MICHIGAN
2008 - 2009
Introduction

The Directory of National Service Programs in Michigan is published annually by the Michigan Community Service Commission. It is a resource to aid collaboration between national service members and nonprofit organizations.

Without your help, it is difficult for us to maintain current and accurate information. If you notice inaccuracies or have updated information to submit, please contact Michelle Mackie at the Michigan Community Service Commission at (517) 241-3606 or metzmakerml@michigan.gov.

The 2008-2009 Directory of National Service Programs was updated in March 2009.

AmeriCorps*National provides grants directly to national public and nonprofit organizations that sponsor service programs, Indian tribes, and consortia formed across two or more states, including faith-based and community organizations, higher education institutions, and public agencies. Grants assist these groups in recruiting, training, and placing AmeriCorps members to meet critical community needs in education, public safety, health, and the environment.

AmeriCorps National Direct programs are administered directly from the federal level through the Corporation for National and Community Service (CNCS) in partnership with organizations that operate at the national level, such as the Red Cross or the Boys and Girls Clubs.

CNCS grants funds to nonprofit organizations with a national focus and reach, and these organizations in turn use those funds to implement AmeriCorps National Direct programs through their local and regional offices. AmeriCorps National Direct programs strengthen citizenship and the ethic of service by engaging thousands of Americans on a full-time or part-time basis to help communities address their toughest challenges and meet local needs.

You can learn more about opportunities in Michigan by contacting the Corporation for National and Community Service.

AmeriCorps*State

Your World. Your Chance to Make it Better.
AmeriCorps*State is a national service program that strengthens communities by involving people in service to meet local challenges. The Corporation of National and Community Service (CNCS) administers AmeriCorps at the federal level and partners with states to fund national service programs locally.

The Michigan Community Service Commission (MCSC) administers Michigan’s AmeriCorps. Michigan’s AmeriCorps programs are housed within nonprofit organizations, schools, and other agencies. Each program sets its own goals to help meet local needs in areas of education, public safety, the environment, and human needs. Host organizations receive funding to recruit, place, and support AmeriCorps members. These members serve for at least one year to help meet the goals defined by each program.

The Michigan’s AmeriCorps mission includes:

Getting Things Done
AmeriCorps members serve to address a community’s most critical education, public safety, human, or environmental needs. Every AmeriCorps program identifies a compelling community need and uses a team of at least ten full-time equivalent members to address the need.

Strengthening Communities
AmeriCorps strengthens communities by uniting citizens of every race, region, religion, gender and income in a spirit of respect and cooperation to improve our communities.

Encouraging Responsibility
Through service, discussion of service, and education about service, AmeriCorps enables members to see themselves as problem solvers, not problems; to become leaders, not just followers; and to act on their responsibilities and rights. While strengthening their desire to serve, AmeriCorps gives members the tools to fulfill their responsibilities throughout their lives, including communication and conflict resolution skills and an understanding of their communities.

Expanding Opportunity
During the term of service, every AmeriCorps program offers a modest living allowance, education award, and child and health care to (eligible full-time members). In addition, the experience of AmeriCorps expands opportunity in vital ways providing invaluable life and job skills. Members emerge knowing how to teach or build, and they carry these skills throughout the rest of their lives.

Helping Others Help Themselves
AmeriCorps*VISTA (Volunteers in Service to America) provides full-time members to nonprofit, faith-based and other community organizations, and public agencies to create and expand programs that ultimately bring low-income individuals and communities out of poverty.

Through AmeriCorps*VISTA, ordinary people provide extraordinary service in more than 1,200 projects nationwide.

How AmeriCorps*VISTA Works
AmeriCorps*VISTA members leverage human, financial, and material resources to increase the capacity of low-income communities across the country to solve their own problems. When VISTA members complete their service, they leave behind lasting solutions to some of our country’s toughest problems.

Since 1965, more than 140,000 Americans served through VISTA. Today, nearly 6,000 AmeriCorps*VISTA members serve throughout the country – working to fight illiteracy, improve health services, create businesses, increase housing opportunities, bridge the digital divide, and strengthen the capacity of community organizations.

You can get more information about AmeriCorps*VISTA opportunities in Michigan by contacting Evan Albert at ealbert@cns.gov.

Learn and Serve – Michigan is part of the Learn and Serve America grant program supported by the Corporation for National and Community Service (CNCS). The Michigan Community Service Commission (MCSC) currently has funds to support the development and implementation of high-quality service-learning programs in K-12 schools. Service-learning is a way of teaching that connects meaningful service to the community with classroom learning. It helps young people gain a deeper understanding of what they are learning, acquire new knowledge, and engage in service to others.

Learn and Serve – Michigan promotes and supports community and school partnerships that provide service-learning opportunities for youth. The goal of Learn and Serve – Michigan is to develop skilled, knowledgeable, personally responsible, and civically active youth. This goal is reached by involving them in service-learning activities. Programs evaluate the role of youth and enhance the influence of youth in meeting their own needs and the needs of their community. Effective service-learning programs involve communities, schools, and youth in identifying community needs and implementing projects that combine service and learning.

School-Based Grant Opportunities
The MCSC distributes a Request for Proposals (RFP) that enables school districts to apply for grant funds to develop sustainable high quality service-learning initiatives. The ultimate goal of the funding is to assist applicants in establishing sequential service-learning opportunities so that, at a minimum, all students will have a least one service-learning experience at the elementary, middle, and high school level.

**Senior Corps**

**Foster Grandparents**

*Make a Difference in the Life of a Child*
Foster Grandparents devote their volunteer service entirely to disadvantaged or disabled youth. Across the country, Foster Grandparents help these children in many ways:

- Offering emotional support to child victims of abuse and neglect;
- Tutoring children with low literacy skills;
- Mentoring troubled teenagers and young mothers; and
- Caring for premature infants and children with physical disabilities and severe illnesses.

*Who can be a Foster Grandparent?* Foster Grandparents are individuals age 60 and over who thrive on direct interaction with children and believe they can make a difference in their lives. Income-eligible Foster Grandparents receive a modest stipend to help offset the costs of volunteering.

To become a Foster Grandparent, volunteers must meet certain income eligibility guidelines and be able to serve between 15 and 40 hours a week. Foster Grandparents are able to make strong emotional connections with children and get a great deal of satisfaction from making a difference in their lives. In addition, they receive the following:

- Pre-service and monthly training sessions;
- Reimbursement for transportation;
- Some meals during service;
- An annual physical;
- Accident and liability insurance while on duty; and
- Income-eligible Foster Grandparents also receive a modest, tax-free stipend to offset the cost of volunteering.

These programs are administered through the CNCS State Office. To learn more about Senior Corps – Foster Grandparents opportunities in Michigan by contacting Evan Albert at ealbert@cns.gov.

Choose How to Serve
RSVP offers maximum flexibility and choice to its volunteers as it matches the personal interests and skills of older Americans with opportunities to serve their communities. RSVP volunteers choose how and where they want to serve – from a few hours to more than 40 hours a week. RSVP volunteers provide hundreds of community services, such as:

- Tutoring children in reading and math;
- Building houses;
- Helping get children immunized;
- Modeling parenting skills to teen parents;
- Participating in neighborhood watch programs;
- Planting community gardens;
- Providing counsel to new business owners;
- Offering relief services to victims of natural disasters; and
- Helping community organizations operate more efficiently.

Who can be an RSVP volunteer?
RSVP provides service opportunities for those who want to make a different in their communities while maintaining the flexibility to decide who and how frequently they serve. RSVP members must be at least 55 years of age. RSVP volunteers are able to put their unique talents to work for community and faith-based organizations that are significant to them. In addition, they receive the following benefits:

- Pre-service orientation;
- On-the-job training from the agency or organization where they are placed and;
- Supplemental insurance while on duty

These programs are administered through the CNCS State Office. You can learn more about Senior Corps – RSVP opportunities in Michigan by contacting Evan Albert at ealbert@cns.gov.

Helping Adults Remain Independent
Senior Companions touch the lives of adults who need extra assistance to live independently in their own homes or communities. They serve frail older adults, adults with disabilities, those with terminal illnesses, and offer respite for caregivers. They assist their adult clients in basic but essential ways:

- Offering companionship and friendship to isolated and frail adults;
- Assisting with simple chores;
- Providing transportation; and
- Adding richness to their clients’ lives.

Who can be a Senior Companion?
Senior Companions are individuals age 60 or over and able to serve between 15 and 40 hours a week. Senior Companions make connections with other adults and know they are making significant contributions to their lives. In addition, they receive the following:

- Pre-service and monthly training sessions;
- Reimbursement for transportation;
- Some meals during service;
- An annual physical;
- Accident and liability insurance while on duty; and
- Income-eligible Senior Companions also receive a modest, tax-free stipend to offset the cost of volunteering.

These programs are administered through the CNCS State Office. You can learn more about Senior Corps – Senior Companion opportunities in Michigan by contacting Evan Albert at ealbert@cns.gov.

Michigan Campus Compact promotes the education and commitment of Michigan college students to be engaged citizens, through creating and expanding academic, co-curricular, and campus-wide opportunities for community service, service-learning, and civic engagement.

Michigan Campus Compact (MCC) is a coalition of college and university presidents who are committed to fulfilling the public purposes of higher education. Michigan Campus Compact member presidents are joined together in their commitment to the development of personal and social responsibility as integral to the educational mission of their campuses. Currently MCC has 41 member campuses and Michigan members are part of Campus Compact, a national coalition of nearly 1,100 college and university presidents, representing some 6 million students.

As the only national organization committed to fulfilling the public purpose of higher education, Campus Compact is a leader in building civic engagement into campus and academic life. Michigan Campus Compact is a state office of the national organization and our membership unites public, private, two- and four-year institutions across the spectrum of higher education.

Volunteer Centers mobilize people and resources to deliver creative solutions to community problems. Through the convening of organizations, the promotion of community service, and the matching of volunteers to nonprofit programs and events, Volunteer Centers take a leadership role in addressing key community issues.

What defines a Volunteer Center?
Volunteer Centers are set apart by their inclusiveness within the whole community. They serve all nonprofits and all residents; they do not limit their service to a particular issue, group of people, or type of activity. Because of their neutrality and dedication to the whole community, they take a leadership position in convening other individuals and groups to find solutions to complex problems requiring more than one perspective.

Volunteer Centers offer programs and services that:

- Connect people with opportunities to serve
- Build the capacity for effective local volunteering
- Promote volunteering
- Participate in strategic initiative that mobilize volunteers to meet local needs
