CRIME VICTIM SERVICES COMMISSION

ANNUAL REPORT FY 2013

Michigan Department of Community Health

Crime Victim Services Commission

EXECUTIVE SUMMARY

The Crime Victim Services Commission (CVSC) is the state agency charged with overseeing a wide range of funding and services for victims of crime. Its goal is to promote services and supports that protect and enhance the health, safety, dignity, and rights of victims of crime across the state of Michigan.

The Commission is appointed by the Governor and is composed of a practicing attorney, a county prosecutor, a law enforcement officer, a member of the medical profession, and a community-based victim advocate.

The Commission is empowered to investigate and determine claims for crime victim compensation. The Commission monitors, evaluates and coordinates state and local victim assistance programs. It also determines and administers revenue and assessments required in support of services under the Crime Victim Rights Act. Finally, the Commission administers federal grant funding under the Victim of Crime Act of 1984 (VOCA).

The commission was created by P.A. 519 of 1996 and succeeds the Crime Victim Compensation Board created by P.A. 223 of 1976, and the Criminal Assessments Commission created by P.A. 196 of 1989. Executive Order 1997-10 transferred the commission from the Department of Management and Budget to the Michigan Department of Community Health (MDCH).

Under MDCH, the CVSC administers three victim service programs providing more than \$20 million in services for more than 250,000 citizens each year. The programs include crime victim compensation, crime victim's rights, and crime victim's assistance (VOCA). All program efforts are fully supported by criminal assessments or fines paid by convicted defendants in state and federal courts. The commission provides an advisory function in policy development, determines criminal assessment amounts, and acts as the appeals forum for compensation claims. In addition to its statutory program duties, the commission also supports training and technical assistance for state victim advocates, and is project leader for the statewide, automated crime victim notification project (MCVNN).

The commission would like to extend its thanks and appreciation to the many excellent victim service agencies, organizations, and individuals who work with us to carry out the important task of providing crime victim services in Michigan.

In accordance with MCL 18.353, the commission shall give an annual report of its activities to the Governor and the state Legislature. The commission is pleased to provide this report for the period of October 1, 2012, through September 30, 2013.

The Michigan Department of Community Health is an equal opportunity employer, services and programs provider.

Significant Accomplishments

These activities are supported entirely with dollars paid by criminal defendants.

Michigan Crime Victim Notification Network

The Michigan Crime Victim Notification Network (MCVNN) is a free, confidential, fully automated telephone notification service that immediately notifies registered crime victims and other users upon a change in an offender's custody status. MCVNN can relay important custody, court, or arrest information in a matter of minutes anywhere in the United States. Victims and others may call 800-770-7657 or log onto www.vinelink.com to obtain immediate status information on prisoners in custody of the Department of Corrections or participating county jails. Victims whose perpetrator is being held in the Department of Corrections will be automatically registered to receive automated notification of a change in prisoner custody status unless they have made other arrangements with the DOC. Victims may also log onto www.vinelink.com to receive e-mail, text, or telephone notification of the custody status of offenders in the county jails and/or to receive notification of court events involved in their case. This year we added a customer satisfaction survey on the www.vinelink.com website. This will provide the Commission with valuable feedback from victims regarding this important service.

During the 2013 year, 42,645 individuals registered to receive notification of custody status and/or court events with MCVNN. Automated victim notification has become an important part of the criminal justice process tool box and is utilized by law enforcement and prosecution throughout the state. In addition to the Department of Corrections, there are 70 prosecutor offices and 76 sheriff offices participating in the MCVNN Network.

This year we added the Mobile Application for Law enforcement with great success. The Mobile Application is free and gives Law Enforcement the opportunity to locate offenders and register for victim notification from their smart phone.

Crime Victim Rights Training and Coordination

The Commission continued its partnership with the Prosecuting Attorneys Association of Michigan's Victim Rights Training Unit. As a result of this project, Victim Advocates from around the state attend an annual training seminar and leadership programs. Some trainings are SCEU-approved, responding to special focus victim needs. Also, basic training for new advocates has retained the National Organization for Victim Assistance (NOVA) accreditation. The use of more sophisticated technologies, which criminals use more and more frequently to victimize others, requires ongoing training, which is crucial if victim advocates are to maintain and enhance their skills. Victim Advocates working for Prosecutor Offices across Michigan remain the front-line providers of crime victim rights. This year, more than 205 participants attended at least one of the eight training sessions held during 2013 (there were 10 sessions and two were cancelled, one for weather and the other due to attendance numbers). Topics covered areas such as grief and victimization; the use of technology; working with victims with mental illness; building positive relationships with angry, reluctant uncooperative or unappreciative victims, working with low income/no income victims; and more. Overall, a majority of attendees reported through the evaluation process that the programs they participated in were very good to excellent. Further, evaluations indicated that information presented provided advocates with strategies and skills that could be applied when advising and assisting victims through the criminal justice process. We also held six victim rights regional roundtables. More than 40 people attended the six roundtables held in various parts of the state. These roundtables proved to be so valuable that we scheduled them for the 2014 fiscal year. Discussions focused on processes that work, those that didn't, and how to create opportunities for improvement.

During the 2013 fiscal year, we also continued our partnership with the Michigan Sheriff's Association through the grant for Statewide Training and Technical Assistance Volunteer Victim Advocate Program. Volunteer Victim Services Teams work in coordination with local law enforcement at the scene to provide short-term crisis intervention for victims. Currently, there are 54 active Volunteer Victim Advocate Teams within the State that provided services to more than 2,443 victims and their families.

Victim Services advocates are caring, compassionate volunteers who are recruited from the community. They represent a broad cross-section of the population and have often experienced their own personal tragedy and want to help others. Through this training grant, the Michigan Sheriff's Association conducts 20 hour training sessions that cover subjects such as the five stages of grief, effective communication techniques, law enforcement protocols and the rights of victims in the criminal justice system. More than 400 individuals participated in the Volunteer Victim Advocate Training during the 2013 fiscal year.

In April 2013, Michigan Sheriff's Association held the Volunteer Victim Advocate Conference in Traverse City, Michigan. The focus of the conference was serving child victims and 213 volunteers attended the event. This program is the only one of its kind in the country.

VOCA CRIME VICTIM ASSISTANCE TRAINING AND TECHNICAL ASSISTANCE EFFORTS

Evaluation Training for VOCA Crime Victim Assistance Grantees

Full-day workshops on evaluation skills were provided for recipients of federal VOCA grant funds and were held at three locations in 2013. The training efforts focused on developing outcome evaluation tools while protecting the confidentiality and safety of survivors, respect for clients when gathering and using the information, and addressing issues of diversity in the evaluation plan. The workbook and the evaluation training workshops were developed to meet the needs of victim service agencies providing services in tribal, public, and private non-profit organizations.

VOCA Grantee Training

The Commission conducted webinar and in-person trainings for recipients of federal VOCA grant funds during 2013. The training efforts focused on a number of topics including training on how to use the on-line grants management system, federal grant compliance requirements related to the Institutional Review Board, financial and programmatic grant requirements, information on the needs and services for victims of human trafficking and how to assist victims with the Crime Victim Compensation and SAFE Response programs.

Grant Monitoring and Oversight

Monitoring of VOCA Grantee (subrecipients) is performed by the Commission staff. Monitoring is performed in compliance with federal and state rules and laws. Monitoring activities included staff review of monthly financial reports, quarterly performance and annual financial and performance reports submitted by VOCA grantees to CVSC. CVSC assesses progress in meeting goals and objectives and to evaluate outcome measures and program effectiveness. Follow up action occurs if needed and corrective action is required if necessary. The Department issues management decisions if weaknesses are found through audits. In addition to the review of financial and programmatic reports the Commission staff performed on-site reviews and desk audits during 2013.

VOCA Grant Compliance Review Site Visits

The Commission staff conducted grant compliance on site reviews at 31 federally funded victim assistance projects. The site reviews averaged between six and eight hours. All agencies were found to be in satisfactory compliance with contractual requirements. However, corrective action plans were required from 58 percent of the agencies visited in 2013.

VOCA Grant Compliance Review Desk Audits

The Commission staff conducted desk audit reviews of 56 federally funded victim assistance projects. The desk reviews consist of review of documentation (such as paid receipts and check stubs) to ensure that federal grant expenditures are actual costs and are adequately supported by agency source documentation. All agencies were found to be in satisfactory compliance with contractual requirements. However, corrective action plans were required from 14 percent of the agencies reviewed in 2013.

Needs Assessment

Victim service agencies participating in national surveys provided invaluable insights and information to CVSC on local victim service needs. The 2013 survey of Michigan Victim Service agencies indicated that without additional VOCA grant funding, more than 70 percent of current VOCA grantees would be unable to sustain current services to victims of crime due to increased costs related to salaries and fringes.

Crime Victims Compensation

During FY 12-13, the crime victims compensation program paid out more than \$5.5 million in direct financial assistance to crime victims in 1,563 claim awards. In 36 years of operation the program has paid out \$95.5 million in 36,808 awards of financial compensation. These payments are a last resort for injured crime victims with unpaid medical bills, loss of earnings or support, burial payments, and counseling needs. Eligible victims cannot be responsible for their injury, must report the crime promptly, must cooperate with the police investigation, and show financial hardship. A maximum of \$25,000 may be reimbursed to each injured victim or victim's family.

	<u>2013</u>
Claims Filed	1,563
Claims Awarded	801
Claims Denied	762
Total Compensation Awarded	\$5,578,305
Average Award	\$6,964

Crime Victim Assistance

In accordance with provisions of the Victims of Crime Act of 1984 (VOCA), the crime victim assistance program provides federal pass-through dollars in grants to local public and non-profit agencies that engage in direct services to crime victims in the community. Annual support levels are determined by congressional appropriation of U.S. Treasury receipts of federal criminal fines and forfeitures. Private non-profit organizations, public agencies, and Indian tribes are awarded funds through an annual competitive application process. Priority is given to projects providing services to victims of child abuse, sexual assault, domestic violence, and underserved crime victims. Direct services that may be funded include crisis counseling, therapy, group treatment, shelter and safe-house, emergency legal and personal advocacy, information and referral, and criminal justice support. To be eligible, an agency must promote public and private coordination, utilize volunteers, have non-federal sources of service funds, assist victims with compensation claims, and have a proven record of direct service provision to victims of crime.

	<u>2013</u>
Total Grants Awarded	\$13,595,425
Projects Funded	87
Victims Receiving Services	75,199
Total services provided	254,363

Crime Victim Rights and Assessment Revenue

The crime victim rights program administers assessment revenue collected from convicted defendants by circuit, district, and juvenile courts. Funds are disbursed to Michigan's prosecuting attorneys and several juvenile courts to support implementation of P.A. 87 of 1985, the William Van Regenmorter Crime Victim Rights Act, to the department for implementation of P. A. 223 of 1976, the Crime Victim Compensation Act and for costs associated with supporting MCVNN, the automated victim notification system. This restricted funding supports comprehensive mandatory rights of crime victims to participate in and be notified of all pertinent proceedings in the criminal justice process, compensation for crime related losses, and training of advocates to better assist victims. Implementation and support of comprehensive local case management for crime victims is an ongoing priority.

SEXUAL ASSUALT FORENSIC EXAMINATION (S.A.F.E.) RESPONSE

Pursuant to P.A. 391 of 2008, which amends P.A. 223 of 1976, the S.A.F.E. Response program was established within the Department of Community Health, Crime Victim Services Commission. Victims of sexual assault can obtain a sexual assault forensic examination at no cost to them, and they do not have to talk with law enforcement in order to obtain a free forensic examination.

2013

S.A.F.E. Claims Filed 1,515 Total Paid on S.A.F.E. Claims \$734,606

(All State Dollars)

In fiscal year 12/13, state revenue paid out \$734,606 in payments for sexual assault forensic examinations directly to providers.

History of Authorization for Crime Victim Services

CRIME VICTIMS COMPENSATION ACT-PA 223 of 1976 (M.C.L. 18.351)

This act created the Crime Victims Compensation Board and provided for the reimbursement of otherwise unreimbursable expenses to innocent crime victims who suffer personal injury. Michigan became the 17th state to offer this program. The act was amended six times between 1985 and 1996 to expand basic program eligibility and coverage for victims.

VICTIMS OF CRIME ACT OF 1984 [VOCA] (Public Law 98-473, 98 Stat.2170)

This federal statute created the Crime Victims Fund in the U.S. Treasury. Federal criminal fines and forfeitures support the fund. The Office for Victims of Crime in the U.S. Department of Justice disburses the bulk of these funds to state crime victim compensation and victim assistance programs. In general, about one-half of the funds support state victim compensation programs, which receive 60 percent of their previous year payout of state funds to crime victims; and about one-half of the funds support state victim assistance programs, which receive a base amount grant and a proportional share based on state population.

THE WILLIAM VAN REGENMORTER CRIME VICTIM'S RIGHTS ACT-PA 87 of 1985 (M.C.L. 780.751)

The Crime Victim's Rights Act created comprehensive rights of notification and participation in all stages of the criminal justice process for felony crime victims in Michigan. The act was amended in 1988 to include the victims of serious misdemeanors and juvenile offenses. Several amendments improving the implementation and scope of services have since been enacted. The act creates a duty for police agencies, sheriff's departments, prosecuting attorneys, courts, the Department of Corrections, and other agencies to include the participation of the crime victim in the official conduct of proceedings.

CONSTITUTIONAL AMENDMENT FOR CRIME VICTIMS RIGHTS

Upon legislative approval of House Joint Resolution P, 84th Legislature, and Proposal B by the electorate on November 8, 1988, Article I, Section 23 was added to the Constitution of the State of Michigan. Effective December 24, 1988, the amendment gave constitutional authority for the statutory rights of crime victims, provided legislative authority to enforce victim's rights, and provided legislative authority to assess convicted defendants to pay for crime victim's rights.

THE CRIMINAL ASSESSMENTS ACT-PA 196 of 1989 (M.C.L. 780.901)

This act created the Criminal Assessments Commission and the Crime Victim Rights Fund. It authorized courts to order and collect financial assessments from criminal defendants to support the fund, and provided for disbursements from the fund to support crime victim rights services. The Commission was charged with recommending appropriate assessment amounts to support the fund. This act has been amended several times to increase assessment amounts and to increase the number of assessable offenses. Since FY 97-98, this fund has provided 100 percent of state dollars for crime victim services.

PA 519 of 1996 (M.C.L. 18.351)

Created the Crime Victim Services Commission and abolished the Crime Victims Compensation Board. The number of members was increased from three to five, and the Commission was provided unprecedented authority to coordinate state services and funding for victims of crime.

PA 520 of 1996 (M.C.L. 780.901)

Abolished the Criminal Assessments Commission and transferred its powers and duties to the Crime Victim Services Commission.

The S.A.F.E. Response Act-PA 391 OF 2008

Amended P. A. 223 of 1976, and allows victims of sexual assault to obtain a sexual assault forensic examination at no charge to them.
