

FINGERTIP REPORT: I - MEDICAID PERFORMANCE INDICATORS

Period: October 1, 2010 - September 30, 2011

The Michigan Mission-Based Performance Indicator System was first implemented in fiscal year 1997 and is contractually required of the 18 PIHPs. Since 1997, the system has undergone changes based on feedback from consumers, families, advocates and mental health professionals. These indicators include measures on timeliness of service in emergent and non-emergent situations, service following discharge from an inpatient facility, services provided to Habilitation Waiver consumers and percentage of readmissions to an inpatient facilities. The [code book with the detailed reporting instructions](#) is available on the MDCH web site. Click the links below to view percentages for each quarter as well as additional populations.
