# Crime Victim Services Commission

The Crime Victim Services Commission is the state agency charged with overseeing a wide range of funding and services for victims of crime. Its goal is to promote services and supports that protect and enhance the health, safety, dignity, and rights of victims of crime across the state of Michigan. The commission is appointed by the Governor and is composed of a practicing attorney, a county prosecutor, a law enforcement officer, a member of the medical profession, and a community-based victim advocate.

The commission is empowered to investigate and determine claims for crime victim compensation, to monitor, evaluate and coordinate state and local victim assistance programs, to determine and administer revenues and assessments required in support of services under the Crime Victims Rights Act, and to administer federal grant funding under the Victims of Crime Act of 1984 (VOCA).

The commission would like to extend its thanks and appreciation to the many excellent victim service agencies, organizations, and individuals that work with us to carry out the important task of providing crime victim services in Michigan.

In accordance with MCL 18.353, the commission shall give an annual report of its activities to the Governor and the legislature. The commission is pleased to provide this report for the period of October 1, 2011, through September 30, 2012.

The Michigan Department of Community Health is an equal opportunity employer, services and programs provider.

## **Significant Accomplishments**

These activities are supported entirely with dollars paid by criminal defendants.

### **Michigan Crime Victim Notification Network**

The Michigan Crime Victim Notification Network (MCVNN) is a free, confidential, fully automated telephone notification service that immediately notifies registered crime victims and other users upon a change in an offender's custody status. MCVNN can relay important custody, court, or arrest information in a matter of minutes anywhere in the United States. Victims and others may call 800-770-7657 or log onto [www.vinelink.com](http://www.vinelink.com) to obtain immediate status information on prisoners in custody of the Department of Corrections or participating county jails. Victims whose perpetrator is being held in the Department of Corrections will be automatically registered to receive automated notification of a change in prisoner custody status unless they have made other arrangements with the DOC. Victims may also log onto [www.vinelink.com](http://www.vinelink.com) to receive e-mail, text, or telephone notification of the custody status of offenders in the county jails and/or to receive notification of court events involved in their case. This year we added a customer satisfaction survey on the [www.binrlink.vom](http://www.binrlink.vom) website. This will provide the Commission with valuable feedback from victims regarding this important service.

During the 2012 year, 43,631 individuals registered to receive notification of custody status and/or court events with MCVNN. Automated victim notification has become an important part of the criminal justice process tool box and is utilized by law enforcement and prosecution throughout the state. Currently there are 70 prosecutor offices and 74 sheriff offices participating in the MCVNN Network.

### **Crime Victim Rights Training and Coordination**

The commission continued its partnership with the Prosecuting Attorneys Association of Michigan's Victim Rights Training Unit. As a result of this project, Victim Advocates from around the state attend an annual training seminar and leadership programs. Some trainings are SCEU-approved, responding to special focus victim needs, and basic training for new advocates has retained the National Organization for Victim Assistance (NOVA) accreditation. The use of more sophisticated technologies, which criminals use more and more frequently to victimize others, requires ongoing training if victim advocates are to maintain and enhance their skills. Victim Advocates working for Prosecutor Offices across Michigan remain the front-line providers of crime victim rights. This year, over 320 participants attended at least one of the 11 training sessions held during 2012. Topics covered ranged from co-victims of homicide, working with disabled victims and victims of substance abuse, cybercrimes, enforcing victim rights, vicarious trauma, on-line grants, and more. Overall, a majority of attendees reported, through the evaluation process, that the programs they participated in were very good to excellent and they were exposed to useful knowledge that could be applied to their everyday interaction with victims. Further, evaluations indicated that information presented provided advocates with strategies and skills that could be applied when advising and assisting victims through the criminal justice process. In 2012 we also introduced victim rights regional roundtables. More than 75 people attended the six roundtables held in various parts of the state. These roundtables proved to be so valuable that we plan to schedule them for the 2013 fiscal year. Discussions

focused on processes that work, those that didn't, and how to create opportunities for improvement.

Our partnership with the Michigan Sheriff's Association continued during the 2012 fiscal year through the Statewide Training and Technical Assistance Volunteer Victim Advocate Program. Volunteer Victim Services Teams work in coordination with local law enforcement at the scene to provide short-term crisis intervention. Over the course of 2012, volunteers serviced over 1,587 victims and their families. Currently, there are 53 active Volunteer Victim Advocate Teams within the State. Additionally, there are 8 more counties going through the process of developing a team for their citizens. This program is the only one of its kind in the country.

The Volunteer Victim Advocate Program serves to improve communication between victims and law enforcement. As a result, conviction rates are higher in areas where there exists a volunteer victim services unit.

## **2012 VICTIMS OF CRIME ACT TRAINING AND TECHNICAL ASSISTANCE EFFORTS**

### **Improving Michigan's Response to Sexual Assault Victims**

Sexual Assault Resource Analysis (SARA) Project is a CVSC funded project with Michigan State University. The purpose of this project is to gather and analyze sexual assault-related resources. The resources gathered during this project are intended to improve the delivery and quality of services available to victims of sexual assault in Michigan. This activity improves the coordination with other federally funded programs and with federal, state, and local agencies and organizations to promote the systemic change in the way sexual assault victims are treated and served in Michigan as authorized in Section 1404(b)3, codified at 42 U.S.C. 10603(b)3 of the VOCA Victim Assistance Program Guidelines.

### **Evaluation Training For Provider Agencies**

Full-day workshops on evaluation skills were provided for recipients of federal VOCA grant funds and were held at three locations in 2012. The training efforts focused on developing outcome evaluation tools while protecting the confidentiality and safety of survivors, respect for clients when gathering and using the information, and addressing issues of diversity in the evaluation plan. The workbook and the evaluation training workshops were developed to meet the needs of victim service agencies providing services in tribal, public, and private non-profit organizations.

### **Grant Compliance Review and Needs Assessment**

The Commission conducted grant compliance review and needs assessment site reviews at 22 federally funded victim assistance projects. The site reviews averaged between six and eight hours. All agencies were found to be in satisfactory compliance with contractual requirements. The agencies receiving these site visits also provided invaluable insights and information to CVSC on topics ranging from local victim service needs to community coordination strategies.

**VOCA Council of Advocates**

The Council of Advocates, a group composed of representative leaders in the victim services community, was convened for the purpose of exchanging information and soliciting comments on grant administration issues from the field.

**Michigan Advocate Newsletter**

The Michigan Crime Victim Services Commission supports the publication of the bi-annual statewide newsletter, The Michigan Advocate, for victim service programs, advocates, and allied professionals. The newsletter is posted on The Michigan Advocate website found on the Commission's website at URL:

[www.michigan.gov/crimevictims](http://www.michigan.gov/crimevictims).

## EXECUTIVE SUMMARY

The Crime Victim Services Commission is the state agency concerned with all aspects of services for victims of crime. The commission is composed of five members appointed by the Governor. The members include a practicing attorney, a county prosecutor, a law enforcement officer, a member of the medical profession, and a community-based victim advocate. The commission was created by P.A. 519 of 1996 and succeeds the Crime Victim Compensation Board created by P.A. 223 of 1976, and the Criminal Assessments Commission created by P.A. 196 of 1989. Executive Order 1997-10 transferred the commission from the Department of Management and Budget to the Department of Community Health. The department administers three victim service programs providing over \$20 million in services for over 250,000 citizens each year. Programs include crime victim's compensation, crime victim's rights, and crime victim's assistance. All program efforts are fully supported by criminal assessments or fines paid by convicted defendants in state and federal courts. The commission provides an advisory function in policy development, determines criminal assessment amounts, and acts as the appeals forum for compensation claims. In addition to its statutory program duties, the commission also supports training and technical assistance for state victim advocates, and is project leader for the statewide, automated crime victim notification project (MCVNN).

### Crime Victims Compensation

During FY 11-12, the crime victim's compensation program paid out \$4.0 million in direct financial assistance to crime victims in 1,603 claim awards. In 35 years of operation the program has paid out \$90 million in 35,245 awards of financial compensation. These payments are a last resort for injured crime victims with unpaid medical bills, loss of earnings or support, burial payments, and counseling needs. Eligible victims cannot be responsible for their injury, must report the crime promptly, must cooperate with the police investigation, and show financial hardship. A maximum of \$25,000 may be reimbursed to each injured victim or victim's family.

	<u>2012</u>
Claims Filed	1,603
Claims Awarded	840
Claims Denied	763
Total Compensation Awarded	\$5,656,123
Average Award	\$3,528

## **Crime Victim Assistance**

In accordance with provisions of the Victims of Crime Act of 1984 (VOCA), the crime victim assistance program provides federal pass-through dollars in grants to local public and non-profit agencies that engage in direct services to crime victims in the community. Annual support levels are determined by congressional appropriation of U.S. Treasury receipts of federal criminal fines and forfeitures. Private non-profit organizations, public agencies, and Indian tribes are awarded funds through an annual competitive application process. Priority is given to projects providing services to victims of child abuse, sexual assault, domestic violence, and underserved crime victims. Direct services that may be funded include crisis counseling, therapy, group treatment, shelter and safe-house, emergency legal and personal advocacy, information and referral, and criminal justice support. To be eligible, an agency must promote public and private coordination, utilize volunteers, have non-federal sources of service funds, assist victims with compensation claims, and have a proven record of direct service provision to victims of crime.

## **Crime Victims Rights and Assessment Revenue**

The crime victim rights program administers assessment revenue collected from convicted defendants by circuit, district, and juvenile courts. Funds are disbursed to Michigan's prosecuting attorneys and several juvenile courts to support implementation of P.A. 87 of 1985, the William Van Regenmorter Crime Victim Rights Act, to the department for implementation of P. A. 223 of 1976, the Crime Victim Compensation Act and for costs associated with supporting MCVNN, the automated victim notification system. This restricted funding supports comprehensive mandatory rights of crime victims to participate in and be notified of all pertinent proceedings in the criminal justice process, compensation for crime related losses, and training of advocates to better assist victims. Implementation and support of comprehensive local case management for crime victims is an ongoing priority.

## **History of Authorization for Crime Victim Services**

### **CRIME VICTIMS COMPENSATION ACT-PA 223 of 1976 (M.C.L. 18.351)**

This act created the Crime Victims Compensation Board and provided for the reimbursement of otherwise unreimbursable expenses to innocent crime victims who suffer personal injury. Michigan became the 17th state to offer this program. The act was amended six times between 1985 and 1996 to expand basic program eligibility and coverage for victims.

### **VICTIMS OF CRIME ACT OF 1984 [VOCA] (Public Law 98-473, 98 Stat.2170)**

This federal statute created the Crime Victims Fund in the U.S. Treasury. Federal criminal fines and forfeitures support the fund. The Office for Victims of Crime in the U.S. Department of Justice disburses the bulk of these funds to state crime victim compensation and victim assistance programs. In general, about one-half of the funds support state victim compensation programs, which receive 60 percent of their previous year payout of state funds to crime victims; and about one-half of the funds support state victim assistance programs, which receive a base amount grant and a proportional share based on state population.

### **THE CRIME VICTIMS RIGHTS ACT-PA 87 of 1985 (M.C.L. 780.751)**

The Crime Victims Rights Act created comprehensive rights of notification and participation in all stages of the criminal justice process for felony crime victims in Michigan. The act was amended in 1988 to include the victims of serious misdemeanors and juvenile offenses. Several amendments improving the implementation and scope of services have since been enacted. The act creates a duty for police agencies, sheriff's departments, prosecuting attorneys, courts, the Department of Corrections, and other agencies to include the participation of the crime victim in the official conduct of proceedings.

### **CONSTITUTIONAL AMENDMENT FOR CRIME VICTIMS RIGHTS**

Upon legislative approval of House Joint Resolution P, 84th Legislature, and Proposal B by the electorate on November 8, 1988, Article I, Section 23 was added to the Constitution of the State of Michigan. Effective December 24, 1988, the amendment gave constitutional authority for the statutory rights of crime victims, provided legislative authority to enforce victims' rights, and provided legislative authority to assess convicted defendants to pay for crime victims rights.

### **THE CRIMINAL ASSESSMENTS ACT-PA 196 of 1989 (M.C.L. 780.901)**

This act created the Criminal Assessments Commission and the Crime Victims Rights Fund. It authorized courts to order and collect financial assessments from criminal defendants to support the fund, and provided for disbursements from the fund to support crime victim rights services. The commission was charged with recommending appropriate assessment amounts to support the fund. This act has been amended several times to increase assessment amounts and to increase the number of assessable offenses. Since FY 97-98, this fund has provided 100 percent of state dollars for crime victim services.

### **PA 519 of 1996 (M.C.L. 18.351)**

Created the Crime Victim Services Commission and abolished the Crime Victims Compensation Board. The number of members was increased from three to five, and the commission was provided unprecedented authority to coordinate state services and funding for victims of crime.

### **PA 520 of 1996 (M.C.L. 780.901)**

Abolished the Criminal Assessments Commission and transferred its powers and duties to the Crime Victim Services Commission.

**The S.A.F.E. Response Act-PA 391 OF 2008**

Amended P. A. 223 of 1976, and allows victims of sexual assault to obtain a sexual assault forensic examination at no charge to themselves.
