RECEIVED
MDCD-OWD
OCT - 6 2002
WORKFORCE TRANSITION

Dear Mr. Houck:

Pursuant to the Worker Adjustment Retraining Notification (the "Act"), and for purposes limited to the Act only, notice is hereby given. In 1997, the Corporation's business plan of record included the December 2002 deactivation of the Mound Road Engine Plant, located at 20300 Mound Road Avenue, Detroit, Michigan. At the same time, DaimlerChrysler committed to investing \$2B in the following new Detroit facilities:

- 1997 – Mack I Engine Plant
- 1999 – Mack II Engine Plant

While approximately 610 union-represented employees and 50 non-represented employees will be placed on layoff on or about December 6, 2002, based on current market conditions, it is anticipated that a majority of employees will be provided job placement opportunities in the near future.

In addition, most employees will have supplemental wage and fringe benefit programs through applicable collective bargaining agreements and/or company sponsored programs.

The unions representing affected employees at the Mound Road Engine Plant are as follows:

Local No. 51
United Auto Workers
Mr. John Williams
8033 East Ten Mile Road, Suite 102
Center Line, MI 48015

Local No. 412
