Test Accommodations Window and Testing Staff Requirements

All accommodated testing must be administered within the two-week window that begins on the initial test date for that component and ends on the makeup date for that component. Testing may be scheduled on any days during the window, but each student must take the test in the prescribed order – all of the ACT Plus Writing in order, followed by the ACT WorkKeys. All testing staff must meet ACT’s requirements. If testing occurs outside the

authorized window, or with procedures that conflict with ACT directions, or under supervision of testing staff who do not meet ACT's requirements, then the answer documents will not be scored. If a misadministration is discovered after scoring, then the scores will be canceled.

ACT-Approved vs. State-Allowed Accommodations on the ACT Plus Writing

ACT is committed to ensuring that official ACT scores reported to colleges and other entities from MME testing are comparable to scores earned through other forms of ACT testing involving the application of ACT's test accommodations policies. Therefore, ACT supports the following two forms of accommodations on the ACT Plus Writing when it is administered as State testing.

- 1) **ACT-Approved accommodations** result in ACT scores that are fully reportable to colleges, scholarships, and other entities. Only students with professionally diagnosed and documented disabilities who receive accommodations in school should apply for ACT-approved accommodations
- 2) **"State-Allowed" accommodations** result in ACT scores that are not college reportable: English learners (ELs) who do not have a disability but receive accommodations in school should request State-Allowed accommodations.

Requesting Accommodations on the ACT Plus Writing

In general, all accommodations on the ACT Plus Writing must be requested and reviewed by ACT. However, there are limited exceptions. For example, because testing will normally occur at the local school rather than a separate test center, some arrangements do **not** require review or prior approval from ACT (e.g., placement at the front of the room). Such arrangements are noted on the attached accommodations summary table as "local decision" meaning they do **not** require ACT review or approval.

All schools must appoint a Test Coordinator who will submit requests for accommodations to ACT. The Test Coordinator has access to two different procedures specifically designed for the State administration of the ACT:

- 1) **ACT-Approved Accommodations** – This form is used to request ACT approval of accommodations on the ACT Plus Writing for students who meet ACT eligibility requirements. (See information about ACT's review of these requests in the next section below.)
- 2) **State-Allowed Accommodations** – This online process is used to order test materials for students who will test with "State- Allowed" accommodations. These students are those who do not meet ACT's eligibility requirements (e.g., English learners with no disabilities) or whose requests for ACT approval have been denied. ACT will ship the materials ordered for each student; no review or approval process will be conducted.

ACT Review of Requests for ACT-Approved Accommodations on the ACT Plus Writing

ACT will review requests for ACT-Approved Accommodations by applying the Americans with Disabilities Act (ADA) standards that are used for all such requests. Not every request for an accommodation listed on the attached accommodations summary table as available will be approved. Approval is dependent on submission of all required documentation by the stipulated deadline and review by ACT. It is possible for ACT to approve an accommodation for one student, while the same accommodation may be denied for a different student. ACT's decision whether to approve the requested accommodations under the ADA will determine whether resulting ACT scores can be reported to colleges.

Ordering State-Allowed Accommodations Materials for the ACT Plus Writing

Students who do not meet ACT eligibility requirements (e.g., English learners with no disabilities) or whose requested accommodations are denied by ACT have two options: 1) Test under standard conditions and receive college reportable ACT scores, or 2) submit an order for "State-Allowed" accommodations materials resulting in ACT scores that are NOT college reportable.

IMPORTANT NOTE: Test Coordinators must submit an order for "State-Allowed" accommodations for each applicable student so that ACT can ship the correct ACT test materials – which are different from those used by examinees testing with ACT-Approved accommodations.

ACT scores resulting from testing with "State-Allowed" accommodations are **not** college reportable. Thus, some students will achieve ACT scores that are college reportable because their accommodations have been approved by ACT, while others using the same accommodations will achieve ACT scores that are *not* college reportable because their use of those accommodations was not approved by ACT.

Ordering test materials for students testing with accommodations on ACT WorkKeys

All accommodated test materials, including extended time test booklets, for WorkKeys must be ordered January 6-13, 2015. There is no request or approval form for accommodations on WorkKeys. Testing with accommodations on WorkKeys is determined locally based on the accommodations used during a student's regular instruction and supported by the student's IEP, 504 Plan, or EL instruction. ACT's approval of accommodations applies **only** to materials for and the administration of the ACT Plus Writing. Schools may provide accommodations on the ACT WorkKeys consistent with the accommodations listed in the WorkKeys columns of the attached accommodations summary table, even if the student tests without those accommodations on the ACT. Accommodated test materials for WorkKeys must be ordered through ACT via emailed link and secure password on January 6-13. Please pay close attention to whether the accommodation is standard or nonstandard, and what impact the accommodation may have on student eligibility for National Career Readiness Certification (NCRC) and/or ACT WorkKeys score results.

ACT WorkKeys National Career Readiness Certificate (NCRC) Eligible Scores

Scores achieved by taking WorkKeys **may** be eligible for the NCRC provided a student satisfies the criteria associated with one of the 4 achievement levels. Four levels of achievement are possible: Bronze, Silver, Gold, or Platinum, based on scores earned on the three ACT WorkKeys tests.

ACT WorkKeys-Ineligible Accommodations

ACT WorkKeys scores will not be issued for students using accommodations marked as "No" under the column "WorkKeys." Use of these accommodations will also result in ineligibility for the National Career Readiness Certificate (NCRC).

Any assessment accommodations not listed in the ACT Plus Writing and WorkKeys Accommodations Summary Table are considered nonstandard.

Use of accommodations on any section of the ACT Plus Writing and/or WorkKeys must be recorded on the student answer document for that day, following instructions in the ACT Plus Writing and WorkKeys Answer Document Supplements, and the *WorkKeys Supervisor's Manual for State Testing*.

Important WorkKeys notes for Test Coordinators –

1. Students testing with accommodations must use the ACT WorkKeys test books with blue covers. They will have three test form numbers in the lower left hand side, each beginning with an "R". Test forms beginning with any other letter are **not** to be used for testing with accommodations.
2. For each student tested with accommodations, the Test Coordinator must be sure that an admin code is written and gridded on Page 3 of the student's answer document for each test administered with accommodations.
3. For each student tested with accommodations, the Test Coordinator must provide responses to the Local Items in Box 26 on Page 2 of the answer document.
4. Because only the instructions are translated on the Reading for Information test, a "900" admin code should not be entered for this test. Test Coordinators must record the proper Admin Code from the 500 or 600 range. Admin codes in the 900 range are not valid for ACT WorkKeys scores and the National Career Readiness Certificate.

ACT WorkKeys

English as a Second Language (ESL) and English learners (ELs) do not qualify as disabilities under the Americans with Disabilities Act (ADA). Accommodations such as extended time, or use of a reader script or audio DVD, are not available for ESL and EL students for ACT WorkKeys Testing. If accommodations are provided to ESL or EL students a "900" admin code must be entered for this test, score reports will not be generated at the student and school level, and will not be available for the National Career Readiness Certificate (NCRC).
