

MDCH Volunteer Registry

- Have you ever thought about making an impact in your community through volunteering?
- My name is Janet Olszewski and I am the Director of the Michigan Department of Community Health.
- The department's Volunteer Registry needs your volunteer help.
- The registry is the central location for volunteer information in the event of an intentional, accidental or natural public health emergency.
- We are looking for people from all professions including physicians, emergency response personnel, food service coordinators and interpreters to name a few.
- Please, sign up today to be a volunteer at www.mivolunteerregistry.org
