Quick Reference of Counties and Cities with Addresses Requiring Notification
on the 2013 Pesticide Notification Registry**

This is a quick guide to assist you in determining if you have customer addresses that appear on the 2013 registry (49 pages total). The guide provides you the page numbers of the registry to print if you do not want to print the entire registry, which is found at www.michigan.gov/mda-reg637registry. It is your responsibility to print the correct pages if you do not print the entire registry. The password needed to open the document was mailed to licensed firms.
