RE: Michigan State Plan Amendment (SPA) 12-017

Dear Mr. Fitton:

We have reviewed the proposed amendment to Attachment 4.19-A of your Medicaid State plan submitted under transmittal number (TN) 12-017. Effective for services on or after September 30, 2012, this amendment proposes disproportionate share hospital (DSH) pool modification. Specifically, this amendment increases DSH payments to non-state government-owned or operated hospitals for fiscal years 2012 and 2013. Additionally, this amendment increases DSH payments to hospitals with an indigent care agreement (ICA) with a partner health care related entity, and revises the individual hospital payment amounts for the ICA DSH Pool identified in the state plan.

We conducted our review of your submittal according to the statutory requirements at sections 1902(a)(2), 1902(a)(13), 1902(a)(30), 1903(a), and 1923 of the Social Security Act and the regulations at 42 CFR 447 Subpart C. We hereby inform you that Medicaid State plan amendment 12-017 is approved effective September 30, 2012. We are enclosing the HCFA-179 and the amended plan pages.

If you have any questions, please call Todd McMillion at (312) 353-9860.

Sincerely,

Cindy Mann,  
Director

2. Special Pools

In addition to the regular DSH pools of \$45,000,000, the single state agency (SSA) is establishing the following special pools:

- a. Effective June 1, 2006, a separate DSH pool will be created annually for areas covered by an Indigent Care Agreement (ICA) approved by the Director of the SSA. The areas covered by an ICA must be within reasonable geographic proximity to the hospital receiving the ICA DSH payment. The ICA must be between the hospital and a partner health care related entity in the area. The ICA must stipulate that direct or indirect healthcare services be provided to low-income patients with special needs who are not covered under other public or private health care programs. This pool will be \$172,343,362 in fiscal year 2006, \$147,687,951 in fiscal year 2007, \$122,707,686 in fiscal year 2008, \$110,937,485 in fiscal year 2009, \$125,001,655 in fiscal year 2010, \$107,926,496 in fiscal year 2011, ~~\$97,088,144~~ **\$124,803,035** in fiscal year 2012 and each subsequent fiscal year. All payments made under (a) in fiscal year 2006 will occur on or after June 1, 2006. No payment will be made under (a) to any hospital with a contractual obligation to forward that payment to a partner health care related entity in the area.

To be eligible for DSH payments made under (a.), hospitals must meet minimum federal requirements for Medicaid DSH payments and have an approved ICA in place. A table showing the eligible hospitals and their annual allocations from this pool is included in Appendix B.

- b. The single state agency (SSA) is creating a special DSH payment pool of \$2,772,003 million in fiscal year 2005 and \$2,764,340 for each subsequent fiscal year.

The purpose of this pool is to:

- Assure continued access to medical care for indigents, and
- Increase the efficiency and effectiveness of medical practitioners providing services to Medicaid beneficiaries under managed care.

The SSA will approve one (1) agreement statewide each state fiscal year. To be eligible for the pool, a hospital must meet the following criteria:

- Meet the minimum federal requirements for DSH eligibility listed in Section III.H.
- Have in place an approved agreement between itself and a university with both a college of allopathic medicine and a college of osteopathic medicine that specifies all services and activities to be conducted.

f. Government Provider DSH Pool

A special pool for non-state government-owned or operated hospitals will be established and renewed annually. The purpose of the pool is to assure funding for costs incurred by public facilities providing inpatient hospital services which serve a disproportionate number of low-income patients with special needs. The size of the pool will be the lesser of \$88,168,000 for fiscal year 2006, \$62,064,198 for fiscal year 2007, \$49,172,890 for fiscal year 2008, \$73,117,228 for fiscal year 2009 and 2010, \$82,086,703 for fiscal year 2011 ~~\$73,117,228 for fiscal year 2012~~ and each subsequent fiscal year, or the calculated Medicaid and uninsured inpatient hospital and outpatient hospital uncompensated care amounts eligible for Federal financial participation. Allocations for individual hospitals will be determined based upon non-reimbursed costs certified as public expenditures in accordance with 42 CFR 433.51.

To be eligible for the Government Provider DSH Pool, the following must apply:

1. Hospitals must meet minimum federal requirements for Medicaid DSH payments; and
2. Hospitals must be non-state government-owned or operated.

Medicare 2552 cost reports, supplemented by Michigan Medicaid Forms (MMFs) will be used to determine each hospital's allowable DSH costs eligible for federal financial participation.

An interim payment and reconciliation process will be employed when making allocations from this pool. Allowable DSH costs will be determined based on information obtained from the cost report periods ending during the second previous state fiscal year. Costs will be obtained from the most recently filed Medicare 2552 cost report and Michigan Medicaid Forms for that period. These costs will be trended to the current state fiscal year using an inflation factor taken from *Health-Care Cost Review* published quarterly by Global Insight. Interim payments will then be made.

Interim payments will be reconciled twice. First, an interim reconciliation of the original payments will be conducted based on updated allowable DSH costs. Information needed to reconcile initial payments will be obtained from hospital Medicare 2552 cost reports filed with the fiscal intermediary and Michigan Medicaid Forms for the applicable reporting period. Second, payments will be adjusted for a final time based on Medicare 2552 cost reports finalized with the fiscal intermediary and Michigan Medicaid Forms for the applicable reporting period.
