Dear Ms. Canfora:

Subject: Notice of Cessation of Production and Plant Closing Pursuant to the W.A.R.N. Act

Pursuant to the "Worker Adjustment and Retraining Notification Act" (W.A.R.N.) you are hereby notified of a planned cessation of production operations and a plant closing as defined by the W.A.R.N. Act, at GMVM Pontiac Assembly Center, Pontiac, Michigan.

Specifically, it is anticipated that a cessation of production operations of the vehicles produced at the Pontiac, Michigan plant will commence on or about September 30, 2009. The cessation of production operations is due to the dramatic and continuing decline in customer orders for the vehicles produced at this plant. The cessation of production operations will result in the indefinite layoff of approximately 697 employees represented by the UAW.

Attachment: Job classifications that will be laid off.

Employees laid off by this action may be eligible to receive State Unemployment Compensation and/or Supplemental Unemployment Benefits in accordance with Exhibit "D" to the Agreement between General Motors Company and the UAW dated October 15, 2007, and any subsequent contractual revisions thereof agreed to by the parties.

Specifically, it is anticipated that a cessation of production operations of the vehicles produced at the Pontiac, Michigan plant will commence on or about September 30, 2009. The cessation of production operations is due to the dramatic and continuing decline in customer orders for vehicles produced at the Pontiac facility. The cessation of production operations will result in the re-assignment within General Motors of 135 salaried employees or if no re-assignment is available to be eligible for severance benefits as determined by Company policy.

Attachment: Salaried job titles that will be affected

No bumping rights exist. Salary employees, whose employment is involuntarily terminated, will receive severance benefits if otherwise eligible and/or State Unemployment Compensation Benefits.
