

MICHIGAN CIVIL SERVICE COMMISSION
JOB SPECIFICATION

RESEARCH BIOLOGIST MANAGER

JOB DESCRIPTION

Employees in this job direct the activities of Research Biologists. The employee, under general supervision, works within general methods and procedures and exercises considerable independent judgment to adapt and apply the guidelines to specific situations, as needed. The work requires knowledge of the policies, procedures, and regulations, materials and equipment of a fisheries or wildlife biology program, and supervisory techniques, personnel policies, and procedures.

There are two classifications in this job. The classification level is determined by the application of the Professional Managerial Position Evaluation System.

Position Code Title - Research Biologist Manager-3

Research Biologist Manager 14

The employee functions as a first-line professional manager of professional positions in a complex work area, a first-line professional manager of professional positions in a standard work area receiving executive direction, a second-line professional manager of professional positions in a standard work area, a first-line manager of a professional position in a complex work area receiving executive direction, or a first-line professional manager of nonprofessional positions in a complex work area receiving executive direction.

Position Code Title - Research Biologist Manager-4

Research Biologist Manager 15

The employee functions as a first-line professional manager of professional positions in a complex work area receiving executive direction, a second-line professional manager of professional positions in a complex work area, a second-line manager of professional positions in a standard work area receiving executive direction, or a third-line professional manager of professional positions in a standard work area.

JOB DUTIES

NOTE: The job duties listed are typical examples of the work performed by positions in this job classification. Not all duties assigned to every position are included, nor is it expected that all positions will be assigned every duty.
