Occupational Outlook

Disclaimer:

1. The average wages and State wide demand for the listed occupations are estimates and will vary by industry, geography, and a candidates skills and experience.
2. Median hourly wage represents the rate of pay per hour at which half of those working in the profession made more than the amount noted and half made less in calendar year 2005. It is not the average pay per hour.

To receive more information on the high demand occupations for this area, please contact your local Michigan Works! Office. For a listing of the nearest office, please visit this website www.michiganworks.org and refer to the listing on the right hand side of the first page or phone 1-800-285-WORKS (9675).

Occupation Category: Architecture and Engineering Occupations

Occupation Title	Occupation Description	Job Outlook Data		
Aerospace engineering and operations technicians	Operate, install, calibrate, and maintain integrated computer/communications systems consoles, simulators, and other data acquisition, test, and measurement instruments and equipment to launch, track, position, and evaluate air and space vehicles. May record and interpret test data.	Number of People in the Field: No Information Available	Total Average Annual Openings: No Information Available	Median Annual Salary: \$48,310.00

Illustrative Examples: Wind Tunnel Technician; Flight Data Technician; Altitude Chamber Technician

Green Jobs Initiative

What Training Can I Get?

Training programs in high demand or emerging sector occupations or entrepreneurial in nature qualify for No Worker Left Behind.

Training and high demand occupations are determined by the local Michigan Works! Agency, in collaboration with educational/training institutions, current labor market information, and the employers. High demand occupations vary across the State.

Take a look at some of the programs of study offered by [Michigan's Community Colleges](#). Find one that is right for you.

Short Term Training at Michigan Community Colleges

Courses and programs at Michigan's community colleges are designed to give you the skills you need for a new career!

Many of Michigan's 28 community colleges offer short term training and programs. Short term or expedited training gives an individual the skills necessary to enter employment in a shorter time period. By completing short term training programs, individuals obtain the knowledge and competencies required to gain certification and/or a degree and a new job.
