Dear BENEFNAME M BENELNAME:

You are getting this letter because you have both Medicare and Medicaid. The letter tells you about a new program that will simplify the way you get Medicare and Medicaid health care services. A new healthcare option called MI Health Link is available in the area you live. MI Health Link will allow you to use one card to get health care, behavioral health care, home and community-based services, nursing home care and medications through one health plan. You will have your choice of doctors and other providers within your health plan's network who will work together to give you the care you want and need.

If you choose to join a MI Health Link health plan, you will have your own Care Coordinator who will help link you to your doctors, pharmacies, behavioral health care and long term care supports and services through your health plan. The Care Coordinator will also help make sure that all your doctors and other providers work together to meet your needs and honor your choices. This person will assist with your care plan, answer your questions, help get appointments and services, arrange transportation, and more.

## MI Health Link benefits:

- Medical services
- Medications (No Co-payments)
- Dental services
- Vision services
- In-home services
- Community mental health services
- Community-based services
- Equipment to help with activities of daily living

## Your choices:

- You may choose to join MI Health Link to begin receiving services as early as May 1, 2015
- You may do nothing and be enrolled into MI Health Link at a later date (you would receive letters first)
- You may join or opt-out of MI Health Link at any time

## What should you consider?

- If you have **Medicare** health or drug coverage from an employer or union sponsored plan, you can leave that coverage and enroll in MI Health Link. **However, you or your dependents could lose that employer or union coverage completely and not get it back if you join MI Health Link.** Contact your benefits administrator if you have questions about your current coverage.
- If you are currently enrolled in **MI Choice**, you can stay in the MI Choice program or leave MI Choice to enroll in MI Health Link. However, if you join MI Health Link and later decide you want to return to MI Choice, you may have to go on a waiting list until the program has another opening.

- If you are currently enrolled in **PACE**, you can stay in PACE or leave PACE to enroll in MI Health Link. However, if you join MI Health Link and later decide you want to return to PACE, you can re-enroll if there is an opening and you continue to meet the PACE enrollment requirements.
- If you enroll in MI Health Link, you will no longer need a separate Part D plan as MI Health Link includes Part D services. You will receive a letter from your Part D plan telling you your current Part D coverage is ending.

### **What should you do now?**

- Talk about your choices with someone who knows about your health care needs, like your family, allies, or someone at your local Michigan Medicare/Medicaid Assistance Program (MMAP) office. MMAP can help you know if your providers participate and if your drugs are covered.
- Ask your doctors and other providers if they are participating with a MI Health Link health plan.
- Go to [www.michigan.gov/MIHealthLink](http://www.michigan.gov/MIHealthLink) to learn more about MI Health Link.
- Make a choice to join or opt-out of MI Health Link.

### **Who should you call if you have questions?**

- Call the Michigan Medicare/Medicaid Assistance Program (MMAP) office to talk about your health care options. MMAP can be reached Monday through Friday from 8 AM to 5 PM ET at 1-800-803-7174. This call is free.
- If you have questions about your Medicare eligibility, your Medicare prescription drug plan, Medicare Advantage, or other Medicare questions, call 1-800-MEDICARE (1-800-633-4227). TTY users may call 1-877-486-2048. They are open 24 hours a day, 7 days a week. You can also visit [www.medicare.gov](http://www.medicare.gov).
- Call Michigan ENROLLS to enroll or opt out of MI Health Link, toll-free at 1-800-975-7630. TTY users may call 1-888-263-5897. The office hours are Monday through Friday 8 AM to 7 PM ET.

If you reside in a nursing facility, an adult foster care home or a home for the aged, on site presentations about MI Health Link can be arranged. You or a staff member can contact Anita Salustro at 517-614-8388 or e-mail her at [anita@mymdrc.org](mailto:anita@mymdrc.org) to schedule a presentation.

Sincerely,

Stephen Fitton, Director  
Medical Services Administration

If you need this letter in another language or alternate format, like large print, audio, or Braille; or if you need help understanding this letter, please call Michigan ENROLLS at toll free 1-800-975-7630 (TTY: 1-888-263-5897), Monday-Friday from 8 AM to 7 PM.

Si tiene preguntas, favor de llamar a Michigan ENROLLS al 1-800-975-7630.
