Dear Ms. Canfora:

In our letter to you dated September 8, 2010, we notified you that Spirit Airlines, Inc. would be permanently reducing its maintenance operations at 11301 Metro Airport Center, Dr., Bldg. L, Suite 105, Romulus, MI 48174 and Bldg. 538, East Service Drive, Detroit Metropolitan Airport, Romulus, MI 48242 and that Spirit anticipated that this reduction would occur on November 8, 2010, with the first employment separation on that date or during the 14-day period that begins on that date. We provided the September 8 letter in the event that notice was required under the Worker Adjustment Retraining Notification Act (WARN), without conceding that WARN applied or that notice was otherwise required.

This letter supplements our earlier letter and will also serve as additional notice (if any is required) that the following numbers of employees by respective jobs titles, which were included in those listed in the Attachment to our September 8, 2010 letter and originally expected to be displaced on November 8, 2010 or during the 14 day period that begins on that date, will now be displaced on December 21, 2010 or during the 14 day period that begins on that date. The reason for this postponement is the need for additional services not foreseeable on September 8, 2010.
