Medicaid Enrollment Checklist for Nursing Facilities
(New or Currently Enrolled Facilities Undergoing a Change of Ownership)

Nursing facilities requesting new enrollment with the Michigan Medicaid Program or those facilities undergoing a change in ownership must complete the following steps to facilitate successful Medicaid enrollment.

**Nursing Facility Level of Care Determination (LOCD)**

**NEW facility:** If you have been or will be issued a new National Provider Identification (NPI) number, you must complete a hard-copy version of the Michigan Medicaid Nursing Facility Level of Care Determination (LOCD) according to Medicaid policy (within 14 calendar days of admission or enrollment). Once your NPI number is issued, you must enter all hard-copy LOCDs into the online LOCD website.

**CHANGE OF OWNERSHIP:** If you will not be issued a new NPI (new owner will continue operations under the previous owner’s NPI), you must continue to conduct and enter the online version of the LOCD according to Medicaid policy (within 14 calendar days of admission or enrollment). **However**, you may not bill and you may not enter the beneficiary’s Medicaid ID in the LOCD website until you receive a new rate notice from the Medicaid Reimbursement and Rate Setting Section (RARSS).

Medicaid policy regarding the LOCD is contained in the Medicaid Provider Manual located at [www.michigan.gov/medicaidproviders >> Policy & Forms >> Medicaid Provider Manual >> Nursing Facility >> Coverages >> Michigan Medicaid Nursing Facility Level of Care](http://www.michigan.gov/medicaidproviders).

Beneficiary Admissions – Newly Enrolled Facility

A newly enrolled nursing facility must enter new Medicaid beneficiary admissions directly into CHAMPS.

Change of Ownership – Change in NPI/Medicaid Provider ID Number – No Notification to CHAMPS

Under a change of ownership, a nursing facility must not notify the local MDHHS office if there is a change in the facility’s NPI/Medicaid Provider ID number. Rather, the change of ownership submission completed by the facility in the CHAMPS Provider Enrollment subsystem will automatically update the admission or discharge data for these beneficiaries in CHAMPS by moving them to the new NPI once the change of ownership is approved by MDHHS staff. The facility will not have to update the admission or discharge data in CHAMPS for these beneficiaries when a change in ownership occurs.

Hospice Reminder

Notify the nursing facility’s contracted Medicaid Hospice provider(s) if there is a change in the facility’s NPI/Provider ID number due to a change of ownership.

For beneficiaries receiving hospice services in a nursing facility the nursing facility must not complete and admissions or discharges within CHAMPS.
