The purpose of this bulletin is to update the Outpatient Prospective Payment System (OPPS) and Ambulatory Surgical Center (ASC) statewide budget-neutrality Reduction Factor (RF) previously referenced in Medicaid policy bulletin MSA 10-61.

On August 18, 2011, the Centers for Medicare and Medicaid Services (CMS) published changes to the Medicare OPPS system in the Federal Register (2012 CMS Final Rule, CMS-1518-FC). Those changes included a 2.9% inflationary increase to the Medicare OPPS program. To maintain budget neutrality for the Medicaid program, the Medicaid OPPS and ASC reduction factor will be adjusted from 56.4% to 54.8% effective for dates of service on or after January 1, 2012.

Policy bulletin MSA 06-47 stated that the Michigan Department of Community Health (MDCH) may adjust its reduction factor to maintain expenditures within appropriated levels if Medicare implements a general rate increase. In addition, MSA 07-12 stated MDCH reserves the right to adjust the reduction factor if budget concerns are evident and changing significantly prior to the end of the State's fiscal year.
