

Bulletin Number: MSA 13-49

Distribution: Hospitals, Ambulatory Surgical Centers (ASCs), Hospital-Owned Ambulance, Comprehensive Outpatient Rehabilitation Facilities, Rehab Agencies, Freestanding Dialysis Centers, Medicaid Health Plans, County Health Plans

Issued: December 2, 2013

Subject: Outpatient Prospective Payment System and Ambulatory Surgical Center Reduction Factor

Effective: January 1, 2014

Programs Affected: Medicaid, Adult Benefits Waiver, Children's Special Health Care Services, MOMS

The purpose of this bulletin is to update the Outpatient Prospective Payment System (OPPS) and Ambulatory Surgical Center (ASC) statewide budget-neutrality Reduction Factor (RF).

In November 2013 the Centers for Medicare and Medicaid Services (CMS) finalized changes to the Calendar Year 2014 Medicare OPPS system. To maintain budget neutrality for the Medicaid program, the Medicaid OPPS and ASC reduction factor will be adjusted from 54.3% to 53.4% effective for dates of services on or after January 1, 2014 in accordance with the CMS final rule.

Policy bulletin MSA 06-47 stated that MDCH may adjust its reduction factor to maintain expenditures within appropriated levels if Medicare implements a general rate increase. In addition, MSA 07-12 stated MDCH reserves the right to adjust the reduction factor if budget concerns are evident and changing significantly prior to the end of the State's fiscal year.
