

**Michigan Department of Community Health, Behavioral Health and Developmental Disabilities Administration  
Bureau of Substance Abuse and Addiction Services  
Statistical Report for Fiscal Year 2010**

*Treatment Outcomes Measured at Discharge  
Michigan Outcome Measures - Discharges Matched with Admissions*

The data excludes discharges from sub-acute detox.  
 Primary Drug Use includes alcohol and other drugs, based on a client's primary substance.  
 Employment includes full-time and part-time employment.

**Note:** In each of the above categories, those clients who entered treatment with a status that was already positive (zero use at admission, employed, and/or not homeless) were excluded. For those persons:  
 81.2% of those who reported no use at their first service, maintained their abstinence on their last date of service.  
 73.8% of those employed at their first service, kept their employed status on their last date of service.  
 98.3% of those in a stable living situation at their first service, remained in one on their last date of service.
