

March 19, 2012

Stephen Fitton, Director
Medical Services Administration
Michigan Department of Community Health
400 South Pine Street
Lansing, MI 48933

Dear Mr. Fitton:

I am pleased to inform you that your request to amend Michigan's home and community-based services Waiver for Children with Serious Emotional Disturbances (SEDW) is approved. This waiver is authorized under §1915(c) of the Social Security Act. The amended waiver will continue to serve children with serious emotional disturbances who would otherwise require the level of care provided in a state psychiatric hospital for children.

The amendment does the following: (1) updates the waiver to reflect the submission of a 1915(b)(4) fee-for-service selective contracting waiver, MI-17, which will run concurrently with the 1915(c) SEDW; (2) adds fourteen new counties to the SEDW geographic area; (3) increases the Factor C, and institutes an any-point-in-time limit, for waiver years four and five; (4) increases eligibility to up to the child's 21st birthday; (5) updates the statewide methodology for review of established rates and for setting rates; and (6) includes the addition of one new waiver service—Home Care Training, Non-Family. This waiver amendment has been assigned control number 0438.R01.04, which should be used in all future correspondence.

The Michigan Department of Community Health has satisfactorily responded to inquires thereby assuring the Centers for Medicare & Medicaid Services (CMS) of the State's accountability for the waiver program. The CMS would greatly appreciate ongoing communication with the State to help keep the Regional Office informed of any changes or updates related to this waiver.

Based on the assurances provided, CMS approves this amendment with an effective date of April 1, 2012. This approval is subject to the State's agreement to provide home and community-based services to no more individuals than approved in the waiver amendment.

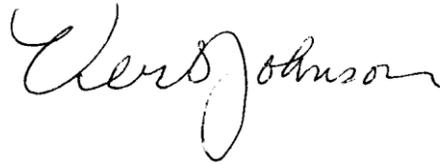

The CMS has approved the following estimates of utilization and cost of waiver services:

	Unduplicated Recipients (Factor C)	Community Costs (Factor D+D')	Institutional Costs (Factor G+G')	Total Waiver Costs (Factor C x Factor D)
Year 4	648	\$23,458	\$38,478	\$7,677,407
Year 5	1243	\$24,570	\$39,082	\$14,899,394

Page 2
Mr. Fitton

The CMS looks forward to working with the Michigan Department of Community Health in continuing to administer this waiver. If there are any questions please contact Eowyn Ford at (312) 886-1684 or Eowyn.Ford@cms.hhs.gov.

Sincerely,

A handwritten signature in black ink that reads "Verlon Johnson". The signature is written in a cursive style with a large, looped initial "V".

Verlon Johnson
Associate Regional Administrator
Division of Medicaid and Children's Health Operations

Application for a §1915(c) Home and Community-Based Services Waiver

PURPOSE OF THE HCBS WAIVER PROGRAM

The Medicaid Home and Community-Based Services (HCBS) waiver program is authorized in §1915(c) of the Social Security Act. The program permits a State to furnish an array of home and community-based services that assist Medicaid beneficiaries to live in the community and avoid institutionalization. The State has broad discretion to design its waiver program to address the needs of the waiver's target population. Waiver services complement and/or supplement the services that are available to participants through the Medicaid State plan and other federal, state and local public programs as well as the supports that families and communities provide.

The Centers for Medicare & Medicaid Services (CMS) recognizes that the design and operational features of a waiver program will vary depending on the specific needs of the target population, the resources available to the State, service delivery system structure, State goals and objectives, and other factors. A State has the latitude to design a waiver program that is cost-effective and employs a variety of service delivery approaches, including participant direction of services.

Request for an Amendment to a §1915(c) Home and Community-Based Services Waiver

1. Request Information

A. The **State of Michigan** requests approval for an amendment to the following Medicaid home and community-based services waiver approved under authority of §1915(c) of the Social Security Act.

B. Program Title:

Waiver for Children with Serious Emotional Disturbances

C. Waiver Number: MI.0438

Original Base Waiver Number: MI.0438.

D. Amendment Number: MI.0438.R01.04

E. Proposed Effective Date: (mm/dd/yy)

04/01/12

Approved Effective Date: 04/01/12

Approved Effective Date of Waiver being Amended: 10/01/08

2. Purpose(s) of Amendment

Purpose(s) of the Amendment. Describe the purpose(s) of the amendment:

The amendment is to add 14 counties within 10 additional CMHSPs (14 counties within a total of 11 CMHSPs) to the SEDW geographic area. Please note that while there are 10 additional CMHSPs, the 14 new counties are actually within 11 CMHSPs. Roscommon and Wexford Counties are within Northern Lakes CMH Authority, which is already included in the waiver's geographic area.

Additionally, the amendment is to identify a point in time for the remainder of FY 12 & FY 13 and to increase the unduplicated count for FY 12 and FY 13. Appendix J has been updated to accommodate this requested increase and the requested new service.

Further, the amendment is to increase eligibility from up to the child's 20th birthday, to up to the child's 21st birthday. The change allows service to youth remaining in foster care to the age of 21 due to changes in Michigan statute that comports with federal Fostering Connections legislation.

The request for amendment is to add one-new waiver service-Home Care Training, Non-Family. This service provides coaching, supervision and monitoring of Community Living Support (CLS) staff by a clinical professional (psychologist, social worker, occupational therapist, physical therapist, speech therapist, or Child Mental Health Professional (CMHP)).

The approved Waiver for Children with Serious Emotional Disturbances (SEDW) application indicates that "Prior to

submitting the Renewal Application for the Children's Waiver Program (for renewal effective October 1, 2010), Michigan will develop a state-wide methodology for review of established rates and for setting rates - applicable to both the CWP and the SEDW. Michigan will complete the required SEDW request for amendment of Appendix I-2 at that time." This state-wide methodology for review of established rates and for setting rates was approved for the Children's Waiver Program effective October 1, 2010 and is described in Appendix I-2 for this request for amendment. Additionally, there are updates to the flow of billings narrative to reflect current practice.

The amendment will also update the SEDW to reflect Michigan's request for CMS' approval of a §1915(b)(4) Fee-For-Service (FFS) Selective Contracting waiver to run concurrently with this §1915(c) waiver.

3. Nature of the Amendment

A. Component(s) of the Approved Waiver Affected by the Amendment. This amendment affects the following component(s) of the approved waiver. Revisions to the affected subsection(s) of these component(s) are being submitted concurrently (*check each that applies*):

Component of the Approved Waiver	Subsection(s)
<input checked="" type="checkbox"/> Waiver Application	2, 4-C. 8
<input checked="" type="checkbox"/> Appendix A – Waiver Administration and Operation	QI a.i.
<input checked="" type="checkbox"/> Appendix B – Participant Access and Eligibility	B-1 b., B-3 a.b.e., QI J
<input checked="" type="checkbox"/> Appendix C – Participant Services	C-1 a. C-2 f. QI: Qua
<input checked="" type="checkbox"/> Appendix D – Participant Centered Service Planning and Delivery	QI: Service Plan Impl
<input type="checkbox"/> Appendix E – Participant Direction of Services	
<input type="checkbox"/> Appendix F – Participant Rights	
<input type="checkbox"/> Appendix G – Participant Safeguards	
<input checked="" type="checkbox"/> Appendix H	H -1 a. ii b. i, ii
<input checked="" type="checkbox"/> Appendix I – Financial Accountability	I-1 QI a. b. i. ii. , I-2 a
<input checked="" type="checkbox"/> Appendix J – Cost-Neutrality Demonstration	

B. Nature of the Amendment. Indicate the nature of the changes to the waiver that are proposed in the amendment (*check each that applies*):

- Modify target group(s)**
- Modify Medicaid eligibility**
- Add/delete services**
- Revise service specifications**
- Revise provider qualifications**
- Increase/decrease number of participants**
- Revise cost neutrality demonstration**
- Add participant-direction of services**
- Other**

Specify:

Update the SEDW to reflect the request for CMS' approval of a §1915(b)(4) Fee-For-Service (FFS) Selective Contracting waiver to run concurrently with this §1915(c) waiver.

Application for a §1915(c) Home and Community-Based Services Waiver

1. Request Information (1 of 3)

A. The State of Michigan requests approval for a Medicaid home and community-based services (HCBS) waiver under the authority of §1915(c) of the Social Security Act (the Act).

B. Program Title (*optional - this title will be used to locate this waiver in the finder*):

Waiver for Children with Serious Emotional Disturbances

C. Type of Request: amendment

Requested Approval Period: *(For new waivers requesting five year approval periods, the waiver must serve individuals who are dually eligible for Medicaid and Medicare.)*

- 3 years 5 years

Original Base Waiver Number: MI.0438

Waiver Number: MI.0438.R01.04

Draft ID: MI.04.01.05

D. Type of Waiver *(select only one):*

Regular Waiver

E. Proposed Effective Date of Waiver being Amended: 10/01/08

Approved Effective Date of Waiver being Amended: 10/01/08

1. Request Information (2 of 3)

F. Level(s) of Care. This waiver is requested in order to provide home and community-based waiver services to individuals who, but for the provision of such services, would require the following level(s) of care, the costs of which would be reimbursed under the approved Medicaid State plan *(check each that applies):*

Hospital

Select applicable level of care

Hospital as defined in 42 CFR §440.10

If applicable, specify whether the State additionally limits the waiver to subcategories of the hospital level of care:

Inpatient psychiatric facility for individuals age 21 and under as provided in 42 CFR §440.160

Nursing Facility

Select applicable level of care

Nursing Facility As defined in 42 CFR §440.40 and 42 CFR §440.155

If applicable, specify whether the State additionally limits the waiver to subcategories of the nursing facility level of care:

Institution for Mental Disease for persons with mental illnesses aged 65 and older as provided in 42 CFR §440.140

Intermediate Care Facility for the Mentally Retarded (ICF/MR) (as defined in 42 CFR §440.150)

If applicable, specify whether the State additionally limits the waiver to subcategories of the ICF/MR level of care:

1. Request Information (3 of 3)

G. Concurrent Operation with Other Programs. This waiver operates concurrently with another program (or programs) approved under the following authorities

Select one:

Not applicable

Applicable

Check the applicable authority or authorities:

Services furnished under the provisions of §1915(a)(1)(a) of the Act and described in Appendix I

Waiver(s) authorized under §1915(b) of the Act.

Specify the §1915(b) waiver program and indicate whether a §1915(b) waiver application has been submitted or previously approved:

SEDW(b)(4)waiver application submitted to CMS with requested begin date of April 1, 2012.

Specify the §1915(b) authorities under which this program operates (check each that applies):

- §1915(b)(1) (mandated enrollment to managed care)
- §1915(b)(2) (central broker)
- §1915(b)(3) (employ cost savings to furnish additional services)
- §1915(b)(4) (selective contracting/limit number of providers)
- A program operated under §1932(a) of the Act.**

Specify the nature of the State Plan benefit and indicate whether the State Plan Amendment has been submitted or previously approved:

- A program authorized under §1915(i) of the Act.**
- A program authorized under §1915(j) of the Act.**
- A program authorized under §1115 of the Act.**

Specify the program:

H. Dual Eligibility for Medicaid and Medicare.

Check if applicable:

- This waiver provides services for individuals who are eligible for both Medicare and Medicaid.**

2. Brief Waiver Description

Brief Waiver Description. *In one page or less*, briefly describe the purpose of the waiver, including its goals, objectives, organizational structure (e.g., the roles of state, local and other entities), and service delivery methods.

The Waiver for Children with Serious Emotional Disturbance (SEDW) provides services that are additions to Medicaid State Plan coverage for children with SED who are enrolled in the SEDW, up to the child's 20th birthday. This waiver permits the State to provide an array of community based services to enable children who would otherwise require hospitalization in our State Psychiatric hospital for children (Hawthorn Center) to remain in their home and community. The MDCH operates the SEDW through contracts with local Community Mental Health Services Programs (CMHSPs) who have expressed a desire and have shown a capacity to provide SEDW services. Oversight of the SEDW is provided by MDCH, which is the Single State Medicaid Agency. Two administrations within MDCH - Behavioral Health and Developmental Disabilities Administration (BHDDA) and the Medical Services Administration (MSA) have responsibility for operations and payments, respectively. The SEDW is a Medicaid fee-for-service program administered locally by Community Mental Health Service Programs (CMHSPs); and which is contracted by MDCH as providers of services to SEDW enrollees under the auspices of a §1915(b)(4) Fee-for-Service (FFS) Selective Contract concurrent waiver. Services are provided directly by CMHSPs and their contracted providers. When medically necessary, SEDW consumers may receive any of the Mental Health State Plan services and waiver services identified in Appendix C of this §1915(c) renewal waiver application. Consumers enrolled in the SEDW may not be enrolled simultaneously in another of Michigan's §1915(c) waivers.

Application for the SEDW is made through the CMHSP. The CMHSP is responsible for the coordination of the SEDW services. The Wraparound Facilitator, the child and his/her family and friends, and other professional members of the planning team work cooperatively to identify the child's needs and to secure the necessary services. All services and supports must be included in a Plan of Services (POS).

To be eligible for this waiver, the child must:

- Live in a participating county; OR
- Live in foster care in a non-participating county pursuant to placement by MDHS or the court of a participating county, with SEDW oversight by a participating county's CMHSP; AND
- Reside with the birth or adoptive family or have a plan to return to the birth or adoptive home; OR
- Reside with a legal guardian; OR
- Reside in a foster home with a permanency plan; OR
- Be age 18 or age 19 and live independently with supports; AND
- Meet current MDCH criteria for the State psychiatric hospital for children, as defined in the Michigan Medicaid Provider

Manual; AND

- Meet Medicaid eligibility criteria and become a Medicaid beneficiary; AND
- Demonstrate serious functional limitations that impair their ability to function in the community. As appropriate for age, functional limitation will be identified using the Child and Adolescent Functional Assessment Scale (CAFAS®) or the Preschool and Early Childhood Functional Assessment Scale (PECFAS®):
 - o CAFAS® score of 90 or greater for children age 7 to 12; OR
 - o CAFAS® score of 120 or greater or children age 13 to 18; OR
 - o For children age 3 to 7: elevated PECFAS® subscale scores in at least one of the these areas: self-harmful behaviors, mood/emotions, thinking/communicating or behavior towards others; AND
- Be under the age of 18 when approved for the waiver. If a child on the SEDW turns 18, continues to meet all non-age-related eligibility criteria and continues to need waiver services, the child can remain on the waiver up to his/her 20th birthday.

The SEDW is currently limited to twenty-two counties and fourteen CMHSPs. The counties and CMHSPs currently approved are:

- CMH of Central Michigan (comprised of Clare, Gladwin, Isabella, Mecosta, Midland and Osceola)
- CMH Services of Muskegon County
- Detroit-Wayne County CMH Agency
- CMH Authority of Clinton-Eaton-Ingham Counties (Clinton, Eaton and Ingham Counties)
- Kalamazoo CMH Services
- Genesee County CMH Services
- Livingston County CMH Authority
- Macomb County CMH Services
 - Network 180 (for Kent County)
- Northern Lakes CMH Authority (for Grand Traverse and Leelanau Counties)
- Oakland County CMH Authority
- Saginaw County CMH Authority
- Van Buren CMH Authority
- Washtenaw Community Health Organization

If approved, this request for amendment would add an additional 14 counties and 10 additional CMHSPs (within a total of 11 CMHSPs). Please note that while there are 10 additional CMHSPs, the 14 new counties are actually within 11 CMHSPs. Wexford and Roscommon Counties are within Northern Lakes CMH Authority, which is already included in the waiver's geographic area. The additional CMHSPs and Counties are: Berrien Mental Health Authority (Berrien County), St Clair County Mental Health Authority, (St Clair County) Lifeways (Jackson and Hillsdale Counties), Summit Pointe (Calhoun County), Newaygo County Mental Health Center (Newago County), Bay-Arenac Behavioral Health (Bay and Arenac Counties), Gratiot County CMH Services (Gratiot County), Northern Lakes CMH Authority (Wexford and Roscommon Counties), Allegan County CMH Services (Allegan County), Pathways (Marquette County only) and Woodlands Behavioral Health Network (Cass County).

If the request for amendment is approved, if the child is under age 18 when approved for the waiver, the child can remain on the waiver up to his/her 21st birthday.

3. Components of the Waiver Request

The waiver application consists of the following components. Note: *Item 3-E must be completed.*

- A. Waiver Administration and Operation. Appendix A** specifies the administrative and operational structure of this waiver.
- B. Participant Access and Eligibility. Appendix B** specifies the target group(s) of individuals who are served in this waiver, the number of participants that the State expects to serve during each year that the waiver is in effect, applicable Medicaid eligibility and post-eligibility (if applicable) requirements, and procedures for the evaluation and reevaluation of level of care.
- C. Participant Services. Appendix C** specifies the home and community-based waiver services that are furnished through the waiver, including applicable limitations on such services.
- D. Participant-Centered Service Planning and Delivery. Appendix D** specifies the procedures and methods that the State uses to develop, implement and monitor the participant-centered service plan (of care).

E. Participant-Direction of Services. When the State provides for participant direction of services, **Appendix E** specifies the participant direction opportunities that are offered in the waiver and the supports that are available to participants who direct their services. (*Select one*):

- Yes. This waiver provides participant direction opportunities.** *Appendix E is required.*
- No. This waiver does not provide participant direction opportunities.** *Appendix E is not required.*

F. Participant Rights. **Appendix F** specifies how the State informs participants of their Medicaid Fair Hearing rights and other procedures to address participant grievances and complaints.

G. Participant Safeguards. **Appendix G** describes the safeguards that the State has established to assure the health and welfare of waiver participants in specified areas.

H. Quality Improvement Strategy. **Appendix H** contains the Quality Improvement Strategy for this waiver.

I. Financial Accountability. **Appendix I** describes the methods by which the State makes payments for waiver services, ensures the integrity of these payments, and complies with applicable federal requirements concerning payments and federal financial participation.

J. Cost-Neutrality Demonstration. **Appendix J** contains the State's demonstration that the waiver is cost-neutral.

4. Waiver(s) Requested

A. Comparability. The State requests a waiver of the requirements contained in §1902(a)(10)(B) of the Act in order to provide the services specified in **Appendix C** that are not otherwise available under the approved Medicaid State plan to individuals who: (a) require the level(s) of care specified in Item 1.F and (b) meet the target group criteria specified in **Appendix B**.

B. Income and Resources for the Medically Needy. Indicate whether the State requests a waiver of §1902(a)(10)(C)(i) (III) of the Act in order to use institutional income and resource rules for the medically needy (*select one*):

- Not Applicable**
- No**
- Yes**

C. Statewideness. Indicate whether the State requests a waiver of the statewideness requirements in §1902(a)(1) of the Act (*select one*):

- No**
- Yes**

If yes, specify the waiver of statewideness that is requested (*check each that applies*):

- Geographic Limitation.** A waiver of statewideness is requested in order to furnish services under this waiver only to individuals who reside in the following geographic areas or political subdivisions of the State.

Specify the areas to which this waiver applies and, as applicable, the phase-in schedule of the waiver by geographic area:

The SEDW is currently limited to twenty two counties and fourteen CMHSPs. The counties and CMHSPs currently approved are:

- CMH of Central Michigan (comprised of Clare, Gladwin, Isabella, Mecosta, Midland and Osceola)
- CMH Services of Muskegon County
- Detroit-Wayne County CMH Agency
- CMH Authority of Clinton-Eaton-Ingham Counties (Clinton, Eaton and Ingham Counties)
- Kalamazoo CMH Services
- Genesee County CMH Services
- Livingston County CMH Authority
- Macomb County CMH Services
- Network180 (for Kent County)
- Northern Lakes CMH Authority (for Grand Traverse and Leelanau Counties)
- Oakland County CMH Authority
- Saginaw County CMH Authority
- Van Buren CMH Authority

- Washtenaw Community Health Organization

If approved, this request for amendment would add an additional 14 counties and 10 additional CMHSPs (within a total of 11 CMHSPs). Please note that while there are 10 additional CMHSPs, the 14 new counties are actually within 11 CMHSPs. Wexford and Roscommon Counties are within Northern Lakes CMH Authority, which is already included in the waiver's geographic area. The additional CMHSPs and Counties are: Berrien Mental Health Authority (Berrien County), St Clair County Mental Health Authority, (St Clair County) Lifeways (Jackson and Hillsdale Counties), Summit Pointe (Calhoun County), Newaygo County Mental Health Center (Newaygo County), Bay-Arenac Behavioral Health (Bay and Arenac Counties), Gratiot County CMH Services (Gratiot County), Northern Lakes CMH Authority (Wexford and Roscommon Counties), Allegan County CMH Services (Allegan County), Pathways (Marquette County only) and Woodlands Behavioral Health Network (Cass County).

- Limited Implementation of Participant-Direction.** A waiver of statewide-ness is requested in order to make *participant-direction of services* as specified in **Appendix E** available only to individuals who reside in the following geographic areas or political subdivisions of the State. Participants who reside in these areas may elect to direct their services as provided by the State or receive comparable services through the service delivery methods that are in effect elsewhere in the State.
- Specify the areas of the State affected by this waiver and, as applicable, the phase-in schedule of the waiver by geographic area:*

5. Assurances

In accordance with 42 CFR §441.302, the State provides the following assurances to CMS:

- A. Health & Welfare:** The State assures that necessary safeguards have been taken to protect the health and welfare of persons receiving services under this waiver. These safeguards include:
1. As specified in **Appendix C**, adequate standards for all types of providers that provide services under this waiver;
 2. Assurance that the standards of any State licensure or certification requirements specified in **Appendix C** are met for services or for individuals furnishing services that are provided under the waiver. The State assures that these requirements are met on the date that the services are furnished; and,
 3. Assurance that all facilities subject to §1616(e) of the Act where home and community-based waiver services are provided comply with the applicable State standards for board and care facilities as specified in **Appendix C**.
- B. Financial Accountability.** The State assures financial accountability for funds expended for home and community-based services and maintains and makes available to the Department of Health and Human Services (including the Office of the Inspector General), the Comptroller General, or other designees, appropriate financial records documenting the cost of services provided under the waiver. Methods of financial accountability are specified in **Appendix I**.
- C. Evaluation of Need:** The State assures that it provides for an initial evaluation (and periodic reevaluations, at least annually) of the need for a level of care specified for this waiver, when there is a reasonable indication that an individual might need such services in the near future (one month or less) but for the receipt of home and community based services under this waiver. The procedures for evaluation and reevaluation of level of care are specified in **Appendix B**.
- D. Choice of Alternatives:** The State assures that when an individual is determined to be likely to require the level of care specified for this waiver and is in a target group specified in **Appendix B**, the individual (or, legal representative, if applicable) is:
1. Informed of any feasible alternatives under the waiver; and,
 2. Given the choice of either institutional or home and community based waiver services. **Appendix B** specifies the procedures that the State employs to ensure that individuals are informed of feasible alternatives under the waiver and given the choice of institutional or home and community-based waiver services.

- E. Average Per Capita Expenditures:** The State assures that, for any year that the waiver is in effect, the average per capita expenditures under the waiver will not exceed 100 percent of the average per capita expenditures that would have been made under the Medicaid State plan for the level(s) of care specified for this waiver had the waiver not been granted. Cost-neutrality is demonstrated in **Appendix J**.
- F. Actual Total Expenditures:** The State assures that the actual total expenditures for home and community-based waiver and other Medicaid services and its claim for FFP in expenditures for the services provided to individuals under the waiver will not, in any year of the waiver period, exceed 100 percent of the amount that would be incurred in the absence of the waiver by the State's Medicaid program for these individuals in the institutional setting(s) specified for this waiver.
- G. Institutionalization Absent Waiver:** The State assures that, absent the waiver, individuals served in the waiver would receive the appropriate type of Medicaid-funded institutional care for the level of care specified for this waiver.
- H. Reporting:** The State assures that annually it will provide CMS with information concerning the impact of the waiver on the type, amount and cost of services provided under the Medicaid State plan and on the health and welfare of waiver participants. This information will be consistent with a data collection plan designed by CMS.
- I. Habilitation Services.** The State assures that prevocational, educational, or supported employment services, or a combination of these services, if provided as habilitation services under the waiver are: (1) not otherwise available to the individual through a local educational agency under the Individuals with Disabilities Education Act (IDEA) or the Rehabilitation Act of 1973; and, (2) furnished as part of expanded habilitation services.
- J. Services for Individuals with Chronic Mental Illness.** The State assures that federal financial participation (FFP) will not be claimed in expenditures for waiver services including, but not limited to, day treatment or partial hospitalization, psychosocial rehabilitation services, and clinic services provided as home and community-based services to individuals with chronic mental illnesses if these individuals, in the absence of a waiver, would be placed in an IMD and are: (1) age 22 to 64; (2) age 65 and older and the State has not included the optional Medicaid benefit cited in 42 CFR §440.140; or (3) age 21 and under and the State has not included the optional Medicaid benefit cited in 42 CFR § 440.160.

6. Additional Requirements

Note: Item 6-I must be completed.

- A. Service Plan.** In accordance with 42 CFR §441.301(b)(1)(i), a participant-centered service plan (of care) is developed for each participant employing the procedures specified in **Appendix D**. All waiver services are furnished pursuant to the service plan. The service plan describes: (a) the waiver services that are furnished to the participant, their projected frequency and the type of provider that furnishes each service and (b) the other services (regardless of funding source, including State plan services) and informal supports that complement waiver services in meeting the needs of the participant. The service plan is subject to the approval of the Medicaid agency. Federal financial participation (FFP) is not claimed for waiver services furnished prior to the development of the service plan or for services that are not included in the service plan.
- B. Inpatients.** In accordance with 42 CFR §441.301(b)(1) (ii), waiver services are not furnished to individuals who are in-patients of a hospital, nursing facility or ICF/MR.
- C. Room and Board.** In accordance with 42 CFR §441.310(a)(2), FFP is not claimed for the cost of room and board except when: (a) provided as part of respite services in a facility approved by the State that is not a private residence or (b) claimed as a portion of the rent and food that may be reasonably attributed to an unrelated caregiver who resides in the same household as the participant, as provided in **Appendix I**.
- D. Access to Services.** The State does not limit or restrict participant access to waiver services except as provided in **Appendix C**.
- E. Free Choice of Provider.** In accordance with 42 CFR §431.151, a participant may select any willing and qualified provider to furnish waiver services included in the service plan unless the State has received approval to limit the number of providers under the provisions of §1915(b) or another provision of the Act.
- F. FFP Limitation.** In accordance with 42 CFR §433 Subpart D, FFP is not claimed for services when another third-party (e.g., another third party health insurer or other federal or state program) is legally liable and responsible for the provision and payment of the service. FFP also may not be claimed for services that are available without charge, or

as free care to the community. Services will not be considered to be without charge, or free care, when (1) the provider establishes a fee schedule for each service available and (2) collects insurance information from all those served (Medicaid, and non-Medicaid), and bills other legally liable third party insurers. Alternatively, if a provider certifies that a particular legally liable third party insurer does not pay for the service(s), the provider may not generate further bills for that insurer for that annual period.

- G. Fair Hearing:** The State provides the opportunity to request a Fair Hearing under 42 CFR §431 Subpart E, to individuals: (a) who are not given the choice of home and community- based waiver services as an alternative to institutional level of care specified for this waiver; (b) who are denied the service(s) of their choice or the provider(s) of their choice; or (c) whose services are denied, suspended, reduced or terminated. **Appendix F** specifies the State's procedures to provide individuals the opportunity to request a Fair Hearing, including providing notice of action as required in 42 CFR §431.210.
- H. Quality Improvement.** The State operates a formal, comprehensive system to ensure that the waiver meets the assurances and other requirements contained in this application. Through an ongoing process of discovery, remediation and improvement, the State assures the health and welfare of participants by monitoring: (a) level of care determinations; (b) individual plans and services delivery; (c) provider qualifications; (d) participant health and welfare; (e) financial oversight and (f) administrative oversight of the waiver. The State further assures that all problems identified through its discovery processes are addressed in an appropriate and timely manner, consistent with the severity and nature of the problem. During the period that the waiver is in effect, the State will implement the Quality Improvement Strategy specified in **Appendix H**.
- I. Public Input.** Describe how the State secures public input into the development of the waiver: The SEDW program is fully described on Michigan's Department of Community Health's (MDCH) Website, including contact numbers and email addresses to request additional information and to provide feedback. Responses to inquiries are frequent and are provided by the SEDW Director. The Michigan Medicaid Provider Manual also details the SEDW and is available on the MDCH website. Elements of the SEDW are covered in trainings, presentations, and conferences, which are conducted throughout the state on a regular basis to a variety of stakeholders including: County Commissions, Department of Human Services Directors, Community Mental Health Directors, Children's Clinical Services Director's, Judges, Probation Officers, Representatives of Special Education, and other service providers, advocacy groups, as well as consumers and their families. Additionally, site reviews by MDCH SEDW staff include home visits which provide a valuable opportunity for families to express their views of the waiver, it's services, and the impact on their lives. Communication was sent to all the CMHSPs informing them our MDCH's intent to submit an amendment to the SEDW waiver. Feedback from stakeholders was used in developing the amendment application.
- On November 1, 2011, a notice of intent to submit a request to amend the SEDW was sent to Tribal Chairs and Health Directors. The letter is posted on the MDCH website. Additionally, the MDCH Tribal Liaison spoke about the changes at the Tribal meetings she attends. Michigan received one inquiry from Carole Lapointe, Tribal Health Director for Keweenaw Bay Indian Community, regarding the intent to submit a request for amendment of the SEDW and the request for a 1915(b)(4) waiver to operate concurrently with the 1915 (c) waiver. It was explained that Keweenaw county is not participating now in the SEDW, so there is no impact to the tribe. The Health Director was provided contact information for the CMHSP so that she could contact the CMHSP Director to discuss possible intent to become an SEDW site in the future.
- J. Notice to Tribal Governments.** The State assures that it has notified in writing all federally-recognized Tribal Governments that maintain a primary office and/or majority population within the State of the State's intent to submit a Medicaid waiver request or renewal request to CMS at least 60 days before the anticipated submission date is provided by Presidential Executive Order 13175 of November 6, 2000. Evidence of the applicable notice is available through the Medicaid Agency.
- K. Limited English Proficient Persons.** The State assures that it provides meaningful access to waiver services by Limited English Proficient persons in accordance with: (a) Presidential Executive Order 13166 of August 11, 2000 (65 FR 50121) and (b) Department of Health and Human Services "Guidance to Federal Financial Assistance Recipients Regarding Title VI Prohibition Against National Origin Discrimination Affecting Limited English Proficient Persons" (68 FR 47311 - August 8, 2003). **Appendix B** describes how the State assures meaningful access to waiver services by Limited English Proficient persons.

7. Contact Person(s)

- A.** The Medicaid agency representative with whom CMS should communicate regarding the waiver is:

Last Name:
First Name: Coleman
Title: Jacqueline
Agency: Waiver Specialist
Address: Medical Services Administration, Michigan Department of Community Health
Address 2: 400 South Pine St.
City: P.O. 30479
State: Lansing
Zip: Michigan
Phone: 48909
Fax: (517) 241-7172 **Ext:** **TTY**
E-mail: (517) 241-5112
ColemanJ@michigan.gov

B. If applicable, the State operating agency representative with whom CMS should communicate regarding the waiver is:

Last Name:
First Name:
Title:
Agency:
Address:
Address 2:
City:
State: Michigan
Zip:

Phone:

Fax:

Ext:

TTY

E-mail:

8.

**Authorizing
Signature**

This document, together with the attached revisions to the affected components of the waiver, constitutes the State's request to amend its approved waiver under §1915(c) of the Social Security Act. The State affirms that it will abide by all provisions of the waiver, including the provisions of this amendment when approved by CMS. The State further attests that it will continuously operate the waiver in accordance with the assurances specified in Section V and the additional requirements specified in Section VI of the approved waiver. The State certifies that additional proposed revisions to the waiver request will be submitted by the Medicaid agency in the form of additional waiver amendments.

Signature: Stephen Fitton

State Medicaid Director or Designee

Submission Date: Mar 5, 2012

Note: The Signature and Submission Date fields will be automatically completed when the State Medicaid Director submits the application.

Attachment #1: Transition Plan

Specify the transition plan for the waiver:

Additional Needed Information (Optional)

Provide additional needed information for the waiver (optional):

Appendix A: Waiver Administration and Operation

1. State Line of Authority for Waiver Operation. Specify the state line of authority for the operation of the waiver (*select one*):

- The waiver is operated by the State Medicaid agency.**

Specify the Medicaid agency division/unit that has line authority for the operation of the waiver program (*select one*):

- The Medical Assistance Unit.**

Specify the unit name:

(Do not complete item A-2)

- Another division/unit within the State Medicaid agency that is separate from the Medical Assistance Unit.**

Specify the division/unit name. This includes administrations/divisions under the umbrella agency that has been identified as the Single State Medicaid Agency.

Michigan Department of Community Health (MDCH)-Behavioral Health/Developmental Disabilities Administration

(Complete item A-2-a).

- The waiver is operated by a separate agency of the State that is not a division/unit of the Medicaid agency.**

Specify the division/unit name:

In accordance with 42 CFR §431.10, the Medicaid agency exercises administrative discretion in the administration and supervision of the waiver and issues policies, rules and regulations related to the waiver. The interagency agreement or memorandum of understanding that sets forth the authority and arrangements for this policy is available through the Medicaid agency to CMS upon request. *(Complete item A-2-b).*

Appendix A: Waiver Administration and Operation

2. Oversight of Performance.

- a. Medicaid Director Oversight of Performance When the Waiver is Operated by another Division/Unit within the State Medicaid Agency.** When the waiver is operated by another division/administration within the umbrella agency designated as the Single State Medicaid Agency. Specify (a) the functions performed by

that division/administration (i.e., the Developmental Disabilities Administration within the Single State Medicaid Agency), (b) the document utilized to outline the roles and responsibilities related to waiver operation, and (c) the methods that are employed by the designated State Medicaid Director (in some instances, the head of umbrella agency) in the oversight of these activities:

a) Behavioral Health & Developmental Disabilities (BHDDA) staff perform the following operational and administrative functions:

Staff perform all administrative functions related to the SEDW including completion of the waiver applications, amendments and renewals, and CMS 372 Annual Reports. In addition to the financial information provided in the 372 reports there is a description of the process for monitoring the safeguards and standards under the waiver. If there are deficiencies detected during the monitoring process there is a summary of the significant areas where deficiencies were detected and an explanation of how these deficiencies have been corrected, or steps being taken to ensure that the deficiencies do not recur. These documents are then submitted to the State Medicaid Director for review and submission. Additionally BHDDA staff disseminate information concerning the waiver to potential enrollees and service providers; assist individuals in waiver enrollment; manage waiver enrollment against approved limits; monitor waiver expenditures against approved levels; monitor level of care evaluation activities; conduct site reviews, which include a review of consumer services plans to ensure waiver requirements and CMS assurance are met; conduct utilization management functions; determine waiver payment amounts or rates; conduct training and technical assistance (including Maintenance of the Medicaid Provider Manual and the SEDW Technical Assistance Manual) concerning waiver requirements and implementation.

b) The Memorandum of Understanding between the State Medicaid agency and BHDDA outlines the responsibilities for administration and oversight of the waiver. The responsibilities of the BHDDA includes: Monitoring and managing of SEDW annual appropriation; Managing waiver enrollment against approved limits; Perform Prior Authorization of selective services for the SEDW; Assuring accountability of local match for the SEDW; Establishing clinical eligibility for waivers; Conducting and monitoring quality assurance at the PIHP/CMHSP level; Providing training and technical assistance concerning waiver requirements; Completing waiver applications, renewals, amendments and 372 reports related to the CWP and SEDW (which are then submitted to MSA for review and approval). The responsibilities-Medical Services Administration include: Establishing Fee Screens; Setting and publishing Medicaid policy, including waiver Policy; Determining Medicaid eligibility; Reviewing, approving and submitting waiver applications, renewals, amendments and 372 reports related to the CWP and SEDW; Processing Medicaid claims and make payments based on established methodology.

If the Medicaid Director has a concern as to how the BHDDA fulfills their responsibility as outlined in the MOU, he would take his concerns to the BHDDA Director.

c) While the administration of the waiver falls within the jurisdiction of the MDCH's BHDDA, all reports, amendments, renewals, and applications for waivers are reviewed, approved, and then submitted to CMS by the Medicaid Director, within the Medical Services Administration.

- b. Medicaid Agency Oversight of Operating Agency Performance.** When the waiver is not operated by the Medicaid agency, specify the functions that are expressly delegated through a memorandum of understanding (MOU) or other written document, and indicate the frequency of review and update for that document. Specify the methods that the Medicaid agency uses to ensure that the operating agency performs its assigned waiver operational and administrative functions in accordance with waiver requirements. Also specify the frequency of Medicaid agency assessment of operating agency performance:

As indicated in section 1 of this appendix, the waiver is not operated by a separate agency of the State. Thus this section does not need to be completed.

Appendix A: Waiver Administration and Operation

- 3. Use of Contracted Entities.** Specify whether contracted entities perform waiver operational and administrative functions on behalf of the Medicaid agency and/or the operating agency (if applicable) (*select one*):

Yes. Contracted entities perform waiver operational and administrative functions on behalf of the Medicaid agency and/or operating agency (if applicable).

Specify the types of contracted entities and briefly describe the functions that they perform. *Complete Items A-5 and A-6.*

- No. Contracted entities do not perform waiver operational and administrative functions on behalf of the Medicaid agency and/or the operating agency (if applicable).**

Appendix A: Waiver Administration and Operation

- 4. Role of Local/Regional Non-State Entities.** Indicate whether local or regional non-state entities perform waiver operational and administrative functions and, if so, specify the type of entity (*Select One*):

Not applicable

- Applicable** - Local/regional non-state agencies perform waiver operational and administrative functions. Check each that applies:

- Local/Regional non-state public agencies** perform waiver operational and administrative functions at the local or regional level. There is an **interagency agreement or memorandum of understanding** between the State and these agencies that sets forth responsibilities and performance requirements for these agencies that is available through the Medicaid agency.

Specify the nature of these agencies and complete items A-5 and A-6:

MDCH contracts with local/regional non-state public entities known as Community Mental Health Services Programs (CMHSPS) established under the authority of the Michigan Mental Health Code. The concurrent §1915(b)(4) waiver allows for selectively contracting with Community Mental Health Services Programs (CMHSPs) as the provider of services to SEDW consumers effective 4/1/2012. CMHSPs are delegated the responsibility to perform the following activities and functions: disseminating information concerning the waiver to potential enrollees; assisting consumers in applying for needed mental health services, including assessment of eligibility for the SEDW; conducting initial level of care evaluations and level-of-care reevaluations; assuring that consumers have been given a of waiver services in lieu of Psychiatric Hospital care; that consumers have choice among service providers who are on contract with or employed by the CMHSP or; reviewing individual plans of service for appropriateness of waiver services in the amount, scope and duration necessary to meet the consumer's needs; conducting prior authorization and utilization management of waiver services; performing quality assurance and quality improvement activities; and maintaining a network of qualified providers sufficient to meet the consumers' needs.

- Local/Regional non-governmental non-state entities** conduct waiver operational and administrative functions at the local or regional level. There is a contract between the Medicaid agency and/or the operating agency (when authorized by the Medicaid agency) and each local/regional non-state entity that sets forth the responsibilities and performance requirements of the local/regional entity. The **contract(s)** under which private entities conduct waiver operational functions are available to CMS upon request through the Medicaid agency or the operating agency (if applicable).

Specify the nature of these entities and complete items A-5 and A-6:

Appendix A: Waiver Administration and Operation

- 5. Responsibility for Assessment of Performance of Contracted and/or Local/Regional Non-State Entities.** Specify the state agency or agencies responsible for assessing the performance of contracted and/or local/regional non-state entities in conducting waiver operational and administrative functions:

The MDCH-BHDDA is responsible for assessing the performance of the CMHSPs in conducting waiver operational and administrative functions. MDCH monitors CMHSPs through the site review process, financial reviews, and waiver enrollment oversight. The review protocols used by both are organized in a way that addresses the functions delegated by MDCH to the participating CMHSPs for the SEDW. The delegated functions included in the review protocol are: level of care evaluation; review of participant service plans; prior authorization of waiver services; utilization management; provider qualifications and enrollment; and quality assurance and quality improvement activities. MDCH manages enrollment against approved limits by reviewing, approving and processing applications and renewal certifications submitted by CMHSPs and by processing terminations submitted by CMHSPs.

Appendix A: Waiver Administration and Operation

- 6. Assessment Methods and Frequency.** Describe the methods that are used to assess the performance of contracted and/or local/regional non-state entities to ensure that they perform assigned waiver operational and administrative functions in accordance with waiver requirements. Also specify how frequently the performance of contracted and/or local/regional non-state entities is assessed:

Within MDCH-BHDDA, the Division of Mental Health Services to Children and Families (MHSCF) monitors implementation of the §1915(c) SED waiver by CMHSPs. The MHSCF division has responsibility for performing on-site reviews at each of the approved participating CMHSPs. A full on-site review is completed at each participating CMHSP on a biennial basis. The MDCH-BHDDA Quality Management Planning Division (QMP) does a follow up review on the alternate years and ensures that the CMHSP is continuing to implement their approved Plan of Correction. At the biennial site review, the Site Review Team reviews a proportionate random sample of SEDW consumers at each CMHSP. Those reviews include clinical record reviews, administrative record reviews, home visits and consumer interviews using the Site Review Protocols and Site Review Interpretive Guidelines. The protocols are derived from requirements of the Michigan Mental Health Code, Administrative Rules, federal requirements, and Medicaid policies. The Site Review team monitors SEDW activities /functions delegated to the CMHSPs to assure that: 1) level of care evaluations and reevaluations are made in accordance with SEDW eligibility requirements; 2) individual plans of service (IPOS) meet the SEDW consumer's identified needs for services; 3) needed services are provided in the amount, scope and duration defined in the IPOS; 4) CMHSP prior authorization, utilization management and billing are in accordance with established policies and procedures; and 5) provider qualifications are current, and willing, qualified providers are available to meet SEDW consumers' needs and choice.

Within MDCH-BHDDA, the Bureau of Community Mental Health Services has responsibility for operation of the SEDW on a day-to-day basis. This includes: monitoring and managing the SEDW annual appropriation; managing waiver enrollment against approved limits; performing Prior Authorization of selected services for the SEDW; establishing clinical eligibility for the waiver; conducting and monitoring quality assurance at the PIHP/CMHSP level; providing training and technical assistance concerning waiver requirements; completing SED waiver renewal applications, amendments and CMS-372 reports for submission to CMS; reviewing and consulting with CMHSPs when the Site Review Team has identified issues related to delegated functions; monitoring health and welfare issues by way of recipient rights complaints, sentinel events, Medicaid fair hearing requests.

Appendix A: Waiver Administration and Operation

- 7. Distribution of Waiver Operational and Administrative Functions.** In the following table, specify the entity or entities that have responsibility for conducting each of the waiver operational and administrative functions listed (*check each that applies*):

In accordance with 42 CFR §431.10, when the Medicaid agency does not directly conduct a function, it supervises the performance of the function and establishes and/or approves policies that affect the function. All functions not performed directly by the Medicaid agency must be delegated in writing and monitored by the Medicaid Agency.

Note: More than one box may be checked per item. Ensure that Medicaid is checked when the Single State Medicaid Agency (1) conducts the function directly; (2) supervises the delegated function; and/or (3) establishes and/or approves policies related to the function.

Function	Medicaid Agency	Local Non-State Entity

Appendix A: Waiver Administration and Operation

Quality Improvement: Administrative Authority of the Single State Medicaid Agency

As a distinct component of the State’s quality improvement strategy, provide information in the following fields to detail the State’s methods for discovery and remediation.

a. Methods for Discovery: Administrative Authority

The Medicaid Agency retains ultimate administrative authority and responsibility for the operation of the waiver program by exercising oversight of the performance of waiver functions by other state and local/regional non-state agencies (if appropriate) and contracted entities.

i. Performance Measures

For each performance measure/indicator the State will use to assess compliance with the statutory assurance complete the following. Where possible, include numerator/denominator. Each performance measure must be specific to this waiver (i.e., data presented must be waiver specific).

For each performance measure, provide information on the aggregated data that will enable the State to analyze and assess progress toward the performance measure. In this section provide information on the method by which each source of data is analyzed statistically/deductively or inductively, how themes are identified or conclusions drawn, and how recommendations are formulated, where appropriate.

Performance Measure:

Number and percent of LOC compliance issues that were remediated within 90 days.

Numerator: Number of LOC compliance issues remediated within 90 days.

Denominator: All LOC compliance issues.

Data Source (Select one):

Trends, remediation actions proposed / taken

- ii. If applicable, in the textbox below provide any necessary additional information on the strategies employed by the State to discover/identify problems/issues within the waiver program, including frequency and parties responsible.

The Division of Quality Management and Planning (QMP) within MDCH monitors the implementation at the 18 PIHPs (comprised of all 46 CMHSPs), and sends a qualified site review team to each of the PIHPs/CMHSPs to complete a comprehensive review and a follow-up review on the alternate year. This site visit strategy incorporates for all consumers served by all of Michigan’s waivers the rigorous standards for assuring the health and welfare of the 1915(c) waiver beneficiaries, including visits to beneficiaries’ homes. The comprehensive reviews include the following components:

Reviews of clinical records to determine that Person- centered planning/Family-centered practice is being utilized, health and welfare concerns are being addressed if indicated, services identified in the plan of service are being delivered, and delivery of service meets program requirements that are published in the Medicaid Provider Manual. The MDCH review team draws random samples of clinical records to be drawn from encounter data in the MDCH warehouse. Scope of reviews includes all Medicaid state plan and 1915 (b)(3) services, and waiver programs (including the SEDW, upon approval), all affiliates (if applicable), a sample of providers, and an sample of individuals considered “at risk” (persons in 24-hour supervised settings and those who have chosen to move from those settings recently).

The comprehensive administrative review will focus on policies, procedures, and initiatives that are not otherwise reviewed by the EQR and that need improvement as identified through the performance indicator system, encounter data, grievance and appeals tracking, sentinel event reports, and customer complaints. Areas of the administrative review focus on MDCH contract requirements including:

- o PIHP/CMHSP Compliance with the Medicaid Provider Manual
- o Written agreements with providers, community agencies
- o The results of the PIHP/CMHSPs’ annual monitoring of its provider network.
- o Adherence to contractual practice guideline
- o Sentinel event management

A report of findings from the on-site reviews with scores will be disseminated to the PIHP/CMHSP with requirement that a plan of correction be submitted to MDCH in 30 days. On-site follow-up will be conducted the following year, or sooner if non-compliance with standards is an issue. Results of the MDCH on-site reviews are shared with MDCH Mental Health and Substance Abuse Management team, the Quality Improvement Council, and SED staff. Information is used by MDCH to take contract action as needed or by the QIC to make recommendations for system improvements.

The SEDW staff site review teams monitor the following:

- o Evaluation of level of care will include: assurance that enrolled participants are reevaluated at least annually (as documented by the completion of the Waiver Certification form and the Child and Adolescent Functional Assessment Scale [CAFAS®] or the Preschool and Early Childhood Functional Assessment Scale [PECFAS®]) by the Wraparound Facilitator or clinician and other members of the child’s person-centered planning (PCP) team, and that decisions are appropriate and well documented. When a level of care is not documented or supported the process described in the overview is implemented. Individual Plans are reviewed to ensure that: a PCP process is used to develop comprehensive plans that identify the participant’s assessed needs (including health and safety), strengths, goals, and that the plan specifies the type, scope, amount, duration and frequency of service; plans are updated as needed, but at least annually; and that

participants are given a choice of service providers, and waiver services over institutional care (documented on the SED Waiver Certification form).

o Provider qualifications are reviewed to verify that the providers meet all required licensing, certification and training requirements.

o Health and welfare is monitored by reviews of recipient rights complaints, sentinel events, behavioral management reviews for potentially seclusion and/or restrictive, reviews of the plans of service and consumer interviews to ensure that the child is receiving the services identified in the plan.

o Financial Accountability involves a review of paid claims against services (type, frequency, duration) identified in the plan, prescriptions, and private insurance coverage.

o Home visits are conducted to assess satisfaction with services and service providers and knowledge of: wraparound plan of service, crisis and safety plans, administrative hearing rights, and freedom of choice issues.

An additional strategy employed by the State to discover problems is the External Quality Review (EQR). EQR activities are conducted on PIHPs and primarily focus on the presence of PIHP policy and processes and evidence that those policies and processes are being implemented. Very few clinical record reviews are completed as part of this process. One EQR Component addresses PIHP compliance to BBA requirements. The other two EQR activities, Performance Improvement Program Validation and Performance Measures Validation, have essentially no direct relationship to SEDW service delivery or quality management.

b. Methods for Remediation/Fixing Individual Problems

i. Describe the State’s method for addressing individual problems as they are discovered. Include information regarding responsible parties and GENERAL methods for problem correction. In addition, provide information on the methods used by the State to document these items.

A standard site review protocol is used at the time of the site visit. The protocol is used to record and document findings during a site review. The findings are sent to the CMHSPs with the requirement that the CMHSP prepare and submit to MDCH plans of correction within 30 days. The plans of correction are reviewed by staff that completed the site reviews and reviewed and approved by MDCH administration. The remediation process continues until all concerns have been appropriately addressed.

ii. Remediation Data Aggregation

Remediation-related Data Aggregation and Analysis (including trend identification)

Responsible Party <i>(check each that applies):</i>	Frequency of data aggregation and analysis <i>(check each that applies):</i>
<input type="checkbox"/> State Medicaid Agency	<input type="checkbox"/> Weekly
<input checked="" type="checkbox"/> Operating Agency	<input type="checkbox"/> Monthly
<input type="checkbox"/> Sub-State Entity	<input type="checkbox"/> Quarterly
<input type="checkbox"/> Other Specify: _____	<input checked="" type="checkbox"/> Annually
	<input type="checkbox"/> Continuously and Ongoing
	<input type="checkbox"/> Other Specify: _____

c. Timelines

When the State does not have all elements of the Quality Improvement Strategy in place, provide timelines to design methods for discovery and remediation related to the assurance of Administrative Authority that are currently non-operational.

No

Yes

Please provide a detailed strategy for assuring Administrative Authority, the specific timeline for implementing identified strategies, and the parties responsible for its operation.

Appendix B: Participant Access and Eligibility

B-1: Specification of the Waiver Target Group(s)

- a. **Target Group(s).** Under the waiver of Section 1902(a)(10)(B) of the Act, the State limits waiver services to a group or subgroups of individuals. Please see the instruction manual for specifics regarding age limits. *In accordance with 42 CFR §441.301(b)(6), select one waiver target group, check each of the subgroups in the selected target group that may receive services under the waiver, and specify the minimum and maximum (if any) age of individuals served in each subgroup:*

Target Group	Included	Target SubGroup	Minimum Age	Maximum Age	
				Maximum Age Limit	No Maximum Age Limit
<input type="radio"/> Aged or Disabled, or Both - General					
	<input type="checkbox"/>	Aged			<input type="checkbox"/>
	<input type="checkbox"/>	Disabled (Physical)			
	<input type="checkbox"/>	Disabled (Other)			
<input type="radio"/> Aged or Disabled, or Both - Specific Recognized Subgroups					
	<input type="checkbox"/>	Brain Injury			<input type="checkbox"/>
	<input type="checkbox"/>	HIV/AIDS			<input type="checkbox"/>
	<input type="checkbox"/>	Medically Fragile			<input type="checkbox"/>
	<input type="checkbox"/>	Technology Dependent			<input type="checkbox"/>
<input type="radio"/> Mental Retardation or Developmental Disability, or Both					
	<input type="checkbox"/>	Autism			<input type="checkbox"/>
	<input type="checkbox"/>	Developmental Disability			<input type="checkbox"/>
	<input type="checkbox"/>	Mental Retardation			<input type="checkbox"/>
<input checked="" type="radio"/> Mental Illness					
	<input type="checkbox"/>	Mental Illness			
	<input checked="" type="checkbox"/>	Serious Emotional Disturbance	0	20	

- b. **Additional Criteria.** The State further specifies its target group(s) as follows:

To be eligible for this waiver, the child must:

- Live in a participating county; OR
- Live in foster care in a non-participating county* pursuant to placement by MDHS or the court of a participating county, with SEDW oversight by a participating county's CMHSP; AND
- Reside with the birth or adoptive family or have a plan to return to the birth or adoptive home; OR
- Reside with a legal guardian; OR
- Reside in a foster home with a permanency plan; OR
- Be age 18 19, or age 20 and live independently with supports; AND
- Meet current MDCH criteria for the State psychiatric hospital for children, as defined in the Michigan Medicaid Provider Manual; AND
- Meet Medicaid eligibility criteria and become a Medicaid beneficiary; AND
- Demonstrate serious functional limitations that impair their ability to function in the community. As appropriate for age, functional limitation will be identified using the Child and Adolescent Functional Assessment Scale (CAFAS®) or the Preschool and Early Childhood Functional Assessment Scale (PECFAS®):
 - o CAFAS® score of 90 or greater for children age 7 to 12; OR
 - o CAFAS® score of 120 or greater or children age 13 to 18; OR
 - o For children age 3 to 7: elevated PECFAS® subscale scores in at least one of these areas: self-harmful behaviors,

mood/emotions, thinking/communicating or behavior towards others; AND

- Be under the age of 18 when approved for the waiver. If a child on the SEDW turns 18, continues to meet all non-age-related eligibility criteria and continues to need waiver services, the child can remain on the waiver up to his/her 20th birthday. If the request for amendment is approved, the child can remain on the waiver up to his/her 21st birthday.

*re: "...non-participating county..." second bullet, above: Many of the children identified for the SEDW Pilot will be transitioning from a residential setting into a community setting. Any child enrolled in the SEDW under this criterion is a permanent resident, (living at home with their parent or legal guardian), of a SEDW participating CMHSP/county. While permanency in a community setting is the ultimate goal for these children, frequently the participating county's Department of Human Services or Juvenile Court must place the child in a temporary, community-based residence, such as a foster home, to help stabilize the child's behaviors and to orientate him/her back to the community. The ability to use a foster home in a county other than the child's permanent county of residence, while the participating county continues to be financially and administratively responsible for service delivery and oversight, will remove barriers that could otherwise prohibit us from facilitating the child's successful placement back into the community. However, at any time that the child's status changes and his/her permanent residence changes to a non-participating county, the child will become ineligible for the SEDW.

c. Transition of Individuals Affected by Maximum Age Limitation. When there is a maximum age limit that applies to individuals who may be served in the waiver, describe the transition planning procedures that are undertaken on behalf of participants affected by the age limit (*select one*):

- Not applicable. There is no maximum age limit**
- The following transition planning procedures are employed for participants who will reach the waiver's maximum age limit.**

Specify:

Youth that are enrolled in the 1915(c) SEDW may continue to have mental health needs that will require planning on the part of the child and family wraparound team. It is the purpose of the waiver to provide community based services and supports to increase mental health functioning across life domain areas and decrease the need for psychiatric or other mental health institutional placement.

When youth are enrolled in the SEDW, the wraparound team develops measurable outcomes that guide the team toward transition or graduation from wraparound and enrolled waiver status. As stated above, this does not always mean that they no longer need any type of mental health services rather that they typically need less intensive services from intake to graduation.

As a youth approaches his/her early adult years, the child and family team focus on planning for this period of transition. There are many things to consider during this time. Some of the basic issues deal with housing, employment, vocational training or school status, emotional/behavioral health, physical health and safety. During this time it is common to focus on the life domain areas that will impact the youth's success as an adult. The team will focus on enhancing these skills utilizing Medicaid State Plan and waiver services, as well as by helping the youth and family identify and understand what services may be available post waiver. If the youth's disability impacts his/her ability to earn income, the team will work with the youth to apply for this benefit at age 18. The team will also work with the youth to identify other entitlements that would assist the youth post waiver.

This is also the time that the team will explore what mental health needs the youth may have after his/her 20th birthday and start that transition process with adult services. Whenever possible we encourage the adult services staff to become part of the wraparound team to assure a smooth transition to adult services. Some CMHSPs also have programs designated for this target age group, which is optimal in assisting them toward independence.

In summary, when youth are enrolled in the waiver, transition planning starts at intake and continues until the child/youth successfully transitions. Transitions are very different for each individual, but the CMHSP assumes the responsibility that the child's/youth's needs are met post waiver.

The site review process includes review of plans, including transition plans. The site review process is a strategy to identify individual and systems issues including issues related to transition planning. Transition

planning for children/youth enrolled in the waiver is part of a plan of service and the wraparound planning process and is individualized to each child/youth. Many children/youth may receive services from adult mental health services or they may receive services from other systems (Vocational, housing, etc.) and this is part of the transition planning that occurs. This will assist the youth/young adults in making a smooth transition to adult mental health or community based services.

Appendix B: Participant Access and Eligibility

B-2: Individual Cost Limit (1 of 2)

a. Individual Cost Limit. The following individual cost limit applies when determining whether to deny home and community-based services or entrance to the waiver to an otherwise eligible individual (*select one*) Please note that a State may have only ONE individual cost limit for the purposes of determining eligibility for the waiver:

- No Cost Limit.** The State does not apply an individual cost limit. *Do not complete Item B-2-b or item B-2-c.*
- Cost Limit in Excess of Institutional Costs.** The State refuses entrance to the waiver to any otherwise eligible individual when the State reasonably expects that the cost of the home and community-based services furnished to that individual would exceed the cost of a level of care specified for the waiver up to an amount specified by the State. *Complete Items B-2-b and B-2-c.*

The limit specified by the State is (*select one*)

- A level higher than 100% of the institutional average.**

Specify the percentage: |

- Other**

Specify:

- Institutional Cost Limit.** Pursuant to 42 CFR 441.301(a)(3), the State refuses entrance to the waiver to any otherwise eligible individual when the State reasonably expects that the cost of the home and community-based services furnished to that individual would exceed 100% of the cost of the level of care specified for the waiver. *Complete Items B-2-b and B-2-c.*
- Cost Limit Lower Than Institutional Costs.** The State refuses entrance to the waiver to any otherwise qualified individual when the State reasonably expects that the cost of home and community-based services furnished to that individual would exceed the following amount specified by the State that is less than the cost of a level of care specified for the waiver.

Specify the basis of the limit, including evidence that the limit is sufficient to assure the health and welfare of waiver participants. Complete Items B-2-b and B-2-c.

The cost limit specified by the State is (*select one*):

- The following dollar amount:**

Specify dollar amount: |

The dollar amount (*select one*)

- Is adjusted each year that the waiver is in effect by applying the following formula:**

Specify the formula:

- May be adjusted during the period the waiver is in effect. The State will submit a waiver amendment to CMS to adjust the dollar amount.
- The following percentage that is less than 100% of the institutional average:

Specify percent:

- Other:

Specify:

Appendix B: Participant Access and Eligibility

B-2: Individual Cost Limit (2 of 2)

Answers provided in Appendix B-2-a indicate that you do not need to complete this section.

b. Method of Implementation of the Individual Cost Limit. When an individual cost limit is specified in Item B-2-a, specify the procedures that are followed to determine in advance of waiver entrance that the individual's health and welfare can be assured within the cost limit:

c. Participant Safeguards. When the State specifies an individual cost limit in Item B-2-a and there is a change in the participant's condition or circumstances post-entrance to the waiver that requires the provision of services in an amount that exceeds the cost limit in order to assure the participant's health and welfare, the State has established the following safeguards to avoid an adverse impact on the participant (*check each that applies*):

- The participant is referred to another waiver that can accommodate the individual's needs.
- Additional services in excess of the individual cost limit may be authorized.

Specify the procedures for authorizing additional services, including the amount that may be authorized:

- Other safeguard(s)

Specify:

Appendix B: Participant Access and Eligibility

B-3: Number of Individuals Served (1 of 4)

a. Unduplicated Number of Participants. The following table specifies the maximum number of unduplicated participants who are served in each year that the waiver is in effect. The State will submit a waiver amendment to CMS to modify the number of participants specified for any year(s), including when a modification is necessary due to legislative appropriation or another reason. The number of unduplicated participants specified in this table is basis for the cost-neutrality calculations in Appendix J:

Table: B-3-a

Waiver Year	Unduplicated Number of Participants
Year 1	129
Year 2	357
Year 3	363
Year 4	648
Year 5	1243

b. **Limitation on the Number of Participants Served at Any Point in Time.** Consistent with the unduplicated number of participants specified in Item B-3-a, the State may limit to a lesser number the number of participants who will be served at any point in time during a waiver year. Indicate whether the State limits the number of participants in this way: (*select one*):

- The State does not limit the number of participants that it serves at any point in time during a waiver year.
- The State limits the number of participants that it serves at any point in time during a waiver year.

The limit that applies to each year of the waiver period is specified in the following table:

Table: B-3-b

Waiver Year	Maximum Number of Participants Served At Any Point During the Year
Year 1	0
Year 2	0
Year 3	0
Year 4	444
Year 5	700

Appendix B: Participant Access and Eligibility

B-3: Number of Individuals Served (2 of 4)

c. **Reserved Waiver Capacity.** The State may reserve a portion of the participant capacity of the waiver for specified purposes (e.g., provide for the community transition of institutionalized persons or furnish waiver services to individuals experiencing a crisis) subject to CMS review and approval. The State (*select one*):

- Not applicable. The state does not reserve capacity.
- The State reserves capacity for the following purpose(s).

Appendix B: Participant Access and Eligibility

B-3: Number of Individuals Served (3 of 4)

d. **Scheduled Phase-In or Phase-Out.** Within a waiver year, the State may make the number of participants who are served subject to a phase-in or phase-out schedule (*select one*):

- The waiver is not subject to a phase-in or a phase-out schedule.

- The waiver is subject to a phase-in or phase-out schedule that is included in Attachment #1 to Appendix B-3. This schedule constitutes an intra-year limitation on the number of participants who are served in the waiver.**

e. Allocation of Waiver Capacity.

Select one:

- Waiver capacity is allocated/managed on a statewide basis.**
- Waiver capacity is allocated to local/regional non-state entities.**

Specify: (a) the entities to which waiver capacity is allocated; (b) the methodology that is used to allocate capacity and how often the methodology is reevaluated; and, (c) policies for the reallocation of unused capacity among local/regional non-state entities:

a. The SEDW services are provided through agreements with 14 of the 46 Community Mental Health Services Programs (CMHSPs) that are part of the 18 Pre-paid inpatient health plans (PIHPs) for Medicaid Managed Specialty Services in Michigan. These 12 CMHSPs are comprised of Community Mental Health (CMH) for Central Michigan, CMH Authority of Clinton-Eaton-Ingham Counties, CMH Services of Muskegon County, Detroit-Wayne County CMH Agency, Kalamazoo CMH & Substance Abuse Services, Genesee County CMH Services, Livingston County CMH Authority, Macomb County CMH Services, Network180, Van Buren CMH Authority, Northern Lakes CMH Authority, Oakland County CMH Authority, Washtenaw Community Health Organization, and Saginaw County CMH Authority.

If approved, this request for amendment would add an additional 14 counties and 10 additional CMHSPs (within a total of 11 CMHSPs). Please note that while there are 10 additional CMHSPs, the 14 new counties are actually within 11 CMHSPs. Wexford and Roscommon Counties are within Northern Lakes CMH Authority, which is already included in the waiver's geographic area. The additional CMHSPs and counties are: Berrien Mental Health Authority (Berrien County), St Clair County Mental Health Authority, (St Clair County) Lifeways (Jackson and Hillsdale Counties), Summit Pointe (Calhoun County), Newaygo County Mental Health Center (Newago County), Bay-Arenac Behavioral Health (Bay and Arenac Counties), Gratiot County CMH Services (Gratiot County), Northern Lakes CMH Authority (Wexford and Roscommon Counties), Allegan County CMH Services (Allegan County), Pathways (Marquette County only) and Woodlands Behavioral Health Network (Cass County).

b)MDCH established criteria for participation as a SEDW service provider. The criteria include an established Wraparound Program, local interagency collaborative agreements, and the capacity to guarantee local funds as the State match for waiver and Medicaid State Plan mental health services. Based on the criteria, CMHSPs are asked to obtain signed interagency agreements between the CMHSP, the local Department of Human Services, local Circuit Court Family Division, and other agencies as appropriate; and to submit a Letter of Commitment to MDCH, specifying the total amount of local match guaranteed and the number of children to be served by the SEDW. Participating CMHSPs must also agree to abide by the provisions of the CMHSP/MDCH general fund contract amendment regarding the SEDW.

c)Unused capacity is addressed through a policy that allows MDCH to approve transfers of waiver slots from one participating CMHSP to another participating CMHSP that has identified eligible consumers and sufficient local match to fund needed services.

When a child and his/her family moves to a county within Michigan that has an enrolled CMHSP provider for the SEDW, the child remains eligible for the waiver. However, if the child and his/her family move to a county where the CMHSP is not an enrolled provider of the SEDW, the child's waiver must be terminated. When a child enrolled in the SEDW moves to another county, the following process should be used:

- If the new CMHSP has waiver slot vacancies, the transferring child receives one of the vacancies.
- If the new CMHSP does not have a waiver vacancy, the waiver slot from the originating CMHSP follows the child to the new CMHSP. When the new CMHSP has a waiver vacancy, that slot is returned to the CMHSP who lost a slot to that CMHSP. This will be facilitated by MDCH through written correspondence.

f. Selection of Entrants to the Waiver. Specify the policies that apply to the selection of individuals for entrance to the waiver:

The SEDW uses a Wraparound Service Facilitation and Coordination model. The Wraparound model has an infrastructure which includes the Collaborative Body, Community Team, Wraparound Facilitator, and a Child and

Family Team with team members determined by the family. The wraparound plan is developed in partnership with other community agencies. Membership on the Community Team consists of administrators and mid-managers of public agencies providing services, e.g. MDCH, CMHSP, schools, family court; parents and youth who have experienced or received services; and community members including faith-based organizations, local business people, and non-profit administrators.

The Community Team is responsible for accepting, reviewing and approving referrals for Wraparound Services. The criteria used by the Community Team for accepting referrals for Wraparound include one or more of the following: The child is involved in multiple systems; the child is at risk of an out-of-home placement, or is currently in out-of-home placement; the child and family have received other community services and supports with minimal improvement; and numerous providers are serving multiple children in the family, and service outcomes have not been met.

Of those individuals determined by the Community Team to be eligible for Wraparound Services, a further review is conducted to determine if the child meets criteria for the SEDW. If a child appears to meet these criteria, a referral is made to the CMHSP for review, eligibility determination (including family choice of waiver services over hospitalization), and possible application to the SEDW. The CMHSP determines eligibility for the SEDW based on the published eligibility criteria, completes the waiver application for each candidate and submits it to MDCH for review, approval, and enrollment in the waiver.

Appendix B: Participant Access and Eligibility

B-3: Number of Individuals Served - Attachment #1 (4 of 4)

Answers provided in Appendix B-3-d indicate that you do not need to complete this section.

Appendix B: Participant Access and Eligibility

B-4: Eligibility Groups Served in the Waiver

a.

1. **State Classification.** The State is a (*select one*):

- §1634 State
 SSI Criteria State
 209(b) State

2. **Miller Trust State.**

Indicate whether the State is a Miller Trust State (*select one*):

- No
 Yes

b. **Medicaid Eligibility Groups Served in the Waiver.** Individuals who receive services under this waiver are eligible under the following eligibility groups contained in the State plan. The State applies all applicable federal financial participation limits under the plan. *Check all that apply:*

Eligibility Groups Served in the Waiver (excluding the special home and community-based waiver group under 42 CFR §435.217)

- Low income families with children as provided in §1931 of the Act
 SSI recipients
 Aged, blind or disabled in 209(b) states who are eligible under 42 CFR §435.121
 Optional State supplement recipients
 Optional categorically needy aged and/or disabled individuals who have income at:

Select one:

- 100% of the Federal poverty level (FPL)
 % of FPL, which is lower than 100% of FPL.

Specify percentage:

- Working individuals with disabilities who buy into Medicaid (BBA working disabled group as provided in §1902(a)(10)(A)(ii)(XIII) of the Act)
- Working individuals with disabilities who buy into Medicaid (TWWIIA Basic Coverage Group as provided in §1902(a)(10)(A)(ii)(XV) of the Act)
- Working individuals with disabilities who buy into Medicaid (TWWIIA Medical Improvement Coverage Group as provided in §1902(a)(10)(A)(ii)(XVI) of the Act)
- Disabled individuals age 18 or younger who would require an institutional level of care (TEFRA 134 eligibility group as provided in §1902(e)(3) of the Act)
- Medically needy in 209(b) States (42 CFR §435.330)
- Medically needy in 1634 States and SSI Criteria States (42 CFR §435.320, §435.322 and §435.324)
- Other specified groups (include only statutory/regulatory reference to reflect the additional groups in the State plan that may receive services under this waiver)

Specify:

Special home and community-based waiver group under 42 CFR §435.217) Note: When the special home and community-based waiver group under 42 CFR §435.217 is included, Appendix B-5 must be completed

- No. The State does not furnish waiver services to individuals in the special home and community-based waiver group under 42 CFR §435.217. Appendix B-5 is not submitted.
- Yes. The State furnishes waiver services to individuals in the special home and community-based waiver group under 42 CFR §435.217.

Select one and complete Appendix B-5.

- All individuals in the special home and community-based waiver group under 42 CFR §435.217
- Only the following groups of individuals in the special home and community-based waiver group under 42 CFR §435.217

Check each that applies:

- A special income level equal to:

Select one:

- 300% of the SSI Federal Benefit Rate (FBR)
- A percentage of FBR, which is lower than 300% (42 CFR §435.236)

Specify percentage:

- A dollar amount which is lower than 300%.

Specify dollar amount:

- Aged, blind and disabled individuals who meet requirements that are more restrictive than the SSI program (42 CFR §435.121)
- Medically needy without spenddown in States which also provide Medicaid to recipients of SSI (42 CFR §435.320, §435.322 and §435.324)
- Medically needy without spend down in 209(b) States (42 CFR §435.330)
- Aged and disabled individuals who have income at:

Select one:

- 100% of FPL

- % of FPL, which is lower than 100%.

Specify percentage amount: |

- Other specified groups (include only statutory/regulatory reference to reflect the additional groups in the State plan that may receive services under this waiver)

Specify:

Appendix B: Participant Access and Eligibility

B-5: Post-Eligibility Treatment of Income (1 of 4)

In accordance with 42 CFR §441.303(e), Appendix B-5 must be completed when the State furnishes waiver services to individuals in the special home and community-based waiver group under 42 CFR §435.217, as indicated in Appendix B-4. Post-eligibility applies only to the 42 CFR §435.217 group. A State that uses spousal impoverishment rules under §1924 of the Act to determine the eligibility of individuals with a community spouse may elect to use spousal post-eligibility rules under §1924 of the Act to protect a personal needs allowance for a participant with a community spouse.

- a. **Use of Spousal Impoverishment Rules.** Indicate whether spousal impoverishment rules are used to determine eligibility for the special home and community-based waiver group under 42 CFR §435.217 (*select one*):

- Spousal impoverishment rules under §1924 of the Act are used to determine the eligibility of individuals with a community spouse for the special home and community-based waiver group.

In the case of a participant with a community spouse, the State elects to (*select one*):

- Use spousal post-eligibility rules under §1924 of the Act.
(Complete Item B-5-b (SSI State) and Item B-5-d)
- Use regular post-eligibility rules under 42 CFR §435.726 (SSI State) or under §435.735 (209b State)
(Complete Item B-5-b (SSI State) . Do not complete Item B-5-d)
- Spousal impoverishment rules under §1924 of the Act are not used to determine eligibility of individuals with a community spouse for the special home and community-based waiver group. The State uses regular post-eligibility rules for individuals with a community spouse.
(Complete Item B-5-b (SSI State) . Do not complete Item B-5-d)

Appendix B: Participant Access and Eligibility

B-5: Post-Eligibility Treatment of Income (2 of 4)

- b. **Regular Post-Eligibility Treatment of Income: SSI State.**

The State uses the post-eligibility rules at 42 CFR 435.726. Payment for home and community-based waiver services is reduced by the amount remaining after deducting the following allowances and expenses from the waiver participant's income:

- i. **Allowance for the needs of the waiver participant** (*select one*):

- The following standard included under the State plan

Select one:

- SSI standard
- Optional State supplement standard
- Medically needy income standard

The special income level for institutionalized persons

(select one):

- 300% of the SSI Federal Benefit Rate (FBR)**
- A percentage of the FBR, which is less than 300%**

Specify the percentage: _____

- A dollar amount which is less than 300%.**

Specify dollar amount: _____

- A percentage of the Federal poverty level**

Specify percentage: _____

- Other standard included under the State Plan**

Specify:

- The following dollar amount**

Specify dollar amount: _____ If this amount changes, this item will be revised.

- The following formula is used to determine the needs allowance:**

Specify:

- Other**

Specify:

ii. Allowance for the spouse only (select one):

- Not Applicable (see instructions)**
- SSI standard**
- Optional State supplement standard**
- Medically needy income standard**
- The following dollar amount:**

Specify dollar amount: _____ If this amount changes, this item will be revised.

- The amount is determined using the following formula:**

Specify:

iii. Allowance for the family (select one):

- Not Applicable (see instructions)**
- AFDC need standard**

Medically needy income standard

The following dollar amount:

Specify dollar amount: _____ The amount specified cannot exceed the higher of the need standard for a family of the same size used to determine eligibility under the State's approved AFDC plan or the medically needy income standard established under 42 CFR §435.811 for a family of the same size. If this amount changes, this item will be revised.

The amount is determined using the following formula:

Specify:

Other

Specify:

iv. Amounts for incurred medical or remedial care expenses not subject to payment by a third party, specified in 42 §CFR 435.726:

- a. Health insurance premiums, deductibles and co-insurance charges
- b. Necessary medical or remedial care expenses recognized under State law but not covered under the State's Medicaid plan, subject to reasonable limits that the State may establish on the amounts of these expenses.

Select one:

- Not Applicable (see instructions)** *Note: If the State protects the maximum amount for the waiver participant, not applicable must be selected.*
- The State does not establish reasonable limits.**
- The State establishes the following reasonable limits**

Specify:

Appendix B: Participant Access and Eligibility

B-5: Post-Eligibility Treatment of Income (3 of 4)

c. Regular Post-Eligibility Treatment of Income: 209(B) State.

Answers provided in Appendix B-4 indicate that you do not need to complete this section and therefore this section is not visible.

Appendix B: Participant Access and Eligibility

B-5: Post-Eligibility Treatment of Income (4 of 4)

d. Post-Eligibility Treatment of Income Using Spousal Impoverishment Rules

The State uses the post-eligibility rules of §1924(d) of the Act (spousal impoverishment protection) to determine the contribution of a participant with a community spouse toward the cost of home and community-based care if it determines the individual's eligibility under §1924 of the Act. There is deducted from the participant's monthly

income a personal needs allowance (as specified below), a community spouse's allowance and a family allowance as specified in the State Medicaid Plan.. The State must also protect amounts for incurred expenses for medical or remedial care (as specified below).

Answers provided in Appendix B-5-a indicate that you do not need to complete this section and therefore this section is not visible.

Appendix B: Participant Access and Eligibility

B-6: Evaluation/Reevaluation of Level of Care

As specified in 42 CFR §441.302(c), the State provides for an evaluation (and periodic reevaluations) of the need for the level(s) of care specified for this waiver, when there is a reasonable indication that an individual may need such services in the near future (one month or less), but for the availability of home and community-based waiver services.

- a. Reasonable Indication of Need for Services.** In order for an individual to be determined to need waiver services, an individual must require: (a) the provision of at least one waiver service, as documented in the service plan, and (b) the provision of waiver services at least monthly or, if the need for services is less than monthly, the participant requires regular monthly monitoring which must be documented in the service plan. Specify the State's policies concerning the reasonable indication of the need for services:

i. Minimum number of services.

The minimum number of waiver services (one or more) that an individual must require in order to be determined to need waiver services is: 1

- ii. Frequency of services.** The State requires (select one):

- The provision of waiver services at least monthly**
 Monthly monitoring of the individual when services are furnished on a less than monthly basis

If the State also requires a minimum frequency for the provision of waiver services other than monthly (e.g., quarterly), specify the frequency:

- b. Responsibility for Performing Evaluations and Reevaluations.** Level of care evaluations and reevaluations are performed (*select one*):

- Directly by the Medicaid agency**
 By the operating agency specified in Appendix A
 By an entity under contract with the Medicaid agency.

Specify the entity:

- Other**
Specify:

Level of care evaluations and reevaluations are performed by the participating CMHSPs under contract with MDCH Mental Health/Substance Abuse Services (the operating agency specified in Appendix A).

- c. Qualifications of Individuals Performing Initial Evaluation:** Per 42 CFR §441.303(c)(1), specify the educational/professional qualifications of individuals who perform the initial evaluation of level of care for waiver applicants:

An individual designated by the CMHSP Director is responsible for determining if a child meets the criteria for and is at risk of hospitalization in a state psychiatric hospital. Determination that the child demonstrates serious functional limitations that impair his/her ability to perform in the community is made by a Wraparound Facilitator or clinician who has completed training and is a reliable rater on the Child and Adolescent Functional Assessment Scale (CAFAS®) or the Preschool and Early Childhood Functional Assessment Scale (PECFAS®). The

Wraparound Facilitator or clinician must also be a Child Mental Health Professional as defined in rule 330.2105 (b) of the Michigan Mental Health Code Administrative Health Rule for Children's Diagnostic Treatment Service.

- d. Level of Care Criteria.** Fully specify the level of care criteria that are used to evaluate and reevaluate whether an individual needs services through the waiver and that serve as the basis of the State's level of care instrument/tool. Specify the level of care instrument/tool that is employed. State laws, regulations, and policies concerning level of care criteria and the level of care instrument/tool are available to CMS upon request through the Medicaid agency or the operating agency (if applicable), including the instrument/tool utilized.

Level of Care (LOC) determinations are based on two things: whether the child meets the criteria for and is at risk of hospitalization in a state psychiatric hospital and whether the child demonstrates serious functional limitations that impair his/her ability to perform in the community. As appropriate for age, the level of functional limitation is identified using the Child and Adolescent Functional Assessment Scale (CAFAS®) or the Preschool and Early Childhood Functional Assessment Scale (PECFAS®). Waiver eligibility requires that the child age 12 or under must have a CAFAS® score of 90 or higher, while children age 13 to 18 must have a score of 120 or higher. For children age 3 to 7, waiver eligibility requires elevated PECFAS® subscale scores in at least one of these areas: self-harmful behaviors, mood/emotions, thinking/communicating or behavior towards others.

Section 8.5.C of the Mental Health/Substance Abuse Chapter of the Michigan Medicaid Provider Manual sets forth Inpatient Psychiatric Hospital Admission criteria for persons under the age of 21. It reads as follows: Inpatient psychiatric care may be used to treat a child or adolescent with mental illness or serious emotional disturbance who requires care in a 24-hour medically structured and supervised facility. The SI/IS criteria for admission are based on the assumption that the beneficiary is displaying signs and symptoms of a serious psychiatric disorder, demonstrating functional impairments and manifesting a level of clinical instability (risk) that are, either individually or collectively, of such severity that treatment in an alternative setting would be unsafe or ineffective. Medicaid coverage is dependent upon active treatment being provided at the medically necessary level of care. The individual must meet all three criteria outlined below:

1)Severity of Illness (signs, symptoms, functional impairments and risk potential)

At least one of the following manifestations is present:

- Severe Psychiatric Signs and Symptoms
- Psychiatric symptoms - features of intense cognitive/perceptual/affective disturbance (hallucinations, delusions, extreme agitation, profound depression) - severe enough to cause disordered and/or bizarre behavior (e.g., catatonia, mania, incoherence) or prominent psychomotor retardation, resulting in extensive interference with activities of daily living, so that the person cannot function at a lower level of care.
- Disorientation, impaired reality testing, defective judgment, impulse control problems and/or memory impairment severe enough to endanger the welfare of the person and/or others.
- Severe anxiety, phobic symptoms or agitation, or ruminative/obsessive behavior that has failed, or is deemed unlikely, to respond to less intensive levels of care and has resulted in substantial current dysfunction.
- Disruption of Self-Care and Independent Functioning
- Beneficiary is unable to maintain adequate nutrition or self care due to a severe psychiatric disorder.
- The beneficiary exhibits significant inability to attend to age-appropriate responsibilities, and there has been a serious deterioration/impairment of interpersonal, familial, and/or educational functioning due to an acute psychiatric disorder or severe developmental disturbance.
- Harm to Self
- A suicide attempt has been made which is serious by degree of lethal intent, hopelessness, or impulsivity.
- There is a specific plan to harm self with clear intent and/or lethal potential.
- There is self-harm ideation or threats without a plan, which are considered serious due to impulsivity, current impairment or a history of prior attempts.
- There is current behavior or recent history of self-mutilation, severe impulsivity, significant risk-taking or other self-endangering behavior.
- There is a verbalized threat of a need or willingness to self-mutilate, or to become involved in other high-risk behaviors; and intent, impulsivity, plan and judgment would suggest an inability to maintain control over these ideations.
- There is a recent history of drug ingestion with a strong suspicion of intentional overdose. The person may not need detoxification but could require treatment of a substance-induced psychiatric disorder.
- Harm to Others
- Serious assaultive behavior has occurred and there is a clear risk of escalation or repetition of this behavior in the near future.
- There is expressed intention to harm others and a plan and means to carry it out; the level of impulse control is non-existent or impaired.
- There has been significant destructive behavior toward property that endangers others, such as setting fires.

- The person has experienced severe side effects from using therapeutic psychotropic medications.
 - Drug/Medication Complications or Co-Existing General Medical Condition Requiring Care.
 - The person has a known history of psychiatric disorder that requires psychotropic medication for stabilization if the condition, and the administration, adjustment or reinitiation of medications requires close and continuous observation and monitoring, and this cannot be accomplished at a lower level of care due to the beneficiary's condition or to the nature of the procedures involved.
 - There are concurrent significant physical symptoms or medical disorders which necessitate evaluation, intensive monitoring and/or treatment during medically necessary psychiatric hospitalization, and the co-existing general medical condition would complicate or interfere with treatment of the psychiatric disorder at a less intensive level of care.
- 2) Special Consideration: Concomitant Substance Abuse - The underlying psychiatric diagnosis must be the primary cause of the beneficiary's current symptoms or represents the primary reason observation and treatment are necessary in the hospital setting.
- 3) Intensity of Service: The person meets the intensity of service requirements if inpatient services are considered medically necessary and if the person requires at least one of the following:
- * Close and continuous skilled medical observation and supervision are necessary to make significant changes in psychotropic medications.
 - * Close and continuous skilled medical observation is needed due to otherwise unmanageable side effects of psychotropic medications.
 - * Continuous observation and control of behavior (e.g., isolation, restraint, closed unit, suicidal/homicidal precautions) to protect the beneficiary, others, and/or property, or to contain the beneficiary so that treatment may occur.
 - * A comprehensive multi-modal therapy plan is needed, requiring close medical supervision and coordination, due to its complexity and/or the severity of the beneficiary's signs and symptoms.

The CAFAS® is an assessment rating tool that measures functional assessment of school aged children and adolescents. Each of the CMHSPs participating in the SEDW must also participate in the Michigan Level of Functioning Project (LOF Project), and must comply with all requirements of that project, including data collection and reporting. The CAFAS® provides an objective, reliable and valid way to identify behaviors that impair a child's functioning. Within family centered practice, the CAFAS® is best utilized when it is completed and discussed with the child/adolescent and family. In using the CAFAS®, the rater should provide a brief explanation of the CAFAS® to the family, and then - working with the family - use the CAFAS® to identify needs important to the child/adolescent and family. Additionally, the CAFAS® should help to identify strengths of the child/adolescent and family that can be used to develop a plan that will best meet the child's/adolescent's and family's needs and desires.

The PECFAS® is a standardized, validated, reliable assessment tool that measures the impairment in day-to-day functioning secondary to behavioral, emotional, psychological or psychiatric problems for children 3 to 7 years of age that have a mental health diagnosis.

The PECFAS® contains a "menu" of behaviorally-oriented descriptions, from which the rater chooses those that best describe the child. The items are organized within domains of functioning (i.e. subscales), and within each domain, into levels of impairment (i.e., severe, moderate, mild, none). The domains assessed (subscales) are: school/daycare, home, community (delinquent – like behavior), behavior toward others, mood/emotions, self-harmful behavior, thinking/communication.

The primary uses of the PECFAS® include:

- Identifying need for referral to mental health evaluation or services;
- Assigning cases to appropriate levels of care;
- Generating a strengths-based treatment plan;
- Active case management, using ongoing outcome information;
- Communicating with caregivers and others about child's needs; and
- Maintaining clinical documentation which can withstand audits

The PECFAS® was developed for use with children who are not yet enrolled in a full-day Kindergarten program or in first grade. Depending on the child's emotional and cognitive developmental level, the PECFAS® can be used with children ages 3 to 7 years old.

The PECFAS® was also developed by Dr. Kay Hodges.

- e. **Level of Care Instrument(s).** Per 42 CFR §441.303(c)(2), indicate whether the instrument/tool used to evaluate level of care for the waiver differs from the instrument/tool used to evaluate institutional level of care (*select one*):

- The same instrument is used in determining the level of care for the waiver and for institutional care under the State Plan.**
- A different instrument is used to determine the level of care for the waiver than for institutional care under the State plan.**

Describe how and why this instrument differs from the form used to evaluate institutional level of care and explain how the outcome of the determination is reliable, valid, and fully comparable.

- f. Process for Level of Care Evaluation/Reevaluation:** Per 42 CFR §441.303(c)(1), describe the process for evaluating waiver applicants for their need for the level of care under the waiver. If the reevaluation process differs from the evaluation process, describe the differences:

The SEDW uses a Wraparound Service Facilitation and Coordination model. The Wraparound model has an infrastructure which includes the Collaborative Body, Community Team, Wraparound Facilitator, and a Child and Family Team with team members determined by the family. The wraparound plan is developed in partnership with other community agencies. Membership on the Community Team consists of administrators and mid-managers of public agencies providing services, e.g. MDCH, CMHSP, schools, family court; parents and youth who have experienced or received services; and community members including faith-based organizations, local business people, and non-profit administrators.

The Community Team is responsible for accepting, reviewing and approving referrals for Wraparound Services. The criteria used by the Community Team for accepting referrals for Wraparound include one or more of the following: The child is involved in multiple systems; the child is at risk of an out-of-home placement, or is currently in out-of-home placement; the child and family have received other community services and supports with minimal improvement; and numerous providers are serving multiple children in the family, and service outcomes have not been met.

Of those individuals determined by the Community Team to be eligible for Wraparound Services, a further review is conducted to determine if the child meets the criteria for the SEDW due to the functional limitations identified by a CAFAS® or PECFAS and if the child meets criteria for admission to a psychiatric hospital. If a child appears to meet these criteria, a referral is made to the CMHSP for review, eligibility determination (including family choice of waiver services over hospitalization), and possible application to the SEDW. The CMHSP determines eligibility for the SEDW based on the published eligibility criteria, completes the waiver application for each candidate and submits it to MDCH for review, approval, and enrollment in the waiver.

The Wraparound Facilitator is the person responsible for the initial level of care evaluation and for making a recommendation to the individual designated by the CMHSP Director. The Wraparound Facilitator must be a Child Mental Health Professional and be working with the child and family.

A description of the reevaluations process is as follows: The date of the CMHSP designee's signature on the Waiver Certification is considered the reevaluation date. If the child continues to meet SEDW criteria and to require the services of the SEDW the Wraparound facilitator submits a newly executed Waiver Certification form to MDCH. The Waiver Certification must be completed and signed within 12 months of the previous Waiver Certification, and must be submitted to MDCH within 30 days of signature to maintain eligibility. The Wraparound Facilitator also submits an updated CAFAS® summary or PECFAS® to document that the child continues to meet SEDW eligibility criteria; an annual budget, based on services identified in the current Plan of Service (POS); proof of current Medicaid eligibility; and an updated demographic intake data form (if there have been changes). MDCH staff review the renewal application and complete and sign section 2 of the Waiver Certification form. A copy of the signed form is sent to the Wraparound Facilitator for the child's file, and the Medicaid Policy office is notified that the child continues to be eligible for the SEDW.

- g. Reevaluation Schedule.** Per 42 CFR §441.303(c)(4), reevaluations of the level of care required by a participant are conducted no less frequently than annually according to the following schedule (*select one*):

- Every three months**
- Every six months**
- Every twelve months**
- Other schedule**

Specify the other schedule:

h. Qualifications of Individuals Who Perform Reevaluations. Specify the qualifications of individuals who perform reevaluations (*select one*):

- The qualifications of individuals who perform reevaluations are the same as individuals who perform initial evaluations.**
- The qualifications are different.**
Specify the qualifications:

i. Procedures to Ensure Timely Reevaluations. Per 42 CFR §441.303(c)(4), specify the procedures that the State employs to ensure timely reevaluations of level of care (*specify*):

SEDW enrollment data is maintained in an Excel spreadsheet and is used to identify children coming up for reevaluation/recertification. The appropriate CMHSP is notified in writing by MDCH 60-90 days prior to the renewal due date. A CMHSP Wraparound Facilitator must submit a reevaluation/recertification packet within 365 days of the previous years certification, as stated above.

If necessary, SEDW staff contact the CMHSP wraparound facilitator and instruct them to provide either a recertification or evidence of termination and notification to the family of Right to Hearing.

j. Maintenance of Evaluation/Reevaluation Records. Per 42 CFR §441.303(c)(3), the State assures that written and/or electronically retrievable documentation of all evaluations and reevaluations are maintained for a minimum period of 3 years as required in 45 CFR §92.42. Specify the location(s) where records of evaluations and reevaluations of level of care are maintained:

The CMHSP maintains consumer's clinical records that include the SEDW initial and reevaluation/recertifications packets, along with supporting documentation. The MDCH maintains copies of the initial and recertification packets and approvals letters. The Medicaid agency maintains a copy of notification of both the initial and continuing eligibility for the SEDW.

Appendix B: Evaluation/Reevaluation of Level of Care

Quality Improvement: Level of Care

As a distinct component of the State's quality improvement strategy, provide information in the following fields to detail the State's methods for discovery and remediation.

a. Methods for Discovery: Level of Care Assurance/Sub-assurances
i. Sub-Assurances:

a. Sub-assurance: An evaluation for LOC is provided to all applicants for whom there is reasonable indication that services may be needed in the future.

Performance Measures

For each performance measure/indicator the State will use to assess compliance with the statutory assurance complete the following. Where possible, include numerator/denominator. Each performance measure must be specific to this waiver (i.e., data presented must be waiver specific).

For each performance measure, provide information on the aggregated data that will enable the State to analyze and assess progress toward the performance measure. In this section provide information on the method by which each source of data is analyzed statistically/deductively or inductively, how themes are identified or conclusions drawn, and how recommendations are formulated, where appropriate.

Performance Measure:

Number and percent of newly enrolled waiver consumers who have a need for a State Psychiatric Hospital level of care (LOC) prior to receipt of services.
Numerator: Number of newly enrolled waiver consumers who have received a

**State Psychiatric Hospital level of care (LOC) prior to receipt of services.
Denominator: All new enrollees.**

- ii. If applicable, in the textbox below provide any necessary additional information on the strategies employed by the State to discover/identify problems/issues within the waiver program, including frequency and parties responsible.

Level of Care (LOC) determinations are based on two things: whether the child meets the criteria for and is at risk of hospitalization in a State psychiatric hospital, and whether the child demonstrates serious functional limitations that impair his/her ability to perform in the community. The level of functional limitation is identified using the CAFAS® or PECFAS®. Eligibility for psychiatric hospitalization is documented on the Waiver Certification Form, as is the CAFAS® or the PECFAS® score. The Waiver Certification form and the CAFAS® or PECFAS® summary are submitted by the responsible CMHSP to MDCH for review and approval at the time of the initial application and the annual re-certification. MDCH maintains a database of all enrolled participants by CMHSP. The database identifies the initial date of eligibility for the waiver and is used to determine when re-certifications are due. A sample of the CMHSP's waiver consumer clinical records is reviewed annually via an on-site clinical and administrative record review. At this time all assessments and documentations that underpin the waiver certification is reviewed.

b. Methods for Remediation/Fixing Individual Problems

i. Describe the State’s method for addressing individual problems as they are discovered. Include information regarding responsible parties and GENERAL methods for problem correction. In addition, provide information on the methods used by the State to document these items.

Problems with level of care evaluation/re-evaluation are identified during the annual site review and are documented by MDCH using the Site Review Protocol. The Provider Agency is required to respond to the MDCH within 30 day of receipt of the report with a plan of correct. This plan of correction must be reviewed MDCH staff that completed the site review. MDCH administration reviews and approves staff response to the plan of correction. The remediation process continues until all concerns have been appropriately addressed.

ii. Remediation Data Aggregation

Remediation-related Data Aggregation and Analysis (including trend identification)

Responsible Party (check each that applies):	Frequency of data aggregation and analysis (check each that applies):

	<input type="checkbox"/> Continuously and Ongoing
	<input type="checkbox"/> Other Specify:

c. Timelines

When the State does not have all elements of the Quality Improvement Strategy in place, provide timelines to design methods for discovery and remediation related to the assurance of Level of Care that are currently non-operational.

- No**
- Yes**

Please provide a detailed strategy for assuring Level of Care, the specific timeline for implementing identified strategies, and the parties responsible for its operation.

Appendix B: Participant Access and Eligibility

B-7: Freedom of Choice

Freedom of Choice. As provided in 42 CFR §441.302(d), when an individual is determined to be likely to require a level of care for this waiver, the individual or his or her legal representative is:

- i. informed of any feasible alternatives under the waiver; and
- ii. given the choice of either institutional or home and community-based services.

a. Procedures. Specify the State's procedures for informing eligible individuals (or their legal representatives) of the feasible alternatives available under the waiver and allowing these individuals to choose either institutional or waiver services. Identify the form(s) that are employed to document freedom of choice. The form or forms are available to CMS upon request through the Medicaid agency or the operating agency (if applicable).

The Waiver Certification Form is a double-sided form with three (3) areas for completion. The third section of the Waiver Certification form is the Family Choice Assurance section, and is to be completed by the child's parent or legal guardian. This section verifies that the Wraparound Facilitator has informed the family of their right to choose between the community based services provided by the SEDW and hospitalization in a state psychiatric hospital. The parent(s) must check one of the three choices listed in this section. This section also confirms that the family has been informed of their choice of qualified service providers. The parent/legal guardian signs and dates the "Family Choice Assurance" section of the form. The Wraparound Facilitator, as witness to the parent or guardian's signature, also signs and dates the form.

b. Maintenance of Forms. Per 45 CFR §92.42, written copies or electronically retrievable facsimiles of Freedom of Choice forms are maintained for a minimum of three years. Specify the locations where copies of these forms are maintained.

As stated above Freedom of Choice is part of the Waiver Certification form and is maintained by the CMHSP in the consumer's clinical record and by MDCH in the consumer record.

Appendix B: Participant Access and Eligibility

B-8: Access to Services by Limited English Proficiency Persons

Access to Services by Limited English Proficient Persons. Specify the methods that the State uses to provide meaningful access to the waiver by Limited English Proficient persons in accordance with the Department of Health and Human Services "Guidance to Federal Financial Assistance Recipients Regarding Title VI Prohibition Against National Origin Discrimination Affecting Limited English Proficient Persons" (68 FR 47311 - August 8, 2003):

The Michigan Medicaid Provider Manual, Section 4 - Compliance with Federal Legislation, sub-section 4.2 - Nondiscrimination. 6 of the "General Information" state the following:

"Federal regulations require that all programs receiving federal assistance through Health and Human Services (HHS) comply fully with Title VI of the Civil Rights Act of 1964 and Section 504 of the Rehabilitation Act of 1973. Providers are prohibited from denying services or otherwise discriminating against any medical assistance recipient on the grounds of race, color, national origin or handicap. For complaints of noncompliance, contact the Michigan Department of Civil Rights or the Office of Civil Rights within the U.S. Department of Justice. (Refer to the Directory Appendix for contact information.)

Additionally, the MCDH/PIHP contract, amended 9/11/2003, section 15.7 States:

Limited English Proficiency

The PIHP shall comply with the Office of Civil Rights Policy Guidance on the Title VI Prohibition Against Discrimination as it Affects Persons with Limited English Proficiency. This guidance clarifies responsibilities for providing language assistance under Title VI of the Civil Rights Act of 1964.

PIHP's contract with Interpreters to provide both verbal and written correspondence for individuals who are unable to understand or read the English language when a significant number or percentage of program beneficiaries requires information in a language other than English.

Appendix C: Participant Services

C-1: Summary of Services Covered (1 of 2)

a. Waiver Services Summary. List the services that are furnished under the waiver in the following table. If case management is not a service under the waiver, complete items C-1-b and C-1-c:

Service Type	Service		
Statutory Service	Respite		
Other Service	Child Therapeutic Foster Care		
Other Service	Community Living Supports		
Other Service	Community Transition		
Other Service	Family Home Care Training

Appendix C: Participant Services

C-1/C-3: Service Specification

State laws, regulations and policies referenced in the specification are readily available to CMS upon request through the Medicaid agency or the operating agency (if applicable).

Service Type:

Statutory Service

Service:

Respite

Alternate Service Title (if any):

Service Definition (Scope):

Services provided to individuals unable to care for themselves; furnished on a short-term basis because of the absence or need for relief of those persons normally providing the care. FFP will not be claimed for the cost of room and board except when provided as part of respite care furnished in a facility approved by the State that is not a private residence.

Respite care will be provided in the following locations: Individual's home or place of residence; family friend's home in the community; Foster home.

Specify applicable (if any) limits on the amount, frequency, or duration of this service:

This service can be billed up to a maximum of 1248 units per month.

Service Delivery Method (check each that applies):

- Participant-directed as specified in Appendix E
- Provider managed

Specify whether the service may be provided by (check each that applies):

- Legally Responsible Person
- Relative
- Legal Guardian

Provider Specifications:

Provider Category	Provider Type Title
Agency	Foster family home; Foster family group home
Agency	CMHSP or an agency contracted to the CMHSP

Appendix C: Participant Services

C-1/C-3: Provider Specifications for Service

Service Type: Statutory Service

Service Name: Respite

Provider Category:

Agency

Provider Type:

Foster family home; Foster family group home

Provider Qualifications

License (specify):

Foster Care Providers are licensed under MCL 222.122.

Certificate (specify):

NA

Other Standard (specify):

The identified provider types must be contracted to the CMHSP for the purpose of providing respite care services to SEDW consumers. Respite is typically provided by aides employed by a Foster Family Home or Foster Family Group Home. Aides must meet criteria specified in the Michigan Medicaid Provider Manual: be at least 18 years of age; able to prevent transmission of communicable disease; able to communicate expressively and receptively in order to follow the consumer's individual plan of service (IPOS) and consumer-specific emergency procedures; have a documented understanding and skill in implementing the IPOS and report on activities performed; be in good standing with the law (i.e., not a fugitive from justice, not a convicted felon who is either still under jurisdiction or one whose felony relates to the kind of duty he/she would be performing, and not an illegal alien); be trained in recipient rights; be able to perform basic first aid and emergency procedures; and be trained in the IPOS, as applicable.

Verification of Provider Qualifications

Entity Responsible for Verification:

The Michigan Department of Human Services (MDHS) is the licensing authority and is responsible for issuing and renewing licenses for these providers. MDHS also verifies provider qualifications during regular and special investigation visits.

The CMHSP is responsible for verifying provider qualifications prior to contracting with the provider. The Foster Family Home and Foster Family Group homes are responsible for assuring that all employees providing this service meet the provider qualifications as identified in "other standard" above.

Frequency of Verification:

Licenses are issued/renewed for a two-year period. CMHSPs and contracted agencies verify that individuals service providers meet qualifications prior to delivery of services and every two years thereafter.

Appendix C: Participant Services

C-1/C-3: Provider Specifications for Service

Service Type: Statutory Service

Service Name: Respite

Provider Category:

Agency

Provider Type:

CMHSP or an agency contracted to the CMHSP

Provider Qualifications

License (specify):

Certificate (specify):

NA

Other Standard (specify):

The agency must be certified by MDCH as a CMHSP or the agency must be contracted by the CMHSP to provide respite services to SEDW consumers.

Direct care, aide level staff employed by the agency must meet criteria specified in the Michigan Medicaid Provider Manual: be at least 18 years of age; able to prevent transmission of communicable disease; able to communicate expressively and receptively in order to follow the consumer's individual plan of service (IPOS) and consumer-specific emergency procedures; have a documented understanding and skill in implementing the IPOS and report on activities performed; be in good standing with the law (i.e., not a fugitive from justice, not a convicted felon who is either still under jurisdiction or one whose felony relates to the kind of duty he/she would be performing, and not an illegal alien); be trained in recipient rights; be able to perform basic first aid and emergency procedures; and be trained in the IPOS, as applicable.

Verification of Provider Qualifications**Entity Responsible for Verification:**

MDCH verifies that the CMHSP meets the qualifications when the CMHSP is the direct service provider. The CMHSP is responsible for verification of qualifications of agency providers with which it contracts. The CMHSP verifies provider qualifications before contracting with agencies and adding them to the CMHSP's panel of providers and during routine monitoring of providers. The agency is responsible for assuring that all staff providing this service meet provider qualifications.

Frequency of Verification:

CMHSPs and contracted agencies verify that individual service providers meet qualifications prior to delivery of services and every two years thereafter.

Appendix C: Participant Services**C-1/C-3: Service Specification**

State laws, regulations and policies referenced in the specification are readily available to CMS upon request through the Medicaid agency or the operating agency (if applicable).

Service Type:

Other Service

As provided in 42 CFR §440.180(b)(9), the State requests the authority to provide the following additional service not specified in statute.

Service Title:

Child Therapeutic Foster Care

Service Definition (Scope):

Child Therapeutic Foster Care (CTFC) provides an intensive therapeutic living environment for a child with a behavior disorder. Important components of Child Therapeutic foster care include: intensive parental supervision, positive adult –youth relationship, reduced contact with other behaviorally disorder children and family behavior management skills. CTFC seeks to change the negative trajectory of a child's behavior by improving their social adjustment, family adjustment and peer group. CTFC attempts to decrease negative behavior and increase appropriate behavior and build pro-social skills. Foster parents, teachers, therapists and other adults act as change agents for the child. They all contribute to the treatment of the child and the preparation of his/her family for returning home. Foster parents are specially recruited, behaviorally trained and supervised. The total number of individuals (including persons served in the waiver) living in the home, who are unrelated to the principal care provider, cannot exceed 1. In addition to being licensed all therapeutic foster care programs under this waiver will be pre-enrolled by MDCH to ensure they meet the requirements set forth in this document. Separate payment will not be made for homemaker or chore services, or for community living services provided by the foster parents, or for respite care furnished for the foster care parents to a child

receiving Therapeutic Foster Care services, since these services are integral to and inherent in the provision of Child Therapeutic Foster Care.

Specify applicable (if any) limits on the amount, frequency, or duration of this service:
CTFC must be billed as a 'per diem' service, up to a maximum of 365 days per year.

Service Delivery Method (*check each that applies*):

State laws, regulations and policies referenced in the specification are readily available to CMS upon request through the Medicaid agency or the operating agency (if applicable).

Service Type:

Other Service

As provided in 42 CFR §440.180(b)(9), the State requests the authority to provide the following additional service not specified in statute.

Service Title:

Community Living Supports

Service Definition (Scope):

Community Living Supports (CLS) are used to increase or maintain personal self-sufficiency, thus facilitating an individual’s achievement of his/her goals of community inclusion and remaining in their home. The supports may be provided in the participant’s residence or in community settings (including but not limited to libraries, city pools, camps, etc.).

Community Living Services provides assistance to the family in the care of their child, while facilitating the child’s independence and integration into the community. The supports, as identified in the POS, are provided in the child’s home and may be provided in community settings when integration into the community is an identified goal. Skills related to activities of daily living, such as personal hygiene, household chores, and socialization may be included. It may also promote communication, and relationship-building skills, and participation in leisure and community activities. These supports must be provided directly to, or on behalf of, the child enabling the child to attain or maintain their maximum potential. These supports may serve to reinforce skills or lessons taught in school, therapy, or other settings.

Specify applicable (if any) limits on the amount, frequency, or duration of this service:

Up to 744 units (15 minutes) per month.

Service Delivery Method (check each that applies):

State laws, regulations and policies referenced in the specification are readily available to CMS upon request through the Medicaid agency or the operating agency (if applicable).

Service Type:

Other Service

As provided in 42 CFR §440.180(b)(9), the State requests the authority to provide the following additional service not specified in statute.

Service Title:

Community Transition

Service Definition (Scope):

Community Transition service is a one-time-only expense to assist beneficiaries returning to their home and community while the family is in the process of securing other benefits (e.g. SSI) or resources (e.g., governmental rental assistance and/or home ownership programs) that may be available to assume these obligations and provide needed assistance.

Additional criteria for using Transitional services:

- The beneficiary must have in his/her family-centered plan of services a goal to return to his/her home and community; and
- Documentation of the family's control (i.e., signed lease, rental agreement, deed) of their living arrangement in the family-centered plan of service; and
- Documentation of efforts (e.g., the family is on a waiting list) under way to secure other benefits, such as SSI, or public programs (e.g., governmental rental assistance, community housing initiatives and/or home ownership programs) so when these become available, they will assume these obligations and provide the needed assistance.

Coverage includes:

- Assistance with utilities, insurance, and moving expenses where such expenses would pose a barrier to a successful transition to the beneficiary's family home
- Interim assistance with utilities, insurance, or living expenses when the beneficiary's family already living in an independent setting experiences a temporary reduction or termination of their own or other community resources

• Home maintenance when, without a repair to the home or replacement of a necessary appliance, the individual would be unable to move there, or if already living there, would be forced to leave for health and safety reasons. All services provided must be in accordance with applicable state or local building codes. Standards of value purchasing must be followed. The home maintenance must be the most reasonable alternative, based on the results of a review of all options. The existing structure must have the capability to accept and support the proposed changes. The infrastructure of the home involved must be in compliance with any applicable local codes. The home maintenance involved shall exclude costs for improvements exclusively required to meet local building codes. The home maintenance must incorporate reasonable and necessary construction standards, excluding cosmetic improvements. The adaptation cannot result in valuation of the structure significantly above comparable neighborhood real estate values.

Coverage excludes those adaptations or improvements to the home that are

- of general utility or are cosmetic,
- are considered to be standard housing obligations of the beneficiary’s family
- are not of direct medical or remedial benefit to the child,
- are for on-going housing costs
- costs for room and board that are not directly associated with transition arrangements while securing other benefits.

Requests for transitional services must be prior authorized by the CMHSP following denial by all other applicable resources (e.g., private insurance, Medicaid). All services shall be provided in accordance with applicable state or local building codes.

Specify applicable (if any) limits on the amount, frequency, or duration of this service:

This is a one time only service that can be used while a child is enrolled in the waiver program.

Service Delivery Method (*check each that applies*):

- Participant-directed as specified in Appendix E

As provided in 42 CFR §440.180(b)(9), the State requests the authority to provide the following additional service not specified in statute.

Service Title:

Family Home Care Training

Service Definition (Scope):

This training and counseling service is a clinical/professional service provided by a Master's level Social Worker, psychologist or QMHP to families of individuals served on this waiver. For purposes of this service, "family" is defined as the person(s) who live with or provide care to a person served on the waiver, and may include a parent and/or siblings or the foster parent(s) for a child in Therapeutic Child Foster Care. Training includes instruction about treatment regimens and behavioral plans specified in the plan of care, and shall include updates as necessary to safely maintain the individual at home.

It is also a counseling service directed to the family and designed to improve and develop the family's skills in dealing with the life circumstances of parenting a child with special needs and help the child remain at home. All family training must be included in the child's individual plan of care and must be provided on a face-to-face basis.

This service will not be duplicative of other services provided.

Specify applicable (if any) limits on the amount, frequency, or duration of this service:

This service must be billed per session, up to a maximum of four sessions per month.

Service Delivery Method (check each that applies):

Service Type:

Other Service

As provided in 42 CFR §440.180(b)(9), the State requests the authority to provide the following additional service not specified in statute.

Service Title:

Family Support and Training

Service Definition (*Scope*):

This service is provided by a parent who has completed specialized training. It is a family-focused service provided to families (birth or adoptive parents, siblings, relatives, foster family, and other unpaid caregivers) of children serious emotional disturbance (SED) for the purpose of assisting the family in relating to and caring for a child with SED. The services target the family members who are caring for and/or living with a child receiving waiver services. The service is to be used in cases where the child is hindered or at risk of being hindered in his ability to achieve goals of: performing activities of daily living; Improving functioning across life domain areas; perceiving, controlling, or communicating with the environment in which he lives; or improving his inclusion and participation in the community or productive activity, or opportunities for independent living.

Coverage includes: Education and training, including instructions about treatment regimens to safely maintain the child at home as specified in the POS; peer support provided by a trained peer one-on-one or in group for assistance with identifying coping strategies for successfully caring for or living with a person with a SED.

Parent-to-Parent Support is designed to support parents/family of children with SED as part of the treatment process to be empowered, confident and have skills that will enable them to assist their child to improve in functioning. The trained parent support partner, who has or had a child with special mental health needs, provides education, training, and support and augments the assessment and mental health treatment process. The parent support partner provides these services to the parents and their family. These activities are provided in the home and in the community. The parent support partner is to be provided regular supervision and team consultation by the treating professionals. This service will require a completion of a MDCH approved Curriculum.

This service will not be duplicative of other services provided.

Specify applicable (if any) limits on the amount, frequency, or duration of this service:

The frequency and duration of the training must be identified in the child's POS, along with the child's goal(s) that are being facilitated by this service.

Service Delivery Method (check each that applies):

- Participant-directed as specified in Appendix E
- Provider managed

Service Type:

Other Service

As provided in 42 CFR §440.180(b)(9), the State requests the authority to provide the following additional service not specified in statute.

Service Title:

Home Care Training, Non-Family

Service Definition (Scope):

This service provides coaching, supervision and monitoring of Community Living Support (CLS) staff by clinical professional (psychologist, social worker, occupational therapist, physical therapist, speech therapist, or Child Mental health Professional). The professional staff work with CLS staff to implement the plan that addresses services designed to improve the child's social interactions and self-control by instilling positive behaviors in the place of behaviors that are socially disruptive, injurious to the child or others, or that cause property damage. Professional staff train, supervise and monitor CLS staff to ensure appropriateness of service delivery and continuity of care.

Specify applicable (if any) limits on the amount, frequency, or duration of this service:

Up to four sessions per day but no more than 12 sessions per 90 day period.

Service Delivery Method (check each that applies):

Service Title:

Therapeutic Activities

Service Definition (Scope):

Therapeutic activities is an alternative service that can be used in lieu of, or in combination with, traditional professional services. The focus of therapeutic activities is to interact with the child to accomplish the goals identified in the POS. The POS ensures the child's health, safety and skill development and maintains the child in the family home. Services must be directly related to an identified goal in the POS. Providers are identified through the wraparound planning process and participate in the development of an POS based on strengths, needs and preferences of the child and family. Therapeutic activities may include the following activities: Child and family training, coaching and supervision, monitoring of progress related to goals and objectives, and recommending changes in the POS. Services provided under Therapeutic Activities include: Music Therapies, Recreation Therapies, and Art Therapies.

The training, coaching, supervision and monitoring activities provided under this service are specific to music, art and recreation therapy, and must be provided by qualified providers of the therapies. This service is not duplicative of any other service provided.

Specify applicable (if any) limits on the amount, frequency, or duration of this service:

This service may be billed for a maximum of 4 times per month.

Wraparound

Service Definition (Scope):

Wraparound Service Facilitation and Coordination for Children and Adolescents is a highly individualized planning process performed by specialized wraparound facilitators employed by the CMHSP, or other approved community-based mental health and developmental disability services provider, or its provider network who, using the Wraparound model, coordinate the planning for, and delivery of, services and supports that are medically necessary for the child. The planning process identifies the child's strengths, needs, strategies and outcomes. Wraparound utilizes a Child and Family Team with team members determined by the family, often representing multiple agencies and informal supports. The Child and Family Team create a highly

individualized plan of service for the child that consists of mental health specialty treatment, services and supports covered by the Medicaid mental health State plan or the waiver. The plan may also consist of other non-mental health services that are secured from and funded by other agencies in the community. The Wraparound plan is the result of a collaborative team planning process that focuses on the unique strengths, values, and preferences of the child and family and is developed in partnership with other community agencies. The Community Team that consists of parents, agency representatives, and other relevant community members oversees wraparound.

The focus of Wraparound is to ensure the POS gets implemented; it is a process of enabling and facilitating. The Wraparound Facilitator provides case management, overall service coordination, communication with the community team, and implementing the POS.

Specify applicable (if any) limits on the amount, frequency, or duration of this service:

Billable Wraparound services include all collateral contacts and ancillary tasks/activities, as well as direct consumer contact - as described above. The maximum number of billable days per month is 4; and only dates-of-service for which there is a documented face-to-face encounter / event with the consumer can be billed. Therefore a "billable day" includes both direct consumer contact that occurred on the billed date-of-service, as well as all collateral/ancillary contacts that occurred on days on which there was not a face-to-face encounter with the consumer. During SEDW Site Reviews, documentation of all facets of Wraparound services is audited, including documentation of the face-to-face service provided on the date-of-service billed to Medicaid.

Service Delivery Method (check each that applies):

- Participant-directed as specified in Appendix E
- Provider managed

Specify whether the service may be provided by (check each that applies):

- Legally Responsible Person
- Relative
- Legal Guardian

Provider Specifications:

Provider Category	Provider Type Title
Agency	CMHSP or an agency contracted to the CMHSP for the purpose of providing Wraparound services for SEDW consumers

Appendix C: Participant Services

C-1/C-3: Provider Specifications for Service

Service Type: Other Service
Service Name: Wraparound

Provider Category:

Agency

Provider Type:

CMHSP or an agency contracted to the CMHSP for the purpose of providing Wraparound services for SEDW consumers

Provider Qualifications

License (specify):

NA

Certificate (specify):

NA

Other Standard (specify):

The agency must be certified by MDCH as a CMHSP or be contracted by the CMHSP to provide Wraparound services to SEDW consumers. Wraparound facilitators must:

1. Complete MDCH wraparound training;

2. Possess a bachelor's degree in human services or a related field, or other Agency approved work/personal experience in providing direct services or linking of services for children with SED;
3. Have a criminal history screen, including state and local child protection agency registries; and
4. Be supervised by an individual who meets criteria as a qualified mental health professional who has completed MDCH required training.

Verification of Provider Qualifications

Entity Responsible for Verification:

MDCH is responsible for verifying certification of CMHSPs. CMHSPs are responsible for verifying staff and contract service providers qualifications.

Frequency of Verification:

MDCH verifies CMHSPs certifications on an annual basis. CMHSP's and contracted agencies verify that individual service providers meet qualifications prior to delivery of services and every two years thereafter.

Appendix C: Participant Services

C-1: Summary of Services Covered (2 of 2)

- b. Provision of Case Management Services to Waiver Participants.** Indicate how case management is furnished to waiver participants (*select one*):

Not applicable - Case management is not furnished as a distinct activity to waiver participants.

Applicable - Case management is furnished as a distinct activity to waiver participants.

Check each that applies:

As a waiver service defined in Appendix C-3. *Do not complete item C-1-c.*

As a Medicaid State plan service under §1915(i) of the Act (HCBS as a State Plan Option). *Complete item C-1-c.*

As a Medicaid State plan service under §1915(g)(1) of the Act (Targeted Case Management). *Complete item C-1-c.*

As an administrative activity. *Complete item C-1-c.*

- c. Delivery of Case Management Services.** Specify the entity or entities that conduct case management functions on behalf of waiver participants:

Appendix C: Participant Services

C-2: General Service Specifications (1 of 3)

- a. Criminal History and/or Background Investigations.** Specify the State's policies concerning the conduct of criminal history and/or background investigations of individuals who provide waiver services (*select one*):

No. Criminal history and/or background investigations are not required.

Yes. Criminal history and/or background investigations are required.

Specify: (a) the types of positions (e.g., personal assistants, attendants) for which such investigations must be conducted; (b) the scope of such investigations (e.g., state, national); and, (c) the process for ensuring that mandatory investigations have been conducted. State laws, regulations and policies referenced in this description are available to CMS upon request through the Medicaid or the operating agency (if applicable):

(a) all direct care aide-level staff, all clinicians, and other CMHSP employees

(b) The CMHSP or it's contracted provider agency is responsible for completing the criminal

history/background investigation by checking statewide databases and for providing documentation in the employee's personnel file. The QMP and SEDW site reviews are the mechanisms for ensuring the background checks are completed.

(c) requirements, are set forth in the Michigan Medicaid Provider Manual, state that staff must "be in good standing with the law (ie., not a fugitive from justice, a convicted felon, or illegal alien)."

b. Abuse Registry Screening. Specify whether the State requires the screening of individuals who provide waiver services through a State-maintained abuse registry (select one):

- No. The State does not conduct abuse registry screening.**
- Yes. The State maintains an abuse registry and requires the screening of individuals through this registry.**

Specify: (a) the entity (entities) responsible for maintaining the abuse registry; (b) the types of positions for which abuse registry screenings must be conducted; and, (c) the process for ensuring that mandatory screenings have been conducted. State laws, regulations and policies referenced in this description are available to CMS upon request through the Medicaid agency or the operating agency (if applicable):

Appendix C: Participant Services

C-2: General Service Specifications (2 of 3)

c. Services in Facilities Subject to §1616(e) of the Social Security Act. *Select one:*

- No. Home and community-based services under this waiver are not provided in facilities subject to §1616(e) of the Act.**
- Yes. Home and community-based services are provided in facilities subject to §1616(e) of the Act. The standards that apply to each type of facility where waiver services are provided are available to CMS upon request through the Medicaid agency or the operating agency (if applicable).**

Appendix C: Participant Services

C-2: General Service Specifications (3 of 3)

d. Provision of Personal Care or Similar Services by Legally Responsible Individuals. A legally responsible individual is any person who has a duty under State law to care for another person and typically includes: (a) the parent (biological or adoptive) of a minor child or the guardian of a minor child who must provide care to the child or (b) a spouse of a waiver participant. Except at the option of the State and under extraordinary circumstances specified by the State, payment may not be made to a legally responsible individual for the provision of personal care or similar services that the legally responsible individual would ordinarily perform or be responsible to perform on behalf of a waiver participant. *Select one:*

- No. The State does not make payment to legally responsible individuals for furnishing personal care or similar services.**
- Yes. The State makes payment to legally responsible individuals for furnishing personal care or similar services when they are qualified to provide the services.**

Specify: (a) the legally responsible individuals who may be paid to furnish such services and the services they may provide; (b) State policies that specify the circumstances when payment may be authorized for the provision of *extraordinary care* by a legally responsible individual and how the State ensures that the provision of services by a legally responsible individual is in the best interest of the participant; and, (c) the controls that are employed to ensure that payments are made only for services rendered. *Also, specify in Appendix C-1/C-3 the personal care or similar services for which payment may be made to legally responsible individuals under the State policies specified here.*

e. Other State Policies Concerning Payment for Waiver Services Furnished by Relatives/Legal Guardians.

Specify State policies concerning making payment to relatives/legal guardians for the provision of waiver services over and above the policies addressed in Item C-2-d. *Select one:*

- The State does not make payment to relatives/legal guardians for furnishing waiver services.**
- The State makes payment to relatives/legal guardians under specific circumstances and only when the relative/guardian is qualified to furnish services.**

Specify the specific circumstances under which payment is made, the types of relatives/legal guardians to whom payment may be made, and the services for which payment may be made. Specify the controls that are employed to ensure that payments are made only for services rendered. *Also, specify in Appendix C-1/C-3 each waiver service for which payment may be made to relatives/legal guardians.*

- Relatives/legal guardians may be paid for providing waiver services whenever the relative/legal guardian is qualified to provide services as specified in Appendix C-1/C-3.**

Specify the controls that are employed to ensure that payments are made only for services rendered.

Michigan does not allow payment to legal guardians or to relatives who are legally responsible for providing services to the child. Subject to this qualification relatives may be paid if they meet all provider qualifications.

Services provided by relatives meeting these criteria are subject to the same claim processing edits (including quantity parameters) as services provided by non-relatives.

- Other policy.**

Specify:

f. Open Enrollment of Providers. Specify the processes that are employed to assure that all willing and qualified providers have the opportunity to enroll as waiver service providers as provided in 42 CFR §431.51:

Any entity that meets certification requirements as specified in Section 232a of the Michigan Mental Health Code, Public Act 258 of 1974, as amended, and the Administrative Rules applicable thereto, can be certified by MDCH as a Community Mental Health Service Program (CMHSP), and can enroll with Medicaid as a CMHSP. MDCH contracts with CMHSPs to carry out operational functions related to the SEDW, including directly providing at least one service and assuring a wide array of qualified service providers to provide a comprehensive array of services to meet the needs of children on the SEDW.

In order to provide an appropriate, adequate array of service providers, each CMHSP establishes a procurement schedule/process for contracting with direct service providers. In addition, CMHSPs routinely expand their provider panel to meet the needs of SEDW consumers and upon request of consumers to add direct service providers.

The CMHSP is the Provider of services. Individuals are given a choice of direct service providers that contract with the CMHSP. If the family identifies a qualified provider, they refer that provider to the CMHSP to become affiliated with the CMHSP.

The §1915(b)(4) waiver operates concurrently with this §1915(c) waiver, effective 4/1/2012. This Fee-for-Service (FFS) Selective Contracting waiver formalizes MDCH's relationship with CMHSPs as the provider of services for all children enrolled in the SEDW.

Appendix C: Participant Services

Quality Improvement: Qualified Providers

As a distinct component of the State's quality improvement strategy, provide information in the following fields to detail the State's methods for discovery and remediation.

a. Methods for Discovery: Qualified Providers

i. Sub-Assurances:

- a. *Sub-Assurance: The State verifies that providers initially and continually meet required licensure and/or certification standards and adhere to other standards prior to their furnishing waiver services.*

Performance Measures

For each performance measure/indicator the State will use to assess compliance with the statutory assurance complete the following. Where possible, include numerator/denominator. Each performance measure must be specific to this waiver (i.e., data presented must be waiver specific).

For each performance measure, provide information on the aggregated data that will enable the State to analyze and assess progress toward the performance measure. In this section provide information on the method by which each source of data is analyzed statistically/deductively or inductively, how themes are identified or conclusions drawn, and how recommendations are formulated, where appropriate.

Performance Measure:

Number and percent of applicants for provision of SEDW services that meet initial credentialing standards prior to provider enrollment. Numerator: Number of applicants for provision of SEDW services that meet initial credentialing standards prior to provider enrollment. Denominator: All new provider applicants for provision of SEDW services.

Data Source (Select one):

Record reviews, on-site

- ii. If applicable, in the textbox below provide any necessary additional information on the strategies employed by the State to discover/identify problems/issues within the waiver program, including frequency and parties responsible.

Section 6.4 of the contract between the MDCH and the PIHPs/CMHSPs specifies provider network requirements. Michigan’s Mental Health Code requires that each CMHSP be certified by the MDCH in order to receive funding by the MDCH. Certification can be granted for up to a three-year period. The MDCH ensures that the PIHPs/CMHSPs meet state certification standards using a combination of site review and certification activities. The MDCH grants deemed status to CMHSPs who have achieved a recognized accreditation. Certification application materials from each CMHSP are reviewed to ensure that recognized accreditation processes cover the CMHSP and its provider network. The CMHSPs are required to register all mental health service providers with the MDCH on an ongoing basis. To be certified by the MDCH, a CMHSP must be in compliance with the Recipient Rights Protection standards. Compliance with rights protection requirements is determined during an onsite visit conducted by the Office of Recipient Rights (ORR) within the MDCH.

The annual QMP site reviews verify that the PIHP/CMHSPs have documentation of training required by policy, as published in the Michigan Medicaid Provider Manual. These reviews include discussions with PIHP/CMHSP staff, review of administrative policies and procedures, training, clinical record reviews, interviews with service recipients, and visits to some programs and residential sites.

The SEDW site review staff will verify that the CMHSPs have documentation of training by reviewing both individual personnel records of staff providing waiver services for selected consumer, and a review of provider training data, aggregated by the CMHSP.

b. Methods for Remediation/Fixing Individual Problems

- i. Describe the State’s method for addressing individual problems as they are discovered. Include information regarding responsible parties and GENERAL methods for problem correction. In addition, provide information on the methods used by the State to document these items.

Any findings noted during the site review process are included in a formal report issued by the MDCH to the PIHP/CMHSP. The PIHP/CMHSP is required to respond with a Remedial Action Plan/Plan of Correction within 30 days of receiving the formal report. Members of the Site Review Teams review the Remedial Action Plans/Plans of Correction and provide recommendations concerning their approval. In addition to the full site review, the QMP Site Review Team members conduct a follow-up on-site visit approximately one year after the full site visit to assess the status and effectiveness of the PIHP/CMHSP’s implementation of their submitted Remedial Action Plan/Plan of Correction. This visit also results in the issuing of formal correspondence to the PIHP.

- ii. Remediation Data Aggregation

Remediation-related Data Aggregation and Analysis (including trend identification)

Responsible Party (check each that applies):	Frequency of data aggregation and analysis (check each that applies):
<input checked="" type="checkbox"/> State Medicaid Agency	<input type="checkbox"/> Weekly
<input type="checkbox"/> Operating Agency	<input type="checkbox"/> Monthly
<input type="checkbox"/> Sub-State Entity	<input type="checkbox"/> Quarterly
<input type="checkbox"/> Other Specify:	<input checked="" type="checkbox"/> Annually
	<input type="checkbox"/> Continuously and Ongoing
	<input type="checkbox"/> Other Specify:

c. Timelines

When the State does not have all elements of the Quality Improvement Strategy in place, provide timelines to design methods for discovery and remediation related to the assurance of Qualified Providers that are currently non-operational.

- No**
 Yes

Please provide a detailed strategy for assuring Qualified Providers, the specific timeline for implementing identified strategies, and the parties responsible for its operation.

Appendix C: Participant Services

C-3: Waiver Services Specifications

Section C-3 'Service Specifications' is incorporated into Section C-1 'Waiver Services.'

Appendix C: Participant Services

C-4: Additional Limits on Amount of Waiver Services

- a. Additional Limits on Amount of Waiver Services.** Indicate whether the waiver employs any of the following additional limits on the amount of waiver services (*select one*).

- Not applicable** - The State does not impose a limit on the amount of waiver services except as provided in Appendix C-3.
 Applicable - The State imposes additional limits on the amount of waiver services.

When a limit is employed, specify: (a) the waiver services to which the limit applies; (b) the basis of the limit, including its basis in historical expenditure/utilization patterns and, as applicable, the processes and methodologies that are used to determine the amount of the limit to which a participant's services are subject; (c) how the limit will be adjusted over the course of the waiver period; (d) provisions for adjusting or making exceptions to the limit based on participant health and welfare needs or other factors specified by the state; (e) the safeguards that are in effect when the amount of the limit is insufficient to meet a participant's needs; (f) how participants are notified of the amount of the limit. (*check each that applies*)

- Limit(s) on Set(s) of Services.** There is a limit on the maximum dollar amount of waiver services that is authorized for one or more sets of services offered under the waiver.
Furnish the information specified above.

- Prospective Individual Budget Amount.** There is a limit on the maximum dollar amount of waiver services authorized for each specific participant.
Furnish the information specified above.

- Budget Limits by Level of Support.** Based on an assessment process and/or other factors, participants are assigned to funding levels that are limits on the maximum dollar amount of waiver services.
Furnish the information specified above.

- Other Type of Limit.** The State employs another type of limit.
Describe the limit and furnish the information specified above.

Appendix D: Participant-Centered Planning and Service Delivery

D-1: Service Plan Development (1 of 8)

State Participant-Centered Service Plan Title:

Individual Plan of Service (POS)

- a. Responsibility for Service Plan Development.** Per 42 CFR §441.301(b)(2), specify who is responsible for the development of the service plan and the qualifications of these individuals (*select each that applies*):

- Registered nurse, licensed to practice in the State**
 Licensed practical or vocational nurse, acting within the scope of practice under State law
 Licensed physician (M.D. or D.O)
 Case Manager (qualifications specified in Appendix C-1/C-3)
 Case Manager (qualifications not specified in Appendix C-1/C-3).

Specify qualifications:

- Social Worker.**

Specify qualifications:

- Other**

Specify the individuals and their qualifications:

The Wraparound Facilitator, who leads the Child and Family Team in the development of the POS, must complete MDCH required training. Also required is a bachelor's degree in human services or a related field; or other approved work/personal experience in providing direct services or linking of services for children with SED. Wraparound facilitators must have a criminal history screen, a screen with state and local Child Protection Agency registries. They must be supervised by an individual who meets criteria as a qualified mental health professional (QMHP), who has also completed MDCH required training.

Appendix D: Participant-Centered Planning and Service Delivery

D-1: Service Plan Development (2 of 8)

- b. Service Plan Development Safeguards. *Select one:***

- Entities and/or individuals that have responsibility for service plan development may not provide other direct waiver services to the participant.**
 Entities and/or individuals that have responsibility for service plan development may provide other direct waiver services to the participant.

The State has established the following safeguards to ensure that service plan development is conducted in the best interests of the participant. *Specify:*

Michigan uses a Person-Centered Planning / Family Centered Practice approach that encompasses the belief that the family is at the center of the planning process and the service providers are collaborators. The family is the constant throughout the life of their children, while fluctuations occur at the service system level due to personnel changes and turnover. The wraparound process is an individualized, needs-driven, strengths based process for children and families with multiple needs. The Child and Family Team include those persons most familiar with the child and family, plus service providers and community members. The majority of team members are the parents plus family members, friends and neighbors selected by the family. This is known as the Child and Family Team. The functions of the Child and Family Team include: Participating in the

Strengths and Culture Discovery; Developing a wraparound plan that is family-centered; Developing crisis and safety plans; Works to support the implementation of the wraparound plan; Accessing informal and formal supports/resources; Monitoring services/supports for effectiveness; Evaluating on a regular basis the individual/family outcomes identified by the wraparound plan; Pledging unconditional commitment; Revising the wraparound plan based on changing needs, newly identified or developed strengths and/or on the result of an outcomes' review; and Making provisions for long term support of the family after formal services are completed.

The core concepts of planning are the Strengths and Culture Discovery process, completed by the Child and Family Team, which identifies the assets of the family, assists the members of the Child and Family Team to obtain a balanced picture of the family and of other team members, and begins the joining process between the family and the team. The strengths and culture discovery process is built on the identified strengths and culture of the child and family. It is the role of the Wraparound Facilitator to ensure this is completed.

The Strengths and Culture Discovery process sets the stage for a holistic planning process and should: Consider cultural differences in approaching families; Identify the personal assets (values/attitudes, preferences, traditions/daily rituals, skills/abilities, interests, attributes/features) and resources of the individual, family and team member; and Focus on the child, other family members and the family as a whole across all life domains.

Each Child and Family Team ensures that the plan is family-driven, not agency driven, and that it includes planning across all life domains, including: emotional/psychological/behavioral, health, education/vocational, financial/resources, cultural/spiritual, crisis, safety, housing/home, relationships/attachments, legal, daily living, family, social/recreational, and other life domains, as determined by the Child and Family Team.

Life Domain planning is always a blend of formal and informal resources. It uses strategies based on strengths, focused on need, and which are individualized, and community-based. It includes a Crisis Plan that is intended to help prevent a crisis and to deal with the crisis when it occurs. The child, the family and/or the Child and Family Team define the "crisis". The Crisis Plan should provide for around-the-clock response in the community (24 hours per day, 7 days per week) and include a safety plan that is intended to insure the safety of the children or family members in the home.

The Child and Family Team develops a Plan of Service and a budget is completed that outlines use of community funds, family contributions, community donations and Medicaid funds. The Community Team approves all budget expenditures as recommended by the Child and Family Team.

Appendix D: Participant-Centered Planning and Service Delivery

D-1: Service Plan Development (3 of 8)

- c. Supporting the Participant in Service Plan Development.** Specify: (a) the supports and information that are made available to the participant (and/or family or legal representative, as appropriate) to direct and be actively engaged in the service plan development process and (b) the participant's authority to determine who is included in the process.

See above.

Appendix D: Participant-Centered Planning and Service Delivery

D-1: Service Plan Development (4 of 8)

- d. Service Plan Development Process.** In four pages or less, describe the process that is used to develop the participant-centered service plan, including: (a) who develops the plan, who participates in the process, and the timing of the plan; (b) the types of assessments that are conducted to support the service plan development process, including securing information about participant needs, preferences and goals, and health status; (c) how the participant is informed of the services that are available under the waiver; (d) how the plan development process ensures that the service plan addresses participant goals, needs (including health care needs), and preferences; (e) how waiver and other services are coordinated; (f) how the plan development process provides for the assignment of responsibilities to implement and monitor the plan; and, (g) how and when the plan is updated, including when the participant's needs change. State laws, regulations, and policies cited that affect the service plan development process are available to CMS upon request through the Medicaid agency or the operating agency (if applicable):

Michigan uses a Person-Centered Planning / Family Centered Practice approach that encompasses the belief that the family is at the center of the service planning process and the service providers are collaborators. The family is the constant throughout the life of their children, while fluctuations occur at the service system level due to personnel changes and turnover. The wraparound process is an individualized, needs-driven, strengths based process for children and families with multiple needs. The wraparound planning process begins prior to the application for the SEDW. Once needs are prioritized, the family is informed of available services and choice of qualified providers responsive to identified needs. The Plan of Service is a dynamic document that is revised based on changing needs, newly identified or developed strengths and/or the result of an outcomes' review update. The Child and Family Team include those persons most familiar with the child and family, plus service providers and community members. The majority of team members are the parents plus family members, friends and neighbors selected by the family. The functions of the Child and Family Team include: Participating in the Strengths and Culture Discovery; Developing a wraparound plan that is family-centered; Developing crisis and safety plans; Working to support the implementation of the wraparound plan; Accessing informal and formal supports/resources; Monitoring services/supports for effectiveness; Evaluating on a regular basis the individual/family outcomes identified by the wraparound plan; Pledging unconditional commitment; and Making provisions for long term support of the family after formal services are completed. Wraparound team meetings are held at least weekly initially and subsequently no less than twice per month while enrolled in the SEDW unless otherwise documented in a transition plan. An essential component to engaging the family is the willingness to meet with the family wherever they want, and at a time that ensures their participation and the participation of those important to them.

Two of the core concepts of planning are the Strengths and Culture Discovery and Life Domain Planning. The Strengths and Culture Discovery process, completed by the Child and Family Team, identifies the assets of the family, assists the members of the Child and Family Team to obtain a balanced picture of the family and of other team members, and begins the joining process between the family and the team. The strengths and culture discovery process is built on the identified strengths and culture of the child and family. It is the role of the Wraparound Facilitator to ensure this is completed. The Strengths and Culture Discovery process sets the stage for a holistic planning process and should: Consider cultural differences in approaching families; Identify the personal assets (values/attitudes, preferences, traditions/daily rituals, skills/abilities, interests, attributes/features) and resources of the individual, family and team member; and Focus on the child, other family members and the family as a whole across all life domains.

Each Child and Family Team ensures that the plan is family-driven, not agency driven, and that it includes planning across all life domains, including; emotional/ psychological/behavioral, health, education/vocational, financial/resources, cultural/spiritual, crisis, safety, housing/home, relationships/attachments, legal, daily living, family, social/recreational, and other life domains, as determined by the Child and Family Team. The Plan of Service must address the coordination and oversight of any identified medical care needs to ensure health and safety. This includes areas of concern such as drug / medication complications, changes in psychotropic medications, medical observation of unmanageable side effects of psychotropic medications or coexisting general medical condition requiring care.

Life Domain planning is always a blend of formal and informal resources. It uses strategies based on strengths, focused on need, and which are individualized, and community-based. Although a child or youth participates in planning for services, as minors, they can not direct services or service providers. As noted above all individual plans of care include crisis and safety plans. A Crisis Plan is intended to help prevent a crisis and to deal with the crisis when it occurs. The child, the family and/or the Child and Family Team define the "crisis". The Crisis Plan should provide for around-the-clock response in the community (24 hours per day, 7 days per week) and include a safety plan that is intended to insure the safety of the children or family members in the home.

The essential ingredients of crisis and safety plans include that the strengths, assets, interests are evident in plans; action steps to change and handle events or behavior are specified; proactive and reactive steps are identified; 24/7 response and support; long term sustainability; natural supports and community resources are used first; constant revision; documentation; strategies across environments; individualized strategies; and identification of whom to call based on skills.

The Child and Family Team develop a Plan of Service and provide on-going oversight, with the Wraparound facilitator taking the lead responsibility. The Child and Family Team must review the Plan of Service at least monthly and revisions must be reflected in the Plan of Service, and Child and Family Team minutes. The outcomes are reviewed and progress measured by the Child and Family Team at least monthly and changes are made if needed. The Community Team formally reviews the Plan of Service every six months. The supervisor will review the Plan of service at least every three months; and the Child and Family Team, supervisor and the Community Team review crisis and safety plans. A budget is completed that outlines use of community funds, family

contributions, community donations and Medicaid funds. The Community Team approves all budget expenditures as recommended by the Child and Family Team.

Appendix D: Participant-Centered Planning and Service Delivery

D-1: Service Plan Development (5 of 8)

- e. Risk Assessment and Mitigation.** Specify how potential risks to the participant are assessed during the service plan development process and how strategies to mitigate risk are incorporated into the service plan, subject to participant needs and preferences. In addition, describe how the service plan development process addresses backup plans and the arrangements that are used for backup.

Although a child or youth participates in planning for services, as minors, they can not direct services or service providers. As noted above all individual plans of care include crisis and safety plans. A Crisis Plan is intended to help prevent a crisis and to deal with the crisis when it occurs. The child, the family and/or the Child and Family Team define the "crisis". The Crisis Plan should provide for around-the-clock response in the community (24 hours per day, 7 days per week) and include a safety plan that is intended to insure the safety of the children or family members in the home.

The essential ingredients of crisis and safety plans include that the strengths, assets, interests are evident in plans; action steps to change and handle events or behavior are specified; proactive and reactive steps are identified; 24/7 response and support; long term sustainability; natural supports and community resources are used first; constant revision; documentation; strategies across environments; individualized strategies; and identification of whom to call based on skills.

The crisis plan is based on a careful review of the child's history to identify triggers of crisis. For example, is crisis brought on by new situations, a new route, a need for structure, or change in medication, etc. Safety issues are identified by a review of legal mandates, past knowledge of the child and family by community agencies, fears or worries expressed by the family, etc. For each identified crisis and safety concern both preventive and reactive strategies are identified and written into the Plan of Service. However, as with all aspects of the Plan of Service strategies are strength based and grounded in the family's strengths and culture.

Appendix D: Participant-Centered Planning and Service Delivery

D-1: Service Plan Development (6 of 8)

- f. Informed Choice of Providers.** Describe how participants are assisted in obtaining information about and selecting from among qualified providers of the waiver services in the service plan.

Michigan assures that each individual found eligible for the waiver will be given free choice of all qualified providers for each service included in his or her written POS. At a practical level once a child and family's needs are identified and prioritized a POS is created. The POS is grounded in the strength and culture discovery and is based on brainstorming options and strategies to meet the identified needs. Options and strategies include but are not limited to waiver services. Where waiver or state plan services are the appropriate service response, the Child and Family Team, led by the Wraparound Facilitator, identifies qualified providers from which the family may choose. The child and family choice drives the POS. This includes the child and family choice of qualified service providers from the CMHSP provider network. The family choice of waiver services over institutional care is documented on the Waiver Certification form, "Parent Choice Assurance" section, and in minutes of Child and Family Team meetings, and the families signature on the POS.

The §1915(b)(4) waiver operates concurrently with this §1915(c) waiver, effective 4/1/2012. This Fee-for-Service (FFS) Selective Contracting waiver formalizes MDCH's relationship with CMHSPs as the provider of services for all children enrolled in the SEDW.

Appendix D: Participant-Centered Planning and Service Delivery

D-1: Service Plan Development (7 of 8)

- g. Process for Making Service Plan Subject to the Approval of the Medicaid Agency.** Describe the process by which the service plan is made subject to the approval of the Medicaid agency in accordance with 42 CFR §441.301(b)(1)(i):

The MDCH Division of Quality Management and Planning (QMP) currently conduct annual on-site visits to the PIHP/CMHSPs or other approved community-based mental health and developmental disability services providers. Because the SED waiver is a fee-for-service program, day to day operations are performed by the approved community-based mental health and developmental disability services providers and are not the responsibility of the PIHPs. The MDCH SED Waiver staff complete site reviews of the approved community-based mental health and developmental disability services providers every three years at which time the Plans of Service are reviewed. On alternate years the QMP completes on-site visits, which includes reviews of POSs.

Appendix D: Participant-Centered Planning and Service Delivery

D-1: Service Plan Development (8 of 8)

- h. Service Plan Review and Update.** The service plan is subject to at least annual periodic review and update to assess the appropriateness and adequacy of the services as participant needs change. Specify the minimum schedule for the review and update of the service plan:

- Every three months or more frequently when necessary
- Every six months or more frequently when necessary
- Every twelve months or more frequently when necessary
- Other schedule

Specify the other schedule:

- i. Maintenance of Service Plan Forms.** Written copies or electronic facsimiles of service plans are maintained for a minimum period of 3 years as required by 45 CFR §92.42. Service plans are maintained by the following (*check each that applies*):

- Medicaid agency
- Operating agency
- Case manager
- Other

Specify:

Appendix D: Participant-Centered Planning and Service Delivery

D-2: Service Plan Implementation and Monitoring

- a. Service Plan Implementation and Monitoring.** Specify: (a) the entity (entities) responsible for monitoring the implementation of the service plan and participant health and welfare; (b) the monitoring and follow-up method(s) that are used; and, (c) the frequency with which monitoring is performed.

Each child must have a Wraparound Facilitator who is responsible for monitoring the provision of services and supports, as identified in the Plan of Service (POS) and crisis and safety plans. The Wraparound Facilitator provides data (e.g. Child and Family Team minutes, data on goal achievement) to the Community Team to monitor outcomes of Plans of Service and expenditures. The Wraparound Supervisor is responsible for assuring that community safety is planned for and risk has been reduced. The Child and Family Team will review the POS at least monthly and revisions will be reflected in the POS, and Child and Family Team minutes. Child and Family Team minutes are part of the clinical records. Participant access to non-waiver services identified in the POS, including health care, is part of the Life domain portion of the POS, and therefore monitored along with all other domains. Outcomes will be reviewed and progress measured by the Child and Family Team at least monthly and changes will be made if needed. Parents are the essential component of the Child and Family Team, are integral to every decision, and must

approve the POS prior to implementation or changes to the POS, as evidenced by their signature on the POS. The Community Team formally reviews the POS at least every six months. The Wraparound Supervisor reviews the POS at least every three months. The Wraparound Facilitator, the Child and Family Team, Wraparound Supervisor, and the Community Team continually monitor participant health and welfare through their review of the crisis and safety plans.

b. Monitoring Safeguards. Select one:

- Entities and/or individuals that have responsibility to monitor service plan implementation and participant health and welfare may not provide other direct waiver services to the participant.**
- Entities and/or individuals that have responsibility to monitor service plan implementation and participant health and welfare may provide other direct waiver services to the participant**

The State has established the following safeguards to ensure that monitoring is conducted in the best interests of the participant. *Specify:*

While the Wraparound Facilitator provides direct services, the child and family team and the community team do not, and they ensure that monitoring is conducted in the best interest of the waiver participant.

Appendix D: Participant-Centered Planning and Service Delivery

Quality Improvement: Service Plan

As a distinct component of the State's quality improvement strategy, provide information in the following fields to detail the State's methods for discovery and remediation.

a. Methods for Discovery: Service Plan Assurance/Sub-assurances

i. Sub-Assurances:

- a. Sub-assurance: Service plans address all participants' assessed needs (including health and safety risk factors) and personal goals, either by the provision of waiver services or through other means.**

Performance Measures

For each performance measure/indicator the State will use to assess compliance with the statutory assurance complete the following. Where possible, include numerator/denominator. Each performance measure must be specific to this waiver (i.e., data presented must be waiver specific).

For each performance measure, provide information on the aggregated data that will enable the State to analyze and assess progress toward the performance measure. In this section provide information on the method by which each source of data is analyzed statistically/deductively or inductively, how themes are identified or conclusions drawn, and how recommendations are formulated, where appropriate.

Performance Measure:

Number of percent of enrolled consumers whose IPOS includes services and supports that align with their assessed needs. Numerator: Number of enrolled consumers whose IPOS includes services and supports that align with their assessed needs. Denominator: All enrolled consumers.

- ii. If applicable, in the textbox below provide any necessary additional information on the strategies employed by the State to discover/identify problems/issues within the waiver program, including frequency and parties responsible.

The Child and Family Team is charged with developing a POS for each child and family. The Wraparound Facilitator works with the team through the steps of the wraparound process to identify the child's and family's needs and create an action plan that is outcome driven. The team determines the type, amount, duration and frequency of services that will be provided, with the family having the lead voice on what makes sense to meet the outcomes. The Team also ensures that the POS incorporates strengths and is culturally relevant. The Child and Family Team review the POS at least monthly and changes are made as needed. Outcomes are reviewed and progress is measured by the Child and Family Team at least monthly. The Community Team also reviews and approves the plan initially and at least every six months and tracks service utilization.

The Wraparound supervisor reviews the POS at least every three months and the Community Team formally reviews the POS every six months. The Child and Family Team, supervisor and the Community Team also review the crisis and safety plans.

When the MDCH SEDW site review team reviews a consumer record they look for the following things specific to the POS:

the individual POS addresses the consumer's assessed needs and identifies the services by type, amount, frequency and duration; the POS was developed in accordance with the Wraparound principals; and services were delivered in accordance with the POS.

b. Methods for Remediation/Fixing Individual Problems

- i. Describe the State’s method for addressing individual problems as they are discovered. Include information regarding responsible parties and GENERAL methods for problem correction. In addition, provide information on the methods used by the State to document these items.

Any findings noted during the site review process are included in a formal report issued by the MDCH to the PIHP/CMHSP. The PIHP/CMHSP is required to respond with a Remedial Action Plan/Plan of Correction within 30 days of receiving the formal report. Members of the Site Review Teams review the Remedial Action Plans/Plans of Correction and provide recommendations concerning their approval. In addition to the full site review, the QMP Site Review Team members conduct a follow-up on-site visit approximately one year after the full site visit to assess the status and effectiveness of the PIHP/CMHSP’s implementation of their submitted Remedial Action Plan/Plan of Correction. This visit also results in the issuing of formal correspondence to the PIHP.

ii. Remediation Data Aggregation

Remediation-related Data Aggregation and Analysis (including trend identification)

Responsible Party (check each that applies):	Frequency of data aggregation and analysis (check each that applies):
<input type="checkbox"/> State Medicaid Agency	<input type="checkbox"/> Weekly
<input checked="" type="checkbox"/> Operating Agency	<input type="checkbox"/> Monthly
<input type="checkbox"/> Sub-State Entity	<input type="checkbox"/> Quarterly
<input type="checkbox"/> Other Specify: _____	<input checked="" type="checkbox"/> Annually
	<input type="checkbox"/> Continuously and Ongoing
	<input type="checkbox"/> Other Specify: _____

c. Timelines

When the State does not have all elements of the Quality Improvement Strategy in place, provide timelines to design methods for discovery and remediation related to the assurance of Service Plans that are currently non-operational.

- No
- Yes

Please provide a detailed strategy for assuring Service Plans, the specific timeline for implementing identified strategies, and the parties responsible for its operation.

Appendix E: Participant Direction of Services

Applicability (from Application Section 3, Components of the Waiver Request):

- Yes. This waiver provides participant direction opportunities. Complete the remainder of the Appendix.
- No. This waiver does not provide participant direction opportunities. Do not complete the remainder of the Appendix.

CMS urges states to afford all waiver participants the opportunity to direct their services. Participant direction of services includes the participant exercising decision-making authority over workers who provide services, a participant-managed budget or both. CMS will confer the Independence Plus designation when the waiver evidences a strong commitment to participant direction.

Indicate whether Independence Plus designation is requested (*select one*):

- Yes. The State requests that this waiver be considered for Independence Plus designation.
- No. Independence Plus designation is not requested.

Appendix F: Participant Rights

Appendix F-1: Opportunity to Request a Fair Hearing

The State provides an opportunity to request a Fair Hearing under 42 CFR Part 431, Subpart E to individuals: (a) who are not given the choice of home and community-based services as an alternative to the institutional care specified in Item 1-F of the request; (b) are denied the service(s) of their choice or the provider(s) of their choice; or, (c) whose services are denied, suspended, reduced or terminated. The State provides notice of action as required in 42 CFR §431.210.

Procedures for Offering Opportunity to Request a Fair Hearing. Describe how the individual (or his/her legal representative) is informed of the opportunity to request a fair hearing under 42 CFR Part 431, Subpart E. Specify the notice (s) that are used to offer individuals the opportunity to request a Fair Hearing. State laws, regulations, policies and notices referenced in the description are available to CMS upon request through the operating or Medicaid agency.

When an individual represents themselves for intake at a CMHSP they are provided basic information regarding available services, recipient rights, local dispute resolution and administrative hearings. At the time of POS development, the consumer is again notified of these rights.

The MDCH Administrative Tribunal provides an hearing to appellants requesting a hearing who do not agree with a decision made by MDCH or CMHSP. The Administrative Tribunal issues timely and legally accurate hearing decisions and orders. Consumers can access the Administrative Tribunal Policy and Procedures manual on the MDCH website.

The parent or guardian must be sent a written notice of actions affecting eligibility or amounts of Medicaid benefits or Medicaid covered services for their child. This may include a termination, suspension or reduction of Medicaid eligibility or covered services. There are two types of written notice: 1) Adequate Action Notice, which is a written notice sent to the parent or guardian at the same time an action takes effect. Adequate notice is provided in the following circumstances: Denial of new services not currently being provided; Approval or denial of an application; Completion of a Plan of Service; Increase in service benefits. 2) Advance Action Notice is required when an action is being taken to reduce, suspend or terminate a benefit or service the child is currently receiving. The notice must be mailed at least 12 days before the intended action takes effect. The action is pending to provide the parent or guardian an opportunity to react to the proposed action. If the parent or guardian requests a hearing before the date of action, the agency may not terminate or reduce benefits or services until a decision and order is issued by the ALJ or the parent or guardian withdraws the request for hearing, or the parent or guardian does not appear at a scheduled hearing.

The Request for Hearing form (DCH-0092) or its equivalent is sent to the parent or guardian with all adequate or advance notices. It is the responsibility of the CMHSP to designate a hearings coordinator who will serve as the liaison between the agency and the Administrative Tribunal. The purpose of the hearings coordinator is to serve as the single contact point for the Administrative Tribunal in order to communicate procedural aspects of any case. The hearings coordinator may also represent the CMHSP at a hearing.

If a parent or guardian wants to appeal an action, the request for a hearing must be in writing and sent to the State Office of Administrative Hearings and Rules (often referred to as the Administrative Tribunal).

The parent/guardian or authorized hearing representative has 90 calendar days from the date of the written notice of action to request a hearing. The State Office of Administrative Hearings and Rules must receive the written hearing request within that 90-day period. If a Medicaid covered service is being reduced, suspended or terminated, a written notice must be mailed to the child or authorized representative at least 12 days before the intended action takes effect. The letter sent to the parent/guardian also indicates that if the parent or guardian requests a hearing before the date of action, the agency may not terminate or reduce benefits or services until a decision and order is issued by the ALJ, or the parent or guardian withdraws the request for hearing, or the parent or guardian does not appear at a scheduled hearing.

Upon receipt of a hearing request, the State Office of Administrative Hearings and Rules assigns a docket number and faxes a copy of the Request for Hearing to the CMHSP that took the action being appealed. The hearings coordinator is

responsible for receiving hearing requests, identifying the responsible staff and forwarding a completed Hearing Summary to the State Office of Administrative Hearings and Rules and the appellant within 14 days of receipt of the hearing request, but no later than seven (7) days prior to a scheduled hearing date.

The CMHSP staff prepares the DCH-0367 Hearing Summary form and presents the case at the hearing. The Hearing Summary must be completed in its entirety. The narrative must include all of the following: A clear statement of the action or decision being appealed, including all programs involved in the action; Facts which led to the action or decision; Policy which supported the action or decision; Correct address of the appellant or authorized hearing representative; Copy of the documents the CMHSP intends to offer as exhibits at the hearing; Appellants and authorized hearing representatives (AHR) have the right to review the case record and obtain copies of all documents and materials to be used or relied upon at the hearing. (A copy of the hearing summary, and all supporting documents to be used at the hearing, is sent to the appellant and AHR. All parties should receive copies of the Hearing Summary and all documents at least seven days before the scheduled hearing.) A copy of the documents is also sent to the Children's Home and Community Based Waiver Director.

Hearings are routinely scheduled for telephone conference calls. The ALJ conducts the hearing from his/her office. The appellant or AHR is directed to the local CMHSP or other location as indicated on the notice. The appellant or AHR may request permission of the Administrative Tribunal to appear by phone from an alternative location. The request must be made to the State Office of Administrative Hearings and Rules at least one full business day before the hearing. The appellant or AHR may request the ALJ appear in person at the hearing. The ALJ will travel to the local office or facility.

The parties present their positions to the ALJ who determines whether the actions taken are correct according to fact, law, policy and procedure. Following opening statement(s), if any, the ALJ directs the CMHSP representative to explain the agency's position. The Hearing Summary, or highlights of it, may be read into the record. The Hearing Summary may be used as a guide in presenting evidence.

Both parties must have adequate opportunity to present the case, bring witnesses, establish all pertinent facts, argue the case, refute any evidence, cross-examine adverse witnesses and cross-examine the author of a document offered in evidence. The ALJ must ensure the record is complete and may take an active role in the questioning of witnesses and parties. The ALJ will assist either side to ensure all necessary information is presented on the record, or refuse to accept evidence the ALJ believes is unduly repetitious, immaterial, irrelevant or incompetent. Either party may state on the record its disagreement with the ALJ's decision to exclude evidence and the reason for the disagreement and object to evidence the party believes should not be part of the hearing record. When refusing to admit evidence, the ALJ must state on the record the nature of the evidence and the reason it was not admitted. The ALJ may allow written documents to be admitted in place of oral testimony if the ALJ decides this is fair to both sides.

An appellant or AHR may agree to withdraw their Request for Hearing at any time during the hearing process. The appellant or AHR should complete the DCH-0093 – Request for Withdrawal of Appeal or its equivalent and return it immediately in the postage paid envelope to the State Office of Administrative Hearings and Rules. The Request for Withdrawal of Appeal can be ordered via the Administrative Tribunal Forms Requisition.

When an issue is still in dispute, the appellant or AHR is not to be asked to withdraw their Request for Hearing or to be mailed a withdrawal form unless asked to do so by the appellant.

When all issues have been resolved, the appellant or AHR may wish to withdraw the Request for Hearing. A Request for Withdrawal of Appeal form can be submitted, or the appellant or AHR can submit a signed, written statement. The withdrawal must clearly state why the appellant or AHR has decided to withdraw the Request for Hearing. All identifying case information is entered on the withdrawal form, and the original copy is attached to the request and forwarded to the State Office of Administrative Hearings and Rules. A copy of the withdrawal is maintained in the child's record.

The ALJ's Decision and Order is the final determination of MDCH. Rehearing or reconsiderations may be requested within 30 days of the Decision and Order. The State Office of Administrative Hearings and Rules will send the Decision and Order to the appellant or the AHR for the CMHSP. The State Office of Administrative Hearings and Rules will send a DCH-0829 - Order Certification with the Decision and Order to the AHR if the Decision and Order requires implementation by CMHSP. Since the Order Certification confirms the status of the Decision and Order's implementation (e.g., when the Decision and Order has or will be acted upon), it must be completed in a timely manner and returned to the State Office of Administrative Hearings and Rules. It is the AHR's responsibility to ensure that the decision is implemented within 10 calendar days of the Decision and Order mailing date.

All documentation is maintained in the waiver participant's file.

In addition to the Fair Hearing Process described above the MDCH/PIHP contract requires each PIHP/CMHSP to develop and publish a local dispute resolution process. The MDCH/CMHSP Managed Mental Health Supports and Services Contract, FY 06-07 Attachment C6.3.2.1 details the CMHSP local Dispute Resolution process.

"All consumers have the right to a fair and efficient process for resolving complaints regarding their services and supports managed and/or delivered by Community Mental Health Services Programs (CMHSPs) and their provider networks. A recipient of or applicant for public mental health services may access several options to pursue the resolution of complaints. These options are defined through the Recipient Rights requirements referenced in the Michigan Mental Health Code (hereafter referred to as the Code) for all recipients of public mental health services, and the MDCH/CMHSP contract. Additional options for Medicaid beneficiaries are explained in the Appeal and Grievance Technical Requirement located in Attachment P16131211 of the MDCH contracts with the Pre-paid Inpatient Health Plans (PIHPs). It is important to note that an individual receiving mental health services and supports may pursue their complaint within multiple options simultaneously.

Chapters 7, 7a, 4 and 4a of the Code describe the broad set of rights and protections for recipients of public mental health services as well as the procedures for the investigation and resolution of recipient rights complaints. For the purposes of this requirement, the focus will be on those complaints related to the denial, reduction, suspension or termination of services and supports. Each CMHSP must have a written description of its local dispute resolution process available for review by MDCH. The description must reflect all of the requirements below and indicate if the CMHSP ORR system is to be used, and if so, any modification or additions to the CMHSP ORR system to be implemented..."

Appendix F: Participant-Rights

Appendix F-2: Additional Dispute Resolution Process

- a. Availability of Additional Dispute Resolution Process.** Indicate whether the State operates another dispute resolution process that offers participants the opportunity to appeal decisions that adversely affect their services while preserving their right to a Fair Hearing. *Select one:*

- No. This Appendix does not apply**
- Yes. The State operates an additional dispute resolution process**

- b. Description of Additional Dispute Resolution Process.** Describe the additional dispute resolution process, including: (a) the State agency that operates the process; (b) the nature of the process (i.e., procedures and timeframes), including the types of disputes addressed through the process; and, (c) how the right to a Medicaid Fair Hearing is preserved when a participant elects to make use of the process: State laws, regulations, and policies referenced in the description are available to CMS upon request through the operating or Medicaid agency.

Per the Michigan Mental Health Code the PIHP/CMHSP (not the State) administers a local dispute resolution process. This process can be used by any consumer to bring a complaint, allegation of rights violation or request mediation to resolve their concern. When the consumer is a Medicaid recipient they also have a right to an administrative hearing.

Appendix F: Participant-Rights

Appendix F-3: State Grievance/Complaint System

- a. Operation of Grievance/Complaint System.** *Select one:*

- No. This Appendix does not apply**
- Yes. The State operates a grievance/complaint system that affords participants the opportunity to register grievances or complaints concerning the provision of services under this waiver**

- b. Operational Responsibility.** Specify the State agency that is responsible for the operation of the grievance/complaint system:

- c. Description of System.** Describe the grievance/complaint system, including: (a) the types of grievances/complaints that participants may register; (b) the process and timelines for addressing grievances/complaints; and, (c) the mechanisms that are used to resolve grievances/complaints. State laws, regulations, and policies referenced in the description are available to CMS upon request through the Medicaid agency or the operating agency (if applicable).

Appendix G: Participant Safeguards

Appendix G-1: Response to Critical Events or Incidents

- a. Critical Event or Incident Reporting and Management Process.** Indicate whether the State operates Critical Event or Incident Reporting and Management Process that enables the State to collect information on sentinel events occurring in the waiver program. *Select one:*

- Yes. The State operates a Critical Event or Incident Reporting and Management Process** (complete Items b through e)
- No. This Appendix does not apply** (do not complete Items b through e)
If the State does not operate a Critical Event or Incident Reporting and Management Process, describe the process that the State uses to elicit information on the health and welfare of individuals served through the program.

- b. State Critical Event or Incident Reporting Requirements.** Specify the types of critical events or incidents (including alleged abuse, neglect and exploitation) that the State requires to be reported for review and follow-up action by an appropriate authority, the individuals and/or entities that are required to report such events and incidents and the timelines for reporting. State laws, regulations, and policies that are referenced are available to CMS upon request through the Medicaid agency or the operating agency (if applicable).

The Michigan Mental Health Code establishes an Office of Recipient Rights (ORR) within the MDCH, each CMHSP and licensed hospitals. Each CMHSP must complete a recipient rights data report at semi-annual and annual interval. Information from these reports are feed into a database which produces a rolled up report by waiver programs.

The following allegations are report: Abuse Class I, Abuse Class II, Abuse Class III, Abuse I-sexual abuse, Neglect Class I, Neglect Class II, Neglect Class III, Access to Rights System, Retaliation and Harassment, Complaint investigation process, Failure to Report, Denial of Services, Civil Rights, Religious Practice, Family Dignity and Respect, Visitation, Access to Telephone, Written/Posted Limitations, Uncensored Mail, Access to entertainment materials, Disclosure of Confidential Information, Withholding of Information (includes recipient access), Correction of Record, Safe Treatment Environment, Sanitary Treatment Environment, Humane Treatment Environment, Dignity and Respect, Nutrition, Restrictions/limitations, Restraint, Seclusion, Safeguarding Money, Facility Account, Easy Access to Account, Ability to Spend or Use as Desired, Delivery of Money Upon Release, Labor and Compensation, Property Possession and Use, Property Search/Seizure, Property Limitations, Protection of Person Property, Treatment suited to Condition, Treatment by Spiritual Means, Physical and Mental Exams, Choice of Mental Health Professional, Notice of Clinical Progress, Services of Mental Health Professional, Informed Consent, Psychotropic Drugs, Notice of Medication Side Effects, Person-Centered Process, PCP-Timely Development, Request for Review, Assessment of Needs, Prior Consent. The revised Department of Community Health Administrative Rules, effective 12/5/07 included Exploitation as a Abuse II offense.

It is required that anyone who witnesses or becomes aware of a critical event or incident must fill out an incident report. The person witnessing the incident must respond to the needs of the consumer immediately. The timeframes for completing and submitting an incident report vary with the CMHSP. If the incident rises to the level of a sentinel event (potential for loss of life, limb or function) then there is a 90 clock for investigation and reporting to MDCH.

In addition to the recipient rights reporting, MDCH requires each CMHSP serving SEDW enrollees to electronically report aggregated sentinel event data to MDCH every six months. Sentinel events are defined as an "unexpected

occurrence involving death or serious physical or psychological injury, or the risk thereof. Serious injury specifically includes loss of limb or function. The phrase, 'or the risk thereof' includes any process variation for which a recurrence would carry a significant chance of a serious adverse outcome." (JCAHO, 1998) Sentinel events include recipient death, injuries requiring emergency room visits or hospital admission, physical illness requiring hospital admission, arrest or conviction, serious challenging behaviors, and medication errors.

- c. Participant Training and Education.** Describe how training and/or information is provided to participants (and/or families or legal representatives, as appropriate) concerning protections from abuse, neglect, and exploitation, including how participants (and/or families or legal representatives, as appropriate) can notify appropriate authorities or entities when the participant may have experienced abuse, neglect or exploitation.

The MDCH Office of Recipient Rights assures that providers of mental health services maintain a rights system consistent with standards established in the Michigan Mental Health Code (PA 258 of 1974, as amended). Office of Recipients Rights (ORR) staff are housed at MDCH in Lansing. Each of the state hospitals and centers also house ORR staff. Finally, each CMHSP has an Office of Recipient Rights.

Each CMHSP is assessed yearly through review and follow-up on semi-annual and annual reports produced jointly by the CMHSP's Executive Director and their Rights Office. On-site assessments are conducted of approximately one-third of CMHSPs each year. This review includes interviews with the Executive Director, rights staff, consumers, and staff of contractual providers; compliance reviews of case files and logs; training requirements; and compliance with all 22 rights-related policies required by the Mental Health Code. Site visits are also made to LPH/Us under contract with the CMHSPs.

The ORR also houses a Training Unit to ensure that recipient rights initiatives are consistently implemented statewide. In addition to training staff of CMHSPs and their contracted agencies, other persons working in the recipient rights field (advocacy agency staff, for example) can access training because their roles are essential to preserving and protecting service recipients' rights.

Chapter 7 of the Michigan Mental Health Code is dedicated to Recipient Rights , including, but not limited to:

330.1706 Notice of rights

Section 706:

Except as provided in section 707, applicants for and recipients of mental health services and in the case of minors, the applicant's or recipient's parent or guardian, shall be notified by the providers of those services of the rights guaranteed by this chapter. Notice shall be accomplished by providing an accurate summary of this chapter and chapter 7a to the applicant or recipient at the time services are first requested and by having a complete copy of this chapter and chapter 7a readily available for review by applicants and recipients.

330.1706a Pamphlet; preparation; distribution; contents.

Section. 706a.

(1) The department shall prepare and distribute to each community mental health services program copies of a pamphlet containing information regarding resources available to individuals with serious mental illness and their families. The information shall include a description of advocacy and support groups, and other information of interest to recipients and their families. The pamphlet shall include the name, address, and telephone number of the organization designated by the governor under section 931 to provide protection and advocacy for individuals with developmental disability or mental illness.

(2) A community mental health services program shall distribute the pamphlet described in subsection (1) to each recipient receiving services through the community mental health services program and, if applicable, to the recipient's guardian or the parent of a minor recipient.

330.1722 Protection of recipient from abuse or neglect.

Sec. 722.

(1) A recipient of mental health services shall not be subjected to abuse or neglect.

(2) The department, each community mental health services program, each licensed hospital, and each service provider under contract with the department, community mental health services program, or licensed hospital shall ensure that appropriate disciplinary action is taken against those who have engaged in abuse or neglect.

(3) A recipient of mental health services who is abused or neglected has a right to pursue injunctive and other appropriate civil relief.

330.1755 Office of recipient rights; establishment by community mental health services program and hospital. Sec. 755.

(5) Each office of recipient rights established under this section shall do all of the following:

- (a) Provide or coordinate the protection of recipient rights for all directly operated or contracted services.
- (b) Ensure that recipients, parents of minor recipients, and guardians or other legal representatives have access to summaries of the rights guaranteed by this chapter and chapter 7a and are notified of those rights in an understandable manner, both at the time services are initiated and periodically during the time services are provided to the recipient.
- (c) Ensure that the telephone number and address of the office of recipient rights and the names of rights officers are conspicuously posted in all service sites.

MDCH Rights offices at facilities are required to do consumer training per the ORR Field manager. At this point in time, the Code only requires staff training, however many CMHSP rights offices do consumer training on recipient rights. Additionally, the MDCH holds both an annual Recipient Rights Conference and an annual Consumer Conference, and an annual Home and Community Based Waiver Conference, all of which include participants and/or their families. Both conferences provided Recipient Rights training that describe the rights consumers have and the complaint resolution and appeal process.

- d. Responsibility for Review of and Response to Critical Events or Incidents.** Specify the entity (or entities) that receives reports of critical events or incidents specified in item G-1-a, the methods that are employed to evaluate such reports, and the processes and time-frames for responding to critical events or incidents, including conducting investigations.

Sentinel events are reported, reviewed, investigated and acted upon at the local level by each PIHP/CMHSP for the following persons: those receiving Targeted Case Management, enrolled in the Habilitation Supports Waiver, Children's Waiver and the SED waiver, those living in 24-hour specialized residential settings, or in their own homes receiving ongoing and continued personal care services. Sentinel events are reviewed, investigated and acted upon at the local level by each CMHSP and reported to MDCH directly. A sentinel event (potential for loss of life, limb or function) must be investigated and reported to MDCH within 90 days. This information is reported in the aggregate to the MDCH semi-annually.

Michigan law and rules require the mandatory reporting of recipient rights complaints within 48 hours to the CMHSPs' Office of Recipient Rights (ORR) for all others. This information is reviewed for trends, and becomes a focus of the on-site visitation conducted by MDCH to CMHSPs. Aggregate data are shared with MDCH Mental Health and Substance Abuse Management team, the Quality Improvement Council and waiver staff. Information is used by MDCH to take contract action as needed or by the QIC to make recommendations for system improvements.

Recipient Rights: Semi-annually, local CMHSP ORRs report summaries of all allegations received and investigated, whether there was an intervention, and the numbers of allegations substantiated. The summaries are reported by category of rights violations, including: freedom from abuse, freedom from neglect, right protection systems, admission/discharge/second opinion, civil rights, family rights, communication and visits, confidentiality, treatment environment, suitable services, and treatment planning. An annual report is produced by the state ORR and submitted to stakeholders and the Legislature. Data collection improvements will distinguish Medicaid beneficiaries from other individuals served. This information is aggregated to the PIHP level where affiliations of CMHSPs exist. Aggregate data are shared with MDCH Mental Health and Substance Abuse Management team, the QIC, and waiver staff.

- e. Responsibility for Oversight of Critical Incidents and Events.** Identify the State agency (or agencies) responsible for overseeing the reporting of and response to critical incidents or events that affect waiver participants, how this oversight is conducted, and how frequently.

Each CMHSP must complete a recipient rights data report to MDCH at semi-annual and annual interval. Information from these reports are feed into a database which produces a rolled up report by waiver programs. MDCH also requires each CMHSP serving SEDW enrollees to electronically report aggregated sentinel event data to MDCH every six months. Follow-up actions by MDCH include data confirmation, consultation, and on-site follow-up. Post CMHSP sentinel event data submission, MDCH staff contacts the CMHSPs to confirm the accuracy of submitted data when data submission indicates a sentinel event has taken place. Technical assistance, consultation, and referrals for additional follow-up are provided as required. On-site follow-up on reported sentinel events takes place during MDCH biennial site reviews. During these site reviews, MDCH staff review the CMHSP's sentinel event reporting process, their process for conducting root cause analysis, as well as the success of actions taken to prevent or reduce the likelihood that a type or class of sentinel event would re-occur. Any noted shortcomings in the CMHSP's processes or outcomes would be reflected in a written site review report which would in turn require submission of a corrective action plan by the CMHSP and additional follow-up by MDCH.

Appendix G: Participant Safeguards

Appendix G-2: Safeguards Concerning Restraints and Restrictive Interventions (1 of 2)

a. Use of Restraints or Seclusion. *(Select one):*

- The State does not permit or prohibits the use of restraints or seclusion**

Specify the State agency (or agencies) responsible for detecting the unauthorized use of restraints or seclusion and how this oversight is conducted and its frequency:

At the local (CMHSP) level, the Child and Family Team, the Community Team and the Wraparound supervisor are responsible for regular review of the Plan of Service and the Crisis and Safety plans. This oversight provides opportunity for early detection of unauthorized use of restraints and/or seclusion. If/when a questionable practice is identified, the Plan of Service is reviewed by the Behavioral Management Committee does not include the unauthorized use of restraint or seclusion.

The previously described ORR reporting system provides the mechanism for reporting, investigating and following-up on allegations or unauthorized use of restraints or seclusion.

At the state level, site reviews conducted by the QMP and SEDW staff provide the mechanism for assuring the health and safety of waiver participants.

ORR annual site reviews include a review policies regarding restraints or seclusion policy.

- The use of restraints or seclusion is permitted during the course of the delivery of waiver services.**
Complete Items G-2-a-i and G-2-a-ii.

- i. Safeguards Concerning the Use of Restraints or Seclusion.** Specify the safeguards that the State has established concerning the use of each type of restraint (i.e., personal restraints, drugs used as restraints, mechanical restraints or seclusion). State laws, regulations, and policies that are referenced are available to CMS upon request through the Medicaid agency or the operating agency (if applicable).

- ii. State Oversight Responsibility.** Specify the State agency (or agencies) responsible for overseeing the use of restraints or seclusion and ensuring that State safeguards concerning their use are followed and how such oversight is conducted and its frequency:

Appendix G: Participant Safeguards

Appendix G-2: Safeguards Concerning Restraints and Restrictive Interventions (2 of 2)

b. Use of Restrictive Interventions. *(Select one):*

- The State does not permit or prohibits the use of restrictive interventions**

Specify the State agency (or agencies) responsible for detecting the unauthorized use of restrictive interventions and how this oversight is conducted and its frequency:

At the local (CMHSP) level, the Child and Family Team, the Community Team and the Wraparound supervisor are responsible for regular review of the Plan of Service and the Crisis and Safety plans. This oversight provides opportunity for early detection of unauthorized use of restrictive interventions. If/when a questionable practice is identified, the Plan of Service is reviewed by the Behavioral Management Committee does not

include the unauthorized use of restrictive interventions.

The previously described sentinel event reporting system provides the mechanism for reporting, investigating and following-up on allegations or unauthorized use of restrictive interventions.

At the state level, site reviews conducted by the QMP and SEDW staff provide the mechanism for assuring the health and safety of waiver participants.

The use of restrictive interventions is permitted during the course of the delivery of waiver services

Complete Items G-2-b-i and G-2-b-ii.

i. Safeguards Concerning the Use of Restrictive Interventions. Specify the safeguards that the State has in effect concerning the use of interventions that restrict participant movement, participant access to other individuals, locations or activities, restrict participant rights or employ aversive methods (not including restraints or seclusion) to modify behavior. State laws, regulations, and policies referenced in the specification are available to CMS upon request through the Medicaid agency or the operating agency.

ii. State Oversight Responsibility. Specify the State agency (or agencies) responsible for monitoring and overseeing the use of restrictive interventions and how this oversight is conducted and its frequency:

Appendix G: Participant Safeguards

Appendix G-3: Medication Management and Administration (1 of 2)

This Appendix must be completed when waiver services are furnished to participants who are served in licensed or unlicensed living arrangements where a provider has round-the-clock responsibility for the health and welfare of residents. The Appendix does not need to be completed when waiver participants are served exclusively in their own personal residences or in the home of a family member.

a. Applicability. Select one:

- No. This Appendix is not applicable** (do not complete the remaining items)
- Yes. This Appendix applies** (complete the remaining items)

b. Medication Management and Follow-Up

i. Responsibility. Specify the entity (or entities) that have ongoing responsibility for monitoring participant medication regimens, the methods for conducting monitoring, and the frequency of monitoring.

The SEDW services to which this appendix applies are: Respite provided in a foster home, therapeutic foster care, and therapeutic overnight camp. Foster Care licensing rules require that incident reports be completed when a medication error occurs. Providers who administer medications or assist individuals with medications complete an incident report if a medication error occurs (wrong person, wrong medication, wrong dosage, wrong time, and wrong route). AFC licensing rules require that incident reports be completed when a medication error occurs. Refusals would be documented on the medication administration sheet maintained by the provider.

ii. Methods of State Oversight and Follow-Up. Describe: (a) the method(s) that the State uses to ensure that participant medications are managed appropriately, including: (a) the identification of potentially harmful practices (e.g., the concurrent use of contraindicated medications); (b) the method(s) for following up on potentially harmful practices; and, (c) the State agency (or agencies) that is responsible for follow-up and oversight.

At the local level the child and family team is responsible for monitoring the health and safety of the child (including Medication administration) as identified in the child's POS, while in any community

setting. Communication is therefore between the provider and the child and family team, not between the provider and the Medicaid State agency. Please see Appendix G-1: response to Critical Events or Incidents.

Appendix G: Participant Safeguards

Appendix G-3: Medication Management and Administration (2 of 2)

c. Medication Administration by Waiver Providers

i. Provider Administration of Medications. *Select one:*

- Not applicable.** *(do not complete the remaining items)*
- Waiver providers are responsible for the administration of medications to waiver participants who cannot self-administer and/or have responsibility to oversee participant self-administration of medications.** *(complete the remaining items)*

ii. State Policy. Summarize the State policies that apply to the administration of medications by waiver providers or waiver provider responsibilities when participants self-administer medications, including (if applicable) policies concerning medication administration by non-medical waiver provider personnel. State laws, regulations, and policies referenced in the specification are available to CMS upon request through the Medicaid agency or the operating agency (if applicable).

The SEDW services to which this appendix applies are: Respite provided in a foster home, therapeutic foster care, and therapeutic overnight camp. These settings are licensed under PA 116, as amended and the rules applicable thereto. While in any of these setting the waiver service provider would administer medications as prescribed by the physician.

The following rule applies to licensed family foster homes for children.

Rule 400.9411 Medical and dental care.

Rule 411. (1) A foster parent shall follow and carry out the health plan for a foster child as prescribed by a physician, health authority, or the agency.

(2) A foster parent shall follow agency approved protocols for medical care of a foster child who is injured or ill.

(3) A foster parent shall ensure that medications are inaccessible to children unless medically necessary.

(4) A foster parent shall ensure that prescription medication is given or applied as directed by a licensed physician.

The following rule applies to licensed camps for children.

R 400.11119 Health service policy.

Rule 119. (1) A camp shall have and follow a written health service policy that is appropriate to the population served and the environment of the campsite.

(2) A camp shall establish the health service policy in consultation with, and reviewed annually by, a licensed physician. (3) A camp's health service policy shall cover all of the following subjects:.....(f) The storage and administration of prescription and nonprescription drugs and medications.

iii. Medication Error Reporting. *Select one of the following:*

- Providers that are responsible for medication administration are required to both record and report medication errors to a State agency (or agencies).**
Complete the following three items:

(a) Specify State agency (or agencies) to which errors are reported:

Medication errors are reviewed, investigated and acted upon at the local level by each CMHSP and reported to MDCH directly when the error is considered a sentinel event. This information is reported in the aggregate to the MDCH semi-annually

(b) Specify the types of medication errors that providers are required to *record*:

Sentinel event reporting requirements require that PIHPs and CMHSPs to report medication errors a-d to the Department, but only when those medication errors result in an actual or potential loss of life, limb, or function, or pose a risk of psychological harm.

(c) Specify the types of medication errors that providers must *report* to the State:

"Medication errors" mean: wrong medication; wrong dosage; double dosage; or missed dosage which resulted in death or loss of limb or function or the risk thereof. It does not include instances in which consumer have refused medication. Sentinel event reporting requirements require the PIHPs and CMHSPs to report medication errors to the MDCH, when those medication errors result in an actual or potential loss of life, limb, or function, or pose a risk of psychological harm.

- Providers responsible for medication administration are required to record medication errors but make information about medication errors available only when requested by the State.**

Specify the types of medication errors that providers are required to record:

- iv. State Oversight Responsibility.** Specify the State agency (or agencies) responsible for monitoring the performance of waiver providers in the administration of medications to waiver participants and how monitoring is performed and its frequency.

On-site follow-up on reported sentinel events regarding medication errors take place during MDCH biennial site reviews. During these site reviews, MDCH staff review the CMHSP's sentinel event reporting process, their process for conducting root cause analysis, as well as the success of actions taken to prevent or reduce the likelihood that this type of sentinel event would re-occur. Any noted shortcomings in the CMHSP's process or outcomes would be reflected in a written site review report which would in turn require submission of a corrective action plan by the CMHSP and additional follow-up by MDCH. Post CMHSP sentinel event data submission, MDCH staff contacts the CMHSPs to confirm the accuracy of submitted data when data submission indicates a sentinel event has taken place. Technical assistance, consultation, and referrals for additional follow-up are provided as required. On-site follow-up on reported sentinel events takes place during MDCH biennial site reviews. During these site reviews, MDCH staff review the CMHSP's sentinel event reporting process, their process for conducting root cause analysis, as well as the success of actions taken to prevent or reduce the likelihood that a type or class of sentinel event would re-occur. Any noted shortcomings in the CMHSP's processes or outcomes would be reflected in a written site review report which would in turn require submission of a corrective action plan by the CMHSP and additional follow-up by MDCH.

Appendix G: Participant Safeguards

Quality Improvement: Health and Welfare

As a distinct component of the State's quality improvement strategy, provide information in the following fields to detail the State's methods for discovery and remediation.

a. Methods for Discovery: Health and Welfare

The State, on an ongoing basis, identifies, addresses and seeks to prevent the occurrence of abuse, neglect and exploitation.

i. Performance Measures

For each performance measure/indicator the State will use to assess compliance with the statutory assurance complete the following. Where possible, include numerator/denominator. Each performance measure must be specific to this waiver (i.e., data presented must be waiver specific).

For each performance measure, provide information on the aggregated data that will enable the State to analyze and assess progress toward the performance measure. In this section provide information on the method by which each source of data is analyzed statistically/deductively or inductively, how themes are identified or conclusions drawn, and how recommendations are formulated, where appropriate.

Performance Measure:

All CMHSPs review, investigate, and act upon all sentinel events and report to MDCH.

Data Source (Select one):

Critical events and incident reports

If 'Other' is selected, specify:

Responsible Party for data collection/generation <i>(check each that applies):</i>	Frequency of data collection/generation <i>(check each that applies):</i>	Sampling Approach <i>(check each that applies):</i>
<input type="checkbox"/> State Medicaid Agency	<input type="checkbox"/> Weekly	<input checked="" type="checkbox"/> 100% Review
<input type="checkbox"/> Operating Agency	<input type="checkbox"/> Monthly	<input type="checkbox"/> Less than 100% Review
<input checked="" type="checkbox"/> Sub-State Entity	<input type="checkbox"/> Quarterly	<input type="checkbox"/> Representative Sample Confidence Interval = _____
<input type="checkbox"/> Other Specify: _____	<input type="checkbox"/> Annually	<input type="checkbox"/> Stratified Describe Group: _____
	<input checked="" type="checkbox"/> Continuously and Ongoing	<input type="checkbox"/> Other Specify: _____
	<input type="checkbox"/> Other Specify: _____	

Data Aggregation and Analysis:

Responsible Party for data aggregation and analysis <i>(check each that applies):</i>	Frequency of data aggregation and analysis <i>(check each that applies):</i>
<input checked="" type="checkbox"/> State Medicaid Agency	<input type="checkbox"/> Weekly
<input type="checkbox"/> Operating Agency	<input type="checkbox"/> Monthly
<input type="checkbox"/> Sub-State Entity	<input type="checkbox"/> Quarterly
<input type="checkbox"/> Other Specify: _____	<input type="checkbox"/> Annually
	<input type="checkbox"/> Continuously and Ongoing

Responsible Party for data aggregation and analysis (check each that applies):	Frequency of data aggregation and analysis (check each that applies):
	<input checked="" type="checkbox"/> Other Specify: semi-annually

- ii. If applicable, in the textbox below provide any necessary additional information on the strategies employed by the State to discover/identify problems/issues within the waiver program, including frequency and parties responsible.

The CMHSP's submit semiannually aggregate data by event category for number of sentinel events and plans of action or interventions which occurred during the 6-month period. MDCH analyzes the data and prepares a report on the # of sentinel events (by category) per thousand persons served who meet the population definition. As with all performance indicators, MDCH reviews performance, with potential follow-up by contract managers to determine what quality improvement action is taking place; and/or to develop performance objectives aimed at reducing the risk of sentinel events occurring; and/or to impose other sanctions.

In the Final Report CMS requested information regarding effectiveness of the prevention policies and procedures for this waiver. As indicated elsewhere in this application each consumer has an individualized POS developed based on the child's assessed needs and strengths. The POS also identifies a methodology to be used by staff for addressing identified needs. Safety and crisis plans are also developed for each consumer. The Crisis and Safety Plans are proactive in that they identify strategies that seek to prevent crisis and maintain safety for the consumer, the family and the community. Required staff training includes training in the individual POS, as well as in Recipient Rights. The POS is overseen by the Child and Family Team, as well as the Community Team.

b. Methods for Remediation/Fixing Individual Problems

- i. Describe the State's method for addressing individual problems as they are discovered. Include information regarding responsible parties and GENERAL methods for problem correction. In addition, provide information on the methods used by the State to document these items.

All incidents should be reviewed to determine if the incidents meet the criteria and definitions for sentinel events and if they are related to practice of care. The outcome of this review is a classification of incidents as either a) sentinel events, or b) non-sentinel events. An "appropriate response" to a sentinel event "includes a thorough and credible root cause analysis, implementation of improvements to reduce risk, and monitoring of the effectiveness of those improvements." (JCAHO, 1998) A root cause analysis (JCAHO) or investigation (per CMS approval and MDCH contractual requirement) is "a process for identifying the basic or causal factors that underlie variation in performance, including the occurrence or possible occurrence of a sentinel event. A root cause analysis focuses primarily on systems and processes, not individual performance." (JCAHO, 1998) Following completion of a root cause analysis or investigation, a CMHSP must develop and implement either a) a plan of action (JCAHO) or intervention (per CMS approval and MDCH contractual requirement) to prevent further occurrence of the sentinel event; or b) presentation of a rationale for not pursuing an intervention. A plan of action or intervention must identify who will implement and when and how implementation will be monitored or evaluated.

- ii. Remediation Data Aggregation

Remediation-related Data Aggregation and Analysis (including trend identification)

Responsible Party (check each that applies):	Frequency of data aggregation and analysis (check each that applies):
<input type="checkbox"/> State Medicaid Agency	<input type="checkbox"/> Weekly
<input checked="" type="checkbox"/> Operating Agency	<input type="checkbox"/> Monthly
<input type="checkbox"/> Sub-State Entity	<input type="checkbox"/> Quarterly
<input type="checkbox"/> Other Specify: <hr style="width: 100%; border: 0; border-top: 1px solid black;"/>	<input type="checkbox"/> Annually

Responsible Party (<i>check each that applies</i>):	Frequency of data aggregation and analysis (<i>check each that applies</i>):
	<input type="checkbox"/> Continuously and Ongoing
	<input checked="" type="checkbox"/> Other Specify: Semi annually

c. Timelines

When the State does not have all elements of the Quality Improvement Strategy in place, provide timelines to design methods for discovery and remediation related to the assurance of Health and Welfare that are currently non-operational.

- No**
 Yes

Please provide a detailed strategy for assuring Health and Welfare, the specific timeline for implementing identified strategies, and the parties responsible for its operation.

The SEDW is already following the CMS approved action plan for the Children's Waiver Program and Habilitation Supports Waivers. Appendix G will be updated to reflect the currently approved action plan when the waiver is renewed in 2013.

Appendix H: Quality Improvement Strategy (1 of 2)

Under §1915(c) of the Social Security Act and 42 CFR §441.302, the approval of an HCBS waiver requires that CMS determine that the State has made satisfactory assurances concerning the protection of participant health and welfare, financial accountability and other elements of waiver operations. Renewal of an existing waiver is contingent upon review by CMS and a finding by CMS that the assurances have been met. By completing the HCBS waiver application, the State specifies how it has designed the waiver's critical processes, structures and operational features in order to meet these assurances.

- Quality Improvement is a critical operational feature that an organization employs to continually determine whether it operates in accordance with the approved design of its program, meets statutory and regulatory assurances and requirements, achieves desired outcomes, and identifies opportunities for improvement.

CMS recognizes that a state's waiver Quality Improvement Strategy may vary depending on the nature of the waiver target population, the services offered, and the waiver's relationship to other public programs, and will extend beyond regulatory requirements. However, for the purpose of this application, the State is expected to have, at the minimum, systems in place to measure and improve its own performance in meeting six specific waiver assurances and requirements.

It may be more efficient and effective for a Quality Improvement Strategy to span multiple waivers and other long-term care services. CMS recognizes the value of this approach and will ask the state to identify other waiver programs and long-term care services that are addressed in the Quality Improvement Strategy.

Quality Improvement Strategy: Minimum Components

The Quality Improvement Strategy that will be in effect during the period of the approved waiver is described throughout the waiver in the appendices corresponding to the statutory assurances and sub-assurances. Other documents cited must be available to CMS upon request through the Medicaid agency or the operating agency (if appropriate).

In the QMS discovery and remediation sections throughout the application (located in Appendices A, B, C, D, G, and I), a state spells out:

- The evidence based discovery activities that will be conducted for each of the six major waiver assurances;
- The *remediation* activities followed to correct individual problems identified in the implementation of each of the assurances;

In Appendix H of the application, a State describes (1) the *system improvement* activities followed in response to aggregated, analyzed discovery and remediation information collected on each of the assurances; (2) the correspondent *roles/responsibilities* of those conducting assessing and prioritizing improving system corrections and improvements; and (3)

the processes the state will follow to continuously *assess the effectiveness of the QMS* and revise it as necessary and appropriate.

If the State's Quality Improvement Strategy is not fully developed at the time the waiver application is submitted, the state may provide a work plan to fully develop its Quality Improvement Strategy, including the specific tasks the State plans to undertake during the period the waiver is in effect, the major milestones associated with these tasks, and the entity (or entities) responsible for the completion of these tasks.

When the Quality Improvement Strategy spans more than one waiver and/or other types of long-term care services under the Medicaid State plan, specify the control numbers for the other waiver programs and/or identify the other long-term services that are addressed in the Quality Improvement Strategy. In instances when the QMS spans more than one waiver, the State must be able to stratify information that is related to each approved waiver program.

Appendix H: Quality Improvement Strategy (2 of 2)

H-1: Systems Improvement

a. System Improvements

- i. Describe the process(es) for trending, prioritizing, and implementing system improvements (i.e., design changes) prompted as a result of an analysis of discovery and remediation information.

Michigan's Quality Management Program (QMP) incorporates all of the programs operated in the public mental health system, including the HCBS waivers B/C Control # MI-14.R04, Habilitation Support Waiver (HSW) Control # 0167.90.R3, Children's Waiver Control # 4119.90.R3.01, and the SEDW Control # 0438.01. The PIHPs/CMHSPs adhere to the same standards of care for each individual served and the same data is collected for all consumers regardless of fund source. Each PIHP/CMHSP meets the standards for certification as specified in the Mental Health Code and Medicaid Provider Manual. The MDCH QMP staff is responsible for implementing the QMP at the 18 PIHPs (comprised of all CMHSPs), and sends a qualified site review team to each of the 18 PIHPs and 46 CMHSPs to conduct comprehensive biennial site reviews. During the alternate years, QMP staff visit PIHP/CMHSPs to follow-up on implementation of plans of correction resulting from the previous year's comprehensive review. This site visit strategy covers all consumers served by all of Michigan's waivers with rigorous standards for assuring the health and welfare of the 1915(c) waiver consumers' homes. The comprehensive reviews include the clinical record reviews, administrative reviews, consumer/stakeholder meetings and consumer interviews.

Clinical record review are completed to determine that person-centered/family-centered planning is being utilized, health and welfare concerns are being addressed if indicated, services identified in the plan of service are being delivered, and delivery of service meets program requirements that are published in the Medicaid Provider Manual. The MDCH QMP staff draws random samples of clinical records from encounter data in the MDCH warehouse. Scope of reviews includes all Medicaid State Plan and 1915(b)(3) services, and waiver programs (including the SEDW with renewal approval), all affiliates (if applicable), a sample of providers, and a sample of individuals considered "at risk" (persons in 24-hour supervised settings and those who have chosen to move from those settings recently).

The comprehensive administrative review will focus on policies, procedures, and initiatives that are not otherwise reviewed by the EQR and that need improvement as identified through the performance indicator system, encounter data, grievance and appeals tracking, sentinel event reports, and customer complaints. Areas of the administrative review focus on MDCH contract requirements including:

- o PIHP/CMHSP Compliance with the Medicaid Provider Manual
- o Written agreements with providers, community agencies
- o The results of the PIHP/CMHSPs' annual monitoring of its provider network
- o Adherence to contractual practice guidelines
- o Sentinel event management

Consumer/Stakeholder Meetings are completed during the biennial comprehensive review. The QMP staff meet with a group of consumers, advocates, providers, and other community stakeholders to determine the PIHP's progress to implement policy initiatives important to the group (e.g., person-centered/family-centered planning, rights, customer services); the group's perception of the involvement of beneficiaries and other stakeholders in the Quality Assessment and Performance Improvement Programs (QAPI) and customer services; and the provider's responsiveness to the group's concerns and suggestions.

QMP staff conducts consumer interviews with a random sample of those individuals, whose clinical records were reviewed, using a standard protocol that contains questions about such topics as awareness of grievance and appeals mechanisms, person-centered planning and satisfaction with services. Interviews are conducted where consumers reside in group homes or living independently with intense and continuous in-home staff or in the homes of families served by the waivers. Interviews of other consumers may be conducted in the provider's office or over the telephone.

A report of findings from the on-site reviews with scores is disseminated to the PIHP/CMHSP with requirement that a plan of correction be submitted to MDCH in 30 days. On-site follow-up will be conducted the following year or sooner if non-compliance with standards is an issue. Results of the MDCH on-site reviews are shared with MDCH Mental Health and Substance Abuse Management team, the Quality Improvement Council, and SED staff. Information is used by MDCH to take contract action as needed or by the QIC to make recommendations for system improvements.

Michigan's QMP has been developed with the input of consumers and the Mental Health Quality Improvement Council (QIC) that is comprised of consumers and advocates, and representatives from the Provider Alliance and the Michigan Association of Community Mental Health Service Boards. Michigan's QMP reflects the activities, concerns, input or recommendations from the Michigan Mental Health Commission, MDCHs Encounter Data Integrity Team, MDCHs Administrative Simplification Process Improvement Team, the 2007 External Quality Review (EQR), and the terms and conditions from CMS' previous waiver approvals.

The existing infrastructure in Michigan includes 1915(b) waiver authority to allow Michigan to provide mental health services not otherwise covered under the State plan through a managed care delivery system. The combined 1915(b) with the 1915(c) HSW enables Michigan to use typical Medicaid managed care program features such as quality improvement performance plans and external quality reviews to effectively monitor waiver programs. These same quality improvement performance plans and external quality reviews are used to monitor the CMHSPs in their provision of SEDW services. Because the SEDW is a fee-for-service program and is not covered under Michigan's managed care delivery system, the CMHSPs are the sub-state entity responsible for the day to day implementation of the SEDW.

Three areas addressed by the Balanced Budget Act (BBA) and reviewed as part of the quality management system are: customer services, grievance and appeals mechanisms, and the quality assessment and performance improvement programs. These elements were required as part of the AFP (2002) and are now part of the MDCH/CMHSP contracts; and they are reviewed by MDCH staff and/or the external quality review process. While a review of the following three areas is not specific to the SEDW, it assures overall quality services for all consumers.

EQR activities are conducted on PIHPs and primarily focus on the presence of PIHP policy and processes and evidence that those policies and processes are being implemented. Very few clinical record reviews are completed as part of this process. One EQR Component addresses PIHP compliance to BBA requirements. The other two EQR activities, Performance Improvement Program Validation and Performance Measures Validation, have essentially no direct relationship to SEDW service delivery or quality management.

The following minimum standards for customer services are covered by the MDCH QMP on-site visit or the External Quality Review (EQR):

- a. Customer services operation is clearly defined.
- b. Customer service staff is knowledgeable about referral systems to assist individuals in accessing transportation services necessary for medically-necessary services (including specialty services identified by EPSDT).
- c. A range of methods are used for orienting different populations in the general community to the eligibility criteria and availability of services offered through the PIHP/CMHSPs network.
- d. Customer services performance standards of effectiveness and efficiency are documented and periodic reports of performance are monitored by the PIHP/CMHSP.
- e. The focus of customer services is customer satisfaction and problem avoidance, as reflected in policy and practice.
- f. Customer services is managed in a way that assures timely access to services and addresses the need for cultural sensitivity, and reasonable accommodation for persons with physical disabilities hearing and/or vision impairments, limited-English proficiency, and alternative forms of communications.

g. The relationship of customer services to required appeals and grievances processes, and recipient rights processes is clearly defined organizationally and managerially in a way that assures effective coordination of the functions, and avoids conflict of interest or purpose within these operations.

Appeals and Grievances Mechanisms: The EQR reviews on-site the process, information to recipients and contractors, method for filing, provision of assistance to consumers, process for handling grievances, record-keeping, and delegation. In addition, the logs of appeals and grievances and their resolutions at the local level are subject to on-site review by MDCH. MDCH uses its Appeals database to track the trends of the requests for fair hearing and their resolution and to identify CMHSPs that have particularly high volumes of appeals.

Quality Assessment and Performance Improvement Programs: The MDCH contracts with PIHP/CMHSPs require that Quality Assessment and Performance Improvement Programs (QAPIP) be developed and implemented. The EQR monitors, on-site, the PIHP/CMHSPs' implementation of their local QAPIP plans that must include the 13 QAPIP standards. In addition, MDCH reviews on-site implementation of the following standards: sentinel Events and credentialing of providers. MDCH collects data for performance indicators and performance improvement projects as described in b.i. below.

MDCH contracted with Health Services Assessment Group (HSAG) to conduct the External Quality Reviews (EQR). The EQR consists of desk audits of PIHP documents, two-day on-site visits to PIHPs or both. The scope of the review for Years One, Two and Three were: Validation of Performance improvement projects; Validation of performance indicators; and Compliance with Michigan's Quality Standards and BBA requirements.

In addition to the QMP strategies listed above that are implemented for all consumers, the SEDW staff conduct both state level reviews of all applications and re-certifications, and on-site reviews of clinical and administrative records. The on-site reviews use a SEDW quality management protocol to ensure that federal requirements and assurances of quality are met. The SEDW staff includes a Psychiatrist, limited licensed psychologist, two masters' level social workers, and an individual with a master's degree in public health. On-site reviews of the CMHSPs are conducted bi-annually by the SEDW staff with follow-up reviews in the alternate years by the QMP staff. A report of the findings is provided to the CMHSP, along with a copy to the MDCH Manager of the QMP, and the MDCH Contract Manager. A plan of correction must be submitted to MDCH within 30 days if the review staff identifies areas of needed improvement or noncompliance. Information shared with the MDCH contract managers is used by MDCH to take contract action as needed for system improvements.

As the SEDW is new the site reviews have yielded insufficient data from which to trend patterns of effectiveness or to develop strategies for improvement. However, data from site reviews and consultations has been used for more informal systems improvement activities. Examples include: refining the performance indicators and measures for assessing fidelity to the model used in the site review process; developing workshops for the Annual Statewide Waiver conference, developing materials to assist agencies and communities in assessing their readiness for participation in the SEDW; and identifying topics for technical assistance workshops at both state and local levels to address affective systems of care for this population.

Sentinel Events, Recipient Rights, Critical Incidents and Site Review findings are reported by waiver population.

ii. System Improvement Activities

Responsible Party <i>(check each that applies):</i>	Frequency of Monitoring and Analysis <i>(check each that applies):</i>

Responsible Party (check each that applies):	Frequency of Monitoring and Analysis (check each that applies):
	The QI Committee meets bi-monthly. For the PIHPs/CMHSPs and MDCH, QI activities are on-going.

b. System Design Changes

- i. Describe the process for monitoring and analyzing the effectiveness of system design changes. Include a description of the various roles and responsibilities involved in the processes for monitoring & assessing system design changes. If applicable, include the State’s targeted standards for systems improvement.

The need for system design changes are identified through the QMP site review, Quality Improvement Council, External Quality Review, and data trend analysis activities discussed in H.1.a.

External Quality Review activities are conducted on PIHPs and primarily focus on the presence of PIHP policy and processes and evidence that those policies and processes are being implemented. The EQR consists of desk audits of PIHP documents, two-day on-site visits to PIHPs or both.

One EQR component evaluates PIHP compliance with BBA requirements. The EQR reviews the PIHP/CMHSPs’ implementation of their local Quality Assessment and Performance Improvement Programs (QAPIP) to ensure the plans include the 13 QAPIP standards. The EQR report displays performance on requirements by PIHP and can be used for trend analysis throughout the state.

EQR also validates the PIHPs methodologies for conducting the State mandated project and performance indicators measurement systems.

Performance Improvement Projects: The MDCH staff collaborates to identify the performance improvement projects for each waiver period. Justification for the projects was derived from analysis of quality management data, external quality review findings, and stakeholder concerns. Michigan requires all PIHPs to conduct a minimum of two performance improvement projects. All PIHPs conduct one mandatory two-year performance improvement project assigned by MDCH; in the case of PIHPs with affiliates, the project is affiliation-wide. All PIHPs that have continued difficulty in meeting a standard, or implementing a plan of correction, are assigned a project relevant to the problem. All other PIHPs choose their second performance improvement project.

Performance Indicators: Performance indicators are used to monitor the performance of the PIHP/CMHSP on a number of domains that have been identified as important quality strategies for the mental health system. The CMHSPs are required to report data for performance indicators. MDCH analyzes data against established standards, creates statewide averages and does comparisons among PIHP/CMHSPs. Statistical outliers are reviewed to identify best practices as well as to identify opportunities for improvement. Those entities found to have negative statistical outliers in more than two consecutive periods are the focus of investigation, and may lead to PIHP/CMHSP contract action.

MDCH is currently evaluating individual progress reports submitted by the PIHPs to update the first year's work related to the ARR. MDCH will use the results of the PIHP responses to target technical assistance and to facilitate the sharing of successful methods and practices. This is a multi-year developmental effort that is expected to continue through the waiver renewal period.

As the need to change systems design is identified, those changes are subsequently implemented by MDCH through revisions to PIHP and CMHSP performance requirements and practices. This is accomplished by changing or adding relevant requirements to the PIHP and CMHSP contract, Medicaid Provider Manual, and reporting requirements. Where targets or standards for systems improvement are applicable, they would be incorporated. The MDCH site review protocols are then modified in response to the underlying changes in those requirements and subsequent MDCH QMP site review activities assess PIHP and CMHSP compliance with those system design changes.

Site Review findings are reported to PIHPs/CMHSPs as described in this Appendix and throughout the CMS-approved SEDW Renewal Application. In addition, a number of reports and aggregated data are available on the MDCH web site. While these are not specific to the SEDW, they include: service utilization for children

with SED, QMP Site Review Summaries; External Quality Review Summaries; summaries of Adverse Events; Medicaid Performance Indicators: summary cost and expenditure data; and other reports as required by Michigan's Legislature.

Specific to the SEDW, the state is evaluating data gathered from the Child and Adolescent Functioning Tools (CAFAS) and Family Status Report. The CAFAS is a tool that measures functioning across life domain areas. This is administered at enrollment, every 3 months, and at graduation from the waiver. We also gather data specific to community placement and service array in the Family Status Report.

ii. Describe the process to periodically evaluate, as appropriate, the Quality Improvement Strategy.

The Quality Improvement Council (QIC) meets every other month and is the primary group responsible for reviewing the State's quality improvement strategy and making recommendations for changes to the strategy. One example of an outcome of this periodic evaluation of Michigan's QI strategy is the QI Council's recommendations to integrate the SEDW on-site review process with that of the QMP site review process, which will be implemented effective 4/1/2011. The QIS is reviewed on an on-going basis by MDCH-MHSA staff and the QIC. The QIC also has a formal opportunity to identify issues at a meeting in anticipation of the annual contract renewal. To the extent that the MDCH-MHSA/PIHP contract must be modified to achieve changes in QI strategy, those revisions would be included in the next fiscal year's contract. If the QIC were to identify an issue that would require changes to the contract prior to the expiration of the current contract, the MHSA could amend the contract. Procedural changes that do not require contract changes can be implemented immediately. Additionally, if issues are identified through trending and analysis, the QIC may make recommendations to MHSA upper management team to revise the QIS. The final decision on changes to the QIS is made by the MHSA upper management team.

The MDCH-BHDD leadership meets regularly with the PIHP and CMHSP directors and quality improvement strategies may be discussed during the course of those meetings. Feedback from the group is used to help evaluate the QI process and identify opportunities for improvements to MDCH-BHDD management team and the QIC.

As described in a.i. above, trend patterns of effectiveness are evident and have been used to develop strategies for improvement. Data from site reviews and consultations have been used for systems improvement activities. Examples include: developing workshops for the Annual Statewide Waiver conference and developing and identifying topics for technical assistance workshops at both state and local levels to address effective systems of care for this population.

Appendix I: Financial Accountability

I-1: Financial Integrity and Accountability

Financial Integrity. Describe the methods that are employed to ensure the integrity of payments that have been made for waiver services, including: (a) requirements concerning the independent audit of provider agencies; (b) the financial audit program that the state conducts to ensure the integrity of provider billings for Medicaid payment of waiver services, including the methods, scope and frequency of audits; and, (c) the agency (or agencies) responsible for conducting the financial audit program. State laws, regulations, and policies referenced in the description are available to CMS upon request through the Medicaid agency or the operating agency (if applicable).

The validation of the required local match is completed during the contract reconciliation and cash settlement process of the larger General Fund Contract. A Financial Status Report (FSR), certified by CMHSP Finance staff is submitted by each participating CMHSP. SEDW revenue and expenditures are uniquely identified on these FSRs, which also break out SEDW expenses by federal, local, and state funding sources. During the contract reconciliation and cash settlement process, MDCH staff reconciles the SEDW revenues reported by the CMHSP to the official MDCH records. Additionally, MDCH staff validate that the CMHSP has met the local match obligation by performing an analysis of the amount of expenditures reported as funded with local or state funding to the amount of expenditures reported as funded with federal SEDW revenues. Documentation for the contract reconciliation, cash settlement and the SEDW local match analysis is maintained in the Bureau of Finance.

Beginning with the 1998-2000 contract extension with MDCH, the CMHSPs were obligated to implement the Federal Guidelines for Quality Assessment and Performance Improvement Programs (QAPIP). These guidelines were subsequently replaced with the administrative regulations promulgated as part of the Balanced Budget Act (BBA) of 1997. Among the Quality Standards is the requirement for CMHSPs to develop a methodology for verifying that

Medicaid services claimed by providers are actually delivered. This verification must include: whether services claimed were listed in the Michigan Medicaid Provider Manual; whether services were identified in the person-centered plan; and verification of documentation that services claimed were actually provided. Sampling methodologies are used to conduct the Medicaid services verification reviews, which cover all Medicaid-reimbursed services. A report, known as the "Medicaid Services Verification Report", is submitted to and reviewed by MDCH's Division of QMP annually.

The PIHP/CMHSP monitors claims through the services verification review process described above. A final report is prepared which details findings and discrepancies with financial implications, and corrective action taken or to be taken. In those instances where a recommendation is made regarding internal procedures, PIHP/CMHSP staff follow up with the provider on actions taken to correct and monitor identified deficiencies. If an identified problem rises to a level of fraud and abuse, the PIHP/CMHSP is required to report the finding to the MDCH Medicaid Fraud Unit for investigation and follow-up. If it is determined to be a civil infraction Medicaid determines the appropriate action. If it is determined to be a criminal matter, Medicaid refers it to the state Office of the Attorney General (OAG), Abuse and Fraud Division, for follow-up. The OAG investigates the complaint to determine its validity and to determine whether criminal action should be initiated and if restitution or recovery is the appropriate response. The OAG maintains communication with Medicaid throughout the investigation and resolution.

Beginning fiscal year 2007 the PIHP/CMHSPs are required by contract to secure an independent audit conducted by a CPA external to the organization. This audit tests for compliance with the provisions of the PIHP/CMHSP contracts with MDCH. Specifically it tests to confirm that the FSRs are reconciled to the PIHP/CMHSPs internal financial reports. These compliance exams are submitted to the MDCH Office of Audit.

PIHPs/CMHSPs are also required to contract annually for an independent audit of financial policies, practices and statements. This Financial Statement Audit tests for conformance with generally accepted accounting principles (GAAP), and is performed in accordance with Government Auditing Standards. The audit is submitted to the PIHP/CMHSP and a copy is sent to the MDCH Office of Audit.

The requirements for a Compliance Exam and the Financial Statement Audit do not replace or remove any other audit requirements that may exist, such as a Single Audit. If a PIHP or CMHSP expends \$500,000 or more in federal awards, they must obtain a Single Audit. Of the SEDW participating CMHSPs all but Livingston and Van Buren meet this requirement. In general, if a SEDW participating CMHSP is exempt from the Single Audit the SEDW must be tested as part of the CMHSP's Compliance Exam. In addition, if the Single Audit does not cover the SEDW then the SEDW may be tested as part of the Compliance Exam.

(b) Claims for services provided to SEDW enrollees, whether provided by a CMHSP or by a qualified provider contracted by the CMHSP are billed directly by the CMHSP to Medicaid through CHAMPS-the state's CMS approved claims processing system-in accordance with policies and procedures published in the "billing and reimbursement for professionals" section of the Michigan Medicaid Provider Manual. That portion of the manual also contains information about how claims are processed and how providers are notified of MDCH actions. The CMHSP may also choose to use a billing agent. CHAMPS applies a series of edits and determines the amount approved for payment. This is the lesser of the charge for the service or the Medicaid fee screen. Match for the federal share is provided in one of three ways: State General Fund dollars redirected by MDHS, State General Fund dollars allocated to CMHSPs by MDCH, and local funds allocated or approved by the CMHSP and their local partners.

The SEDW Site Review Team reviews Medicaid billing invoices, budgets and POS's. The review ensures that the services billed were identified in the POS as appropriate to identified needs, were recommended by the Child and Family Team, and were approved by the Community Team.

Appendix I: Financial Accountability

Quality Improvement: Financial Accountability

As a distinct component of the State's quality improvement strategy, provide information in the following fields to detail the State's methods for discovery and remediation.

a. Methods for Discovery: Financial Accountability

State financial oversight exists to assure that claims are coded and paid for in accordance with the reimbursement methodology specified in the approved waiver.

i. Performance Measures

For each performance measure/indicator the State will use to assess compliance with the statutory assurance complete the following. Where possible, include numerator/denominator. Each performance measure must be specific to this waiver (i.e., data presented must be waiver specific).

For each performance measure, provide information on the aggregated data that will enable the State to analyze and assess progress toward the performance measure. In this section provide information on the method by which each source of data is analyzed statistically/deductively or inductively, how themes are identified or conclusions drawn, and how recommendations are formulated, where appropriate.

Performance Measure:

Number and percent of SEDW claims that are processed in accordance with MDCH policies and procedures. Numerator: Number of SEDW claims processed in accordance with MDCH policies and procedures. Denominator: All SEDW claims submitted to CHAMPS.

Data Source (Select one):

Other

- ii. If applicable, in the textbox below provide any necessary additional information on the strategies employed by the State to discover/identify problems/issues within the waiver program, including frequency and parties responsible.

b. Methods for Remediation/Fixing Individual Problems

- i. Describe the State’s method for addressing individual problems as they are discovered. Include information regarding responsible parties and GENERAL methods for problem correction. In addition, provide information on the methods used by the State to document these items.

The Medicaid automated claims processing system (CHAMPS) edits claims to assure that consumers were enrolled in the CWP Benefit Plan and eligible for Medicaid on the date-of-service. All submitted claims that do not conform to Medicaid billing and reimbursement policies are rejected.

In addition to the automated claims processing system (CHAMPS) edits, the site review team reviews service claims for all SEDW consumers selected for on-site reviews to ensure that the services billed were identified in the IPOS as appropriate to identified needs. If a problem is identified in the course of the site review, the CMHSP is required to address the problem in its plan of correction. MDCH-MHSA will maintain a log to track individual problems and their remediation.

- ii. Remediation Data Aggregation

Remediation-related Data Aggregation and Analysis (including trend identification)

	<input type="checkbox"/> Other Specify:

c. Timelines

When the State does not have all elements of the Quality Improvement Strategy in place, provide timelines to design methods for discovery and remediation related to the assurance of Financial Accountability that are currently non-operational.

- No
- Yes

Please provide a detailed strategy for assuring Financial Accountability, the specific timeline for implementing identified strategies, and the parties responsible for its operation.

Appendix I: Financial Accountability

I-2: Rates, Billing and Claims (1 of 3)

- a. Rate Determination Methods.** In two pages or less, describe the methods that are employed to establish provider payment rates for waiver services and the entity or entities that are responsible for rate determination. Indicate any opportunity for public comment in the process. If different methods are employed for various types of services, the description may group services for which the same method is employed. State laws, regulations, and policies referenced in the description are available upon request to CMS through the Medicaid agency or the operating agency (if applicable).

Establishing Costs/Charges for Services:

CMHSPs are bound by their Medicaid Provider Agreements and Master Contracts with MDCH to assure their service charges are determined consistent with Generally Accepted Accounting Principles (GAAP) and OMB Circular A-87 (here after referred to as A-87). Beginning in FY10, for FY09 expenditure reporting, new administrative cost reporting requirements were implemented for all 46 CMHSPs. These reporting requirements distinguish the CMHSP's costs associated with administrative functions from their direct service costs. Compliance with the requirements of A-87 and with the new cost reporting requirements is audited by MDCH using a variety of strategies, as described in I-1, above.

Administrative Costs:

The structure of each CMHSP varies in relationship to its responsibilities. Each CMHSP may perform any number of the following functions: 1) direct service provider, 2) administer one or more waiver programs, or 3) operate as a Pre-paid Inpatient Health Plan (PIHP). The logic of the new 460 PIHP/CMHSP cost report enables CMHSPs to separately identify administrative costs associated with these various responsibilities. For purposes of this waiver, the cost report distinguishes administrative costs to administer the Waiver for Children with Serious Emotional Disturbances (SEDW), from those costs associated with directly delivering services to consumers.

OMB Circular A-87 (A-87) under the section composition of costs makes it clear there is no universal rule for classifying certain costs as either direct or indirect under every accounting system. Therefore, to the extent that these costs are indirect, the requirements are accommodated under the requirement that the CMHSPs report their costs in compliance with the requirements of OMB Circular A-87 (A-87). When these costs are indirect costs as defined in A-87, the CMHSP is obligated to ensure the equitable distribution of these costs based on relative benefits to each funding stream/program. This could require gathering the costs into a cost pool and distributing the costs to other administrative categories. The costs reported on the administrative cost report are the product of each CMHSP's A-87 compliant cost allocations. Therefore, although the administrative cost report does not show these cost allocation steps, they would be documented at the CMHSP in support of the reported administrative costs.

The state has a process in place to monitor this process. Compliance with A-87 will be monitored as part of the annual compliance exam submitted to MDCH by each CMHSP.

MDCH will reimburse CMHSPs the Federal share of actual CMHSP administrative expenditures attributed to the SEDW, as reported on a financial report certified as accurate by the CMHSP and submitted to MDCH, the MDCH/CMHSP cost settlement process and the CMHSP audited financial reports. The amount reimbursed will be determined in compliance with A-87 principles.

Medicaid Payment for Services:

A Medicaid payment for each billable service - in the form of a Medicaid fee screen - is established by the State Medicaid Agency, published on the Medicaid web site and available to providers, waiver participants and the general public. The service claims are submitted thru CHAMPS (detailed in I-2 b. below) and paid uniformly at the established Medicaid fee screen, or billed charge, whichever is less.

Informing Waiver Consumers About Service Rates:

As noted above, the rates are published on the MDCH web site. The fee screens are also available to consumers, as well as the general public, in written form when requested.

- b. Flow of Billings.** Describe the flow of billings for waiver services, specifying whether provider billings flow directly from providers to the State's claims payment system or whether billings are routed through other intermediary entities. If billings flow through other intermediary entities, specify the entities:

Claims for services provided to SEDW enrollees, whether provided by a CMHSP or by a qualified provider contracted by the CMHSP are billed directly by the CMHSP to Medicaid through CHAMPS-the state's CMS approved claims processing system-in accordance with policies and procedures published in the "billing and reimbursement for professionals" section of the Michigan Medicaid Provider Manual. That portion of the manual also contains information about how claims are processed and how providers are notified of MDCH actions. The CMHSP may also choose to use a billing agent. CHAMPS applies a series of edits and determines the amount approved for payment. This is the lesser of the charge for the service or the Medicaid fee screen.

The charge/cost billed to Medicaid by CMHSPs for contracted services does not include the CMHSP's administrative costs. The contract between a CMHSP and a contracted provider specifies the service/s to be provided by the contractor and the amount to be paid the contractor for each service. Contractors bill the CMHSP and are paid by the CMHSP in accordance with the contract. The SEDW is a fee-for-service program, and CMHSPs do not receive a capitated payment for SEDW consumers. CMHSPs bill Medicaid (through CHAMPS) the charge/cost for each service. Medicaid pays the CMHSPs the lesser of the CMHSP's charge/cost and the established fee-screen for each service.

When a CMHSP contracts for the SEDW services with a contract provider they must only bill the cost of that contract (the amount billed by the contract provider)in the CMHSP Fee for Service billing to MDCH. Otherwise, they would be violating MDCH requirements around fee for service billings. The CMHSP's do not keep part of what they bill MDCH (Medicaid) for the SEDW fee for service billing but must pay it all to the contract providers.

Appendix I: Financial Accountability

I-2: Rates, Billing and Claims (2 of 3)

c. Certifying Public Expenditures *(select one)*:

- No. State or local government agencies do not certify expenditures for waiver services.**
- Yes. State or local government agencies directly expend funds for part or all of the cost of waiver services and certify their State government expenditures (CPE) in lieu of billing that amount to Medicaid.**

Select at least one:

- Certified Public Expenditures (CPE) of State Public Agencies.**

Specify: (a) the State government agency or agencies that certify public expenditures for waiver services; (b) how it is assured that the CPE is based on the total computable costs for waiver services; and, (c) how the State verifies that the certified public expenditures are eligible for Federal financial participation in accordance with 42 CFR §433.51(b). *(Indicate source of revenue for CPEs in Item I-4-a.)*

- Certified Public Expenditures (CPE) of Local Government Agencies.**

Specify: (a) the local government agencies that incur certified public expenditures for waiver services; (b) how it is assured that the CPE is based on total computable costs for waiver services; and, (c) how the State verifies that the certified public expenditures are eligible for Federal financial participation in accordance with 42 CFR §433.51(b). *(Indicate source of revenue for CPEs in Item I-4-b.)*

(a)Participating CMHSPs

(b) & (c) Several vehicles are used to assure that the CPE is based on total computable costs for SEDW services: The Compliance Exam; Verification of fee-for- service billings by Medicaid staff and SEDW Site Review staff; and the contract reconciliation and cash settlement process. As described previously, the validation of the required local match is completed during the contract reconciliation and cash settlement process of the larger General Fund Contract. A Financial Status Report (FSR), certified by CMHSP Finance staff is submitted from each of the participating CMHSPs. The SEDW revenue and expenditures are uniquely identified on the FSRs of the participating CMHSPs. SEDW expenses are broken out by federal, local, and state funding. During the contract reconciliation and cash settlement

process, MDCH staff will reconcile the SEDW revenues reported by the CMHSP to the official MDCH records. Additionally, MDCH staff validate that the CMHSP has met the local match obligation by performing an analysis of the amount of expenditures reported as funded with local or state funding to the amount of expenditures reported as funded with federal SEDW revenues. The contract reconciliation and cash settlement documentation and SEDW local match analysis is maintained in the Bureau of Finance.

Appendix I: Financial Accountability

I-2: Rates, Billing and Claims (3 of 3)

d. Billing Validation Process. Describe the process for validating provider billings to produce the claim for federal financial participation, including the mechanism(s) to assure that all claims for payment are made only: (a) when the individual was eligible for Medicaid waiver payment on the date of service; (b) when the service was included in the participant's approved service plan; and, (c) the services were provided:

(a) Claims processed through CHAMPS in b. above are edited prior to payment for many parameters, including that the consumer was enrolled in the CWP and Medicaid eligible on the date of service, that the provider was eligible to be paid for services, that the service was one that could be billed on the date of service (procedure validity), and all other edits built into the system (e.g., claim duplication, frequency and quantity limitations).

(b) and (c) Post-payment validation that billed services are included in the consumer's approved service plan and that billed services were actually provided is done at the time of the QMP on-site review. It is also done as part of the annual Medicaid Services Verification audit (as described in Appendix I-1 above).

At the time of the QMP Site Review, staff review billings to Medicaid, budgets, IPOSs, case notes, assessments and reports for consumers selected via a proportionate random sample. The review ensures that the services billed were identified in the IPOS as appropriate to identified needs, were recommended by the child's team, and that the services were provided. When the site-review reveals a problem with a billing, the CMHSP must submit a claim adjustment (when necessary) so that Medicaid recoups the inappropriate payment. The CMHSP must also address billing issues in its plan of correction.

e. Billing and Claims Record Maintenance Requirement. Records documenting the audit trail of adjudicated claims (including supporting documentation) are maintained by the Medicaid agency, the operating agency (if applicable), and providers of waiver services for a minimum period of 3 years as required in 45 CFR §92.42.

Appendix I: Financial Accountability

I-3: Payment (1 of 7)

a. Method of payments -- MMIS (select one):

- Payments for all waiver services are made through an approved Medicaid Management Information System (MMIS).**
- Payments for some, but not all, waiver services are made through an approved MMIS.**

Specify: (a) the waiver services that are not paid through an approved MMIS; (b) the process for making such payments and the entity that processes payments; (c) and how an audit trail is maintained for all state and federal funds expended outside the MMIS; and, (d) the basis for the draw of federal funds and claiming of these expenditures on the CMS-64:

- Payments for waiver services are not made through an approved MMIS.**

Specify: (a) the process by which payments are made and the entity that processes payments; (b) how and through which system(s) the payments are processed; (c) how an audit trail is maintained for all state and federal funds expended outside the MMIS; and, (d) the basis for the draw of federal funds and claiming of these expenditures on the CMS-64:

As discussed in detail in I-1 above, claims for services provided to SEDW enrollees, whether provided by a CMHSP or by a qualified provider contracted by the CMHSP, are billed directly by the CMHSP to Medicaid through CHAMPS - the State's CMS-approved claims processing system - in accordance with policies and procedures published in the "billing and reimbursement for professionals" section of the Michigan Medicaid Provider Manual. That portion of the manual also contains information about how claims are processed and how providers are notified of MDCH actions. The CMHSP may also choose to use a billing agent. CHAMPS applies all appropriate edits to each claim line. (Edits include verifying the consumer was enrolled in the SEDW on the date-of-service, that the claim is for a billable service, that the quantity billed does not exceed the parameter for the service, and whether the consumer is enrolled in the DHS Pilot.) CHAMPS issues a Remittance Advice (RA) indicating status of the claim (e.g., pend, reject, paid) with applicable "reason/explanation" codes. The "amount approved for payment" is the lesser of charge or fee screen.

At this time, a "suppress warrant" flag is turned on for SEDW claims, as CHAMPS cannot pay claims in the manner consistent with the two sources for match funding. For one group of SEDW consumers, the CMHSP is reimbursed at FMAP only, as the CMHSPs provide the match to the federal share for these consumers either through the State General Fund or local funds. For the second group of SEDW consumers, children in the DHS foster care system, the CMHSP is reimbursed at the gross amount approved for payment. For both groups of consumers, the amount approved for payment by CHAMPS is the lesser of the charge or the Medicaid fee screen. MDCH staff in the Mental Health and CSHCS Support Section within the Bureau of Finance pull a detailed report from CHAMPS and issue payment (FMAP only or total approved for payment) based on whether the consumer is identified as being in the DHS foster care system.

MDCH utilizes a coding reduction technique where a Program Cost Account (PCA) is required on all payments / accounting entries. The PCA identifies various characteristics of the payments, including but not limited to the appropriation and funding source. These elements identify everything needed to properly identify expenditures on the CMS-64. At the end of each quarter, MDCH Grants Management staff prepares and submits the CMS-64 utilizing standardized reports based on the elements defined on the PCA. In addition, the Mental Health and CSHCS Support Section within the Bureau of Finance, prepares a confirmation memo, which details the SEDW costs and anticipated federal reimbursement. The Grants Management staff reconciles what is reflected in the standardized reports to what is reflected in the confirmation memo prior to submission of the CMS-64.

The validation of the required local match is completed during the contract reconciliation and cash settlement process of the larger General Fund Contract. A Financial Status Report (FSR), certified bCMHSP Finance staff is submitted from each of the participating CMHSPs. The SEDW revenue and expenditures are uniquely identified on the FSRs of the participating CMHSPs. SEDW expenses are broken out by federal, local, and state funding. During the contract reconciliation and cash settlement process, MDCH staff will reconcile the SEDW revenues reported by the CMHSP to the official MDCH records. Additionally, MDCH staff validate that the CMHSP has met the local match obligation by performing an analysis of the amount of expenditures reported as funded with local or state funding to the amount of expenditures reported as funded with federal SEDW revenues. The contract reconciliation and cash settlement documentation and SEDW local match analysis is maintained in the Bureau of Finance.

- Payments for waiver services are made by a managed care entity or entities. The managed care entity is paid a monthly capitated payment per eligible enrollee through an approved MMIS.**

Describe how payments are made to the managed care entity or entities:

Appendix I: Financial Accountability

I-3: Payment (2 of 7)

- b. Direct payment.** In addition to providing that the Medicaid agency makes payments directly to providers of waiver services, payments for waiver services are made utilizing one or more of the following arrangements (*select at least one*):

- The Medicaid agency makes payments directly and does not use a fiscal agent (comprehensive or limited) or a managed care entity or entities.**

- The Medicaid agency pays providers through the same fiscal agent used for the rest of the Medicaid program.**
- The Medicaid agency pays providers of some or all waiver services through the use of a limited fiscal agent.**

Specify the limited fiscal agent, the waiver services for which the limited fiscal agent makes payment, the functions that the limited fiscal agent performs in paying waiver claims, and the methods by which the Medicaid agency oversees the operations of the limited fiscal agent:

- Providers are paid by a managed care entity or entities for services that are included in the State's contract with the entity.**

Specify how providers are paid for the services (if any) not included in the State's contract with managed care entities.

Appendix I: Financial Accountability

I-3: Payment (3 of 7)

- c. Supplemental or Enhanced Payments.** Section 1902(a)(30) requires that payments for services be consistent with efficiency, economy, and quality of care. Section 1903(a)(1) provides for Federal financial participation to States for expenditures for services under an approved State plan/waiver. Specify whether supplemental or enhanced payments are made. *Select one:*

- No. The State does not make supplemental or enhanced payments for waiver services.**
- Yes. The State makes supplemental or enhanced payments for waiver services.**

Describe: (a) the nature of the supplemental or enhanced payments that are made and the waiver services for which these payments are made; (b) the types of providers to which such payments are made; (c) the source of the non-Federal share of the supplemental or enhanced payment; and, (d) whether providers eligible to receive the supplemental or enhanced payment retain 100% of the total computable expenditure claimed by the State to CMS. Upon request, the State will furnish CMS with detailed information about the total amount of supplemental or enhanced payments to each provider type in the waiver.

Appendix I: Financial Accountability

I-3: Payment (4 of 7)

- d. Payments to State or Local Government Providers.** *Specify whether State or local government providers receive payment for the provision of waiver services.*

- No. State or local government providers do not receive payment for waiver services.** Do not complete Item I-3-e.
- Yes. State or local government providers receive payment for waiver services.** Complete Item I-3-e.

Specify the types of State or local government providers that receive payment for waiver services and the services that the State or local government providers furnish: *Complete item I-3-e.*

The providers of SEDW services include participating CMHSPs and other qualified/approved community-based mental health and developmental disability services providers. The waiver services they provide are identified in Appendix C.

Appendix I: Financial Accountability

I-3: Payment (5 of 7)

e. Amount of Payment to State or Local Government Providers.

Specify whether any State or local government provider receives payments (including regular and any supplemental payments) that in the aggregate exceed its reasonable costs of providing waiver services and, if so, whether and how the State recoups the excess and returns the Federal share of the excess to CMS on the quarterly expenditure report.

Select one:

- The amount paid to State or local government providers is the same as the amount paid to private providers of the same service.**
- The amount paid to State or local government providers differs from the amount paid to private providers of the same service. No public provider receives payments that in the aggregate exceed its reasonable costs of providing waiver services.**
- The amount paid to State or local government providers differs from the amount paid to private providers of the same service. When a State or local government provider receives payments (including regular and any supplemental payments) that in the aggregate exceed the cost of waiver services, the State recoups the excess and returns the federal share of the excess to CMS on the quarterly expenditure report.**

Describe the recoupment process:

Appendix I: Financial Accountability

I-3: Payment (6 of 7)

f. Provider Retention of Payments. Section 1903(a)(1) provides that Federal matching funds are only available for expenditures made by states for services under the approved waiver. *Select one:*

- Providers receive and retain 100 percent of the amount claimed to CMS for waiver services.**
- Providers are paid by a managed care entity (or entities) that is paid a monthly capitated payment.**

Specify whether the monthly capitated payment to managed care entities is reduced or returned in part to the State.

Appendix I: Financial Accountability

I-3: Payment (7 of 7)

g. Additional Payment Arrangements

i. Voluntary Reassignment of Payments to a Governmental Agency. *Select one:*

- No. The State does not provide that providers may voluntarily reassign their right to direct payments to a governmental agency.**
- Yes. Providers may voluntarily reassign their right to direct payments to a governmental agency as provided in 42 CFR §447.10(e).**

Specify the governmental agency (or agencies) to which reassignment may be made.

ii. Organized Health Care Delivery System. *Select one:*

- No. The State does not employ Organized Health Care Delivery System (OHCDS) arrangements under the provisions of 42 CFR §447.10.**
- Yes. The waiver provides for the use of Organized Health Care Delivery System arrangements under the provisions of 42 CFR §447.10.**

Specify the following: (a) the entities that are designated as an OHCDS and how these entities qualify for designation as an OHCDS; (b) the procedures for direct provider enrollment when a provider does not voluntarily agree to contract with a designated OHCDS; (c) the method(s) for assuring that participants have free choice of qualified providers when an OHCDS arrangement is employed, including the selection of providers not affiliated with the OHCDS; (d) the method(s) for assuring that providers that furnish services under contract with an OHCDS meet applicable provider qualifications under the waiver; (e) how it is assured that OHCDS contracts with providers meet applicable requirements; and, (f) how financial accountability is assured when an OHCDS arrangement is used:

iii. Contracts with MCOs, PIHPs or PAHPs. *Select one:*

- The State does not contract with MCOs, PIHPs or PAHPs for the provision of waiver services.**
- The State contracts with a Managed Care Organization(s) (MCOs) and/or prepaid inpatient health plan(s) (PIHP) or prepaid ambulatory health plan(s) (PAHP) under the provisions of §1915(a)(1) of the Act for the delivery of waiver and other services. Participants may voluntarily elect to receive waiver and other services through such MCOs or prepaid health plans. Contracts with these health plans are on file at the State Medicaid agency.**

Describe: (a) the MCOs and/or health plans that furnish services under the provisions of §1915(a)(1); (b) the geographic areas served by these plans; (c) the waiver and other services furnished by these plans; and, (d) how payments are made to the health plans.

- This waiver is a part of a concurrent §1915(b)/§1915(c) waiver. Participants are required to obtain waiver and other services through a MCO and/or prepaid inpatient health plan (PIHP) or a prepaid ambulatory health plan (PAHP). The §1915(b) waiver specifies the types of health plans that are used and how payments to these plans are made.**

Appendix I: Financial Accountability

I-4: Non-Federal Matching Funds (1 of 3)

- a. State Level Source(s) of the Non-Federal Share of Computable Waiver Costs.** Specify the State source or sources of the non-federal share of computable waiver costs. *Select at least one:*

- Appropriation of State Tax Revenues to the State Medicaid agency**

Appropriation of State Tax Revenues to a State Agency other than the Medicaid Agency.

If the source of the non-federal share is appropriations to another state agency (or agencies), specify: (a) the State entity or agency receiving appropriated funds and (b) the mechanism that is used to transfer the funds to the Medicaid Agency or Fiscal Agent, such as an Intergovernmental Transfer (IGT), including any matching arrangement, and/or, indicate if the funds are directly expended by State agencies as CPEs, as indicated in Item I-2-c:

The source of the non-federal share to MDCH Administration is funded through an appropriation of tax revenue paid to the CMHSPs as General Fund-formula funds. Should the CMHSP not have adequate local funds to provide local match they may use their General Fund dollars.

 Other State Level Source(s) of Funds.

Specify: (a) the source and nature of funds; (b) the entity or agency that receives the funds; and, (c) the mechanism that is used to transfer the funds to the Medicaid Agency or Fiscal Agent, such as an Intergovernmental Transfer (IGT), including any matching arrangement, and/or, indicate if funds are directly expended by State agencies as CPEs, as indicated in Item I-2- c:

As noted in I-1 the match for the federal share is provided in one of three ways: State General Fund dollars allocated to CMHSPs by MDCH, and local funds allocated or approved by the CMHSP and their local partners (as noted above), and State General Fund dollars redirected by MDHS.

MDCH will report Medicaid expenditures on a quarterly basis to MDHS and MDHS will transfer State General Fund dollars to MDCH using an interagency journal voucher process. The redirected State funds will be used as State match for waiver services provided to children identified by MDCH and referred to the Community Team in accordance with the purpose of this amendment.

Appendix I: Financial Accountability

I-4: Non-Federal Matching Funds (2 of 3)

b. Local Government or Other Source(s) of the Non-Federal Share of Computable Waiver Costs. Specify the source or sources of the non-federal share of computable waiver costs that are not from state sources. *Select One:*

Not Applicable. There are no local government level sources of funds utilized as the non-federal share.

Applicable

Check each that applies:

 Appropriation of Local Government Revenues.

Specify: (a) the local government entity or entities that have the authority to levy taxes or other revenues; (b) the source(s) of revenue; and, (c) the mechanism that is used to transfer the funds to the Medicaid Agency or Fiscal Agent, such as an Intergovernmental Transfer (IGT), including any matching arrangement (indicate any intervening entities in the transfer process), and/or, indicate if funds are directly expended by local government agencies as CPEs, as specified in Item I-2-c:

(a)& (b) County Boards of Commission have the authority to levy taxes and allocate a portion of general county funds (including property tax revenue) to CMHSPs to be used as local match. Cities and townships also have authority to appropriate funds to CMHSPs.

(c) Funds are directly expended by participating CMHSPs as specified in Item I-2-c.

 Other Local Government Level Source(s) of Funds.

Specify: (a) the source of funds; (b) the local government entity or agency receiving funds; and, (c) the mechanism that is used to transfer the funds to the State Medicaid Agency or Fiscal Agent, such as an Intergovernmental Transfer (IGT), including any matching arrangement, and /or, indicate if funds are directly expended by local government agencies as CPEs, as specified in Item I-2- c:

(a) & (b) As long as the source of revenue is not federal or state funds, revenues from other county departments and funds (such as child care funds) and from public or private school districts can be received by CMHSPs to use as local match for services.

(c) Funds are directly expended by participating CMHSPs as specified in Item I-2-c.

Appendix I: Financial Accountability

I-4: Non-Federal Matching Funds (3 of 3)

c. Information Concerning Certain Sources of Funds. Indicate whether any of the funds listed in Items I-4-a or I-4-b that make up the non-federal share of computable waiver costs come from the following sources: (a) health care-related taxes or fees; (b) provider-related donations; and/or, (c) federal funds. *Select one:*

- None of the specified sources of funds contribute to the non-federal share of computable waiver costs**
- The following source(s) are used**
Check each that applies:
- Health care-related taxes or fees**
- Provider-related donations**
- Federal funds**

For each source of funds indicated above, describe the source of the funds in detail:

Appendix I: Financial Accountability

I-5: Exclusion of Medicaid Payment for Room and Board

a. Services Furnished in Residential Settings. *Select one:*

- No services under this waiver are furnished in residential settings other than the private residence of the individual.**
- As specified in Appendix C, the State furnishes waiver services in residential settings other than the personal home of the individual.**

b. Method for Excluding the Cost of Room and Board Furnished in Residential Settings. The following describes the methodology that the State uses to exclude Medicaid payment for room and board in residential settings:

The following waiver services can be provided to SEDW consumers in residential settings other than the individual's private residence: child therapeutic foster care (can be provided in a Department of Human Services (DHS) licensed foster home), and therapeutic overnight camp (can be provided in a DHS licensed camp).

DHS, Michigan's child welfare organization, licenses and regulates children's foster care. The current approved rate for room and board is based on age and is as follows, and is not billable to Medicaid:

Age Group	Room & Board
-----------	--------------

0-12	\$14.24
13-18	\$17.59

The Therapeutic Foster Care rate for the SEDW is comprised of 3 components, 2 of which are billable to Medicaid; 1 which is not.

1. The daily rate covers \$75.00 per day for the enhanced therapeutic rate to be paid to foster parents. This rate includes respite care (purchased by the foster parent), participation in wraparound team meetings, training and other treatment-oriented appointments for the youth and family, data collection required as part of implementing the POS (including a daily/weekly log and 24 hour supervision).

2. The daily rate also includes \$35.00 per day to be paid to the provider agency. This part of the daily rate includes

recruitment, pre-service training and licensing of the foster parents for this specialized service; on-going support, monitoring, training and oversight of the foster home; as well as closely supervised home visits throughout the youth's placement in the foster home.

3. Room and Board rate paid to Foster Parents: This must be paid separate from the enhanced therapeutic foster care rate and from a different funding source (e.g., Title IV-E); Medicaid cannot be used to pay this component. The room and board rate includes basic needs, including clothing, shelter, food and daily essentials. The Room and Board rate is based on the child's age:

- a.) Age birth - 12: \$14.24 a day
- b.) Age 13 - 18: \$17.59 a day

Therapeutic Overnight Camping (per session): CMHSPs and other approved community-based mental health and developmental disability services providers must contract with DHS licensed camps for this service. Contracts for all providers must specify performance expectations. In the case of licensed camps, performance expectations include the length of the session and detail of all costs (e.g., cost of staff with specialized training with this population, enrollment and other camp fees, transportation to and from the camp) included in the charge for the session. The contracted rate must exclude the cost of room and board. This is accomplished in 1 of 2 ways: subtracting the applicable room & board rate (see table above) for each day of the camp session from the total charge for the session; or subtracting the cost attributed to room and board in the detailed cost of the session.

Appendix I: Financial Accountability

I-6: Payment for Rent and Food Expenses of an Unrelated Live-In Caregiver

Reimbursement for the Rent and Food Expenses of an Unrelated Live-In Personal Caregiver. *Select one:*

- No. The State does not reimburse for the rent and food expenses of an unrelated live-in personal caregiver who resides in the same household as the participant.**
- Yes. Per 42 CFR §441.310(a)(2)(ii), the State will claim FFP for the additional costs of rent and food that can be reasonably attributed to an unrelated live-in personal caregiver who resides in the same household as the waiver participant. The State describes its coverage of live-in caregiver in Appendix C -3 and the costs attributable to rent and food for the live-in caregiver are reflected separately in the computation of factor D (cost of waiver services) in Appendix J. FFP for rent and food for a live-in caregiver will not be claimed when the participant lives in the caregiver's home or in a residence that is owned or leased by the provider of Medicaid services.**

The following is an explanation of: (a) the method used to apportion the additional costs of rent and food attributable to the unrelated live-in personal caregiver that are incurred by the individual served on the waiver and (b) the method used to reimburse these costs:

Appendix I: Financial Accountability

I-7: Participant Co-Payments for Waiver Services and Other Cost Sharing (1 of 5)

a. Co-Payment Requirements. Specify whether the State imposes a co-payment or similar charge upon waiver participants for waiver services. These charges are calculated per service and have the effect of reducing the total computable claim for federal financial participation. *Select one:*

- No. The State does not impose a co-payment or similar charge upon participants for waiver services.**
- Yes. The State imposes a co-payment or similar charge upon participants for one or more waiver services.**

i. Co-Pay Arrangement.

Specify the types of co-pay arrangements that are imposed on waiver participants (*check each that applies*):

Charges Associated with the Provision of Waiver Services (if any are checked, complete Items I-7-a-ii through I-7-a-iv):

- Nominal deductible**
- Coinsurance**
- Co-Payment**
- Other charge**

Specify:

Appendix I: Financial Accountability

I-7: Participant Co-Payments for Waiver Services and Other Cost Sharing (2 of 5)

a. Co-Payment Requirements.

ii. Participants Subject to Co-pay Charges for Waiver Services.

Answers provided in Appendix I-7-a indicate that you do not need to complete this section.

Appendix I: Financial Accountability

I-7: Participant Co-Payments for Waiver Services and Other Cost Sharing (3 of 5)

a. Co-Payment Requirements.

iii. Amount of Co-Pay Charges for Waiver Services.

Answers provided in Appendix I-7-a indicate that you do not need to complete this section.

Appendix I: Financial Accountability

I-7: Participant Co-Payments for Waiver Services and Other Cost Sharing (4 of 5)

a. Co-Payment Requirements.

iv. Cumulative Maximum Charges.

Answers provided in Appendix I-7-a indicate that you do not need to complete this section.

Appendix I: Financial Accountability

I-7: Participant Co-Payments for Waiver Services and Other Cost Sharing (5 of 5)

b. Other State Requirement for Cost Sharing. Specify whether the State imposes a premium, enrollment fee or similar cost sharing on waiver participants. *Select one:*

- No. The State does not impose a premium, enrollment fee, or similar cost-sharing arrangement on waiver participants.**
- Yes. The State imposes a premium, enrollment fee or similar cost-sharing arrangement.**

Describe in detail the cost sharing arrangement, including: (a) the type of cost sharing (e.g., premium, enrollment fee); (b) the amount of charge and how the amount of the charge is related to total gross family income; (c) the groups of participants subject to cost-sharing and the groups who are excluded; and, (d) the mechanisms for the collection of cost-sharing and reporting the amount collected on the CMS 64:

Appendix J: Cost Neutrality Demonstration

J-1: Composite Overview and Demonstration of Cost-Neutrality Formula

Composite Overview. Complete the fields in Cols. 3, 5 and 6 in the following table for each waiver year. The fields in Cols. 4, 7 and 8 are auto-calculated based on entries in Cols 3, 5, and 6. The fields in Col. 2 are auto-calculated using the Factor D data from the J-2d Estimate of Factor D tables. Col. 2 fields will be populated ONLY when the Estimate of Factor D tables in J-2d have been completed.

Level(s) of Care: Hospital

Col. 1	Col. 2	Col. 3	Col. 4	Col. 5	Col. 6	Col. 7	Col. 8
Year	Factor D	Factor D'	Total: D+D'	Factor G	Factor G'	Total: G+G'	Difference (Col 7 less Column4)
1	2259.93	6763.00	9022.93	35886.00	861.00	36747.00	27724.07
2	3665.31	9884.00	13549.31	36378.00	933.00	37311.00	23761.69
3	11056.99	10712.00	21768.99	36876.00	1011.00	37887.00	16118.01

5	11986.64	12583.00	24569.64	37894.00	1188.00	39082.00	14512.36

Appendix J: Cost Neutrality Demonstration

J-2: Derivation of Estimates (1 of 9)

- a. Number Of Unduplicated Participants Served.** Enter the total number of unduplicated participants from Item B-3-a who will be served each year that the waiver is in operation. When the waiver serves individuals under more than one level of care, specify the number of unduplicated participants for each level of care:

Table: J-2-a: Unduplicated Participants

Waiver Year	Total Number Unduplicated Number of Participants (from Item B-3-a)	Distribution of Unduplicated Participants by Level of Care (if applicable)	
		Level of Care:	
		Hospital	
Year 1	129	129	
Year 2	357	357	
Year 3	363	363	
Year 4	648	648	
Year 5	1243	1243	

Appendix J: Cost Neutrality Demonstration

J-2: Derivation of Estimates (2 of 9)

- b. Average Length of Stay.** Describe the basis of the estimate of the average length of stay on the waiver by participants in item J-2-a.

The average length of stay for FY09 is taken from the CMS-372 for FY09. The average length of stay for FY10 and FY11 is based on the actual enrollment schedule for those years. The estimated average length of stay for FY12 and FY13 is based on the anticipated attrition and accretion for those years.

Appendix J: Cost Neutrality Demonstration

J-2: Derivation of Estimates (3 of 9)

- c. Derivation of Estimates for Each Factor.** Provide a narrative description for the derivation of the estimates of the following factors.

- i. Factor D Derivation.** The estimates of Factor D for each waiver year are located in Item J-2-d. The basis for these estimates is as follows:

(a) The estimated number of service users was determined in 3 ways: 1) actual data for Waiver year 1 (FY09) was based on the CMS-372 Report. This data was expressed as a percent and applied to the number of enrollees for which we are requesting approval for Waiver years 4 and 5. 2) For services that were not used during Waiver year 1, 2 or 3 (e.g., Therapeutic Foster Care, Community Transition) the expected number of users was carried forward from the amendment for Waiver years 4 and 5. 3) Estimated expenditures and utilization of the new service-non family training-effective April 1, 2012 (waiver year 4) was estimated based on utilization of this same service of the Children's Waiver Program.

(b) The estimated number of units per user was based on the same data source as used for (a) above. In this case it was used to project the estimated average number of units of each service per enrollee.

(c) The average cost per unit of service is based on the Medicaid Fee Screens.

- ii. Factor D' Derivation.** The estimates of Factor D' for each waiver year are included in Item J-1. The basis of these estimates is as follows:

Factor D' was calculated based on the estimated annual average per capita Medicaid cost for all services that were furnished to the waiver enrollee, in addition to waiver services while the child was in the waiver. There were two sources of data: 1) expenditures for waiver services and other mental health state plan services billed by the CMHSPs maintained in Michigan's Manual Payment System combined with 2) expenditures for all other Medicaid covered services for SEDW enrollees maintained in Michigan's Data Warehouse (MMIS). Using data from 2003-2007 we arrived at an average annual rate of growth for Medicaid expenditures for all other services. This rate of growth is 8.38 percent and was used to trend the actual D' data for Waiver year 2 (2007) forward through Waiver Year 5 of the renewal.

Factor D' was recalculated only for year 1 to include estimated expenditures for increased waiver participants, adjusted for ALOS.

- iii. Factor G Derivation.** The estimates of Factor G for each waiver year are included in Item J-1. The basis of these estimates is as follows:

Factor G was determined by averaging the annual rate of growth of Medicaid costs for inpatient state institutional care for years 2003 through 2006, which is 1.37 percent. This percent was used to trend Factor G through year 5 of the Waiver renewal.

- iv. Factor G' Derivation.** The estimates of Factor G' for each waiver year are included in Item J-1. The basis of these estimates is as follows:

Factor G' was determined based on the estimated annual average per capita of Medicaid cost for all other services provided to individuals while the individual was in a psychiatric hospital. Using data from 2003-2007 we arrived at an average annual rate of growth for Medicaid expenditures for all other services. This

rate of growth is 8.38 percent and was used to trend the actual G' data for 2005 forward through Waiver Year 5 of the renewal.

Appendix J: Cost Neutrality Demonstration

J-2: Derivation of Estimates (4 of 9)

Component management for waiver services. If the service(s) below includes two or more discrete services that are reimbursed separately, or is a bundled service, each component of the service must be listed. Select “*manage components*” to add these components.
