

2012 Alert 1 – Nurse Calls will Tackle Topic of CSHCS Clients Enrolling in MHP

PLEASE EMAIL QUESTION REGARDING THIS EMAIL TO Karla McCandless at mccandlessk@michigan.gov

The April 18, 2012 Nurse Call will be primarily an update and discussion regarding the movement of clients who have CSHCS and Medicaid into the Medicaid Health Plans (MHPs). Please be sure to notify all CSHCS staff within your local health department to participate in this and other Nurse calls.

We finally have enough solid information to be able to have meaningful discussions with all local health department staff. Therefore, the initial conference call regarding this high priority topic will begin April 18th.

We intend to make the MHP topic the primary topic at least through the July meeting since this project is moving quickly. These meetings will also provide a forum to update those local health department staff who will be in the earliest CSHCS Regional Meetings occurring between the first of May and late June since the information is expected to be increasing in volume during that time.

Please submit any questions you have at this time in advance of the conference call and we will do our best to address them at the meeting(s).
