
Preparing for the April 2022 Michigan SAT[®] with Essay, PSAT[™] 10, and PSAT[™] 8/9

College Board Accommodations &
English Learner Supports

Session Goals

Our goal today is to share the latest information about the state-provided spring SAT and PSAT-related assessments based on current planning.

College Board and MDE will continue to finalize implementation details, and as more information becomes available, we will share through the Michigan Department of Education webpages, and the Spotlight on Student Assessment and Accountability online newsletter.

General Information

Spring 2022 Testing

- Refer to the Michigan Department of Education [MME webpage](#) or [PSAT webpage](#) for information on Spring 2022 test dates.
- The Essay is still required for all students taking the SAT.

Accommodated Testing Window

- **All** students with approved accommodations taking the PSAT 8/9 for Grade 8, PSAT 8/9 for Grade 9, and the PSAT 10, can flexibly be scheduled anytime in the accommodated testing window.
- Students with approved accommodations taking the SAT with Essay, as designated on the Nonstandard Administration Report (NAR) in SSD Online, can flexibly be scheduled anytime in the accommodated testing window.

Accommodation Request Deadlines

| Accommodations Deadline | Date |
|-------------------------------------|-------------------|
| Accommodation and Supports Deadline | February 22, 2022 |
| Late Accommodation Deadline | March 4, 2022 |

- For students who transfer into a school after the accommodations request deadline, submit a request as soon as possible.
- College Board will review requests after the Accommodation and Supports Deadline for the following scenarios:
 - Students who are newly enrolled at the school
 - Students who are newly classified at an eligible grade level
 - Students who have a newly identified disability

Updates and New Items for Spring 2022

Optional Lunch Break

- In order to improve flexibility for students and educators on test day, testing staff may give students testing over 1 day with up to a 30-minute lunch break between Section 4 and the Essay.
 - This policy only applies to students taking the SAT with Essay and does not apply to students who are testing over 2 days.
 - Providing a lunch break is optional.

Script for ATC Format Removed from Manual

- For proctors administering the assistive technology–compatible (ATC) format, we have provided standalone scripts for use in the testing room.
 - The Test Coordinator or SSD Coordinator will download from SSD Online and print a copy of the applicable script for each ATC room, based on the timing accommodations of students in the room.
 - The standalone scripts also include specific ATC instructions and a timing chart.

Paper score reports

- Printed paper score reports will no longer be shipped for PSAT-related assessments.

SSD Issue

- There is a known issue in SSD Online where SSD Coordinators receive an “Error Adding Student” message when attempting to add a new student in SSD Online.
 - This error will **only** occur if the student has been approved for accommodations at another school.
- If the error message is received, use the Transfer/Move Request Form in SSD Online to add that student onto your school’s dashboard.
 - SSD Coordinators will need the student’s SSD number in order to submit the form. Students can log in to his or her College Board account, select “Update Your Account”, and scroll to the bottom of the page to locate their SSD number.
- If you have more than 10 students you need to transfer, email ssd@info.collegeboard.org and request a bulk transfer template. Fill out the template with the required information and send back to SSD.
 - Transfers are being prioritized and will occur within 3-5 days.

Comparison of M-STEP and PSAT 8/9

Comparison of M-STEP and PSAT 8/9 for Grade 8

| Item | M-STEP | PSAT 8/9 |
|------------------------|--|--|
| Pre-ID | Completed in OEAA Secure Site | Completed in OEAA Secure Site |
| Timing | Untimed | College Board assessments are timed and do not allow self-pacing. Students must use the entire time allotted for each test. If approved for extended time, students must use the entire time for which they are approved. |
| Testing Mode | Option Available | Paper/Pencil administration only (Digital testing was only allowed for the Fall PSAT 8/9 and is not available for Spring 2022). |
| Test Day | Flexible | Unless absent, students are expected to test on the primary test day. |
| Student Accommodations | No SSD Online submission required but must align with those documented in students' IEP or 504 plan. | Advance accommodation request for the Universal Tools, Designated Supports, and Accommodations required by students that would have traditionally been used on the M-STEP is required. Schools must request accommodations through the College Board Online system, known as SSD Online. |

Test Staff

How College Board uses the Educational Entity Master (EEM)

Educational Entity Master (EEM) is the repository of entity and contact information for educational systems in Michigan.

- College Board will use the data in EEM to:
 - Identify testing staff
 - Emails will be sent with important test-related information
- **Review and update the testing staff in the EEM at a building level as soon as possible.**
 - If there is more than one person listed for a role, College Board will use the most recent.
 - If the information listed is correct, no action is needed.
 - If the information is incorrect, EEM should be updated by the district authorized user.
 - Address where testing materials will be sent is associated with the applicable Test Coordinator record in EEM.
- Anytime the identified staff changes during the school year, EEM should be updated to reflect the changes.
 - College Board receives the updates 7-10 days after making the change.

EEM for Testing Staff

Update, if required, the roles in EEM at the building level as soon as changes occur.

If EEM information is not accurate, you will NOT receive critical testing communications.

Identify or update in EEM at the **building** level:

- SAT Test Coordinator
- PSAT Grade 10 Test Coordinator
- PSAT Grade 9 Test Coordinator
- PSAT Grade 8 Test Coordinator

- SAT Backup Test Coordinator
- PSAT Grade 9/10 Backup Test Coordinator
- PSAT Grade 8 Backup Test Coordinator

- SAT Services for Students with Disabilities Coordinator
- PSAT Grade 9/10 Services for Students with Disabilities Coordinator
- PSAT Grade 8 Services for Students with Disabilities Coordinator

Roles and Responsibilities of Testing Staff

Test Coordinator

The **Test Coordinator** is responsible for all aspects of the administration at a school, including:

- Preparation activities such as:
 - Planning rooms and identifying staff to serve as **proctors**, **room monitors**, and **hall monitors** for test day
 - Receive, inventory, and securely store test materials
- Activities on test day such as:
 - Distribution of materials
 - Monitoring of all test day activities and staff
 - Packaging and returning test materials
 - Completing necessary forms
- Test Coordinator may choose to enlist the aid of others at the school to help with test day planning and set-up.
 - The Test Coordinator will remain the main contact and receive communications from the College Board.
 - The Test Coordinator should coordinate with the SSD Coordinator to ensure that students with disabilities and English learners are appropriately planned for.

Roles and Responsibilities of Testing Staff

SSD Coordinator

The **Services for Students with Disabilities (SSD) Coordinator** is responsible for:

- Being the school's liaison with the College Board's Services for Students with Disabilities office.
 - Reviewing required supports and accommodations for students, submitting accommodation requests or changes, and planning for English Learner supports for all students who require them at his/her school
 - Printing the roster of students approved for accommodations (Nonstandard Administration Report – NAR).
-
- Schools may have more than one SSD Coordinator; however, one person will be identified as a primary SSD Coordinator in EEM who will receive communications from College Board.
 - If a school has multiple SSD Coordinators, the primary SSD Coordinator should share any communications with other SSD Coordinators.
 - The SSD Coordinator and Test Coordinator should also collaborate with the district English Learner (EL) Coordinator to help plan for testing students with EL supports.

The Accommodations and Supports Process

College Board Tools for SSD Coordinators

1

SSD Online

Accommodations and some English learner supports will be entered in the College Board Accommodation and Supports Management system, known as SSD Online.

2

Nonstandard Administration Report (NAR)

3

Accommodations and Supports Handbook

Posted on the MDE websites, contains detailed information about all College Board accommodations and supports and explains how to administer them to all College Board assessments, including Advanced Placement.

4

Temporary Request Form

Form used for students with short-term, temporary conditions such as a broken arm, concussion, etc. and needs an accommodation. The form should be submitted directly to the SSD office, not entered in SSD Online. Submit the form as soon as possible after the condition occurs. Link to form is available in Handbook (Tool #3).

Resource to Help Discuss Accommodations with Parents

College Board has developed a brochure that can be shared with parents to help inform them of how accommodations on College Board assessments may differ from classroom tests.

Brochure is posted on the Michigan webpages.

What you need to know about your child's accommodations!

THE WRONG ONE CAN MAKE A TEST MORE DEMANDING.

College Board tests are not the same as classroom tests. In order to ensure your child gets the accommodations they need, you and your child's school need to understand the differences between how a school administers accommodations and how they are administered on the PSAT/NMSQT®, the SAT®, or on AP® Exams. Knowing the differences may make a world of difference to your child's test experience.

What do these students have in common?

Joaquin has always struggled with paying attention for a sustained period. During tests, he often needs about 5–10 minutes to re-focus and returns to his work. When given extended time, he often takes breaks, rather than use the additional time to work on the test.

Olivia is quick and impulsive in everything she does. She has great difficulty sitting still and is easily distracted. She races through her homework and tests in the hope to complete her work as soon as possible. She takes pride in being the first one done. Even though Olivia's school provides her with extended time, she does not use it.

Both students receive extended time for classroom tests, however, they would not find this helpful on College Board tests. Tests administered in your child's classroom are often timed by the length of the class. Exams are handed out at the beginning of the class and collected at the end. Students who require time to address their needs during the test (check medical readings, stretch, rest, etc.) are allotted extra time because the test cannot be stopped for everyone in class while that student attends to their needs. College Board tests, however, are given differently.

For College Board tests, such as the SAT:

- The tests are given in highly structured settings in a quiet environment. The test itself is highly organized by design, divided into predictable sections with standard breaks.
- Students cannot self-pace and must stay for the entire duration of the test.
- Specific accommodations are available that directly correspond to how students use the extra time

provided in their classroom (e.g., extra breaks, which allow students to focus in short bursts and then get up to move around between each period of sustained attention).

- Students can access other accommodations that may be more helpful, such as seating away from distractions (preferential seating), or a small group setting with fewer distractions.

You know your child. We know our tests. Let's work together.

Nadia has diabetes and needs accommodations to manage her blood glucose levels. Accommodations on her 504 plan include extended time to manage her symptoms (i.e., test blood sugar, have a snack or juice, retest her blood sugar and recover). Nadia does not work slowly but sometimes needs a few minutes to manage her medical needs.

- Some helpful College Board accommodations for students with diabetes include permission for food/medication, permission to test blood sugar, and extra or extended breaks to stop the test clock while blood sugar testing and remediation occur.
- Unlike school testing, extended time always makes College Board tests significantly longer and does not allow a student to conveniently manage and regulate their symptoms.
- Students with other physical or medical disabilities (e.g., Crohn's disease, colitis, migraine headaches, regional pain syndrome, narcolepsy) may be better accommodated with breaks, as extended time cannot ensure they get both the needed time to address medical needs and the full testing time other students receive.

Accommodations and Supports Process

1

Create College Board Professional Account

SSD Coordinators without a College Board Professional Account must create one at www.collegeboard.org

2

Request Access to SSD Online

Submit SSD Coordinator Form to request access to the system.

3

Enter New Accommodations

For students without a current approval, enter accommodations and monitor status.

4

Confirm Current Accommodations

Confirm that student information is still accurate, and accommodations aligns to student's current IEP/504.

5

Collaborate with the Test Coordinator

Work with the Test Coordinator to plan for test day for your students, administering the tests, as needed.

New SSD Coordinators

Accessing SSD Online

New SSD Coordinators

Being identified in EEM as the SSD Coordinator is only used for email communications from College Board. SSD Coordinators still need to request access to SSD Online.

- To access the SSD Online system, the new SSD Coordinator will need to request access:
 - Have a College Board Professional Account
 - Complete the SSD Coordinator Form
 - Receive an email confirmation of your SSD Online access
 - May take 3-5 days to receive the confirmation, slightly longer during peak request times.
- You may have multiple SSD Coordinators, but only 1 can be identified as the primary SSD Coordinator in the EEM.
- In order to gain access, schools will need an attending institution (AI) code.
 - Look it up in the Test Center Participation Page in the OEAA Secure Site
- If you are the SSD Coordinator for more than one school, you will need to submit a separate form for each school you work with, but you should create only one professional login account.
- Test Coordinators that also would like to have access to SSD Online can complete the same steps. Consider your district policy regarding student privacy when accessing information for students with disabilities before requesting access.

Returning SSD Coordinators

Returning SSD Coordinators

- Login to your [College Board Account](#)
- If you've forgotten your password, use the Forgot Username or Password links on the sign-in page.
- Choose SSD Online from your Account Dashboard.

Prepare

Review Student Needs

Identify new requests and changes to approved accommodations

Students with prior approvals in SSD Online that no longer qualify due to a change in their IEP or 504 MUST have those accommodations removed from the system.

1. For students **without existing approved accommodations in SSD Online**, submit a new request through SSD Online.
2. For students with **already approved accommodations in SSD Online**, verify:
 - the accommodations approved match the student's **current** identified IEP/504 accommodations.
 - the student name, birth date, and graduation date are correct.

When identifying student needs for a College Board test, it may be necessary to “translate” what is in the IEP or 504 and what is available in SSD Online.

- Example: Student’s IEP may say “extended time on assessments”
- Options in SSD Online include: Time and one-half (+50%), double time (+100%), and more than double time (+100%)
- It is **NOT** necessary to change a student’s IEP or 504 to indicate a specific timing.
- Simply request the appropriate option in SSD Online that aligns with the student’s plan and creates the most positive testing environment for the student.
- The next few slides will review the common options available to SSD Coordinators in SSD Online.

Types of College Board Accommodations

Students must use the entire time for which they are approved. No self-pacing is allowed.

Examples when IEP/504 *may* say “Student receives extended time”

| Accommodation | Day(s) | What to Know |
|---|-------------|--|
| Time and one-half (+50%) for reading | 1 or 2 Days | <ul style="list-style-type: none"> Students will test in 1 day for PSAT and 2 days for SAT with Essay. Student will receive extended time for ALL sections. Student will automatically be approved for extra breaks. |
| Time and one-half (+50%) for math | 1 Day | <ul style="list-style-type: none"> Student will receive extended time only for the math sections. Student will automatically be approved with extra breaks. |
| Double time (+100%) for reading | 2 Days | <ul style="list-style-type: none"> Students will receive extended time for ALL sections. Student will automatically be approved with extra breaks. Students will test over 2 days for PSAT and SAT with Essay. |
| Double time (+100%) for math | 1 Day | <ul style="list-style-type: none"> Student will receive extended time only for the math test. Student will automatically be approved with extra breaks. |
| Time and one-half (+50%) for writing | 1 Day | <ul style="list-style-type: none"> Student will receive extended time only for the Essay portion of the SAT. |
| Double time (+100%) for writing | 1 Day | <ul style="list-style-type: none"> Student will receive extended time only for the Essay portion of the SAT. |

The College Board does not allow self-pacing for the SAT Suite of Assessments, even in a 1:1 setting. We require the use of the entire time that a student is approved for (either the standard amount of time or extended time) to:

- provide a consistent, standardized testing experience for all students
- prevent students from feeling rushed to finish or move ahead by other students or the proctor

Types of College Board Accommodations

Students must use the entire time for which they are approved. No self-pacing is allowed.

Examples when IEP/504 *may* say “Student receives breaks during testing”

| Accommodation | Day(s) | What to Know |
|--------------------------|--------|---|
| Breaks: Extra | 1 Day | <ul style="list-style-type: none">Given a break halfway through longer sections and a break after every section. |
| Breaks: Extended | 1 Day | <ul style="list-style-type: none">Given breaks at the standard time but breaks are typically twice as long.Some students who request extended breaks may need additional accommodations such as permission to eat, take medication, or permission to test blood sugar. These must be requested specifically. |
| Breaks: As Needed | 1 Day | <ul style="list-style-type: none">Typically given to students with physical or medical conditions.Breaks are granted as requested by the student during the exam. Timing of the test is paused during the break.Some students who request breaks as needed may need additional accommodations, such as permission to eat, take medication, or permission to test blood sugar. These must be requested specifically. |

Please note that extended time and extended breaks are different accommodations. Break accommodations extend the TOTAL time of the testing experience but do not provide additional time with the test questions.

Types of College Board Accommodations

Students must use the entire time for which they are approved. No self-pacing is allowed.

Examples when IEP/504 *may* say “Student has assessments read aloud”

| Accommodation | Day(s) | What to Know |
|---|-------------|---|
| Pre-Recorded Audio (MP3 via Streaming) | 2 Days | <ul style="list-style-type: none">• Audio version of the test, downloaded from SSD Online.• Student automatically receives double time (plus additional time on the writing and language test) and extra breaks on all sections.• Student will complete the test in 2 days for PSAT and SAT with Essay. |
| Human Reader | 1 or 2 Days | <ul style="list-style-type: none">• Student will be read the test aloud by an adult.• Student must be in a one-to-one setting with an adult. Readers must meet testing staff requirements (i.e. paraprofessional, teacher, principal, etc.)• Student automatically receives time and one-half and extra breaks on all sections.• Student will complete the test in 1 day for PSAT and 2 days for SAT with Essay. |

Types of College Board Accommodations

Students must use the entire time for which they are approved. No self-pacing is allowed.

Examples when IEP/504 *may* say “Student gives oral answers to assessments”

Writer/Scribe for Recording Answers

1 or 2 Days

- Student will have an adult transcribe answers onto the answer sheet.
- Student automatically receives time and one-half and extra breaks on all sections.
- Student cannot move to the next section or end the assessment when they are finished, even if they are the only student testing.
- Student will complete the test in 1 day for PSAT and 2 days for SAT with Essay.

Examples when IEP/504 *may* say “Student has alternative setting during assessments”

Small Group Testing

1 Day

- Will depend on the number of students in the group and the size of the room.
- **There is no minimum number of students that must be tested in a room.**
- Small group testing doesn't need to be requested in SSD Online unless the student is planning to take the weekend SAT at a national test center.

Home/Hospital Testing

1 Day

- Requested through SSD Online.
- Student with a disability that prevents them from attending school will be administered the test at a home or hospital location.

I have a student who may be a behavioral issue and I want to test them individually. Do I need permission for this?

- For College Board tests administered on a school day, there is no minimum number of students that must test together.
 - If a school has the space and staff to test students individually, they can do so without permission.
 - If a student needs 1-to-1 testing for a weekend SAT, this must be requested in SSD Online.

What is the definition of a small group?

- Small group is an accommodation aimed at weekend administrations of the SAT where the test center needs to know how to organize the students that are testing.
- The College Board typically gives guidance of 10-15 students. However, it's important to make sure the needs of the student are being met.
 - One student might need a smaller configuration, whereas another student could be comfortable with 10 students.

What if a student doesn't want to use his/her accommodations?

- A student who opts not to use his or her approved accommodation must provide a written note signed by the student's parent or guardian prior to test day.
 - Keep the note in your records at school.
 - Update room rosters, as necessary.
 - Remove or cross off the student's name from the NAR.

Providing Accommodations

Providing Accommodations

- College Board is committed to making sure that students with disabilities can take the exams with the accommodations they need.
- The accommodations that students request should be included in the student's current IEP and/or 504 plan. Accommodations for PSAT 8/9, PSAT 10, and SAT with Essay should be consistent with accommodations that students use during instruction and on other statewide and local assessments.
- All accommodations for the Michigan-provided assessments in spring (PSAT 8/9 for Grade 8 and Grade 9, PSAT 10, and SAT with Essay) **must** have prior approval and be requested through the College Board Services for Students with Disabilities (SSD) Online system.
 - If your school administered the Fall 2020 administration of the PSAT 8/9 for 9th grade students, approval in SSD online was not required. It is required for Spring 2022 testing.
- Accommodations will be entered by the SSD Coordinator through the SSD Online system. This ensures:
 - Coordinators have accurate rosters to support students needing accommodations or supports on test day.
 - Students receive correct testing materials.

Providing Accommodations

- The vast majority of students who are approved for and are using testing accommodations at their school through a current IEP or 504 plan will have those same accommodations automatically approved for taking the SAT with Essay, PSAT 10, and PSAT 8/9.
- Most requests will be processed through school verification, if the SSD Coordinator:
 - Verifies that the student meets College Board eligibility criteria and the student has documentation on file (IEP or 504)
 - Provides the answers to the following when submitting most requests for students:
 - Is the requested accommodation(s) in the student's plan?
 - Is the student consistently using this accommodation for school tests?
- Requests that are school verified by answering “yes” to the preceding 2 questions will be approved within a few days and will not require documentation.

When must documentation be provided?

Documentation must be provided for College Board review if:

- The requested accommodation is not included in the student's plan or is not being used for school tests.
 - Answer is “no” to: Is the requested accommodation(s) in the student's plan?
 - Answer is “no” to: Is the student consistently using this accommodation for school tests?
- The student is requesting certain accommodations, such as double time or more, large print greater than 20 point, breaks as needed, etc.
- The student does not have a diagnosed disability, disability is listed as “other”, or accommodation is listed as “other”.
- The student does not have a formal plan that meets College Board criteria.

Accommodations

There are two categories of accommodations:

- College Board-approved accommodations
 - Require preapproval
 - Result in college and scholarship reportable scores and once approved, can be used for other College Board assessments
 - Used for students with diagnosed disabilities documented in a 504 or IEP
 - Window to apply: **Now to February 22, 2022**
- State-allowed accommodations (SAAs)
 - Require preapproval
 - Are automatically approved and require no documentation
 - Do NOT result in college and scholarship reportable scores
 - Must be applied for every state assessment
 - Recommended for PSAT 8/9 for Grade 8 but should only be used for unique circumstances for SAT
 - Window to apply: **Week of January 10, 2022, to February 22, 2022**

State-Allowed Accommodations in 8th Grade vs. 11th Grade

- SAAs provide scores to students, educators, and the Michigan Department of Education; however, students who test with an SAA will **NOT** receive a college or scholarship reportable score.
- The use of state-allowed accommodations is recommended for 8th graders because:
 - PSAT 8/9 scores are **NOT** sent to colleges, universities or scholarship programs
 - SAAs align with the student's current IEP or 504 plan.
- State-allowed accommodations for SAT are unique student circumstances that may require additional documentation or discussion with College Board and the OEAA.
 - The unique accommodation needs of students may be met on an exception basis and may be beyond the college- and scholarship-reportable supports provided.
- Consideration of SAAs is especially important for students taking the SAT, where the students want scores to be reported to colleges and universities.
 - However, at the 8th grade level, scores are not reported to higher education institutions or scholarship programs.
 - Using an SAA in 8th grade does not preclude a student from using College Board approved accommodations in future years, when scores are desired to be sent to colleges.

Accommodation Types Summary

| State-Allowed | Consideration | College Board Approved |
|--|--------------------------------|---|
| Automatically approved | Approvals | Most requests will be school-verified and automatically approved within a few days. |
| Only valid for the state assessment | Length of Use | Remains valid until IEP or 504 changes and can be used for other College Board assessments. |
| None | Documentation Required | For some requests, yes. If documentation is required, approvals could take up to 7 weeks. |
| Students, schools, and MDE (Colleges and scholarship programs do not) | Who Receives Scores? | Students, schools, and MDE |
| Week of January 10, 2022 – February 22, 2022 | Timeline for Requests | Anytime – February 22, 2022 |
| Yes. School will apply either for state-allowed or College Board approved in the next year, if applicable. | Reapplication Required? | No. Student remains approved for accommodation unless the IEP or 504 requires a change. Using this process does not change the IEP team obligation to review a student's needs and supports at each IEP review. |

Using SSD Online

Have Ready During the Submission Process

Think about the accommodation that will create the most positive and useful testing environment for the student that is **aligned to his/her plan**.

Once the appropriate accommodations have been chosen, it is helpful to have the following information readily available when requesting accommodations:

- IEP or 504 Plan
- Demographic information
 - Name
 - It is helpful to use same name that student will be pre-IDed with
 - Student Email Address
 - DOB
 - Estimated graduation date (Month and year)
 - Gender
 - Home mailing address

English Learner (EL) Support

EL supports are available for eligible students taking the PSAT 8/9, PSAT 10, and SAT School Day assessments. Eligible students meet EL criteria defined by their state or by federal policy, be enrolled in an elementary or secondary school in the U.S. or U.S. territories, and use the same supports for classroom assessments. Only the EL support of time and one-half needs to be entered into SSD Online. →

State Allowed Accommodations (SAA)

SAA's are only available for the specific test administration for which they are requested. These supports will result in scores for the student, but scores received are NOT reportable to colleges or scholarship programs. →

Request a New Accommodation

- The next screen will provide some introductory information about what to have available when entering the accommodation.

Before You Begin

You are about to begin a request for student testing accommodations. You will be asked to answer questions on behalf of the student you are requesting accommodations for.

This process will take approximately 6–8 minutes to complete.

Before starting this request, please ensure that you have the following student information:

- **Disability Information**

The student's disability and the accommodations they are requesting

- **Plan Information**

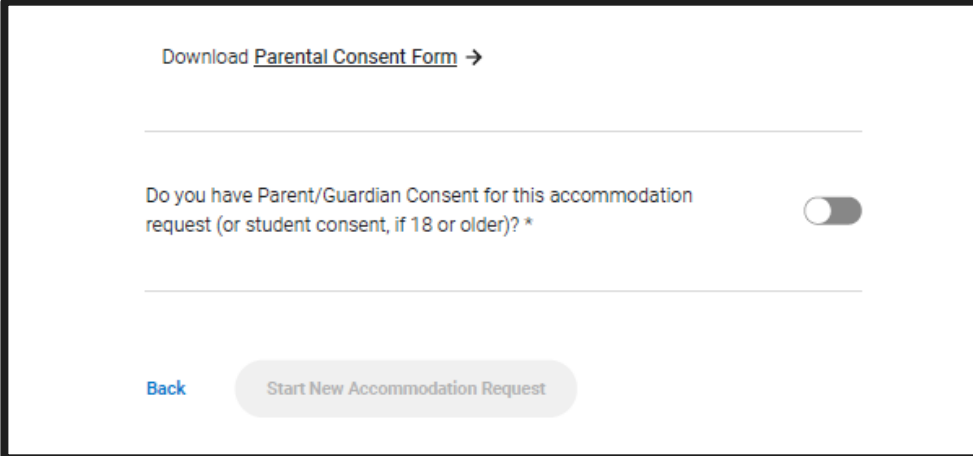

The type of formal school the student currently has (IEP, 504 Plan, Qualified Formal Plan, Other Formal Plan, No Current Plan) and the approximate date of the student's first formal plan)

- **Documentation**

Documentation of the student's disability and need for accommodations. In some cases, you will need to send the documentation to College Board for review. The SSD Online system will notify you if documentation must be submitted to College Board.

Request a New Accommodation

- The system will ask you to confirm parental consent.
 - The purpose of this consent is for the school to have permission from the parent to share information about the student to the College Board.
 - If you do not have parent/guardian approval through the student's IEP or 504, then a consent form is available for your use in SSD Online. Email or phone consent is acceptable as long as this is allowable by district policy and is documented.

Pre-Recorded Audio (MP3 via Streaming)

Pre-Recorded Audio (MP3 via Streaming)

There are step-by-step directions in SSD
Online

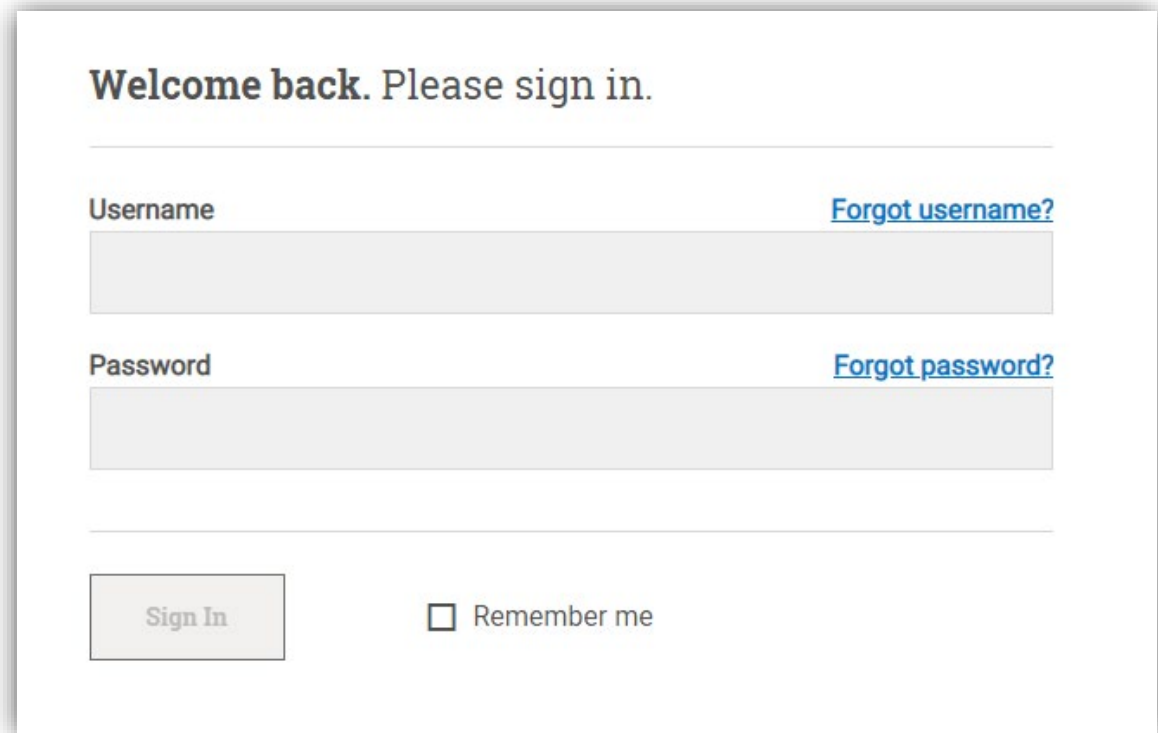

- The MP3 audio files will be available to download from SSD Online.
- Although the streaming option is designed to enhance the testing experience for students and allow for additional security and convenience for those administering the SAT with Essay, PSAT 10, and PSAT 8/9, there are some set-up activities that are required:
 - **Prior to test day**, an application needs to be installed and tested on each computer used for MP3 audio testing.
 - If you already installed the application for fall College Board testing, you do not need to reinstall. You will use the same application.
 - Once installed, test the application to ensure it will work for your students on test day.
 - **On test day**, download the audio files.

Pre-Recorded Audio (MP3): Install the Application

Prior to Test Day

Install the Application

1. Access the link available in SSD Online.
2. Sign in with your College Board professional account.
 - Installing the application requires access to SSD Online.

Welcome back. Please sign in.

Pre-Recorded Audio (MP3): Install the Application

Prior to Test Day

Detailed instructions for a mass install of the application is available in SSD Online to share with your IT staff.

3. Once your SSD Online credentials are verified, you will see a screen that has links for installing the MP3 application for computers that use Windows or a Mac.
 - If your school uses Chromebooks, the 3rd link will bring up a set of mass installation instructions that can be shared with your IT department to push the application to all Chromebooks.
4. Select the appropriate operating system and follow the instructions on the screen to install the application.

5. Once the application has been installed on a Windows or Mac device, an icon for the application will be available on the desktop.

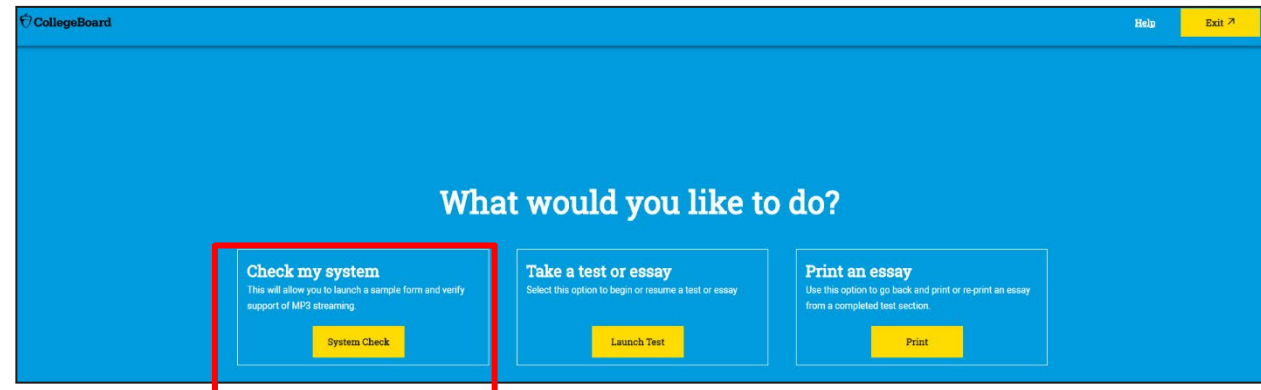

Pre-Recorded Audio (MP3): Test the Application

Prior to Test Day

Testing coordinators are highly advised to review the functionality of the streaming application by accessing the sample form prior to test day. This is to ensure that everything is working as expected and to get yourself familiar with accessing forms.

Test the Application

1. Select the icon/app for the MP3 Delivery application.
2. Login using your College Board professional account.
3. Once logged in, select the first option that says “System Check”
4. Follow the instructions on the screen or in the step-by-step guide available in SSD Online.

Pre-Recorded Audio (MP3): Download Test Forms

Can only be done on test day

Download the test forms

1. On test day, for each workstation or computer where students will use MP3 audio:
 - Select the icon for the MP3 Delivery application.
2. Login using your College Board professional account
3. Select “Launch Test”
4. Follow the instructions that will be available in your Coordinator Manual (PSAT 8/9 and PSAT 10) or Accommodated Testing Manual (SAT with Essay)
 - If you have many students using MP3, it is suggested that you follow the instructions in the manuals for students to enter their information rather than the proctor or SSD Coordinator.

Accommodated Testing Materials

Accommodated Testing Materials

 - Materials are sent for requests in the pending status in the chance that the approval is granted before test day
 - Submit requests in by the deadline and monitor status – only provide accommodations to students with approvals
 - Do not order test materials in the College Board test ordering site
- Will be automatically sent for the students in the eligible grades for that assessment

- If you don't have access to SSD Online, submit the [SSD Coordinator Form](#).
- Begin to review students with current approvals in the system.
- Start to generate a list of students who need state-allowed accommodations and English learners who will need time and one-half for entry into the system starting the week of January 10, 2022.

Updated Assessment Security Training

The Michigan Department of Education (MDE) is pleased to announce that the 2020-21 Assessment Security Training is now available for District Assessment Coordinators and Test Administrators. For those who have completed the training in previous years, the Refresher Course is also available. All learners will register for the same course in the catalog, and the system will route them to the refresher if they have successfully completed the full course previously.

About the Assessment Security Training course

In this training, staff will:

- review the importance of test security during all phases of test administration
- learn how to properly prepare for test administration
- gain understanding of what to do if something does not go as planned during testing

Each module is designed to be completed in 10-15 minutes. Learners who complete all four modules and demonstrate their knowledge on a short comprehensive test will print a Certificate of Completion at the end of the training; the certificate is to be kept on file within the district or building.

This course is available free of charge through Michigan Virtual's Professional Learning Portal.
