

CSHCS ALERT #2-2015 - Parent Mentor Training - Dearborn, MI
Mon 1/26/2015 1:30 PM

Hello! The Family Center for Children and Youth with Special Health Care Needs (Family Center) is the statewide, parent-directed center within Children's Special Health Care Services (CSHCS) and the Michigan Department of Community Health (MDCH). The mission of the Family Center is to support and connect Michigan families of children and youth with special health care needs, provide family-centered leadership throughout Michigan's health care settings, and partner in decision making within the systems of care for children and youth with special health care needs.

The Family Center is excited to host a Parent Mentor Training in Dearborn, MI on February 28th. We are excited to reach parents/caregivers who are experienced and may want to become a Mentor to other parents. It is our hope that you will pass the attached flyer along to any parent who has a child with a medical diagnosis, an IEP, an IFSP, or a 504 plan or who have children currently enrolled in our CSHCS program.

Thank you. Please do not hesitate to contact a staff member within the Family Center at 1-800-359-3722 with any questions.
