of Community Health*

**Rick Snyder, Governor
Olga Dazzo, Director**

Boilerplate Section 1901 of Public Act 63 of 2011 appropriates \$29,533,400 to rural and sole community hospitals, with Boilerplate Section 1903 allowing no hospital or hospital system to receive more than 5% of this funding.

Hospitals are eligible to receive funding from this pool by meeting either of the following criteria. The hospital must:

- Have fewer than 50 occupied beds; be located in a city, village, or township with not more than 12,000 people and in a county with not more than 165,000 people (based on criteria established in Boilerplate Section 1842).
- Be classified by CMS as a sole community hospital for Medicare reimbursement purposes (SCHs).

The new pool is allocated as follows:

1. Hospitals that meet the criteria for Boilerplate Section 1842 will be reimbursed the difference between their Medicaid outpatient cost and their gross Medicaid outpatient payments. Data used to allocate this funding were obtained from Medicaid cost reports filed during state fiscal year 2010.
2. The remaining funds (about \$8.5 million) are paid to all hospitals eligible for funding from this pool (Boilerplate Section 1842 hospitals and SCHs) based on the number of Medicaid deliveries that occurred at each eligible hospital between September 1, 2008 and August 31, 2009.

The attached file includes each hospital's allocation from this pool.
