← Approximately 1 out of 10 persons are in need.

Of the 840,000 In Need, it is estimated that only 264,600 made an effort to get treatment at some time in the past year. Many of these persons were able to receive treatment in programs not funded by ODCP.

Major reasons reported for not making an effort to get treatment are: 1) not ready to stop using, 2) no health insurance and could not afford cost, 3) might have a negative impact on job, and 4) did not know where to go for treatment.

Approximately 1 out of 11 persons with a substance use disorder received treatment services from state-funded programs.

<sup>1</sup> Population Estimate only includes persons twelve years of age and older.

<sup>2</sup> Population In Need Estimate is an estimate of persons with dependence on or abuse of alcohol or any illicit drug in the past year. Source: SAMHSA, Office of Applied Studies, National Household Survey on Drug Abuse and Health, 2003-2005.

<sup>3</sup> Number Served represents unduplicated clients.

<sup>4</sup> Data is not available from network180. # Served and Percent figures are adjusted to not include population figures for this coordinating agency.

<sup>5</sup> Number of Clients Served by Salvation Army are included in the Statewide Totals, Population and In Need estimates for those served by Salvation Army are included in other agencies' estimates.
