Crime Victim Services Commission

The Crime Victim Services Commission is the state agency charged with overseeing a wide range of funding and services for victims of crime. Its goal is to promote services and supports that protect and enhance the health, safety, dignity and rights of victims of crime across the state of Michigan. The commission is appointed by the Governor and is composed of a practicing attorney, a county prosecutor, a law enforcement officer, a member of the medical profession and a community-based victim advocate.

The commission is empowered to investigate and determine claims for crime victim compensation, to monitor, evaluate and coordinate state and local victim assistance programs, to determine and administer revenues and assessments required in support of services under the Crime Victims Rights Act, and to administer federal grant funding under the Victims of Crime Act of 1984 (VOCA).

The commission would like to extend its thanks and appreciation to the many excellent victim service agencies, organizations and individuals that work with us to carry out the important task of providing crime victim services in Michigan.

In accordance with MCL 18.353, the commission shall give an annual report of its activities to the Governor and the legislature. The commission is pleased to provide this report for the period of October 1, 2009 through September 30, 2010

The Michigan Department of Community Health is an equal opportunity employer, services and programs provider.

Significant Accomplishments

These activities are supported entirely with dollars paid by criminal defendants.

Michigan Crime Victim Notification Network

The Michigan Crime Victim Notification Network (MCVNN) is a free, confidential, fully automated telephone notification service that immediately notifies registered crime victims and other users upon a change in an offender's custody status. MCVNN can relay important custody, court or arrest information in a matter of minutes anywhere in the United States. Victims and others may call 800-770-7657 or log onto www.vinelink.com to obtain immediate status information on prisoners in custody of the Department of Corrections or participating county jails. Victims whose perpetrator is being held in the Department of Corrections will be automatically registered to receive automated notification of a change in prisoner custody status unless they have made other arrangements with the DOC. Victims may also log onto www.vinelink.com to receive email or telephone notification of the custody status of offenders in the county jails and/or to receive notification of court events involved in their case.

During the 2010 year the Crime Victim Services Commission continued our relationship with Appriss, Inc., provider of the MCVNN service, and entered into a new 5-year agreement. Some new features that will be available under the terms of the new vendor agreement are text messaging of custody status and court event information for victims and the availability of the VINELink website in Spanish. MCVNN empowers crime victims by providing timely information and a heightened state of security, safety and control.

To better serve the citizens of Michigan, the commission worked with the Publications and Promotions staff in the Department of Community Health on a media campaign to promote Crime Victim Rights Week and the MCVNN service. A series of statewide radio spots highlighting the MCVNN services aired throughout the state through the Michigan Association of Broadcasters. During Crime Victim Rights Week additional radio spots were added to promote MCVNN. Staff also participated in two radio interviews that focused on Crime Victim Rights Week and MCVNN to reach out and inform the public of the existence of services the commission provides.

2010 VICTIMS OF CRIME ACT TRAINING AND TECHNICAL ASSISTANCE EFFORTS

2010 VOCA Victim Assistance National Training Conference held in Michigan, September 14-16, 2010

The Michigan Crime Victim Services Commission VOCA Crime Victim Assistance staff hosted the 2010 VOCA Victim Assistance National Training Conference, held in Dearborn, Michigan, September 14-16, 2010. The conference was intended for any State VOCA Victim Assistance managers and staff who would like information on improving the effectiveness and results of their programs. The conference focused primarily on building knowledge and offering strategies to improve program performance and grant management in order to better serve victims of crime. A total of 87 participants attended the conference with 36 presenters and guests

representing 51 states and territories. The evaluation analyzed feedback from a varying number of participants across the 3-day conference. The opening session, which featured a welcome by Commission Chairperson Frank K. Rhodes and presentations by Commissioners Wayne County Prosecutor Kym Worthy and Dr. Frank Ochberg, was a good foundation for the conference. *‘Excellent to have these two presentations. This set the tone for a broad consideration of issues - collaborative and multidisciplinary. The speakers were inspiring.’* Dr. Ochberg also conducted Coping with Cruelty workshop following the opening session. One participant stated: *“After hearing Dr. Ochberg’s opening session presentation, I decided to stay for his breakout. Great presentation about PTSD and stress. Even though I don’t provide direct services, great information to know.”* The overall conference impressions that the conference addressed critical issues in their field of work; the rating by participants was that out of a scale of 5 they gave a rating of 4.55.

Improving Michigan’s Response to Sexual Assault Victims

Sexual Assault Resource Analysis – SARA Project is a CVSC funded project with Michigan State University. The purpose of this project is to gather and analyze sexual assault-related resources. The resources gathered during this project are intended to improve the delivery and quality of services available to victims of sexual assault in Michigan. This activity improves the coordination with other federally funded programs and with federal, state, and local agencies and organizations to promote the systemic change in the way sexual assault victims are treated and served in Michigan as authorized in Section 1404(b)3, codified at 42 U.S.C. 10603(b)3 of the VOCA Victim Assistance Program Guidelines.

2010 Southeastern Michigan Elder Abuse Summit

Wayne County Elder Advisory Committee, a sub-committee of the Wayne County Council Against Family Violence, used VOCA funds to support the 2010 Southeast Michigan Elder Abuse Summit. A nationally known expert on elder abuse, Paul Greenwood, was keynote speaker at the Summit for 230 professionals. They enjoyed a great day of learning, networking, and information. The goal of the training was to increase participants’ knowledge of the dynamics of elder abuse and financial exploitation; elder abuse laws and agency policies; and roles of various agencies working in abuse prevention, investigation, prosecution and victim services. Of those attending the training 152 completed the evaluation, 95% rated the program as Very Good/Excellent and 97% rated the program as Valuable/Extremely Valuable. The effects of the Summit are still on-going with agencies in southeast Michigan, reporting being committed to continuing to work to give justice and service to victims of elder abuse.

Michigan Victim Assistance Academy

The eleventh annual Michigan Victim Assistance Academy (MVAA) was held June 6-11, 2010, at Michigan State University. Academy instruction in the provision and management of crime victim services successfully met program goals and objectives for the 40 attendees. The 45-hour course on victimology, victim’s rights and victim services covered six days and offered more than 20 topics ranging from child victimization to working with the media. A total of 40

participants attended the weeklong academy and benefited from the intense instruction and interaction. Academy participants reported good to excellent ratings. Previous year's academy graduates participated in two separate advanced training opportunities.

DNA Trends and Issues were offered in one location with 45 people attending to hear national speaker Anjali Swienton. During the workshop, participants had an opportunity to address the emerging trends and issues regarding DNA technology including: crime scene collection and preservation, crime lab policy and procedures and court proceedings and testimony. The workshop[participants included victim advocates, sexual assault advocates, SAN nurses, law enforcement, prosecutors, child protection services as well as legal advocates. The individuals attended the workshop and completed the survey reported the program as Very Good/Excellent and Valuable to Extremely Valuable.

An MVAA Advanced training on Emerging Trends in Technology: Sexting was held at the Michigan State Police Training Academy and was attended by 195 participants. Of the participants attending and completing the evaluation, 160 people reported that the program was excellent and extremely valuable.

Crime Victims Rights Training and Coordination

The commission continued its partnership with the Prosecuting Attorneys Association of Michigan's victim rights coordination and training project. As a result of this project, advocates from around the state attend an annual training seminar and leadership programs. Some trainings are SCEU approved responding to special focus victim needs, and the basic training for new advocates has obtained National Organization for Victim Assistance (NOVA) accreditation. The daily introduction of new and more sophisticated technologies, which criminals use more and more frequently to victimize others, requires ongoing training if victim advocates are to maintain and enhance their skills. Victim advocates in the prosecutors' offices across Michigan remain the front-line providers of crime victim's rights. Over 400 participants attended at least one of thirteen training sessions held during 2010.

The commission also continued its partnership with the Michigan Sheriff's Association, Statewide Training and Technical Assistance Volunteer Victim Advocate Program. Over 100 participants attended the Advocate Continuing Education Conference for volunteer victim advocates working in sheriff offices across Michigan. The weekend training focused on a wide range of topics including Community Response, Sheriff & Prosecutor's Working Together and Advocate Safety. In addition to training and technical assistance, the commission provides pagers, printed materials and other resources for the important work these dedicated volunteers accomplish.

Evaluation Training For Provider Agencies

Full-day workshops on evaluation skills were provided for recipients of federal VOCA grant funds and were held at three locations in 2010. The training efforts focused on developing outcome evaluation tools while protecting the confidentiality and safety of survivors; respect for clients when gathering and using the information; and addressing issues of diversity in the evaluation plan. The workbook and the evaluation training workshops were developed to meet the needs of victim service agencies providing services in tribal, public and private non-profit

organizations. Ninety-five participants attended. Of those attending the training and completing the evaluation, eighty-nine reported being Satisfied/Very Satisfied with the information and presenters.

Grant Compliance Review and Needs Assessment

The Commission conducted grant compliance review and needs assessment site reviews at 24 federally funded VOCA victim assistance projects. The site reviews averaged between six and eight hours. All agencies were found to be in satisfactory compliance with contractual requirements. The agencies receiving these site visits also provided invaluable insights and information to CVSC on topics ranging from local victim service needs to community coordination strategies.

VOCA Council of Advocates

The Council of Advocates, a group composed of representative leaders in the victim services community, was convened for the purpose of exchanging information and soliciting comments on grant administration issues from the field.

Michigan Advocate Newsletter

The Michigan Crime Victim Services Commission supports with VOCA funds the publication of the bi-annual statewide newsletter, The Michigan Advocate, for victim services programs, advocates and allied professionals. The newsletter is posted on The Michigan Advocate website found at URL: <http://www.michiganadvocate.org/>.

SIGMA - Automated Grant Management

To better serve its customers and to perform its job more efficiently, the commission has committed to automating its internal and external grant management practices. To this end, the development, testing and installation of the Web based SIGMA (State Integrated Grant Management Application) has been a high priority for a number of years. The SIGMA project provided the state's first Web based grant application and reporting platform. Full implementation of this system is resulting in significant savings and efficiencies for local agencies that receive grant funds and for the department. Work began on updating the grants management system to a .Net platform. With the implementation of SIGMA, along with integration of the SIGMA 1.5 financial and accounting system, all major grant program records and activities are being submitted, accessed, reviewed, processed, reported and retained online in FY 2010. In addition to the cost savings afforded the commission, department support processes are realizing additional benefits due to replacement of manual tasks with associated electronic processing.

EXECUTIVE SUMMARY

The Crime Victim Services Commission is the state agency concerned with all aspects of services for victims of crime. The commission is composed of five members appointed by the Governor. The members include a practicing attorney, a county prosecutor, a law enforcement officer, a member of the medical profession and a community-based victim advocate. The commission was created by P.A. 519 of 1996 and succeeds the Crime Victim Compensation Board created by P.A. 223 of 1976, and the Criminal Assessments Commission created by P.A. 196 of 1989. Executive Order 1997-10 transferred the commission from the Department of Management and Budget to the Department of Community Health. The department administers three victim service programs providing over \$20 million in services for over 250,000 citizens each year. Programs include crime victim's compensation, crime victim's rights, and crime victim's assistance. All program efforts are fully supported by criminal assessments or fines paid by convicted defendants in state and federal courts. The commission provides an advisory function in policy development, determines criminal assessment amounts, and acts as the appeals forum for compensation claims. In addition to its statutory program duties, the commission also supports training and technical assistance for state victim advocates, and is project leader for the statewide, automated crime victim notification project (MCVNN).

Crime Victims Compensation

During FY 09-10, the crime victim's compensation program paid out \$5.0 million in direct financial assistance to crime victims in 2,286 claim awards. In 33 years of operation the program has paid out \$79 million in 32,402 awards of financial compensation. These payments are a last resort for injured crime victims with unpaid medical bills, loss of earnings or support, burial payments and counseling needs. Eligible victims cannot be responsible for their injury, must report the crime promptly, must cooperate with the police investigation and show financial hardship. A maximum of \$15,000 may be reimbursed to each injured victim or victim's family.

Crime Victim Assistance

In accordance with provisions of the Victims of Crime Act of 1984 (VOCA), the crime victim assistance program provides federal pass-through dollars in grants to local public and non-profit agencies that engage in direct services to crime victims in the community. Annual support levels are determined by congressional appropriation of U.S. Treasury receipts of federal criminal fines and forfeitures. Private non-profit organizations, public agencies and Indian tribes are awarded funds through an annual competitive application process. Priority is given to projects providing services to victims of child abuse, sexual assault, domestic violence, and underserved crime victims. Direct services that may be funded include crises counseling, therapy, group treatment, shelter and safe-house, emergency legal and personal advocacy, information and referral, and criminal justice support. To be eligible, an agency must promote public and private coordination, utilize volunteers, have non-federal sources of service funds, assist victims with compensation claims and have a proven record of direct service provision to victims of crime.

Crime Victim Assistance Recovery Act funds were awarded to the Michigan Crime Victim Services Commission to support the community-based organizations, which serve crime victims and are reflected in the totals below for the project period, 10/1/2009-9/30/2010. These organizations provided crisis intervention, counseling, criminal justice advocacy, and personal assistance. Please refer to page 15 for a listing of the Recovery Act grants.

Crime Victims Rights and Assessment Revenue

The crime victim's rights program administers assessment revenue collected from convicted defendants by circuit, district and juvenile courts. Funds are disbursed to Michigan's prosecuting attorneys and several juvenile courts to support implementation of P.A. 87 of 1985, the William Van Regenmorter Crime Victim Rights Act, to the department for implementation of P. A. 223 of 1976, the Crime Victim Compensation Act and for costs associated with supporting MCVNN, the automated victim notification system. This restricted funding supports comprehensive mandatory rights of crime victims to participate in and be notified of all pertinent proceedings in the criminal justice process, compensation for crime related losses, and training of advocates to better assist victims. Implementation and support of comprehensive local case management for crime victims is an ongoing priority.

PA 396 amended the Crime Victim Rights Services Act, (PA 196 of 1989) to expand the types of programs permitted to be supported by the Crime Victim Rights Fund to include the following: The operation and enhancement of the sex offender registry under the Sex Offenders Registration Act, the Amber Alert missing child program, Polygraph examinations and expert witness testimony of a forensic scientist. Each of these programs is administered through the Michigan State Police. In addition, funding was also allotted to the Department of Human

Services for treatment services for victims of rape and sexual assault. Revenue directed to these programs sunsetted on October 1, 2010.

SEXUAL ASSAULT FORENSIC EXAMINATION (S.A.F.E.) RESPONSE

Pursuant to P.A. 391 of 2008, which amends P.A. 223 of 1976, the S.A.F.E. Response program was established within the Department of Community Health, Crime Victim Services Commission. Victims of sexual assault can obtain a sexual assault forensic examination at no cost to them, and they do not have to talk with law enforcement in order to obtain a free forensic examination.

History of Authorization for Crime Victim Services

CRIME VICTIMS COMPENSATION ACT-PA 223 of 1976 (M.C.L. 18.351)

This act created the Crime Victims Compensation Board and provided for the reimbursement of otherwise unreimbursable expenses to innocent crime victims who suffer personal injury. Michigan became the 17th state to offer this program. The act was amended six times between 1985 and 1996 to expand basic program eligibility and coverage for victims.

VICTIMS OF CRIME ACT OF 1984 [VOCA] (Public Law 98-473, 98 Stat.2170)

This federal statute created the Crime Victims Fund in the U.S. Treasury. Federal criminal fines and forfeitures support the fund. The Office for Victims of Crime in the U.S. Department of Justice disburses the bulk of these funds to state crime victim compensation and victim assistance programs. In general, about one-half of the funds support state victim compensation programs, which receive 60 percent of their previous year payout of state funds to crime victims; and about one-half of the funds support state victim assistance programs, which receive a base amount grant and a proportional share based on state population.

THE CRIME VICTIMS RIGHTS ACT-PA 87 of 1985 (M.C.L. 780.751)

The Crime Victims Rights Act created comprehensive rights of notification and participation in all stages of the criminal justice process for felony crime victims in Michigan. The act was amended in 1988 to include the victims of serious misdemeanors and juvenile offenses. Several amendments improving the implementation and scope of services have since been enacted. The act creates a duty for police agencies, sheriff's departments, prosecuting attorneys, courts, the Department of Corrections and other agencies to include the participation of the crime victim in the official conduct of proceedings.

CONSTITUTIONAL AMENDMENT FOR CRIME VICTIMS RIGHTS

Upon legislative approval of House Joint Resolution P, 84th Legislature, and Proposal B by the electorate on November 8, 1988, Article I, Section 23 was added to the Constitution of the State of Michigan. Effective December 24, 1988, the amendment gave constitutional authority for the statutory rights of crime victims, provided legislative authority to enforce victims' rights, and provided legislative authority to assess convicted defendants to pay for crime victims rights.

THE CRIMINAL ASSESSMENTS ACT-PA 196 of 1989 (M.C.L. 780.901)

This act created the Criminal Assessments Commission and the Crime Victims Rights Fund. It authorized courts to order and collect financial assessments from criminal defendants to support the fund, and provided for disbursements from the fund to support crime victim rights services. The commission was charged with recommending appropriate assessment amounts to support the fund. This act has been amended several times to increase assessment amounts and to increase the number of assessable offenses. Since FY 97-98, this fund has provided 100 percent of state dollars for crime victim services.

PA 519 of 1996 (M.C.L. 18.351)

Created the Crime Victim Services Commission and abolished the Crime Victims Compensation Board. The number of members was increased from three to five, and the commission was provided unprecedented authority to coordinate state services and funding for victims of crime.

PA 520 of 1996 (M.C.L. 780.901)

Abolished the Criminal Assessments Commission and transferred its powers and duties to the Crime Victim Services Commission.

The S.A.F.E. Response Act-PA 391 OF 2008

Amended P. A. 223 of 1976, and allows victims of sexual assault to obtain a sexual assault forensic examination at no charge to themselves.
