James K. Haveman, Director

October 1, 2010-September 30, 2011

Crime Victim Services Commission

The Crime Victim Services Commission is the state agency charged with overseeing a wide range of funding and services for victims of crime. Its goal is to promote services and supports that protect and enhance the health, safety, dignity, and rights of victims of crime across the state of Michigan. The commission is appointed by the Governor and is composed of a practicing attorney, a county prosecutor, a law enforcement officer, a member of the medical profession, and a community-based victim advocate.

The commission is empowered to investigate and determine claims for crime victim compensation, to monitor, evaluate and coordinate state and local victim assistance programs, to determine and administer revenues and assessments required in support of services under the Crime Victims Rights Act, and to administer federal grant funding under the Victims of Crime Act of 1984 (VOCA).

The commission would like to extend its thanks and appreciation to the many excellent victim service agencies, organizations, and individuals that work with us to carry out the important task of providing crime victim services in Michigan.

In accordance with MCL 18.353, the commission shall give an annual report of its activities to the Governor and the legislature. The commission is pleased to provide this report for the period of October 1, 2010, through September 30, 2011.

The Michigan Department of Community Health is an equal opportunity employer, services and programs provider.

Significant Accomplishments

These activities are supported entirely with dollars paid by criminal defendants.

Michigan Crime Victim Notification Network

The Michigan Crime Victim Notification Network (MCVNN) is a free, confidential, fully automated telephone notification service that immediately notifies registered crime victims and other users upon a change in an offender's custody status. MCVNN can relay important custody, court, or arrest information in a matter of minutes anywhere in the United States. Victims and others may call 800-770-7657 or log onto www.vinelink.com to obtain immediate status information on prisoners in custody of the Department of Corrections or participating county jails. Victims whose perpetrator is being held in the Department of Corrections will be automatically registered to receive automated notification of a change in prisoner custody status unless they have made other arrangements with the DOC. Victims may also log onto www.vinelink.com to receive e-mail, text, or telephone notification of the custody status of offenders in the county jails and/or to receive notification of court events involved in their case.

On August 30, 2011, Apriss, Inc., provider of the MCVNN service, traveled to Lansing to tape a MCVNN Public Service Announcement (PSA). The Crime Victim Services Commission (CVSC) was very fortunate to have the participation of Kristi Etue, Director of the Department of State Police; Terrence Jungel, Executive Director of the Michigan Sheriff's Association; and Thomas Hendrickson, Executive Director of the Michigan Association of Chiefs of Police, delivering the message in the MCVNN PSA regarding the advantages associated with using the MCVNN service to notify victims of custody status of the perpetrator involved in their crime. The MCVNN PSA is on the Crime Victim Services Commission website and on YouTube.

CVSC continues to collaborate with our stakeholders to bring automated victim notification to citizens throughout the state. MCVNN empowers crime victims by providing timely information and a heightened state of security, safety, and control.

Victim Rights Display – Supreme Court Learning Center

In April of 2011 a Ribbon Cutting Ceremony was held to celebrate the opening of the Victim Rights Display at the Supreme Court Learning Center.

CVSC staff, working with staff from the Prosecuting Attorneys Association of Michigan, victim advocates, and staff from the Learning Center, contributed their ideas to a display dedicated to the William Van Regenmorter Crime Victim Rights Act.

Through simple graphics and hands on activities, the exhibit examines the steps of a criminal case, the rights of the victim, the victim impact statement given to the court, and the role of victim advocates who assist victims through the court process.

Walk-in visits to the Learning Center are welcome and admission is free. Docent led tours are available for groups of eight or more by appointment.

This important effort reflects the role and inclusion of victims throughout the criminal justice process and educates visitors to the Learning Center of our mission of promoting rights for victims of crime in Michigan.

Crime Victim Rights Training and Coordination

The commission continued its partnership with the Prosecuting Attorneys Association of Michigan's Victim Rights Training Unit. As a result of this project Victim Advocates from around the state attend an annual training seminar and leadership programs. Some trainings are SCEU-approved, responding to special focus victim needs, and basic training for new advocates has obtained National Organization for Victim Assistance (NOVA) accreditation. The use of more sophisticated technologies, which criminals use more and more frequently to victimize others, requires ongoing training if victim advocates are to maintain and enhance their skills. Victim Advocates working for Prosecutor Offices across Michigan remain the front-line providers of crime victim rights. This year, over 500 participants attended at least one of the fourteen training sessions held during 2011. Topics covered range from sexual assault, identity theft, domestic violence, and legislative changes in the Sexual Offender Registry Act. Through the evaluation process, a majority of attendees reported that the programs they participated in range from very good to excellent. Further, they reported that the information presented provided them with strategies and skills that could be applied when advising and assisting victims through the criminal justice process and beyond.

The Commission also continued its partnership with the Michigan Sheriff's Association, Statewide Training and Technical Assistance Volunteer Victim Advocate Program. Volunteer Victim Services Teams work in coordination with local law enforcement at the scene to provide short-term crisis intervention. During the 2011 year, volunteers served 1,038 victims and their families. The Director of the Michigan Sheriff's Association was asked to present at the National Organization for Victim Assistance conference (NOVA) regarding the Volunteer Victim Advocate Program. This program is the only one of its kind in the country and received national attention for their efforts.

Volunteer Victim Advocate Programs improve communication between victims and law enforcement. As a result, conviction rates are higher in areas where there exists a victim services unit.

2011 VICTIMS OF CRIME ACT TRAINING AND TECHNICAL ASSISTANCE EFFORTS

Improving Michigan's Response to Sexual Assault Victims

Sexual Assault Resource Analysis (SARA) Project is a CVSC funded project with Michigan State University. The purpose of this project is to gather and analyze sexual assault-related resources. The resources gathered during this project are intended to improve the delivery and quality of services available to victims of sexual assault in Michigan. This activity improves the coordination with other federally funded programs and with federal, state, and local agencies and organizations to promote the systemic change in the way sexual assault victims are treated and

served in Michigan as authorized in Section 1404(b)3, codified at 42 U.S.C. 10603(b)3 of the VOCA Victim Assistance Program Guidelines.

Michigan Victim Assistance Academy

The thirteenth annual Michigan Victim Assistance Academy (MVAA) was held on June 5-10, 2011, at Michigan State University. Academy instruction in the provision and management of crime victim services successfully met program goals and objectives for the 20 attendees. The 45-hour course on victimology, victim's rights, and victim services covered six days and offered more than 20 topics ranging from child victimization to working with the media. A total of 20 participants attended the weeklong academy and benefited from the intense instruction and interaction. Academy participants reported very good ratings. Previous years' academy graduates participated in the MVAA Advanced training on Emerging Trends in Technology: Sexting. This training was held at four locations around Michigan and was attended by 233 participants.

The majority of participants attending this and completing the evaluation reported that the program was excellent and extremely valuable.

Evaluation Training For Provider Agencies

Full-day workshops on evaluation skills were provided for recipients of federal VOCA grant funds and were held at three locations in 2011. The training efforts focused on developing outcome evaluation tools while protecting the confidentiality and safety of survivors, respect for clients when gathering and using the information, and addressing issues of diversity in the evaluation plan. The workbook and the evaluation training workshops were developed to meet the needs of victim service agencies providing services in tribal, public, and private non-profit organizations. Ninety-one participants attended representing 76 agencies. Of those attending the training and completing the evaluation, 89 reported being satisfied/very satisfied with the information and presenters.

Grant Compliance Review and Needs Assessment

The Commission conducted grant compliance review and needs assessment site reviews at 22 federally funded victim assistance projects. The site reviews averaged between six and eight hours. All agencies were found to be in satisfactory compliance with contractual requirements. The agencies receiving these site visits also provided invaluable insights and information to CVSC on topics ranging from local victim service needs to community coordination strategies.

VOCA Council of Advocates

The Council of Advocates, a group composed of representative leaders in the victim services community, was convened for the purpose of exchanging information and soliciting comments on grant administration issues from the field.

Michigan Advocate Newsletter

The Michigan Crime Victim Services Commission supports the publication of the bi-annual statewide newsletter, The Michigan Advocate, for victim service programs, advocates, and allied professionals. The newsletter is posted on The Michigan Advocate website found at URL: <http://www.michiganadvocate.org/>.

SIGMA - Automated Grant Management

To better serve its customers and to perform its job more efficiently, the Commission has committed to automating its internal and external grant management practices. To this end, the development, testing and installation of the Web based SIGMA (State Integrated Grant Management Application) has been a high priority for a number of years. The SIGMA project provided the state's first Web-based grant application and reporting platform. Full implementation of this system is resulting in significant savings and efficiencies for local agencies that receive grant funds and for the department. Work began on updating the grants management system to a .Net platform. With the implementation of SIGMA, along with integration of the SIGMA 1.5 financial and accounting system, all major grant program records and activities are being submitted, accessed, reviewed, processed, reported, and retained online in FY 2010. In addition to the cost savings afforded to the commission, department support processes are realizing additional benefits due to replacement of manual tasks with associated electronic processing.

EXECUTIVE SUMMARY

The Crime Victim Services Commission is the state agency concerned with all aspects of services for victims of crime. The commission is composed of five members appointed by the Governor. The members include a practicing attorney, a county prosecutor, a law enforcement officer, a member of the medical profession, and a community-based victim advocate. The commission was created by P.A. 519 of 1996 and succeeds the Crime Victim Compensation Board created by P.A. 223 of 1976, and the Criminal Assessments Commission created by P.A. 196 of 1989. Executive Order 1997-10 transferred the commission from the Department of Management and Budget to the Department of Community Health. The department administers three victim service programs providing over \$20 million in services for over 250,000 citizens each year. Programs include crime victim's compensation, crime victim's rights, and crime victim's assistance. All program efforts are fully supported by criminal assessments or fines paid by convicted defendants in state and federal courts. The commission provides an advisory function in policy development, determines criminal assessment amounts, and acts as the appeals forum for compensation claims. In addition to its statutory program duties, the commission also supports training and technical assistance for state victim advocates, and is project leader for the statewide, automated crime victim notification project (MCVNN).

Crime Victims Compensation

During FY 10-11, the crime victim's compensation program paid out \$5.0 million in direct financial assistance to crime victims in 1,534 claim awards. In 34 years of operation the program has paid out \$84 million in 34,642 awards of financial compensation. These payments are a last resort for injured crime victims with unpaid medical bills, loss of earnings or support, burial payments, and counseling needs. Eligible victims cannot be responsible for their injury, must report the crime promptly, must cooperate with the police investigation, and show financial hardship. A maximum of \$25,000 may be reimbursed to each injured victim or victim's family.

Crime Victim Assistance

In accordance with provisions of the Victims of Crime Act of 1984 (VOCA), the crime victim assistance program provides federal pass-through dollars in grants to local public and non-profit agencies that engage in direct services to crime victims in the community. Annual support levels are determined by congressional appropriation of U.S. Treasury receipts of federal criminal fines and forfeitures. Private non-profit organizations, public agencies, and Indian tribes are awarded funds through an annual competitive application process. Priority is given to projects providing services to victims of child abuse, sexual assault, domestic violence, and underserved crime victims. Direct services that may be funded include crisis counseling, therapy, group treatment, shelter and safe-house, emergency legal and personal advocacy, information and referral, and criminal justice support. To be eligible, an agency must promote public and private coordination, utilize volunteers, have non-federal sources of service funds, assist victims with compensation claims, and have a proven record of direct service provision to victims of crime.

Crime Victims Rights and Assessment Revenue

The crime victim's rights program administers assessment revenue collected from convicted defendants by circuit, district, and juvenile courts. Funds are disbursed to Michigan's prosecuting attorneys and several juvenile courts to support implementation of P.A. 87 of 1985, the William Van Regenmorter Crime Victim Rights Act, to the department for implementation of P. A. 223 of 1976, the Crime Victim Compensation Act and for costs associated with supporting MCVNN, the automated victim notification system. This restricted funding supports comprehensive mandatory rights of crime victims to participate in and be notified of all pertinent proceedings in the criminal justice process, compensation for crime related losses, and training of advocates to better assist victims. Implementation and support of comprehensive local case management for crime victims is an ongoing priority.

PA 396 amended the Crime Victim Rights Services Act (PA 196 of 1989) to expand the types of programs permitted to be supported by the Crime Victim Rights Fund to include the following: The operation and enhancement of the sex offender registry under the Sex Offenders Registration Act, the Amber Alert missing child program, Polygraph examinations, and expert witness testimony of a forensic scientist. Each of these programs is administered through the Michigan State Police. In addition, funding was also allotted to the Department of Human Services for treatment services for victims of rape and sexual assault. Revenue directed to these programs sunsetted on October 1, 2010.

SEXUAL ASSAULT FORENSIC EXAMINATION (S.A.F.E.) RESPONSE

Pursuant to P.A. 391 of 2008, which amends P.A. 223 of 1976, the S.A.F.E. Response program was established within the Department of Community Health, Crime Victim Services Commission. Victims of sexual assault can obtain a sexual assault forensic examination at no cost to them, and they do not have to talk with law enforcement in order to obtain a free forensic examination.

History of Authorization for Crime Victim Services

CRIME VICTIMS COMPENSATION ACT-PA 223 of 1976 (M.C.L. 18.351)

This act created the Crime Victims Compensation Board and provided for the reimbursement of otherwise unreimbursable expenses to innocent crime victims who suffer personal injury. Michigan became the 17th state to offer this program. The act was amended six times between 1985 and 1996 to expand basic program eligibility and coverage for victims.

VICTIMS OF CRIME ACT OF 1984 [VOCA] (Public Law 98-473, 98 Stat.2170)

This federal statute created the Crime Victims Fund in the U.S. Treasury. Federal criminal fines and forfeitures support the fund. The Office for Victims of Crime in the U.S. Department of Justice disburses the bulk of these funds to state crime victim compensation and victim assistance programs. In general, about one-half of the funds support state victim compensation programs, which receive 60 percent of their previous year payout of state funds to crime victims; and about one-half of the funds support state victim assistance programs, which receive a base amount grant and a proportional share based on state population.

THE CRIME VICTIMS RIGHTS ACT-PA 87 of 1985 (M.C.L. 780.751)

The Crime Victims Rights Act created comprehensive rights of notification and participation in all stages of the criminal justice process for felony crime victims in Michigan. The act was amended in 1988 to include the victims of serious misdemeanors and juvenile offenses. Several amendments improving the implementation and scope of services have since been enacted. The act creates a duty for police agencies, sheriff's departments, prosecuting attorneys, courts, the Department of Corrections, and other agencies to include the participation of the crime victim in the official conduct of proceedings.

CONSTITUTIONAL AMENDMENT FOR CRIME VICTIMS RIGHTS

Upon legislative approval of House Joint Resolution P, 84th Legislature, and Proposal B by the electorate on November 8, 1988, Article I, Section 23 was added to the Constitution of the State of Michigan. Effective December 24, 1988, the amendment gave constitutional authority for the statutory rights of crime victims, provided legislative authority to enforce victims' rights, and provided legislative authority to assess convicted defendants to pay for crime victims rights.

THE CRIMINAL ASSESSMENTS ACT-PA 196 of 1989 (M.C.L. 780.901)

This act created the Criminal Assessments Commission and the Crime Victims Rights Fund. It authorized courts to order and collect financial assessments from criminal defendants to support the fund, and provided for disbursements from the fund to support crime victim rights services. The commission was charged with recommending appropriate assessment amounts to support the fund. This act has been amended several times to increase assessment amounts and to increase the number of assessable offenses. Since FY 97-98, this fund has provided 100 percent of state dollars for crime victim services.

PA 519 of 1996 (M.C.L. 18.351)

Created the Crime Victim Services Commission and abolished the Crime Victims Compensation Board. The number of members was increased from three to five, and the commission was provided unprecedented authority to coordinate state services and funding for victims of crime.

PA 520 of 1996 (M.C.L. 780.901)

Abolished the Criminal Assessments Commission and transferred its powers and duties to the Crime Victim Services Commission.

The S.A.F.E. Response Act-PA 391 OF 2008

Amended P. A. 223 of 1976, and allows victims of sexual assault to obtain a sexual assault forensic examination at no charge to themselves.
