‘Stay Home, Stay Safe’ Executive Order Issued

Today, Governor Gretchen Whitmer signed the “Stay Home, Stay Safe” Executive Order (EO 2020-21), directing all Michigan businesses and operations to temporarily suspend in-person operations that are not necessary to sustain or protect life.

Executive Order 2020-21 prohibits all businesses and operations from requiring workers to leave their homes, unless those workers are necessary to sustain or protect life or to conduct minimum basic operations. Businesses and operations are to designate the workers that meet those criteria and must adopt social distancing practices and other mitigation measures to protect workers and patrons in the performance of that necessary in-person work.

At this time, licensed medical marijuana facilities and licensed adult-use marijuana establishments are permitted to engage in regulated activities as authorized by the license(s) issued.

Licensed provisioning centers and licensed marijuana retailers may only engage in sales through curbside service or delivery; in-person transactions within the licensed facility or establishment are prohibited.

Additionally, licensees must comply with social distancing requirements for staff within the facilities and establishments. Licensees must designate only as many employees as necessary to show up to work to cover supplies and provide services and to maintain the value of inventory in general.

Licensees are further encouraged to abide by all guidance issued by the Centers for Disease Control and Michigan Department of Health and Human Services.

The state is taking proactive steps to mitigate the spread of COVID-19 in Michigan. We appreciate your understanding and cooperation in reducing the coronavirus risk to Michigan residents. For current and up-to-date information regarding the Coronavirus visit www.Michigan.gov/Coronavirus or www.CDC.gov/Coronavirus.
