

- Feel good about doing your taxes this year.
- My name is Janet Olszewski and I'm the Director of the Michigan Department of Community Health.
- For the first time ever, Michigan residents can show their support in the fight against Breast and Prostate cancer by contributing to the funds when filing their state income taxes.
- Money collected to fight Breast Cancer goes directly to the Michigan Breast and Cervical Cancer Control Program.
- The program provides free breast and cervical cancer screening services to low-income women in our state.
- Donations designated for the Prostate Cancer Research Fund will be used to support prostate cancer research in Michigan.
- One hundred percent of the money collected from the funds stays right here in Michigan. Your donation can make a difference and help save a life of a loved one now and for generations to come.
- Learn more about the Breast and Prostate Cancer Income-Tax Check-Offs at www.michigancancer.org and tell your friends and family how they can donate.
