

CSHCS ALERT #4: HIP Application Requirement has been Suspended
Thu 3/7/2013

CSHCS has been informed on very short notice that as per federal instruction, the federally supported Health Insurance Program (HIP) that we have required all clients 18 and up with hemophilia and cystic fibrosis to apply for, is not allowed to enroll any more people. HIP will continue to process the applications that they have already received but cannot any accept any more applications.

Therefore, the CSHCS requirement for the population described above is rescinded effective immediately. Temporary Eligibility Periods (TEP) that are still open are being extended for the full year. The letter indicating that clients must apply for HIP has been suspended and will no longer be sent.

Please contact Karla McCandless at mccandlessk@michigan.gov if you have any questions. Thank you.
