Stephen Fitton, Director  
Medical Services Administration  
Michigan Department of Community Health  
400 South Pine Street  
Lansing, MI 48933

Dear Mr. Fitton,

The Centers for Medicare & Medicaid Services (CMS) is approving Michigan's application for a new fee-for-service selective contracting waiver under 1915 (b) of the Social Security Act. This waiver (MI-17) will operate concurrently with the State's SED 1915(c) waiver.

CMS approval is effective April 1, 2012; the program is approved from April 1, 2012-September 30, 2013 to coincide with their 1915(c) waiver program.

The decision to approve this waiver is based on the information submitted to CMS on February 2, 2012, indicating that the State's proposal is consistent with the Medicaid program and will meet all statutory and regulatory requirements for assuring beneficiaries' access to care and quality services, and will demonstrate waiver cost-effectiveness for section 1915(b)(4) waiver programs.

If you wish to renew this waiver program at the end of the initial term, a renewal application must be submitted no later than June 1, 2013. If you have any questions regarding this waiver approval, please contact Joel Perry on my staff, at (410) 786-0349 or [joel.perry@cms.hhs.gov](mailto:joel.perry@cms.hhs.gov), or Eowyn Ford in our Chicago Regional Office, at (312) 886-1684 or [eowyn.ford@cms.hhs.gov](mailto:eowyn.ford@cms.hhs.gov).

Sincerely,

A handwritten signature in black ink that reads "Mike Hall" followed by the date "3/27/2012".

Mike Hall,

Director

Division of Integrated Health Systems

**Tribal consultation.**

For initial and renewal waiver requests, please describe the efforts the State has made to ensure Federally recognized tribes in the State are aware of and have had the opportunity to comment on this waiver proposal.

On November 1, 2011, a notice of Intent to submit a request for a §1915 (b)(4)Waiver to operate concurrently with Michigan's §1915(c)Home and Community Based Services Waiver for Children with Serious Emotional Disturbances (SEDW) was sent to Tribal Chairs and Health Directors.

Michigan received one inquiry from Carole Lapointe, Tribal Health Director for Keweenaw Bay Indian Community, regarding the intent to submit a request for a 1915 §(b)(4)Waiver to operate concurrently with Michigan's §1915(c)Home and Community Based Services Waiver for Children with Serious Emotional Disturbances (SEDW). It was explained that Keweenaw County is not participating now in the SEDW, so there is no impact to the tribe. The Health Director was provided contact information for the CMHSP to discuss whether there is intent to become a site for the SEDW in the future.

**Section A: Program Description****Part I: Program Overview****A. Statutory Authority (1 of 3)**

**1. Waiver Authority.** The State's waiver program is authorized under section 1915(b) of the Act, which permits the Secretary to waive provisions of section 1902 for certain purposes. Specifically, the State is relying upon authority provided in the following subsection(s) of the section 1915(b) of the Act (if more than one program authorized by this waiver, please list applicable programs below each relevant authority):

a.  **1915(b)(1)** - The State requires enrollees to obtain medical care through a primary care case management (PCCM) system or specialty physician services arrangements. This includes mandatory capitated programs.

-- *Specify Program Instance(s) applicable to this authority*

**SEDW**

b.  **1915(b)(2)** - A locality will act as a central broker (agent, facilitator, negotiator) in assisting eligible individuals in choosing among PCCMs or competing MCOs/PIHPs/PAHPs in order to provide enrollees with more information about the range of health care options open to them.

-- *Specify Program Instance(s) applicable to this authority*

**SEDW**

c.  **1915(b)(3)** - The State will share cost savings resulting from the use of more cost-effective medical care with enrollees by providing them with additional services. The savings must be expended for the benefit of the Medicaid beneficiary enrolled in the waiver. Note: this can only be requested in conjunction with section 1915(b)(1) or (b)(4) authority.

-- *Specify Program Instance(s) applicable to this authority*

**SEDW**

d.  **1915(b)(4)** - The State requires enrollees to obtain services only from specified providers who undertake to provide such services and meet reimbursement, quality, and utilization standards which are consistent with access, quality, and efficient and economic provision of covered care and services. The State assures it will comply with 42 CFR 431.55(f).

-- *Specify Program Instance(s) applicable to this authority*

**SEDW**

The 1915(b)(4) waiver applies to the following programs

**MCO**

**PIHP**

**PAHP**

**PCCM** (Note: please check this item if this waiver is for a PCCM program that limits who is eligible to be a primary care case manager. That is, a program that requires PCCMs to meet certain quality/utilization criteria beyond the minimum requirements required to be a fee-for-service Medicaid contracting provider.)

**FFS Selective Contracting program**

Please describe:

The purpose of the (b)(4)waiver is to limit the choice of providers for the Home and Community Based Services and certain state plan services to the Community Mental Health Services Programs (CMHSPs).

Michigan's § 1915 (c) Waiver for Children with Serious Emotional Disturbances (SEDW) was initially effective October 1, 2005 through September 30, 2008. The SEDW is currently approved through September 30, 2013. At the time of the initial approval, there were five (5) participating CMHSPs in the SEDW. Effective April 1, 2012, upon approval of the request for amendment, there will be a total of 36 counties and 24 CMHSPs participating in the SEDW.

Currently approved CMHSPs/Counties are:

- CMH of Central Michigan (Clare, Gladwin, Isabella, Mecosta, Midland and Osceola Counties)
- CMH Services of Muskegon County (Muskegon County)
- Detroit-Wayne County CMH Agency (Wayne County)
- CMH Authority of Clinton-Eaton-Ingham Counties (Clinton, Eaton and Ingham Counties)
- Kalamazoo CMH Services (Kalamazoo County)
- Genesee County CMH Services (Genesee County)
- Livingston County CMH Authority (Livingston County)
- Macomb County CMH Services (Macomb County)
- Network 180 (Kent County)
- Northern Lakes CMH Authority (Grand Traverse, Leelanau Counties)
- Oakland County CMH Authority (Oakland County)
- Saginaw County CMH Authority (Saginaw County)
- Van Buren CMH Authority (Van Buren County)
- Washtenaw Community Health Organization (Washtenaw County)

Effective April 1, 2012, additional participating CMHSPs/Counties will be:

- Berrien Mental Health Authority (Berrien County)
- St Clair County Mental Health Authority (St Clair County)
- Lifeways (Jackson and Hillsdale Counties)
- Summit Pointe (Calhoun County)
- Newaygo County Mental Health Center (Newago County)
- Northern Lakes CMHSP (Roscommon and Wexford Counties)
- Bay-Arenac Behavioral Health (Bay and Arenac Counties)
- Gratiot County CMH Services (Gratiot County)
- Allegan County CMH Services (Allegan County)
- Pathways (Marquette County only)
- Woodlands Behavioral Health Network (Cass County).

The SEDW permits the State to provide an array of community based services to enable children who would otherwise require hospitalization in our State Psychiatric hospital for children (Hawthorn Center) to remain in their home and community. The MDCH operates the SEDW through contracts with local CMHSPs who have expressed a desire and have shown a capacity to provide SEDW services. Oversight of the SEDW is provided by MDCH, which is the Single State Medicaid Agency. Two administrations within MDCH - Behavioral Health and Developmental Disabilities Administration (BHDDA) and the Medical Services Administration (MSA) have responsibility for operations and payments, respectively. When medically necessary, SEDW consumers may receive any of the Mental Health State Plan services and waiver services identified in Appendix C of the current §1915(c) waiver application. Consumers enrolled in the SEDW may not be enrolled simultaneously in another of Michigan's §1915(c) waivers.

Application for the SEDW is made through the CMHSP. The CMHSP is responsible for the coordination of the SEDW services. The Wraparound Facilitator, the child and his/her family and friends, and other professional members of the planning team work cooperatively to identify the child's needs and to secure the necessary services. All services and supports must be included in a Plan of Services (POS).

To be eligible for this waiver, the child must:

- Live in a participating county; OR
- Live in foster care in a non-participating county pursuant to placement by MDHS or the court of a participating county, with SEDW oversight by a participating county's CMHSP; AND
- Reside with the birth or adoptive family or have a plan to return to the birth or adoptive home; OR
- Reside with a legal guardian; OR
- Reside in a foster home with a permanency plan; OR
- Be age 18 or age 19 and live independently with supports; AND
- Meet current MDCH criteria for the State psychiatric hospital for children, as defined in the

Michigan Medicaid Provider Manual; AND

- Meet Medicaid eligibility criteria and become a Medicaid beneficiary; AND
- Demonstrate serious functional limitations that impair their ability to function in the community. As appropriate for age, functional limitation will be identified using the Child and Adolescent Functional Assessment Scale (CAFAS®) or the Preschool and Early Childhood Functional Assessment Scale (PECFAS®):
  - o CAFAS® score of 90 or greater for children age 7 to 12; OR
  - o CAFAS® score of 120 or greater or children age 13 to 18; OR
  - o For children age 3 to 7: elevated PECFAS® subscale scores in at least one of the these areas: self-harmful behaviors, mood/emotions, thinking/communicating or behavior towards others; AND
- Be under the age of 18 when approved for the waiver. If a child on the SEDW turns 18, continues to meet all non-age-related eligibility criteria and continues to need waiver services, the child can remain on the waiver up to his/her 21st birthday.

#### A. Statutory Authority (2 of 3)

- 2. Sections Waived.** Relying upon the authority of the above section(s), the State requests a waiver of the following sections of 1902 of the Act (if this waiver authorizes multiple programs, please list program(s) separately under each applicable statute):
- a.  **Section 1902(a)(1)** - Statewideness--This section of the Act requires a Medicaid State plan to be in effect in all political subdivisions of the State. This waiver program is not available throughout the State.  
-- *Specify Program Instance(s) applicable to this statute*  
 SEDW
  - b.  **Section 1902(a)(10)(B)** - Comparability of Services--This section of the Act requires all services for categorically needy individuals to be equal in amount, duration, and scope. This waiver program includes additional benefits such as case management and health education that will not be available to other Medicaid beneficiaries not enrolled in the waiver program.  
-- *Specify Program Instance(s) applicable to this statute*  
 SEDW
  - c.  **Section 1902(a)(23)** - Freedom of Choice--This Section of the Act requires Medicaid State plans to permit all individuals eligible for Medicaid to obtain medical assistance from any qualified provider in the State. Under this program, free choice of providers is restricted. That is, beneficiaries enrolled in this program must receive certain services through an MCO, PIHP, PAHP, or PCCM.  
-- *Specify Program Instance(s) applicable to this statute*  
 SEDW
  - d.  **Section 1902(a)(4)** - To permit the State to mandate beneficiaries into a single PIHP or PAHP, and restrict disenrollment from them. (If state seeks waivers of additional managed care provisions, please list here).  
  
-- *Specify Program Instance(s) applicable to this statute*  
 SEDW
  - e.  **Other Statutes and Relevant Regulations Waived** - Please list any additional section(s) of the Act the State requests to waive, and include an explanation of the request.

#### B. Delivery Systems (1 of 3)

**1. Delivery Systems.** The State will be using the following systems to deliver services:

- a.  **MCO:** Risk-comprehensive contracts are fully-capitated and require that the contractor be an MCO or HIO. Comprehensive means that the contractor is at risk for inpatient hospital services and any other mandatory State plan service in section 1905(a), or any three or more mandatory services in that section. References in this preprint to MCOs generally apply to these risk-comprehensive entities.
- b.  **PIHP:** Prepaid Inpatient Health Plan means an entity that: (1) provides medical services to enrollees under contract with the State agency, and on the basis of prepaid capitation payments or other payment arrangements that do not use State Plan payment rates; (2) provides, arranges for, or otherwise has responsibility for the provision of any inpatient hospital or institutional services for its enrollees; and (3) does not have a comprehensive risk contract. Note: this includes MCOs paid on a non-risk basis.
- The PIHP is paid on a risk basis**
- The PIHP is paid on a non-risk basis**
- c.  **PAHP:** Prepaid Ambulatory Health Plan means an entity that: (1) provides medical services to enrollees under contract with the State agency, and on the basis of prepaid capitation payments, or other payment arrangements that do not use State Plan payment rates; (2) does not provide or arrange for, and is not otherwise responsible for the provision of any inpatient hospital or institutional services for its enrollees; and (3) does not have a comprehensive risk contract. This includes capitated PCCMs.
- The PAHP is paid on a risk basis**
- The PAHP is paid on a non-risk basis**
- d.  **PCCM:** A system under which a primary care case manager contracts with the State to furnish case management services. Reimbursement is on a fee-for-service basis. Note: a capitated PCCM is a PAHP.
- e.  **Fee-for-service (FFS) selective contracting:** State contracts with specified providers who are willing to meet certain reimbursement, quality, and utilization standards.
- the same as stipulated in the state plan**
- different than stipulated in the state plan**
- Please describe:

The following is excerpted from Appendix I: Financial Accountability of the request for amendment for the 1915(c) SEDW.

Establishing Costs/Charges for Services:

CMHSPs are bound by their Medicaid Provider Agreements and Master Contracts with MDCH to assure their service charges are determined consistent with Generally Accepted Accounting

Principles (GAAP) and OMB Circular A-87 (here after referred to as A-87). Beginning in FY10, for FY09 expenditure reporting, new administrative cost reporting requirements were implemented for all 46 CMHSPs. These reporting requirements distinguish the CMHSP's costs associated with administrative functions from their direct service costs. Compliance with the requirements of A-87 and with the new cost reporting requirements is audited by MDCH using a variety of strategies, as described in I-1, above.

#### Administrative Costs:

The structure of each CMHSP varies in relationship to its responsibilities. Each CMHSP may perform the following functions: 1) direct service provider or 2) administer one or more waiver programs. The logic of the new 460 CMHSP cost report enables CMHSPs to separately identify administrative costs associated with these various responsibilities. For purposes of this waiver, the cost report distinguishes administrative costs to administer the SEDW, from those costs associated with directly delivering services to consumers.

OMB Circular A-87 (A-87) under the section composition of costs makes it clear there is no universal rule for classifying certain costs as either direct or indirect under every accounting system. Therefore, to the extent that these costs are indirect, the requirements are accommodated under the requirement that the CMHSPs report their costs in compliance with the requirements of OMB Circular A-87 (A-87). When these costs are indirect costs as defined in A-87, the CMHSP is obligated to ensure the equitable distribution of these costs based on relative benefits to each funding stream/program. This could require gathering the costs into a cost pool and distributing the costs to other administrative categories. The costs reported on the administrative cost report are the product of each CMHSP's A-87 compliant cost allocations. Therefore, although the administrative cost report does not show these cost allocation steps, they would be documented at the CMHSP in support of the reported administrative costs.

The state has a process in place to monitor this process. Compliance with A-87 will be monitored as part of the annual compliance exam submitted to MDCH by each CMHSP.

MDCH will reimburse CMHSPs the Federal share of actual CMHSP administrative expenditures attributed to the SEDW, as reported on a financial report certified as accurate by the CMHSP and submitted to MDCH, the MDCH/CMHSP cost settlement process and the CMHSP audited financial reports. The amount reimbursed will be determined in compliance with A-87 principles.

#### Medicaid Payment for Services:

A Medicaid payment for each billable service - in the form of a Medicaid fee screen - is established by the State Medicaid Agency, published on the Medicaid web site and available to providers, waiver participants and the general public. The service claims are submitted thru CHAMPS (detailed in Appendix I-2 b. of the 1915 (c) waiver application and paid uniformly at the established Medicaid fee screen, or billed charge, whichever is less.

#### Informing Waiver Consumers About Service Rates:

As noted above, the rates are published on the MDCH web site. The fee screens are also available to consumers, as well as the general public, in written form when requested.

#### Flow of billings

Claims for services provided to SEDW enrollees, whether provided by a CMHSP, or a qualified provider contracted by the CMHSP, are billed directly by the CMHSP to Medicaid through CHAMPS - the State's claims payment system - in accordance with policies and procedures published in the "Billing and Reimbursement for Professionals" section of the Michigan Medicaid Provider Manual. That portion of the Manual also contains information about how claims are processed and how providers are notified of MDCH actions. The CMHSP may also choose to use a billing agent. CHAMPS applies a series of edits and determines the amount approved for payment. This is the lesser of the charge for the service or the Medicaid fee screen.

Certified by MDCH as a Community Mental Health Services Program (CMHSP) under the authority of the Act No. 80 of the public acts of 1905 as amended and enrolled with Medicaid as a Speciality Provider for

the SEDW. The certification process and standards are detailed in sub-part 7 & 8 of the aforementioned public act.

(1) As a condition of state funding, a single overall certification is required for each community mental health services program (2) The certification process shall include a review of agencies or organization that are under contract to provide mental health services on behalf of the mental health services program (3) The governing body of a community mental health services program shall request certification by submitting a completed application to the department.

After the department's acceptance of a complete application, the department shall determine whether the applicant meets certification standards. The certification process may include conducting an on-site review. Failure of the community mental health services program to comply with the requirements of the certification process shall be grounds for the department to deny, suspend, revoke, or refuse to renew a program's certification.

The department shall assess compliance with the following certification standards by determining the degree to which all of the following provisions apply: (a) The organization has established processes, policies, and procedures necessary to achieve the required result. (b) The established processes, policies, and procedures are properly implemented. (c) The expected result of the processes, policies, and procedures is being achieved.

Certification standards address all of the following areas: Governance; Mission Statement; Community Education; Improvement of Program Quality; Personnel and Resource Management; Physical/therapeutic environment; Fiscal Management; Consumer information, education and rights; Eligibility and initial screening; Waiting lists alternative services; Array of Services; Medication-control; Individual Plan of Service.

#### C. Choice of MCOs, PIHPs, PAHPs, and PCCMs (1 of 3)

##### 1. Assurances.

- The State assures CMS that it complies with section 1932(a)(3) of the Act and 42 CFR 438.52, which require that a State that mandates Medicaid beneficiaries to enroll in an MCO, PIHP, PAHP, or PCCM must give those beneficiaries a choice of at least two entities.

#### E. Populations Included in Waiver (2 of 3)

- 2. Excluded Populations.** Within the groups identified above, there may be certain groups of individuals who are excluded from the Waiver Program. For example, the "Aged" population may be required to enroll into the program, but "Dual Eligibles" within that population may not be allowed to participate. In addition, "Section 1931 Children" may be able to enroll voluntarily in a managed care program, but "Foster Care Children" within that population may be excluded from that program. Please indicate if any of the following populations are excluded from participating in the Waiver Program:

- Medicare Dual Eligible** --Individuals entitled to Medicare and eligible for some category of Medicaid benefits. (Section 1902(a)(10) and Section 1902(a)(10)(E))
- Poverty Level Pregnant Women** -- Medicaid beneficiaries, who are eligible only while pregnant and for a short time after delivery. This population originally became eligible for Medicaid under the SOBRA legislation.
- Other Insurance** --Medicaid beneficiaries who have other health insurance.

#### F. Services (1 of 5)

List all services to be offered under the Waiver in Appendices D2.S. and D2.A of Section D, Cost-Effectiveness.

##### 1. Assurances.

- The State assures CMS that services under the Waiver Program will comply with the following federal requirements:
  - Services will be available in the same amount, duration, and scope as they are under the State Plan per 42 CFR 438.210(a)(2).
  - Access to emergency services will be assured per section 1932(b)(2) of the Act and 42 CFR 438.114.
  - Access to family planning services will be assured per section 1905(a)(4) of the Act and 42 CFR 431.51(b)
  - The State seeks a waiver of section 1902(a)(4) of the Act, to waive one or more of more of the regulatory requirements listed above for PIHP or PAHP programs. Please identify each regulatory requirement for which a waiver is requested, the managed care program(s) to which the waiver will apply, and what the State proposes as an alternative requirement, if any. (See note below for limitations on requirements that may be waived).
- The CMS Regional Office has reviewed and approved the MCO, PIHP, PAHP, or PCCM contracts for compliance with the provisions of 42 CFR 438.210(a)(2), 438.114, and 431.51 (Coverage of Services, Emergency Services, and Family Planning) as applicable. If this is an initial waiver, the State assures that contracts that comply with these provisions will be submitted to the CMS Regional Office for approval prior to enrollment of beneficiaries in the MCO, PIHP, PAHP, or PCCM.
- This is a proposal for a 1915(b)(4) FFS Selective Contracting Program only and the managed care regulations do not apply. The State assures CMS that services will be available in the same amount, duration, and scope as they are under the State Plan.
- The state assures CMS that it complies with Title I of the Medicare Modernization Act of 2003, in so far as these requirements are applicable to this waiver.

Note: Section 1915(b) of the Act authorizes the Secretary to waive most requirements of section 1902 of the Act for the purposes listed in sections 1915(b)(1)-(4) of the Act. However, within section 1915(b) there are prohibitions on waiving the following subsections of section 1902 of the Act for any type of waiver program:

- Section 1902(s) -- adjustments in payment for inpatient hospital services furnished to infants under age 1, and to children under age 6 who receive inpatient hospital services at a Disproportionate Share Hospital (DSH) facility.
- Sections 1902(a)(15) and 1902(bb) – prospective payment system for FQHC/RHC
- Section 1902(a)(10)(A) as it applies to 1905(a)(2)(C) – comparability of FQHC benefits among Medicaid beneficiaries

- Section 1902(a)(4)(C) -- freedom of choice of family planning providers
- Sections 1915(b)(1) and (4) also stipulate that section 1915(b) waivers may not waive freedom of choice of emergency services providers.

3. **Family Planning Services.** In accordance with sections 1905(a)(4) and 1915(b) of the Act, and 42 CFR 431.51(b), prior authorization of, or requiring the use of network providers for family planning services is prohibited under the waiver program. Out-of-network family planning services are reimbursed in the following manner:

- The MCO/PIHP/PAHP will be required to reimburse out-of-network family planning services.
- The MCO/PIHP/PAHP will be required to pay for family planning services from network providers, and the State will pay for family planning services from out-of-network providers.
- The State will pay for all family planning services, whether provided by network or out-of-network providers.

#### F. Services (3 of 5)

4. **FQHC Services.** In accordance with section 2088.6 of the State Medicaid Manual, access to Federally Qualified Health Center (FQHC) services will be assured in the following manner:

- The program is **voluntary**, and the enrollee can disenroll at any time if he or she desires access to FQHC services. The MCO/PIHP/PAHP/PCCM is not required to provide FQHC services to the enrollee during the enrollment period.
- The program is **mandatory** and the enrollee is guaranteed a choice of at least one MCO/PIHP/PAHP/PCCM which has at least one FQHC as a participating provider. If the enrollee elects not to select a MCO/PIHP/PAHP/PCCM that gives him or her access to FQHC services, no FQHC services will be required to be furnished to the enrollee while the enrollee is enrolled with the MCO/PIHP/PAHP/PCCM he or she selected. Since reasonable access to FQHC services will be available under the waiver program, FQHC services outside the

program will not be available. Please explain how the State will guarantee all enrollees will have a choice of at least one MCO/PIHP/PAHP/PCCM with a participating FQHC:

- The program is **mandatory** and the enrollee has the right to obtain FQHC services **outside** this waiver program through the regular Medicaid Program.

MDCH's contract with the CMHSPs requires that CMHSPs ensure timely access to supports and services. There are three access standards included in section 3.0 of the contract that track how quickly a newly referred person can access the system. The standards are: 1. Receive a pre-admission screening for Psychiatric inpatient care for whom the disposition was completed in 3 hours. 2. Receive a face to face meeting with a professional for assessment within 14 calendar days of non-emergency request for services. 3. Start at least one ongoing service within 14 calendar days of a non-emergency assessment with a professional. - 3. Details for 1915(b)(4)FFS selective contracting programs:** Please describe how the State assures provider capacity has not been negatively impacted by the selective contracting program. Also, please provide a detailed capacity analysis of the number of beds (by type, per facility) – for facility programs, or vehicles (by type, per contractor) – for non-emergency transportation programs, needed per location to assure sufficient capacity under the waiver program. This analysis should consider increased enrollment and/or utilization expected under the waiver. Although the CMHSP is the only selective contracting program, choice amongst qualified direct service providers is assured in various ways. These include: choice among providers contracting with the CMHSPs; choice of CMHSP employees who are direct service providers and adding providers upon consumer request.

In order to provide an appropriate, adequate array of service providers, each CMHSP establishes a procurement schedule and process for contracting with direct service providers. The CMHSP also routinely expands its provider panel to meet identified needs of its consumer base - including children enrolled in the SEDW. In addition, if a SEDW consumer or his/her family identifies a qualified direct service provider who is not part of the CMHSP's provider network, the CMHSP will contact the provider to see if he/she is willing to contract with the CMHSP to provide services to the consumer.

The proxy for the CMHSP having “adequate capacity” of qualified providers is: 1) that services are provided as needed and planned; and 2) and that consumers / families have not expressed dissatisfaction with direct service providers.

The Site Review process includes reviewing the Individual Plan of Service (IPOS) for each consumer randomly selected for the on-site review. Each IPOS is compared with assessments underpinning the IPOS, with the corresponding budget and with services billed to Medicaid for the specified time frame. One purpose of this aspect of the Site Review is to determine if services are provided in type, amount and duration as needed and as identified in the IPOS. If services were not provided as needed and planned, the review team looks for explanation as to why not. If the reason was access to, or availability of, qualified direct service providers, the review team looks for documentation of the steps taken by the CMHSP to address the problem. If the problem has not been resolved at the time of the site review, the CMHSP must address the issue in its Plan of Correction (POC).

Another aspect of the site review is to ascertain consumer and family satisfaction with services. If the consumer or family expresses dissatisfaction with the availability of or access to qualified direct service providers, the review team

looks for documentation as to what strategies the CMHSP has implemented to address the consumer's / family's concerns.

*Please provide justification for this determination:*

- b.  **Identification.** The State has a mechanism to identify persons with special health care needs to MCOs, PIHPs, and PAHPs, as those persons are defined by the State.

*Please describe:*

- c.  **Assessment.** Each MCO/PIHP/PAHP will implement mechanisms, using appropriate health care professionals, to assess each enrollee identified by the State to identify any ongoing special conditions that require a course of treatment or regular care monitoring. Please describe:

*Please describe the enrollment limits and how each is determined:*

- d.  **Treatment Plans.** For enrollees with special health care needs who need a course of treatment or regular care monitoring, the State requires the MCO/PIHP/PAHP to produce a treatment plan. If so, the treatment plan meets the following requirements:
1.  Developed by enrollees' primary care provider with enrollee participation, and in consultation with any specialists' care for the enrollee.
  2.  Approved by the MCO/PIHP/PAHP in a timely manner (if approval required by plan).
  3.  In accord with any applicable State quality assurance and utilization review standards.

*Please describe:*

#### 3. Details for PCCM program. (Continued)

- c.  **Selection and Retention of Providers:** This section provides the State the opportunity to describe any requirements, policies or procedures it has in place to allow for the review and documentation of qualifications and other relevant information pertaining to a provider who seeks a contract with the State or PCCM administrator as a PCCM. This section is required if the State has applied for a 1915(b)(4) waiver that will be applicable to the PCCM program.

Please check any processes or procedures listed below that the State uses in the process of selecting and retaining PCCMs. The State (please check all that apply):

1.  Has a documented process for selection and retention of PCCMs (please submit a copy of that documentation).
2.  Has an initial credentialing process for PCCMs that is based on a written application and site visits as appropriate, as well as primary source verification of licensure, disciplinary status, and eligibility for payment under Medicaid.
3.  Has a recredentialing process for PCCMs that is accomplished within the time frame set by the State and through a process that updates information obtained through the following (check all that apply):
  - A.  Initial credentialing
  - B.  Performance measures, including those obtained through the following (check all that apply):
    - The utilization management system.
    - The complaint and appeals system.
    - Enrollee surveys.

- Other.

*Please describe:*

- Uses formal selection and retention criteria that do not discriminate against particular providers such as those who serve high risk populations or specialize in conditions that require costly treatment.
- Has an initial and recertification process for PCCMs other than individual practitioners (e.g., rural health clinics, federally qualified health centers) to ensure that they are and remain in compliance with any Federal or State requirements (e.g., licensure).
- Notifies licensing and/or disciplinary bodies or other appropriate authorities when suspensions or terminations of PCCMs take place because of quality deficiencies.
- Other

*Please explain:*

## Section A: Program Description

### Part III: Quality

- 4. Details for 1915(b)(4) only programs:** Please describe how the State assures quality in the services that are covered by the selective contracting program. Please describe the provider selection process, including the criteria used to select the providers under the waiver. These include quality and performance standards that the providers must meet. Please also describe how each criteria is weighted:

The State assures quality in the services that are covered by the selective contracting program as identified in Appendix C of the approved §1915(c)waiver. Appendix C details covered waiver services, provider qualifications for those services and identifies Performance Measures related to State oversight of provider qualifications, credentialing standards, and provider training. The Michigan Medicaid Provider Manual details standards and qualification for providers of the mental health State Plan services that are provided to children on the SEDW by the selective contracting program.

Michigan's Quality Management Program (QMP) incorporates all of the programs operated in the public mental health system. The CMHSPs adhere to the same standards of care for each individual served and the same data is collected for all consumers regardless of fund source. The QMP Quality Assurance Section has responsibility for performing on-site reviews at each of the 18 PIHPs (comprised of CMHSPs) and the 46 CMHSPs to conduct comprehensive biennial site reviews. While the PIHPs provide services in a managed care delivery system for a different waiver, since each PIHP is comprised of one or more CMHSPs, the QMP site review process at each PIHP is relevant to quality in the SEDW as well. During the alternate years, QMP staff follow-up on implementation of plans of correction resulting from the previous years comprehensive review. The QMP Division also oversees all quality improvement efforts and ongoing quality assurance by the CMHSPs.

For the SEDW, a full site review is completed biennially at participating CMHSPs, with a follow-up review on the alternate year. At this time, 24 CMHSPs participate in the SEDW. The Site Review Team reviews a proportionate random sample of SEDW consumers at each CMHSP. Those reviews include clinical record reviews, administrative

record reviews, home visits and consumer interviews using the Site Review Protocols and Site Review Interpretive Guidelines. The protocols are derived from requirements of the Michigan Mental Health Code, Administrative Rules, federal requirements, and Medicaid policies. The Site Review team monitors SEDW activities / functions delegated to the CMHSPs to assure that: 1) level of care evaluations and reevaluations are made in accordance with SEDW eligibility requirements; 2) individual plans of service (IPOS) meet the SEDW consumer's identified needs for services; 3) needed services are provided in the amount, scope and duration defined in the IPOS; 4) CMHSP prior authorization, utilization management and billing are in accordance with established policies and procedures; and 5) provider qualifications are current, and willing, qualified providers are available to meet SEDW consumers' needs and choice.

##### 2. Details (Continued)

**b. Description.** Please describe the State's procedures regarding direct and indirect marketing by answering the following questions, if applicable.

1.

- The State prohibits or limits MCOs/PIHPs/PAHPs/PCCMs/selective contracting FFS providers from offering gifts or other incentives to potential enrollees.

*Please explain any limitation or prohibition and how the State monitors this:*

2.  The State permits MCOs/PIHPs/PAHPs/PCCMs/selective contracting FFS providers to pay their marketing representatives based on the number of new Medicaid enrollees he/she recruited into the plan.

*Please explain how the State monitors marketing to ensure it is not coercive or fraudulent:*

3.  The State requires MCO/PIHP/PAHP/PCCM/selective contracting FFS providers to translate marketing materials.

*Please list languages materials will be translated into. (If the State does not translate or require the translation of marketing materials, please explain):*

The State has chosen these languages because (check any that apply):

- a.  The languages comprise all prevalent languages in the service area.

*Please describe the methodology for determining prevalent languages:*

- b.  The languages comprise all languages in the service area spoken by approximately percent or more of the population.

- c.  Other

**B. Information to Potential Enrollees and Enrollees (2 of 5)****2. Details****a. Non-English Languages****1.**

- Potential enrollee and enrollee materials will be translated into the prevalent non-English languages.

*Please list languages materials will be translated into. (If the State does not require written materials to be translated, please explain):*

The state's contract with CMHSPs requires compliance with the Office of Civil Rights Policy Guidance on the Title VI Prohibition Against Discrimination as it Affects Persons with Limited English Proficiency. This includes that materials be available in the languages appropriate to the people services within the CMHSP's area. The MDCH site review process assures compliance with this requirement.

If the State does not translate or require the translation of marketing materials, please explain:

The State defines prevalent non-English languages as: (check any that apply):

- a.  The languages spoken by significant number of potential enrollees and enrollees.

*Please explain how the State defines "significant.":*

- b.  The languages spoken by approximately \_\_\_\_\_ percent or more of the potential enrollee/enrollee population.
- c.  Other

*Please explain:*

- 2.  Please describe how oral translation services are available to all potential enrollees and enrollees, regardless of language spoken.

The CMHSP assures accommodation for people with Limited English Proficiency (LEP) and other linguistic needs, as well as for individuals with hearing impairments and person with diverse cultural and demographic backgrounds, visual impairments and alternative needs for communication. The MDCH site review process assures compliance with this requirement.

- 3.  The State will have a mechanism in place to help enrollees and potential enrollees understand the managed care program.

##### 2. Details (Continued)

- c. **Enrollment**. The State has indicated which populations are mandatorily enrolled and which may enroll on a voluntary basis in Section A.I.E.

- This is a **new** program.

Please describe the **implementation schedule** (e.g. implemented statewide all at once; phased in by area; phased in by population, etc.):

- This is an **existing program** that will be expanded during the renewal period.

*Please describe:* Please describe the **implementation schedule** (e.g. new population implemented statewide all at once; phased in by area; phased in by population, etc.):

- If a potential enrollee **does not select** an MCO/PIHP/PAHP or PCCM within the given time frame, the potential enrollee will be **auto-assigned** or default assigned to a plan.

- i.  Potential enrollees will have \_\_\_\_\_ |  **day(s)** /  **month(s)** to choose a plan.  
ii.  There is an auto-assignment process or algorithm.

*In the description please indicate the factors considered and whether or not the auto-assignment process assigns persons with special health care needs to an MCO/PIHP/PAHP/PCCM who is their current provider or who is capable of serving their particular needs:*

- The State automatically enrolls beneficiaries.
- on a mandatory basis into a single MCO, PIHP, or PAHP in a rural area (please also check item A.I.C.3).
  - on a mandatory basis into a single PIHP or PAHP for which it has requested a waiver of the requirement of choice of plans (please also check item A.I.C.1).
  - on a voluntary basis into a single MCO, PIHP, or PAHP. The State must first offer the beneficiary a choice. If the beneficiary does not choose, the State may enroll the beneficiary as long as the beneficiary can opt out at any time without cause.

*Please specify geographic areas where this occurs:*

- The State provides **guaranteed eligibility** of \_\_\_\_\_ months (maximum of 6 months permitted) for MCO/PCCM enrollees under the State plan.
- The State allows otherwise mandated beneficiaries to request **exemption** from enrollment in an MCO/PIHP/PAHP/PCCM.

*Please describe the circumstances under which a beneficiary would be eligible for exemption from enrollment. In addition, please describe the exemption process:*

- The State **automatically re-enrolls** a beneficiary with the same PCCM or MCO/PIHP/PAHP if there is a loss of Medicaid eligibility of 2 months or less.

## Section A: Program Description

### Part IV: Program Operations

#### C. Enrollment and Disenrollment (5 of 6)

#### 2. Details (Continued)

##### d. Disenrollment

- The State allows enrollees to **disenroll** from/transfer between MCOs/PIHPs/PAHPs and PCCMs. Regardless of whether plan or State makes the determination, determination must be made no later than the first day of the second month following the month in which the enrollee or plan files the request. If determination is not made within this time frame, the request is deemed approved.
- i.  Enrollee submits request to State.
  - ii.  Enrollee submits request to MCO/PIHP/PAHP/PCCM. The entity may approve the request, or refer it to the State. The entity may not disapprove the request.
  - iii.  Enrollee must seek redress through MCO/PIHP/PAHP/PCCM grievance procedure before determination will be made on disenrollment request.
- The State **does not permit disenrollment** from a single PIHP/PAHP (authority under 1902 (a)(4) authority must be requested), or from an MCO, PIHP, or PAHP in a rural area.
- The State has a **lock-in** period (i.e. requires continuous enrollment with MCO/PIHP/PAHP/PCCM) of \_\_\_\_\_ months (up to 12 months permitted). If so, the State assures it meets the requirements of 42 CFR 438.56(c).

*Please describe the good cause reasons for which an enrollee may request disenrollment during the lock-in period (in addition to required good cause reasons of poor quality of care, lack of access to covered services, and lack of access to providers experienced in dealing with enrollee's health care needs):*

- The State does not have a **lock-in**, and enrollees in MCOs/PIHPs/PAHPs and PCCMs are allowed to terminate or change their enrollment without cause at any time. The disenrollment/transfer is effective no later than the first day of the second month following the request.
- The State permits **MCOs/PIHPs/PAHPs and PCCMs to request disenrollment** of enrollees.
- i.  MCO/PIHP/PAHP and PCCM can request reassignment of an enrollee.

*Please describe the reasons for which enrollees can request reassignment*

- ii.  The State reviews and approves all MCO/PIHP/PAHP/PCCM-initiated requests for enrollee transfers or disenrollments.
- iii.  If the reassignment is approved, the State notifies the enrollee in a direct and timely manner of the desire of the MCO/PIHP/PAHP/PCCM to remove the enrollee from its membership or from the PCCM's caseload.
- iv.  The enrollee remains an enrollee of the MCO/PIHP/PAHP/PCCM until another MCO/PIHP/PAHP/PCCM is chosen or assigned.

#### E. Grievance System (4 of 5)

**4. Optional grievance systems for PCCM and PAHP programs.** States, at their option, may operate a PCCM and/or PAHP grievance procedure (distinct from the fair hearing process) administered by the State agency or the PCCM and/or PAHP that provides for prompt resolution of issues. These grievance procedures are strictly voluntary and may not interfere with a PCCM, or PAHP enrollee's freedom to make a request for a fair hearing or a PCCM or PAHP enrollee's direct access to a fair hearing in instances involving terminations, reductions, and suspensions of already authorized Medicaid covered services.

- The State has a grievance procedure for its  PCCM and/or  PAHP program characterized by the following (please check any of the following optional procedures that apply to the optional PCCM/PAHP grievance procedure):

The grievance procedures are operated by:

- the State  
 the State's contractor.

Please identify:

- the PCCM  
 the PAHP

- Requests for review can be made in the PCCM and/or PAHP grievance system (e.g. grievance, appeals):

*Please describe:*

---

- Has a committee or staff who review and resolve requests for review.

*Please describe if the State has any specific committee or staff composition or if this is a fiscal agent, enrollment broker, or PCCM administrator function:*

---

- Specifies a time frame from the date of action for the enrollee to file a request for review.

*Please specify the time frame for each type of request for review:*

---

- Has time frames for resolving requests for review.

*Specify the time period set for each type of request for review:*

---

- Establishes and maintains an expedited review process.

*Please explain the reasons for the process and specify the time frame set by the State for this process:*

---

- Permits enrollees to appear before State PCCM/PAHP personnel responsible for resolving the request for review.
- Notifies the enrollee in writing of the decision and any further opportunities for additional review, as well as the procedures available to challenge the decision.

- The State seeks a waiver of section 1902(a)(4) of the Act, to waive one or more of the regulatory requirements listed for PIHP or PAHP programs.

*Please identify each regulatory requirement for which a waiver is requested, the managed care program(s) to which the waiver will apply, and what the State proposes as an alternative requirement, if any:*

- The CMS Regional Office has reviewed and approved the MCO or PIHP contracts for compliance with the provisions of section 1932(d)(1) of the Act and 42 CFR 438.604 Data that must be Certified; 438.606 Source, Content, Timing of Certification; and 438.608 Program Integrity Requirements. If this is an initial waiver, the State assures that contracts that comply with these provisions will be submitted to the CMS Regional Office for approval prior to enrollment of beneficiaries in the MCO, PIHP, PAHP, or PCCM.

#### Summary of Monitoring Activities (1 of 3)

**The charts in this section summarize the activities used to monitor major areas of the waiver program. The purpose is to provide a “big picture” of the monitoring activities, and that the State has at least one activity in place to monitor each of the areas of the waiver that must be monitored.**

Please note:

- **MCO, PIHP, and PAHP programs:**
  - There must be at least one checkmark in each column.
- **PCCM and FFS selective contracting programs:**
  - There must be at least one checkmark in each column under “Evaluation of Program Impact.”
  - There must be at least one check mark in one of the three columns under “Evaluation of Access.”
  - There must be at least one check mark in one of the three columns under “Evaluation of Quality.”

**Part I: Summary Chart of Monitoring Activities**

**Summary of Monitoring Activities (2 of 3)**

The charts in this section summarize the activities used to monitor major areas of the waiver program. The purpose is to provide a “big picture” of the monitoring activities, and that the State has at least one activity in place to monitor each of the areas of the waiver that must be monitored.

Please note:

- **MCO, PIHP, and PAHP** programs:
  - There must be at least one checkmark in each column.
- **PCCM and FFS selective contracting** programs:
  - There must be at least one checkmark in each column under “Evaluation of Program Impact.”
  - There must be at least one check mark in one of the three columns under “Evaluation of Access.”
  - There must be at least one check mark in one of the three columns under “Evaluation of Quality.”

**Part I: Summary Chart of Monitoring Activities**

**Summary of Monitoring Activities (3 of 3)**

The charts in this section summarize the activities used to monitor major areas of the waiver program. The purpose is to provide a “big picture” of the monitoring activities, and that the State has at least one activity in place to monitor each of the areas of the waiver that must be monitored.

Please note:

- **MCO, PIHP, and PAHP** programs:
  - There must be at least one checkmark in each column.
- **PCCM and FFS selective contracting** programs:
  - There must be at least one checkmark in each column under “Evaluation of Program Impact.”
  - There must be at least one check mark in one of the three columns under “Evaluation of Access.”
  - There must be at least one check mark in one of the three columns under “Evaluation of Quality.”

If federal regulations require a given activity, this is indicated just after the name of the activity. If the State does not use a required activity, it must explain why.**

**For each activity, the state must provide the following information:**

- Personnel responsible (e.g. state Medicaid, other state agency, delegated to plan, EQR, other contractor)
- Detailed description of activity
- Frequency of use
- How it yields information about the area(s) being monitored

a.  **Accreditation for Non-duplication** (i.e. if the contractor is accredited by an organization to meet certain access,

structure/operation, and/or quality improvement standards, and the state determines that the organization's standards are at least as stringent as the state-specific standards required in 42 CFR 438 Subpart D, the state deems the contractor to be in compliance with the state-specific standards)

**Activity Details:**

Certified by MDCH as a Community Mental Health Services Program (CMHSP) under the authority of the Act No. 80 of the public acts of 1905 as amended and enrolled with Medicaid as a Speciality Provider for the SEDW. The certification process and standards are detailed in sub-part 7 & 8 of the aforementioned public act.

(1)As a condition of state funding, a single overall certification is required for each community mental health services program.(2)The certification process shall include a review of agencies or organizations that are under contract to provide mental health services on behalf of the mental health services program.3)The governing body of a community mental health services program shall request certification by submitting a completed application to the department.

After the department's acceptance of a complete application, the department shall determine whether the applicant meets certification standards. The certification process may include conducting an on-site review. Failure of the community mental health services program to comply with the requirements of the certification process shall be grounds for the department to deny, suspend, revoke, or refuse to renew a program's certification.

The department shall assess compliance with the following certification standards by determining the degree to which all of the following provisions apply:(a) The organization has established processes, policies, and procedures necessary to achieve the required result.(b) The established processes, policies, and procedures are properly

implemented.(c) The expected result of the processes, policies, and procedures is being achieved.

Certification standards address all of the following areas: Governance; Mission Statement; Community Education; Improvement of Program Quality;Personnel and Resource Management; Physical/therapeutic environment; Fiscal Management; Consumer information, education and rights; Eligibility and initial screening; Waiting lists alternative services; Array of Services; Medication-control; Individual Plan of Service.

Activity Details:

Michigan's Quality Management Program (QMP) incorporates all of the programs operated in the public mental health system. The CMHSPs adhere to the same standards of care for each individual served and the same data is collected for all consumers regardless of fund source. The QMP Quality Assurance Section has responsibility for performing on-site reviews at each of the 18 PIHPs (comprised of CMHSPs) and the 46 CMHSPs to conduct comprehensive biennial site reviews. While the PIHPs provide services in a managed care delivery system for a different waiver, since each PIHP is comprised of one or more CMHSPs, the QMP site review process at each PIHP is relevant to quality in the SEDW as well. During the alternate years, QMP staff follow-up on implementation of plans of correction resulting from the previous year's comprehensive review. For the SEDW, a full site review is completed biennially at participating CMHSPs, with a follow-up review on the alternate year. At this time, 24 CMHSPs participate in the SEDW. The Site Review Team reviews a proportionate random sample of SEDW consumers at each CMHSP. Those reviews include clinical record reviews, administrative record reviews, home visits and consumer interviews using the Site Review Protocols and Site Review Interpretive Guidelines. The protocols are derived from requirements of the Michigan Mental Health Code, Administrative Rules, federal requirements, and Medicaid policies. The Site Review team monitors SEDW activities / functions delegated to the CMHSPs to assure that: 1) level of care evaluations and reevaluations are made in accordance with SEDW eligibility requirements; 2) individual plans of service (IPOS) meet the SEDW consumer's identified needs for services; 3) needed services are provided in the amount, scope and duration defined in the IPOS; 4) CMHSP prior authorization, utilization management and billing are in accordance with established policies and procedures; and 5) provider qualifications are current, and willing, qualified providers are available to meet SEDW consumers' needs and choice. 6) There is coordination of care among and between service providers. MDCH also documents satisfaction with services as gathered on the home visit during the site review. The site review is the primary vehicle used by MDCH to gather data on the Performance Measures as a part of the Quality Improvement Strategy

identified in the §1915(c) waiver application, related to how CMHSPs comply with delegated functions related to the SEDW.

Per concurrence of CMS, no independent assessment is required as the establishment of this 1915(b)(4) waiver does not impact the manner in which the 1915(c) waiver has operated for more than the past 7 years. There is no change in access and eligibility as

detailed in the renewal 1915(c)waiver, or in timely access to needed services and qualified providers. The contract between MDCH and CMHSPs establishes standards for access to mental health services. These standards provide the framework to address all populations that may seek out or request services of a CMHSP including adults and children with developmental disabilities, mental illness, and co-occurring mental illness and substance use disorders.

There are well established quality monitoring strategies in place for the public mental health system, inclusive of the 1915(c) waivers, as detailed in the 1915(c)waiver application. MDCH collects data for performance indicators and performance improvement projects for each of three areas: Medicaid performance indicators measure the performance of the CMHSPs. The QIC performance indicators are categorized by the following domains: access, adequacy, appropriateness, effectiveness, outcomes, prevention, and structure/plan management. Indicators are used to alert MDCH management of systemic or individual CMHSP issues that need to be addressed immediately; to identify trends to be watched; to monitor contractual compliance; and to provide information that the public wants and needs. Most of the information used in these indicators is generated from the encounter and QI data located in MDCH’s data warehouse.

### Section C: Monitoring Results

#### Initial Waiver Request

---

Section 1915(b) of the Act and 42 CFR 431.55 require that the State must document and maintain data regarding the effect of the waiver on the accessibility and quality of services as well as the anticipated impact of the project on the State’s Medicaid program. In Section B of this waiver preprint, the State describes how it will assure these requirements are met. For an initial waiver request, the State provides assurance in this Section C that it will report on the results of its monitoring plan when it submits its waiver renewal request. For a renewal request, the State provides evidence that waiver requirements were met for the most recent waiver period. Please use Section D to provide evidence of cost-effectiveness.

CMS uses a multi-pronged effort to monitor waiver programs, including rate and contract review, site visits, reviews of External Quality Review reports on MCOs/PIHPs, and reviews of Independent Assessments. CMS will use the results of these activities and reports along with this Section to evaluate whether the Program Impact, Access, and Quality requirements of the waiver were met.

**This is an Initial waiver request.**

- The State assures that it will conduct the monitoring activities described in Section B, and will provide the results in Section C of its waiver renewal request.**

**Section D: Cost-Effectiveness****Part I: State Completion Section****A. Assurances****a. [Required] Through the submission of this waiver, the State assures CMS:**

- The fiscal staff in the Medicaid agency has reviewed these calculations for accuracy and attests to their correctness.
- The State assures CMS that the actual waiver costs will be less than or equal to or the State's waiver cost projection.
- Capitated rates will be set following the requirements of 42 CFR 438.6(c) and will be submitted to the CMS Regional Office for approval.
- Capitated 1915(b)(3) services will be set in an actuarially sound manner based only on approved 1915(b)(3) services and their administration subject to CMS RO prior approval.
- The State will monitor, on a regular basis, the cost-effectiveness of the waiver (for example, the State may compare the PMPM Actual Waiver Cost from the CMS 64 to the approved Waiver Cost Projections). If changes are needed, the State will submit a prospective amendment modifying the Waiver Cost Projections.
- The State will submit quarterly actual member month enrollment statistics by MEG in conjunction with the State's submitted CMS-64 forms.

**Section D: Cost-Effectiveness****Part I: State Completion Section****D. PCCM portion of the waiver only: Reimbursement of PCCM Providers**

**Under this waiver, providers are reimbursed on a fee-for-service basis. PCCMs are reimbursed for patient management in the following manner (please check and describe):**

- a.  **Management fees are expected to be paid under this waiver.**  
The management fees were calculated as follows.
  - 1.  **Year 1: \$** per member per month fee.
  - 2.  **Year 2: \$** per member per month fee.
  - 3.  **Year 3: \$** per member per month fee.

Please explain which services will be affected by enhanced fees and how the amount of the enhancement was determined.
- c.  **Bonus payments from savings generated under the program are paid to case managers who control beneficiary utilization.** Under **D.I.H.d.**, please describe the criteria the State will use for awarding the incentive payments, the method for calculating incentives/bonuses, and the monitoring the State will have in place to ensure that total payments to the providers do not exceed the Waiver Cost Projections (Appendix D5). Bonus payments and incentives for reducing utilization are limited to savings of State Plan service costs under the waiver. Please also describe how the State will ensure that utilization is not adversely affected due to incentives inherent in the bonus payments. The costs associated with any bonus arrangements must be accounted for in Appendix D3. Actual Waiver Cost.

Please mark all that apply.

- a.  Population in the base year data
1.  Base year data is from the same population as to be included in the waiver.
  2.  Base year data is from a comparable population to the individuals to be included in the waiver.  
(Include a statement from an actuary or other explanation, which supports the conclusion that the populations are comparable.)
- b.  For an initial waiver, if the State estimates that not all eligible individuals will be enrolled in managed care (i.e., a percentage of individuals will not be enrolled because of changes in eligibility status and the length of the enrollment process) please note the adjustment here.
- c.  [Required] Explain the reason for any increase or decrease in member months projections from the base year or over time:  
The state is expanding this program to incorporate additional eligible children in foster care and to increase the geographic area.
- d.  [Required] Explain any other variance in eligible member months from BY to P2:  
FY's 12 & 13 will be managed to the any point in time maximum supported by the anticipated state appropriations.
- e.  [Required] List the year(s) being used by the State as a base year:  
FY 10  
If multiple years are being used, please explain:
- f.  [Required] Specify whether the base year is a State fiscal year (SFY), Federal fiscal year (FFY), or other period:  
State Fiscal Year (SFY)
- g.  [Required] Explain if any base year data is not derived directly from the State's MMIS fee-for-service claims data:

**Section D: Cost-Effectiveness**

**Part I: State Completion Section**

**G. Appendix D2.A - Administration in Actual Waiver Cost**

**[Required]** The State allocated administrative costs between the Fee-for-service and managed care program depending upon the program structure. *Note: initial programs will enter only FFS costs in the BY. Renewal and Conversion waivers will enter all waiver and FFS administrative costs in the R1 and R2 or BY.*

**For Initial Waivers:**

- a. For an initial waiver, please document the amount of savings that will be accrued in the State Plan services. Savings under the waiver must be great enough to pay for the waiver administration costs in addition to those costs in FFS. Please state the aggregate budgeted amount projected to be spent on each additional service in the upcoming waiver period in the chart below. Appendix D5 should reflect any savings to be accrued as well as any additional administration expected. The savings should at least offset the administration.

Additional Administrative Expense	Savings projected in State Plan Services	Inflation projected	Amount projected to be spent in Prospective Period
Total:			

The allocation method for either initial or renewal waivers is explained below:

- a.  The State allocates the administrative costs to the managed care program based upon the number of waiver enrollees as a percentage of total Medicaid enrollees *Note: this is appropriate for MCO/PCCM programs.*
- b.  The State allocates administrative costs based upon the program cost as a percentage of the total Medicaid budget. It would not be appropriate to allocate the administrative cost of a mental health program based upon the percentage of enrollees enrolled. *Note: this is appropriate for statewide PIHP/PAHP programs.*
- c.  **Other**

Please explain:

The State allocates state staff and related administrative costs based upon its cost allocation (CAP) and cost tracking program; that is, the actual costs of state staff administering the program and the related CSS&M are tracked and recorded by account number and reported on the waiver's CMS 64.10 Waiver form. Additionally, beginning in FY 2010 the state implemented changes in administrative cost reporting that make it possible to identify and report the CMHSP Benefit Plan Management costs.

**Appendix D2.A: Administration in Actual Waiver Cost**

**Section D: Cost-Effectiveness**

**Part I: State Completion Section**

**H. Appendix D3 - Actual Waiver Cost**

- a.  The State is requesting a 1915(b)(3) waiver in **Section A.I.A.1.c** and will be providing non-state plan medical services. The State will be spending a portion of its waiver savings for additional services under the waiver.
- b.  **The State is including voluntary populations in the waiver.**

Describe below how the issue of selection bias has been addressed in the Actual Waiver Cost calculations:

- c.  **Capitated portion of the waiver only -- Reinsurance or Stop/Loss Coverage:** Please note how the State will be providing or requiring reinsurance or stop/loss coverage as required under the regulation. States may require MCOs/PIHPs/PAHPs to purchase reinsurance. Similarly, States may provide stop-loss coverage to MCOs/PIHPs/PAHPs when MCOs/PIHPs/PAHPs exceed certain payment thresholds for individual enrollees. Stop loss provisions usually set limits on maximum days of coverage or number of services for which the MCO/PIHP/PAHP will be responsible. If the State plans to provide stop/loss coverage, a description is required. The State must document the probability of incurring costs in excess of the stop/loss level and the frequency of such occurrence based on FFS experience. The expenses per capita (also known as the stoploss premium amount) should be deducted from the capitation year projected costs. In the initial application, the effect should be neutral. In the renewal report, the actual reinsurance cost and claims cost should be reported in Actual Waiver Cost.

**Basis and Method:**

1.  **The State does not provide stop/loss protection for MCOs/PIHPs/PAHPs, but requires MCOs/PIHPs/PAHPs to purchase reinsurance coverage privately. No adjustment was necessary.**
2.  **The State provides stop/loss protection**

Describe below how the issue of selection bias has been addressed in the Actual Waiver Cost calculations:

- d.  **Incentive/bonus/enhanced Payments for both Capitated and fee-for-service Programs:**

1.  **[For the capitated portion of the waiver] the total payments under a capitated contract include any incentives the State provides in addition to capitated payments under the waiver program.** The costs associated with any bonus arrangements must be accounted for in the capitated costs (Column D of Appendix D3 Actual Waiver Cost). Regular State Plan service capitated adjustments would apply.

**Document**

- i. **Document the criteria for awarding the incentive payments.**
- ii. **Document the method for calculating incentives/bonuses, and**
- iii. **Document the monitoring the State will have in place to ensure that total payments to the MCOs/PIHPs/PAHPs do not exceed the Waiver Cost Projection.**

2.  **For the fee-for-service portion of the waiver, all fee-for-service must be accounted for in the fee-for-service incentive costs (Column G of Appendix D3 Actual Waiver Cost). .** For PCCM providers, the amount listed should match information provided in D.I.D Reimbursement of Providers. Any adjustments applied would need to meet the special criteria for fee-for-service incentives if the State elects to provide incentive payments in addition to management fees under the waiver program (See D.I.I.e and D.I.J.e)

**Document:**

- i. **Document the criteria for awarding the incentive payments.**
- ii. **Document the method for calculating incentives/bonuses, and**
- iii. **Document the monitoring the State will have in place to ensure that total payments to the MCOs/PIHPs/PAHPs/PCCMs do not exceed the Waiver Cost Projection.**

## Section D: Cost-Effectiveness

### Part I: State Completion Section

#### I. Appendix D4 - Adjustments in the Projection OR Conversion Waiver for DOS within DOP (1 of 8)

Initial Waiver Cost Projection & Adjustments (If this is a Conversion or Renewal waiver for DOP, skip to J. Conversion or Renewal Waiver Cost Projection and Adjustments): States may need to make certain adjustments to the Base Year in order to accurately reflect the waiver program in P1 and P2. If the State has made an adjustment to its Base Year, the State should note the adjustment and its location in Appendix D4, and include information on the basis and method used in this section of the preprint. Where noted, certain adjustments should be mathematically accounted for in Appendix D5.

The following adjustments are appropriate for initial waivers. Any adjustments that are required are indicated as such.

- a. State Plan Services Trend Adjustment** – the State must trend the data forward to reflect cost and utilization increases. The BY data already includes the actual Medicaid cost changes to date for the population enrolled in the program. This adjustment reflects the expected cost and utilization increases in the managed care program from BY to the end of the waiver (P2). Trend adjustments may be service-specific. The adjustments may be expressed as percentage factors. Some states calculate utilization and cost increases separately, while other states calculate a single trend rate encompassing both utilization and cost increases. The State must document the method used and how utilization and cost increases are not duplicative if they are calculated separately. **This adjustment must be mutually exclusive of programmatic/policy/pricing changes and CANNOT be taken twice. The State must document how it ensures there is no duplication with programmatic/policy/pricing changes.**

1.  [Required, if the State's BY is more than 3 months prior to the beginning of P1] The State is using actual State cost increases to trend past data to the current time period (i.e., trending from 1999 to present)  
**The actual trend rate used is:**  
 1.35  
 Please document how that trend was calculated:  
 Historical cost increases from FY 2008 through 2010 were smoothed linearly to produce an annualized trend rate, and applied to FY 2011 to arrive at the estimate cost for P 1 (FY 12).
2.  [Required, to trend BY to P1 and P2 in the future] When cost increases are unknown and in the future, the State is using a predictive trend of either State historical cost increases or national or regional factors that are predictive of future costs (same requirement as capitated ratesetting regulations) (i.e., trending from present into the future)
  - i.  State historical cost increases.  
 Please indicate the years on which the rates are based: base years  
 SFY 2008-2010  
 In addition, please indicate the mathematical method used (multiple regression, linear regression, chi-square, least squares, exponential smoothing, etc.). Finally, please note and explain if the State's cost increase calculation includes more factors than a price increase such as changes in technology, practice patterns, and/or units of service PMPM.  
 To estimate future trend rates, historical cost increases from FY 08-FY 10 were smoothed linearly to produce an annualized trend rate during the period. Cost changes include the impact of practice patterns and utilization PMPM.
  - ii.  National or regional factors that are predictive of this waiver's future costs.  
 Please indicate the services and indicators used.

Please indicate how this factor was determined to be predictive of this waiver's future costs. Finally, please note and explain if the State's cost increase calculation includes more factors than a price increase such as changes in technology, practice patterns, and/or units of service PMPM.

3.  The State estimated the PMPM cost changes in units of service, technology and/or practice patterns that would occur in the waiver separate from cost increase. Utilization adjustments made were service-specific and expressed as percentage factors. The State has documented how utilization and cost increases were not duplicated. This adjustment reflects the changes in utilization between the BY and the beginning of the P1 and between years P1 and P2.
- i.  Please indicate the years on which the utilization rate was based (if calculated separately only).
  - ii.  Please document how the utilization did not duplicate separate cost increase trends.

## Section D: Cost-Effectiveness

### Part I: State Completion Section

#### I. Appendix D4 - Adjustments in the Projection OR Conversion Waiver for DOS within DOP (2 of 8)

- b. State Plan Services Programmatic/Policy/Pricing Change Adjustment:** This adjustment should account for any programmatic changes that are not cost neutral and that affect the Waiver Cost Projection. Adjustments to the BY data are typically for changes that occur after the BY (or after the collection of the BY data) and/or during P1 and P2 that affect the overall Medicaid program. For example, changes in rates, changes brought about by legal action, or changes brought about by legislation. For example, Federal mandates, changes in hospital payment from per diem rates to Diagnostic Related Group (DRG) rates or changes in the benefit coverage of the FFS program. **This adjustment must be mutually exclusive of trend and CANNOT be taken twice. The State must document how it ensures there is no duplication with trend.** If the State is changing one of the aspects noted above in the FFS State Plan then the State needs to estimate the impact of that adjustment. *Note: FFP on rates cannot be claimed until CMS approves the SPA per the 1/2/01 SMD letter. Prior approval of capitation rates is contingent upon approval of the SPA.*

  - Reductions in State Plan Services (-)
  - Legislative or Court Mandated Changes to the Program Structure or fee
1.  The State has chosen not to make an adjustment because there were no programmatic or policy changes in the FFS program after the MMIS claims tape was created. In addition, the State anticipates no programmatic or policy changes during the waiver period.
  2.  An adjustment was necessary. The adjustment(s) is(are) listed and described below:
    - i.  The State projects an externally driven State Medicaid managed care rate increases/decreases between the base and rate periods.

## Section D: Cost-Effectiveness

### Part I: State Completion Section

#### I. Appendix D4 - Adjustments in the Projection OR Conversion Waiver for DOS within DOP (3 of 8)

- c. **Administrative Cost Adjustment\*:** The administrative expense factor in the initial waiver is based on the administrative costs for the eligible population participating in the waiver for fee-for-service. Examples of these costs include per claim claims processing costs, per record PRO review costs, and Surveillance and Utilization Review System (SURS) costs. *Note: one-time administration costs should not be built into the cost-effectiveness test on a long-term basis. States should use all relevant Medicaid administration claiming rules for administration costs they attribute to the managed care program.* If the State is changing the administration in the fee-for-service program then the State needs to estimate the impact of that adjustment.
1.  No adjustment was necessary and no change is anticipated.
  2.  An administrative adjustment was made.
    - i.  FFS administrative functions will change in the period between the beginning of P1 and the end of P2.

During the summer of 2012 MDCH will begin to reimburse CMHSPs for seven (7) core administrative functions they have been performing without reimbursement. These administrative functions are: general management, financial management, information systems management, provider network management, utilization management, customer services and quality management. Refer to D-7 for detail.

- iii.  [Required, when State Plan services were purchased through a sole source procurement with a governmental entity. No other State administrative adjustment is allowed.] If cost increase trends are unknown and in the future, the State must use the lower of: Actual State administration costs trended forward at the State historical administration trend rate or Actual State administration costs trended forward at the State Plan services trend rate. Please document both trend rates and indicate which trend rate was used.

- A. Actual State Administration costs trended forward at the State historical administration trend rate.

Please indicate the years on which the rates are based: base years

In addition, please indicate the mathematical method used (multiple regression, linear regression, chi-square, least squares, exponential smoothing, etc.). Finally, please note and explain if the State's cost increase calculation includes more factors than a price increase.

- B. Actual State Administration costs trended forward at the State Plan Service Trend rate. Please indicate the State Plan Service trend rate from Section D.I.I.a. above

\* For Combination Capitated and PCCM Waivers: If the capitated rates are adjusted by the amount of administration payments, then the PCCM Actual Waiver Cost must be calculated less the administration amount. For additional information, please see Special Note at end of this section.

## Section D: Cost-Effectiveness

### Part I: State Completion Section

#### I. Appendix D4 - Adjustments in the Projection OR Conversion Waiver for DOS within DOP (4 of 8)

- d. **1915(b)(3) Adjustment:** The State must document the amount of State Plan Savings that will be used to provide additional 1915(b)(3) services in **Section D.I.H.a** above. The Base Year already includes the actual trend for the State Plan services in the program. This adjustment reflects the expected trend in the 1915(b)(3) services between the Base Year and P1 of the waiver and the trend between the beginning of the program (P1) and the end of the program (P2). Trend adjustments may be service-specific and expressed as percentage factors.

1.  [Required, if the State's BY is more than 3 months prior to the beginning of P1 to trend BY to P1] The State is using the actual State historical trend to project past data to the current time period (i.e., trending from 1999 to present). The actual documented trend is:

Please provide documentation.

2.  [Required, when the State's BY is trended to P2. No other 1915(b)(3) adjustment is allowed] If trends are unknown and in the future (i.e., trending from present into the future), the State must use the State's trend for State Plan Services.

**i. State Plan Service trend**

A. Please indicate the State Plan Service trend rate from Section D.I.I.a. above

**e. Incentives (not in capitated payment) Trend Adjustment:** If the State marked **Section D.I.H.d**, then this adjustment reports trend for that factor. Trend is limited to the rate for State Plan services.

1. List the State Plan trend rate by MEG from Section D.I.I.a

2. List the Incentive trend rate by MEG if different from Section D.I.I.a

3. Explain any differences:

**f. Graduate Medical Education (GME) Adjustment:** 42 CFR 438.6(c)(5) specifies that States can include or exclude GME payments for managed care participant utilization in the capitation rates. However, GME payments on behalf of managed care waiver participants must be included in cost-effectiveness calculations.

1.  We assure CMS that GME payments are included from base year data.  
 2.  We assure CMS that GME payments are included from the base year data using an adjustment.  
 Please describe adjustment.

3.  Other  
 Please describe

If GME rates or the GME payment method has changed since the Base Year data was completed, the Base Year data should be adjusted to reflect this change and the State needs to estimate the impact of that adjustment and account for it in **Appendix D5**.

1.  GME adjustment was made.  
 i.  GME rates or payment method changed in the period between the end of the BY and the beginning of P1.  
 Please describe

- ii.  GME rates or payment method is projected to change in the period between the beginning of P1 and the end of P2.  
 Please describe

2.  No adjustment was necessary and no change is anticipated.

*Method:*

1.  Determine GME adjustment based upon a newly approved State Plan Amendment (SPA).  
 2.  Determine GME adjustment based on a pending SPA.

3.  Determine GME adjustment based on currently approved GME SPA.

#### I. Appendix D4 - Adjustments in the Projection OR Conversion Waiver for DOS within DOP (5 of 8)

- g. Payments / Recoupments not Processed through MMIS Adjustment:** Any payments or recoupments for covered Medicaid State Plan services included in the waiver but processed outside of the MMIS system should be included in the Waiver Cost Projection. Any adjustments that would appear on the CMS-64.9 Waiver form should be reported and adjusted here. Any adjustments that would appear on the CMS summary form (line 9) would not be put into the waiver cost-effectiveness (e.g., TPL, probate, fraud and abuse). Any payments or recoupments made should be accounted for in **Appendix D5**.

1.  Payments outside of the MMIS were made.

Those payments include (please describe):

2.  Recoupments outside of the MMIS were made.

Those recoupments include (please describe):

3.  The State had no recoupments/payments outside of the MMIS.

- h. Copayments Adjustment:** This adjustment accounts for any copayments that are collected under the FFS program but will not be collected in the waiver program. States must ensure that these copayments are included in the Waiver Cost Projection if not to be collected in the capitated program.

#### *Basis and Method:*

1.  Claims data used for Waiver Cost Projection development already included copayments and no adjustment was necessary.
2.  State added estimated amounts of copayments for these services in FFS that were not in the capitated program. Please account for this adjustment in Appendix D5.
3.  The State has not to made an adjustment because the same copayments are collected in managed care and FFS.
4.  Other

Please describe

If the State's FFS copayment structure has changed in the period between the end of the BY and the beginning of P1, the State needs to estimate the impact of this change adjustment.

1.  No adjustment was necessary and no change is anticipated.
2.  The copayment structure changed in the period between the end of the BY and the beginning of P1. Please account for this adjustment in Appendix D5.

#### *Method:*

1.  Determine copayment adjustment based upon a newly approved State Plan Amendment (SPA).

2.  Determine copayment adjustment based on pending SPA.
3.  Determine copayment adjustment based on currently approved copayment SPA.

## Section D: Cost-Effectiveness

### Part I: State Completion Section

#### I. Appendix D4 - Adjustments in the Projection OR Conversion Waiver for DOS within DOP (6 of 8)

- i. Third Party Liability (TPL) Adjustment:** This adjustment should be used only if the State is converting from fee-for-service to capitated managed care, and will delegate the collection and retention of TPL payments for post-pay recoveries to the MCO/PIHP/PAHP. If the MCO/PIHP/PAHP will collect and keep TPL, then the Base Year costs should be reduced by the amount to be collected.

*Basis and method:*

1.  No adjustment was necessary
2.  Base Year costs were cut with post-pay recoveries already deducted from the database.
3.  State collects TPL on behalf of MCO/PIHP/PAHP enrollees
4.  The State made this adjustment:\*
  - i.  Post-pay recoveries were estimated and the base year costs were reduced by the amount of TPL to be collected by MCOs/PIHPs/PAHPs. Please account for this adjustment in Appendix D5.
  - ii.  Other  
Please describe

- j. Pharmacy Rebate Factor Adjustment:** Rebates that States receive from drug manufacturers should be deducted from Base Year costs if pharmacy services are included in the fee-for-service or capitated base. If the base year costs are not reduced by the rebate factor, an inflated BY would result. Pharmacy rebates should also be deducted from FFS costs if pharmacy services are impacted by the waiver but not capitated.

*Basis and Method:*

1.  Determine the percentage of Medicaid pharmacy costs that the rebates represent and adjust the base year costs by this percentage. States may want to make separate adjustments for prescription versus over the counter drugs and for different rebate percentages by population. States may assume that the rebates for the targeted population occur in the same proportion as the rebates for the total Medicaid population which includes accounting for Part D dual eligibles. Please account for this adjustment in Appendix D5.  
Please describe
2.  The State has not made this adjustment because pharmacy is not an included capitation service and the capitated contractor's providers do not prescribe drugs that are paid for by the State in FFS or Part D for the dual eligibles.
3.  Other  
Please describe

**k. Disproportionate Share Hospital (DSH) Adjustment:** Section 4721 of the BBA specifies that DSH payments must be made solely to hospitals and not to MCOs/PIHPs/PAHPs. Section 4721(c) permits an exemption to the direct DSH payment for a limited number of States. If this exemption applies to the State, please identify and describe under “Other” including the supporting documentation. Unless the exemption in Section 4721(c) applies or the State has a FFS-only waiver (e.g., selective contracting waiver for hospital services where DSH is specifically included), DSH payments are not to be included in cost-effectiveness calculations.

1.  We assure CMS that DSH payments are excluded from base year data.
2.  We assure CMS that DSH payments are excluded from the base year data using an adjustment.
3.  Other

Please describe

**l. Population Biased Selection Adjustment** (Required for programs with Voluntary Enrollment): Cost-effectiveness calculations for waiver programs with voluntary populations must include an analysis of the population that can be expected to enroll in the waiver. If the State finds that the population most likely to enroll in the waiver differs significantly from the population that will voluntarily remain in FFS, the Base Year costs must be adjusted to reflect this.

1.  This adjustment is not necessary as there are no voluntary populations in the waiver program.
2.  This adjustment was made:
  - i.  Potential Selection bias was measured.

Please describe

- ii.  The base year costs were adjusted.

Please describe

**m. FQHC and RHC Cost-Settlement Adjustment:** Base Year costs should not include cost-settlement or supplemental payments made to FQHCs/RHCs. The Base Year costs should reflect fee-for-service payments for services provided at these sites, which will be built into the capitated rates.

1.  We assure CMS that FQHC/RHC cost-settlement and supplemental payments are excluded from the Base Year costs.

Payments for services provided at FQHCs/RHCs are reflected in the following manner:

2.  We assure CMS that FQHC/RHC cost-settlement and supplemental payments are excluded from the base year data using an adjustment.
3.  We assure CMS that Medicare Part D coverage has been accounted for in the FQHC/RHC adjustment.
4.  Other

## Section D: Cost-Effectiveness

### Part I: State Completion Section

#### I. Appendix D4 - Adjustments in the Projection OR Conversion Waiver for DOS within DOP (7 of 8)

**Special Note Section:**

**Waiver Cost Projection Reporting: Special note for new capitated programs:**

The State is implementing the first year of a new capitated program (converting from fee-for-service reimbursement). The first year that the State implements a capitated program, the State will be making capitated payments for future services while it is reimbursing FFS claims from retrospective periods. This will cause State expenditures in the initial period to be much higher than usual. In order to adjust for this double payment, the State should not use the first quarter of costs (immediately following implementation) from the CMS-64 to calculate future Waiver Cost Projections, unless the State can distinguish and exclude dates of services prior to the implementation of the capitated program.

- a.  The State has excluded the first quarter of costs of the CMS-64 from the cost-effectiveness calculations and is basing the cost-effectiveness projections on the remaining quarters of data.
- b.  The State has included the first quarter of costs in the CMS-64 and excluded claims for dates of services prior to the implementation of the capitated program.

**Special Note for initial combined waivers (Capitated and PCCM) only:**

**Adjustments Unique to the Combined Capitated and PCCM Cost-effectiveness Calculations** -- Some adjustments to the Waiver Cost Projection are applicable only to the capitated program. When these adjustments are taken, there will need to be an offsetting adjustment to the PCCM Base year Costs in order to make the PCCM costs comparable to the Waiver Cost Projection. **In other words, because we are creating a single combined Waiver Cost Projection applicable to the PCCM and capitated waiver portions of the waiver, offsetting adjustments (positive and/or negative) need to be made to the PCCM Actual Waiver Cost for certain capitated-only adjustments.** When an offsetting adjustment is made, please note and include an explanation and your calculations. The most common offsetting adjustment is noted in the chart below and indicated with an asterisk (\*) in the preprint.

Adjustment	Capitated Program	PCCM Program	
------------	-------------------	--------------	--

**Section D: Cost-Effectiveness**

**Part I: State Completion Section**

**I. Appendix D4 - Adjustments in the Projection OR Conversion Waiver for DOS within DOP (8 of 8)**

- n. **Incomplete Data Adjustment (DOS within DOP only)** – The State must adjust base period data to account for incomplete data. When fee-for-service data is summarized by date of service (DOS), data for a particular period of time is usually incomplete until a year or more after the end of the period. In order to use recent DOS data, the State must calculate an estimate of the services ultimate value after all claims have been reported . Such incomplete data adjustments are referred to in different ways, including “lag factors,” “incurred but not reported (IBNR) factors,” or incurring factors. If date of payment (DOP) data is used, completion factors are not needed, but projections are complicated by the fact that payments are related to services performed in various former periods.

*Documentation of assumptions and estimates is required for this adjustment.:*

- 1.  Using the special DOS spreadsheets, the State is estimating DOS within DOP.  
 Incomplete data adjustments are reflected in the following manner on Appendix D5 for services to be complete and on Appendix D7 to create a 12-month DOS within DOP projection:
- 2.  The State is using Date of Payment only for cost-effectiveness – no adjustment is necessary.
- 3.  Other  
 Please describe

- o. PCCM Case Management Fees (Initial PCCM waivers only)** – The State must add the case management fees that will be claimed by the State under new PCCM waivers. There should be sufficient savings under the waiver to offset these fees. The new PCCM case management fees will be accounted for with an adjustment on **Appendix D5**.

1.  This adjustment is not necessary as this is not an initial PCCM waiver in the waiver program.

2.  Other

Please describe

- p. Other adjustments:** Federal law, regulation, or policy change: If the federal government changes policy affecting Medicaid reimbursement, the State must adjust P1 and P2 to reflect all changes.

- Once the State's FFS institutional excess UPL is phased out, CMS will no longer match excess institutional UPL payments.

- Excess payments addressed through transition periods should not be included in the 1915(b) cost effectiveness process. Any State with excess payments should exclude the excess amount and only include the supplemental amount under 100% of the institutional UPL in the cost effectiveness process.

- For all other payments made under the UPL, including supplemental payments, the costs should be included in the cost effectiveness calculations. This would apply to PCCM enrollees and to PAHP, PIHP or MCO enrollees if the institutional services were provided as FFS wrap around. The recipient of the supplemental payment does not matter for the purposes of this analysis.

1.  No adjustment was made.

2.  This adjustment was made. This adjustment must be mathematically accounted for in Appendix D5.

The State should complete these appendices and include explanations of all adjustments in Section D.I.I and D.I.J above.

**Appendix D5 – Waiver Cost Projection****Section D: Cost-Effectiveness****Part I: State Completion Section****L. Appendix D6 – RO Targets**

The State should complete these appendices and include explanations of all trends in enrollment in Section D.I.E. above.

**Appendix D6 – RO Targets****Section D: Cost-Effectiveness****Part I: State Completion Section****M. Appendix D7 - Summary**

- a. Please explain any variance in the overall percentage change in spending from BY/R1 to P2.

1. Please explain caseload changes contributing to the overall annualized rate of change in Appendix D7 Column I. This response should be consistent with or the same as the answer given by the State in Section D.I.E.c & d:

The State is expanding this program to incorporate additional eligible children in foster care and to expand the geographic area. FY 12 & 13 will be managed to the any point in time maximums supported by the anticipated state appropriations.

2. Please explain unit cost changes contributing to the overall annualized rate of change in Appendix D7 Column I. This response should be consistent with or the same as the answer given by the State in the State's explanation of cost increase given in Section D.I.I and D.I.J:

Cost changes include the impact of practice patterns and utilization PMPM.

3. Please explain utilization changes contributing to the overall annualized rate of change in Appendix D7 Column I. This response should be consistent with or the same as the answer given by the State in the State's explanation of utilization given in Section D.I.I and D.I.J:

Cost changes include the impact of practice patterns and utilization PMPM.

- b. Please note any other principal factors contributing to the overall annualized rate of change in Appendix D7 Column I.

Administrative functions will not change between 4/1/2012 and 9/30/2013. During 2012 MDCH will begin to reimburse CMHSPs for 7 core administrative functions they have been performing without reimbursement. These administrative functions are: general management, financial management, information systems management, provider network management, utilization management, customer services and quality management. CMHSPs have not previously been reimbursed for these administrative costs, the costs have not been reported on the CMS64 and therefore a "one-time" administrative cost adjustment is included in this Appendix.

MDCH has worked with CMHSPs to develop a set of core definitions and a single reporting methodology to replace a number of different reporting models previously used by the CMHSPs. The document "Establishing Administrative Costs Within and Across the CMHSP System" provides guidelines for CMHSPs in identifying administrative functions and costs in conformance with OMB Circular A-87. The Administrative Cost Report (ACR) is subject to review and approval by Contract Management (in the Division of Program Development, Consultation and Contracts), and to the Department's annual compliance exam.

The "Administrative Cost Report (ACR)" provides a method for distinguishing costs for administering each of the Children's Waivers from the costs associated with directly delivering services to consumers. OMB Circular A-87 under the section "composition of costs" makes it clear there is no universal rule for classifying certain costs as either direct or indirect under every accounting system. When these costs are indirect costs as defined in A-87, the CMHSP is obligated to ensure the equitable distribution of these costs based on relative benefits to each funding stream/program. This could require gathering the costs into a cost pool and distributing the costs to other administrative categories. The costs reported on the ARC are the product of each CMHSP's A-87 compliant cost allocations. The state has a process in place to monitor this process. Compliance with A-87 will be monitored as part of the annual compliance exam submitted to MDCH by each CMHSP.

FY10 was the first year the ACR was used to report administrative costs for each waiver. The ARC was not used to generate a benefit plan management payment for the SEDW as CMS had not yet approved such payments. With the approval of the SEDW 1915(c) amendment, the ACR will be used to support an SEDW benefit plan management payment to CMHSPs for administrative costs. The first such payment will be made in the summer of 2012 for FY11 administrative costs.

The SEDW administrative staff position was vacant until June 17, 2010, therefore only 3.5 months of staffing costs were in FY 2010 (base year). For FY 2011 the administrative position was filled for a full year and the cost calculated was for 12 months rather than the 3.5 months utilized in the base year.
