

**Michigan Department of Community Health and the
Great Start System Team**

**Affordable Care Act:
Maternal, Infant and Early Childhood Home Visiting Program
UPDATE**

November 10, 2010

This is the ninth in a series of communications with individuals and organizations who are interested in Michigan's response to the *Affordable Care Act (ACA) Maternal, Infant and Early Childhood Home Visiting Program Funding Opportunity Announcement (FOA)* that was issued by HHS on June 10, 2010. For information about the requirements of this program, please go to <http://apply07.grants.gov/apply/UpdateOffer?id=19148> where you can view and download the FOA referenced above.

On November 4, 2010, the Michigan Home Visiting Workgroup facilitated a *Michigan Maternal, Infant and Early Childhood Home Visiting Program Status Update Webinar* for all interested stakeholders. The webinar was recorded so it could be archived, however, there was a technical glitch; the audio was recorded, but was not synchronized with the PowerPoint slides. This means that viewers will have to listen to the audio and page through the slides themselves. We apologize for any inconvenience, and suggest that you use the audio controls to advance through the dead time at the beginning of the recording.

The webinar and associated documents (or links to the recording) are now available at the two web sites listed below. It includes the following components:

1. Audio
2. PowerPoint slides
3. Q & A document incorporating questions that were submitted during the webinar
4. *Online Resources: Evidence-based Home Visiting Models* (per request of webinar participants)

Ongoing communications in this series of Updates about the Home Visiting program in Michigan will be distributed to interested stakeholders and posted on the following web sites:

Maternal Infant Health Program web site at www.michigan.gov/mihp
Great Start web site at www.greatstartforkids.org
