MEMORANDUM

DATE: November 23, 2020

TO: MEGS+ Authorized Officials and Consolidated Application
Main Contacts for Select Local Educational Agencies

FROM: Dr. Paula Y. Daniels, Director *SKU*
Office of Educational Supports

SUBJECT: Targeted Assistance and Schoolwide Program Information

With the transition from ASSIST to MICIP (Michigan Integrated Continuous Improvement Process), the Targeted and Schoolwide Diagnostics will no longer be submitted to the Michigan Department of Education (MDE) each year. Instead, schools with Targeted Assistance and Schoolwide programs will need to retain the evidence of all requirements met for a Targeted Assistance or Schoolwide program locally and make such evidence available to the MDE as part of the On-site review process.

Targeted Assistance and Schoolwide programs will now utilize the same template. This template has been developed to support schools in ensuring they have addressed all Targeted or Schoolwide program requirements. It has been updated to ensure full alignment with ESEA (Elementary and Secondary Education Act), as amended by ESSA (Every Student Succeeds Act). The template is available on the OES (Office of Educational Supports) website at <https://www.michigan.gov/ofs/assist>. All Targeted Assistance or Schoolwide programs should ensure that the document is completed and made available to the local educational agency, parents, and the public. Schools will not be required to complete a new template each year, but instead should ensure that the information contained on the template is reviewed annually and revised as needed.

If you have any questions regarding the Targeted Assistance or Schoolwide program requirements, please contact Fred Williams at 517-241-6971 or WilliamsF3@michigan.gov.
