### 3. Standards

- A. A classified employee may concurrently occupy more than one position in the state service, in either the same or different agencies.
- B. **Limitations.** An appointing authority cannot appoint an employee from a different agency to a second position without first obtaining documentation from the employee's primary appointing authority allowing the employee to engage in supplemental employment.
- C. **Compensation, Longevity, and Fringe Benefits.** The employee is compensated by the agency for those hours worked in the agency.
  - 1. Eligibility for overtime payment is based on the number of hours worked by the employee for all agencies combined.
  - 2. An employee cannot be credited with more than 80 hours in pay status per pay period for any purpose, except salary.

**D. Proration.** Overtime, longevity, and fringe benefits for career employees occupying positions in more than one agency are prorated as follows:

1. An employee occupying a full-time position plus one or more part-time or permanent-intermittent positions.
  - a. The agency for which the employee works full-time (primary agency) compensates the employee at straight time rates for regularly scheduled shifts. All time that the employee works in the part-time or permanent-intermittent position is paid in accordance with overtime regulations.
  - b. The primary agency for which the employee works full-time provides the complete longevity and fringe benefit package.
2. An employee occupying more than one part-time or permanent-intermittent position, but no full-time position.
  - a. If the combined total number of hours the employee is regularly scheduled to work equals or is less than 80 hours a pay period:
    - (1) The employee is paid for all regularly scheduled work hours at straight time rates. An eligible employee is paid for overtime worked in accordance with regulation 5.02 by the agency for which the overtime is worked.
    - (2) Each agency provides longevity payment and fringe benefits in proportion to the number of regularly scheduled hours in the pay period that the employee is in pay status.
  - b. If the combined total number of hours the employee is regularly scheduled to work exceeds 80 hours:
    - (1) The primary agency compensates the employee at straight time rates. Those agencies whose regular scheduling of the employee causes the employee to work in excess of 80 hours in a pay period must compensate the employee for such hours in accordance with regulation 5.02. The employee must be compensated for any other overtime hours worked by the agency for which the overtime is worked.
    - (2) The proration of fringe benefits and longevity is made between those agencies in proportion to the number of regularly scheduled hours paid at straight time rates.

**E. Use.** An employee's accrued leave balances may be used to the extent necessary for absence from scheduled work in either agency or position.
