

Part D and MI Health Link

1. Why did my Part D plan send me a letter cancelling my coverage?

When you call to join MI Health Link or the state notifies you that you are being enrolled, you will be disenrolled from your Part D plan. The letter you received is in response to your upcoming enrollment in MI Health Link. You still have Part D coverage until the date specified in the letter.

2. Does MI Health Link include Part D drug coverage?

MI Health Link coverage includes all Medicare and Medicaid services including the Part D drug benefit. The MI Health Link health plan will provide the drug benefit to plan enrollees.

3. Do I need my Part D plan if I enroll in MI Health Link?

No, when you enroll in MI Health Link, you will no longer need a Part D plan. The MI Health Link health plan will cover your drugs.

4. What drugs are covered by MI Health Link?

Each plan must cover a minimum type of drugs. This includes Part D drugs and Medicaid drugs not included in Part D. The list of drugs covered by the MI Health Link health plan is called the plan's drug formulary.

5. How do I know what drugs are covered by the plan's drug formulary?

Each plan must list its drug formulary on the Medicare Plan Finder which is available at <https://www.medicare.gov/find-a-plan>. You can go online and enter your prescriptions to see which plans cover your drugs. You may also call the Michigan Medicare/Medicaid Assistance Program (MMAP) to help determine which plans cover your drugs. You can speak with an options counselor by calling MMAP at 1-800-803-7174 Monday through Friday from 8AM to 5PM ET.

6. Do I still have prescription coverage?

Yes, you still have your Part D coverage until the date indicated in the letter from your part D plan. When you are disenrolled from your Part D plan at the end of the month, you will be enrolled in and have Part D coverage through MI Health Link on the first day of the next month. For example, if your Part D plan ends on 4/30/15, your MI Health Link plan will begin on 5/1/15 so there is no gap in coverage

7. What can I do if I want to continue with my Part D plan?

Before the effective date in your letter, you can call Michigan ENROLLS to opt-out of MI Health Link. When you opt-out, your Part D plan will be notified to continue your coverage in the Part D plan. You will receive another set of letters confirming that you do not want MI Health Link but do want to continue with your Part D plan. Your Part D coverage will not change if you call before your enrollment date in MI Health Link.

8. What if I want to continue with my Part D plan but call after the effective date in my letter?

When you are enrolled in MI Health Link, you can leave or opt-out at any time. You must call Michigan ENROLLS to opt-out of MI Health Link. You will be disenrolled on the last day of the current month. You can return to your Part D plan if you call 1-800-MEDICARE or go to www.medicare.gov/find-a-plan to enroll in the Part D plan. If you don't request to return to your Part D plan, a new Part D plan will be assigned to you.
