. Upon termination of this Contract or a Statement of Work, in whole or in part, each party must, within 5 calendar days from the date of termination, return to the other party any and all Confidential Information received from the other party, or created or received by a party on behalf of the other party, which are in such party's possession, custody, or control; provided, however, that Contractor must return State Data to the State following the timeframe and procedure described further in this Contract. Should Contractor or the State determine that the return of any Confidential Information is not feasible, such party must destroy the Confidential Information and must certify the same in writing within 5 calendar days from the date of termination to the other party. However, the State's legal ability to destroy Contractor data may be restricted by its retention and disposal schedule, in which case Contractor's Confidential Information will be destroyed after the retention period expires.

- 37. **Records Maintenance, Inspection, Examination, and Audit.** The State or its designee may audit Contractor to verify compliance with this Contract. Contractor must retain, and provide to the State or its designee and the auditor general upon request, all financial and accounting records related to the Contract through the term of the Contract and for 4 years after the latter of termination, expiration, or final payment under this Contract or any extension ("**Audit Period**"). If an audit, litigation, or other action involving the records is initiated before the end of the Audit Period, Contractor must retain the records until all issues are resolved.

Within 10 calendar days of providing advanced notice, the State and its authorized representatives or designees have the right to enter and inspect Contractor's premises, subject to Contractor's security policies or procedures, or any other places where Contract Activities are being performed, and examine, copy, and audit all records related to this Contract. Contractor must cooperate and provide reasonable assistance. If any financial errors are revealed, the amount in error must be reflected as a credit or debit on subsequent invoices until the amount is paid or refunded. Any remaining balance at the end of the Contract must be paid or refunded within 45 calendar days.

This Section applies to Contractor, any parent, affiliate, or subsidiary organization of Contractor, and any subcontractor that performs Contract Activities in connection with this Contract.

- 38. **Warranties and Representations.** Contractor represents and warrants: (a) Contractor is the owner or licensee of any Contract Activities that it licenses, sells, or develops and Contractor has the rights necessary to convey title, ownership rights, or licensed use; (b) all Contract Activities are delivered free from any security interest, lien, or encumbrance and will continue in that respect; (c) the Contract Activities will not infringe the patent, trademark, copyright, trade secret, or other proprietary rights of any third party; (d) the Contract Activities are merchantable and fit for the specific purposes identified in the Contract; (e) the Contract signatory has the authority to enter into this Contract; (f) all information furnished by Contractor in connection with the Contract fairly and accurately represents Contractor's business, properties, finances, and operations as of the dates covered by the information; (g) all information furnished and representations made in connection with the award of this Contract is true, accurate, and complete, and contains no false statements or omits any fact that would make the information misleading; and (h) Contractor is neither currently engaged in nor will engage in the boycott of a person based in or doing business with a strategic partner as described in 22 USC 8601 to 8606. A

breach of this Section is considered a material breach of this Contract, which entitles the State to terminate this Contract under Section 23, Termination for Cause.

39. **Conflicts and Ethics.** Contractor will uphold high ethical standards and is prohibited from: (a) holding or acquiring an interest that would conflict with this Contract; (b) doing anything that creates an appearance of impropriety with respect to the award or performance of the Contract; (c) attempting to influence or appearing to influence any State employee by the direct or indirect offer of anything of value; or (d) paying or agreeing to pay any person, other than employees and consultants working for Contractor, any consideration contingent upon the award of the Contract. Contractor must immediately notify the State of any violation or potential violation of these standards. This Section applies to Contractor, any parent, affiliate, or subsidiary organization of Contractor, and any subcontractor that performs Contract Activities in connection with this Contract.
40. **Compliance with Laws.** Contractor must comply with all federal, state and local laws, rules and regulations.
41. **Reserved**
42. **Reserved**
43. **Nondiscrimination.** Under the Elliott-Larsen Civil Rights Act, 1976 PA 453, MCL 37.2101, *et seq.*, and the Persons with Disabilities Civil Rights Act, 1976 PA 220, MCL 37.1101, *et seq.*, Contractor and its subcontractors agree not to discriminate against an employee or applicant for employment with respect to hire, tenure, terms, conditions, or privileges of employment, or a matter directly or indirectly related to employment, because of race, color, religion, national origin, age, sex, height, weight, marital status, or mental or physical disability. Breach of this covenant is a material breach of this Contract.
44. **Unfair Labor Practice.** Under MCL 423.324, the State may void any Contract with a Contractor or subcontractor who appears on the Unfair Labor Practice register compiled under MCL 423.322.
45. **Governing Law.** This Contract is governed, construed, and enforced in accordance with Michigan law, excluding choice-of-law principles, and all claims relating to or arising out of this Contract are governed by Michigan law, excluding choice-of-law principles. Any dispute arising from this Contract must be resolved in Michigan Court of Claims. Contractor consents to venue in Ingham County, and waives any objections, such as lack of personal jurisdiction or *forum non conveniens*. Contractor must appoint agents in Michigan to receive service of process.
46. **Non-Exclusivity.** Nothing contained in this Contract is intended nor will be construed as creating any requirements contract with Contractor. This Contract does not restrict the State or its agencies from acquiring similar, equal, or like Contract Activities from other sources.
47. **Force Majeure.** Neither party will be in breach of this Contract because of any failure arising from any disaster or acts of god that are beyond their control and without their fault or negligence. Each party will use commercially reasonable efforts to resume performance. Contractor will not be relieved of a breach or delay caused by its subcontractors. If immediate performance is necessary to ensure public health and safety, the State may immediately contract with a third party.
48. **Dispute Resolution.** The parties will endeavor to resolve any Contract dispute in accordance with this provision. The dispute will be referred to the parties' respective Contract Administrators or Program Managers. Such referral must include a description of the issues and all supporting documentation. The parties must submit the dispute to a senior executive if unable to resolve the dispute within 15 business days. The parties will continue performing while a dispute is being resolved, unless the dispute precludes performance. A dispute involving payment does not preclude performance.

Litigation to resolve the dispute will not be instituted until after the dispute has been elevated to the parties' senior executive and either concludes that resolution is unlikely, or fails to respond within 15 business days. The parties are not prohibited from instituting formal proceedings: (a) to avoid the expiration of statute of limitations period; (b) to preserve a superior position with respect to creditors; or (c) where a party makes a determination that a temporary restraining order or other injunctive relief is the only adequate remedy. This Section does not limit the State's right to terminate the Contract.
49. **Media Releases.** News releases (including promotional literature and commercial advertisements) pertaining to the Contract or project to which it relates must not be made without prior written State approval, and then only in accordance with the explicit written instructions of the State.
50. **Website Incorporation.** The State is not bound by any content on Contractor's website unless expressly incorporated directly into this Contract.
51. **Entire Agreement and Order of Precedence.** This Contract, which includes Schedule A – Statement of Work, and expressly incorporated schedules and exhibits, is the entire agreement of the parties related to the Contract Activities. This Contract supersedes and replaces all previous understandings and agreements between the parties for the Contract Activities. If there is a conflict between documents, the order of precedence is: (a) first, this Contract, excluding its schedules, exhibits, and Schedule A – Statement of Work; (b) second, Schedule A – Statement of Work as of the Effective Date; and (c) third, schedules expressly

NO TERMS ON CONTRACTOR'S INVOICES, ORDERING DOCUMENTS, WEBSITE, BROWSE-WRAP, SHRINK-WRAP, CLICK-WRAP, CLICK-THROUGH OR OTHER NON-NEGOTIATED TERMS AND CONDITIONS PROVIDED WITH ANY OF THE CONTRACT ACTIVITIES WILL CONSTITUTE A PART OR AMENDMENT OF THIS CONTRACT OR IS BINDING ON THE STATE FOR ANY PURPOSE. ALL SUCH OTHER TERMS AND CONDITIONS HAVE NO FORCE AND EFFECT AND ARE DEEMED REJECTED BY THE STATE, EVEN IF ACCESS TO OR USE OF THE CONTRACT ACTIVITIES REQUIRES AFFIRMATIVE ACCEPTANCE OF SUCH TERMS AND CONDITIONS.

52. **Severability.** If any part of this Contract is held invalid or unenforceable, by any court of competent jurisdiction, that part will be deemed deleted from this Contract and the severed part will be replaced by agreed upon language that achieves the same or similar objectives. The remaining Contract will continue in full force and effect.
53. **Waiver.** Failure to enforce any provision of this Contract will not constitute a waiver.
54. **Survival.** The provisions of this Contract that impose continuing obligations, including warranties and representations, termination, transition, insurance coverage, indemnification, and confidentiality, will survive the expiration or termination of this Contract.
55. **Contract Modification.** This Contract may not be amended except by signed agreement between the parties (a "**Contract Change Notice**"). Notwithstanding the foregoing, no subsequent Statement of Work or Contract Change Notice executed after the Effective Date will be construed to amend this Contract unless it specifically states its intent to do so and cites the section or sections amended.

regulation including but not limited to wireless suppression lists, the CAN-SPAM Act, and "Do Not Call" lists.

7.3 D&B and Customer each warrant and undertake that i) use of Personal Information will be for limited and legitimate purposes as specified in the Agreement; ii) it will provide the same level of protection as the Privacy Principles in the use of Personal Information and will notify the other party if it makes a determination that it can no longer meet this obligation; and (iii) upon notice, including under (ii), take reasonable and appropriate steps to stop processing such Personal Information or remediate unauthorized use.

7.4 D&B represents and warrants that all Services will be performed with commercially reasonable care and skill by qualified individuals.

7.5 D&B represents and warrants that it has taken commercially reasonable efforts (i.e., scanning with current versions of antivirus software) to determine that the Software provided hereunder does not contain or will not contain any Unauthorized Code. In the event D&B discovers or is notified of any such Unauthorized Code in the Software, D&B shall promptly remove such Unauthorized Code in the Software.

7.6 D&B represents and warrants that the Software will perform all material functions and features as set forth in the Documentation.

7.7 Contact Information has not been obtained directly from the Data Subjects and the Data Subjects have not opted in or otherwise expressly consented to having their information sold for marketing purposes. Except as set forth in this Section 7, D&B shall not be liable for any damages, losses, costs, claims or expenses with respect to any data privacy legal or compliance violation arising out of or related to Customer's use of Contact Information.

7.8 CUSTOMER ACKNOWLEDGES THAT EVERY BUSINESS DECISION TO SOME DEGREE REPRESENTS AN ASSUMPTION OF RISK AND THAT D&B IN FURNISHING INFORMATION DOES NOT ASSUME CUSTOMER'S RISK. D&B IS ONE TOOL IN CUSTOMER'S DECISION MAKING PROCESSES. THEREFORE, ALL SERVICES ARE PROVIDED ON AN "AS IS," "AS AVAILABLE" BASIS. THOUGH D&B USES EXTENSIVE PROCEDURES TO KEEP ITS DATABASE CURRENT AND TO PROMOTE DATA ACCURACY, OTHER THAN AS EXPLICITLY STATED IN THE AGREEMENT, D&B AND ITS THIRD PARTY PROVIDERS DISCLAIM ALL WARRANTIES, EXPRESS OR IMPLIED, INCLUDING ANY WARRANTIES OF ACCURACY, COMPLETENESS, CURRENTNESS, MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE. D&B DOES NOT WARRANT THAT THE SERVICES WILL BE UNINTERRUPTED OR ERROR-FREE AND DISCLAIMS ANY WARRANTY OR REPRESENTATION REGARDING AVAILABILITY OF A SERVICE, SERVICE LEVELS OR PERFORMANCE.

8.4 Each party shall implement and maintain security measures with respect to the D&B Information, Software and Customer Confidential Information in its possession that effectively restrict access only to employees and Contractors with a need to know for the purpose identified in the Order, and protect such Information, Software, and Customer Confidential Information from unauthorized use, alteration, access, publication and distribution. In no event shall such security measures be less restrictive than those each party employs to safeguard its confidential information of a similar nature. Unless prohibited by law, in the event of an actual breach of such security measures that involves the unauthorized access, use or disclosure of Information, Software and Customer Confidential Information each party shall notify the other promptly after becoming aware of any such security incident.

For the State of Michigan, access to the Dun & Bradstreet database for vendor evaluation will not stop at the point of transaction. As changes occur, the D&B database and solution will provide information alerts when important changes occur that may impact performance on a contract or potential misuse of human services programs.

The Contractor will provide State of Michigan associates access to the database including details on over 250,000,000 business through the D&B web-based portal called DNBi™

With DNBi™, DTMB – Central Procurement, and all participating state and local departments will have access to D&B's global database to verify, evaluate, monitor and track firm and financial backgrounds of existing vendors, prospective suppliers, or any other business facing relationships experienced by state and the local governments of Michigan.

DNBi™ will provide real-time, comprehensive business information reports on corporations, limited liability companies (LLC), partnerships and sole proprietors to measure their financial adequacy and ability to perform services for agencies of the State of Michigan. Furthermore, the database may be used to monitor vendors currently contracted with the State of Michigan to ensure prudent fulfillment of obligations; or, as another use case, managing potential fraud in the Medicaid program.

Accessing the D&B Universe

With a user ID and Password, all appointed users of DNBi™ will have the capability to search, find, and retrieve information on a business of interest, whether a vendor, provider or UI insurance employer customer. The DNBi™ portal will offer three types of search functions: A) Business Search; B) Address Search; and C) Executive or Owner Search.

The first tab or screen for the resulting companies will be the Company Summary tab which will include the company's basic information including corporate name, tradestyles, address, key contacts, size, industry, as well as a summary "Score Bar" to immediately provide users with an understanding of the business' financial condition driven off the data collected through the DUNSRight™ process.

The DNBi™ system is organized into sections, or tabs, including information such as special events (for example a business that has been impacted by Hurricane Irma) or company news (example that business has been acquired by Microsoft). Users will be able to navigate through the business profile using these tab sections.

Publicly Available Court & Registration Information

The public filing tab in DNBi™ will provide a summary of publicly available information, such as business registrations, UCC filings and court data tied to businesses. As well as the detail of those filings, such as what government entity filed the lien (MI Treasury, for example); how much; and current status. In addition to the public documents available, the contractor's data collection process from the Federal Government will provide a summary of the business' relationship with the U.S. government, including if they have been debarred (Excluded Party List – EPL).

Corporate Relationship Information

DNBi™ will provide information on the subject business, and will also provide access to critical information on their other family members to enable a risk and exposure review of the broader corporate family. Such as:

- Does the State of Michigan do business with any other affiliates or locations?
- Are any debarred or owe Michigan Treasury?
- Do any affiliates have Federal debarments or other Federal derogatory actions?
- What is Michigan's total spend with an organization?

As a user is reviewing the original search candidates' corporate affiliations, they will have the real-time capability to link over to any affiliates DNBi™ profile to extend their due diligence of a vendor or their entire corporate structure.

Financial & Predictive Risk Information

Trade Payments Tab

The D&B database will provide information on over 2 billion business transactions (payment information) in the United States. A predictive score will be provided to users that will provide the day-to-day activity signals of a business partner of the state. The following additional information will also be provided within this tab:

- Their PADEX Score – Weighted indicator of payment performance or average days to pay score
- Rolling 3 and 12-Months PAYDEX
- Number of Payments & Industries business is buying from

Predictive Indicators Tab

The Predictive Indicators Tab will provide identification of potential challenges prior to engaging with a supplier, provider or employer tax account.

The integrity of the information contained in the D&B database is driven by the proprietary DUNSRight® Quality Process, plus the contractor's Global Data Insights & Analytics (GDIA) Strategy. With DNBi™ all assigned Michigan users will have access to the following reports a business' current and previous (last 12-months):

Commercial Credit Score - Predicts the likelihood that a company will pay in a severely delinquent manner (10% or more of their obligations 91+ days past term), seek legal relief from creditors, or cease operations without paying all creditors in full during the next 12 months.

Financial Stress Score - Predicts the likelihood that a business will seek legal relief from its creditors, cease business operations without paying all its creditors in full, voluntarily withdraw from business operation and leave unpaid obligations, go into receivership or reorganization, or make an arrangement for the benefit of creditors over the next 12 month period.

Viability Ratings - A multi-dimensional rating that delivers a highly insightful and reliable assessment of a company's future viability and consists of both predictive and descriptive components. The predictive components predict the likelihood that a company will go out of business, become inactive, or file for bankruptcy over the next 12 months.

As data and activity signals are captured, each one of these dynamic scores can be impacted and provide key insights on Michigan's current or future relationship.

Financials Tab

When available, the DNBi™ portal will also provide users with the business' financial statements. Since 99% of the D&B database is comprised of privately held business entities, financials won't be available with all inquiries made, but when available can provide confirming or alternative views of a business' financial situation.

Monitoring & Alerts Folders

DNBi™ system starts with the evaluation of a business party, whether a vendor decision or understanding the implications of a tax collection. However, as data insights are changing daily, a proactive triggering

system within DNBi™ will allow users to track business' performances and rating after initial decisions have been made.

News and Alerts are news items and triggered notifications that are displayed and can be emailed to users to help you monitor activity on companies in your portfolio. The News and Alerts tab is the central place to manage and view these items; however, key notices are displayed throughout DNBi™.

The alert process is organized with a "Smart Folder" system. A folder is a categorization of companies, which you can customize and define. Folders are used to group companies and track their risk. For example, you can create folders for various industry sectors. You can create as many folders as you like and add as many companies as you want to each folder.

DNBi™ Outputs

DNBi™ is the entry way into the D&B database. When reviewing a business, the information can be viewed on the user's computer monitor or the information can be viewed in the following other ways:

- Online Viewing
- Downloaded to a PDF
- Printed
- Stored in DNBi™ as a Snapshot
- Saved as a HTML
- Shared via email with other state associates
