

CSHCS INFO #1 (2)-2013 - Follow-up - When MHP enrollees need additional providers  
Wed 1/9/2013

It is still be important for clients enrolled in an MHP to have additional diagnoses established when appropriate. If the family indicates to you that they think the child has another diagnosis that would qualify under CSHCS the LHDs can assist with getting the medical submitted for an addition diagnosis from the specialist. Be sure to inform and coordinate with the MHP in case they are already pursuing the process for this family. CSHCS will accept medical reports directly from individual specialists as well as through the MHPs.
