How can I continue my insurance and benefits?

Two Pay Period Premium Pre-Pay Upon Layoff
Employees laid off as a result of a reduction in force may be able to elect to pre-pay their share of premiums for medical, dental, vision, and life insurance for two pay periods after layoff by having the premiums deducted from their last paycheck.

During a layoff, you may have options to carry the following benefits:
- Medical, Dental, and Vision
- Flexible Spending Accounts (Health & Dependent Care)
- Life Insurance
- Voluntary Benefits (Benefits For Life)
- Long-Term Care

You may contact the MI HR Service Center at 877-766-6447 if you have questions about insurance and benefits continuation.

COBRA
The Consolidated Omnibus Budget Reconciliation Act (COBRA) allows employees and their dependents who have lost health coverage due to layoff, termination of employment, death, divorce, ineligibility, or other life events, to continue coverage for a limited time.

You will receive notices about COBRA coverage and application forms after your layoff. You must apply within 60 days. If you have questions after reading the notices, you may contact the Employee Benefits Division (EBD) at 800-505-5011.

COBRA rates for insurance coverage during layoff.
If you plan to retire while in layoff status you will need to enroll in COBRA for life insurance to retain the 25% of your current life insurance amount as a benefit during retirement.

**401(k) and 457**
While in layoff status, the money in your 401(k) and 457 accounts will continue to be invested according to your investment elections.

A layoff is not considered a separation until recall rights expire and the employee is separated. While laid off, an employee cannot take distributions or loans from
401(k)/457 accounts but may apply for a hardship distribution. An employee who chooses to terminate state service before the expiration of their recall rights may be eligible to take a regular distribution. Please contact Voya at 800-748-6128 or visit http://stateofmi.voyaplans.com for additional distribution details.

401(k) Loans
Employees with 401(k) loans will need to continue making payments while on layoff to prevent the loans from defaulting. VOYA will re-amortize your loans to be paid on a monthly basis and send you a statement with your new loan payment amount. If you do not make loan payments for 90 days, the loan will be considered in default and the remaining balance will become a taxable distribution and may be subject to additional tax penalties.

For employees who choose to terminate service rather than remain in layoff status, all outstanding loans will be due in full within 30 days of the termination date. Loans not paid in full within 30 days of the termination date become taxable distributions and may be subject to additional tax penalties. Please check with your tax consultant for more details.
