

MICHIGAN CIVIL SERVICE COMMISSION
JOB SPECIFICATION
STATE POLICE LABORATORY MANAGER

JOB DESCRIPTION

Employees in this job function as managers in a Michigan State Police Forensic Laboratory. Typical assignments are carried out in a laboratory environment. The work requires knowledge of analytical techniques used in scientific analysis in a forensic science laboratory, knowledge of law enforcement management, and knowledge of supervisory techniques, and personnel policies and procedures. State Police uniform personnel have the authority to enforce the general criminal laws of the state and may be used in other law enforcement areas in case of an emergency.

There is one classification in this job.

Position Code Title - State Police Lab Manager-3

State Police Laboratory Manager 14

The employee functions as either a manager of forensic scientists and technicians or as a manager of uniform specialists in a State Police Forensic Laboratory.

JOB DUTIES

NOTE: The job duties listed are typical examples of the work performed by positions in this job classification. Not all duties assigned to every position are included, nor is it expected that all positions will be assigned every duty.

Working Conditions

Some jobs may expose an employee to the risk of sustaining illness and injury from the use of chemicals, high-pressure laboratory systems, biological materials and organisms, and high energy light sources and voltage.

Employees may be subject to transfer on a temporary or permanent basis anywhere in the state.

Some jobs require an employee to work in a hostile environment.

Some jobs require an employee to be exposed to inclement weather conditions.

An employee may be assigned to work any day of the week or on any shift.

Physical Requirements

The job duties require an employee to bend, reach, stoop, stand and/or walk for extended periods.

The job duties require an employee to be absent of any physical limitation which would impair effective performance.

The job duties require an employee to work under stressful conditions.

Education

Possession of a bachelor's degree in forensic science, chemistry, biochemistry, biology, microbiology, or a related pure or applied science.

Experience

State Police Laboratory Manager 14

Two years of experience equivalent to a Forensic Scientist 12 or a State Police Specialist (Sergeant) or State Police Sergeant 12 in the State Police Forensic Science Division.

Alternate Education and Experience

State Police Laboratory Manager 14

For the Firearm specialty area, possession of a bachelor's degree in any major and two years of experience as a State Police Specialist (Sergeant) or State Police Sergeant 12 in the State Police Forensic Science Division may be substituted for the education and experience requirement.

For the Latent Prints and Questioned Documents specialty areas, possession of a bachelor's degree in natural science, criminal justice, forensic science, or a related pure or applied science with 8 semester hours in chemistry and two years of experience as a State Police Specialist (Sergeant) or State Police Sergeant 12 in the State Police Forensic Science Division may be substituted for the education and experience requirement.

Special Requirements, Licenses, and Certifications

Positions in this class are test-designated and subject to pre-appointment, random-selection, and post-accident drug and alcohol testing.

State Police uniform personnel must be absent of a criminal record of felony convictions which would prohibit the applicant from receiving, possessing, and carrying a firearm.

Specific positions may require that applicants have experience in specialized areas.

Possession of a Michigan driver's license.

NOTE: Equivalent combinations of education and experience that provide the required knowledge, skills, and abilities will be evaluated on an individual basis.
