

# The New Assessment Integrity Guide

Professional and ethical assessment conduct

OEAA Conference 2009

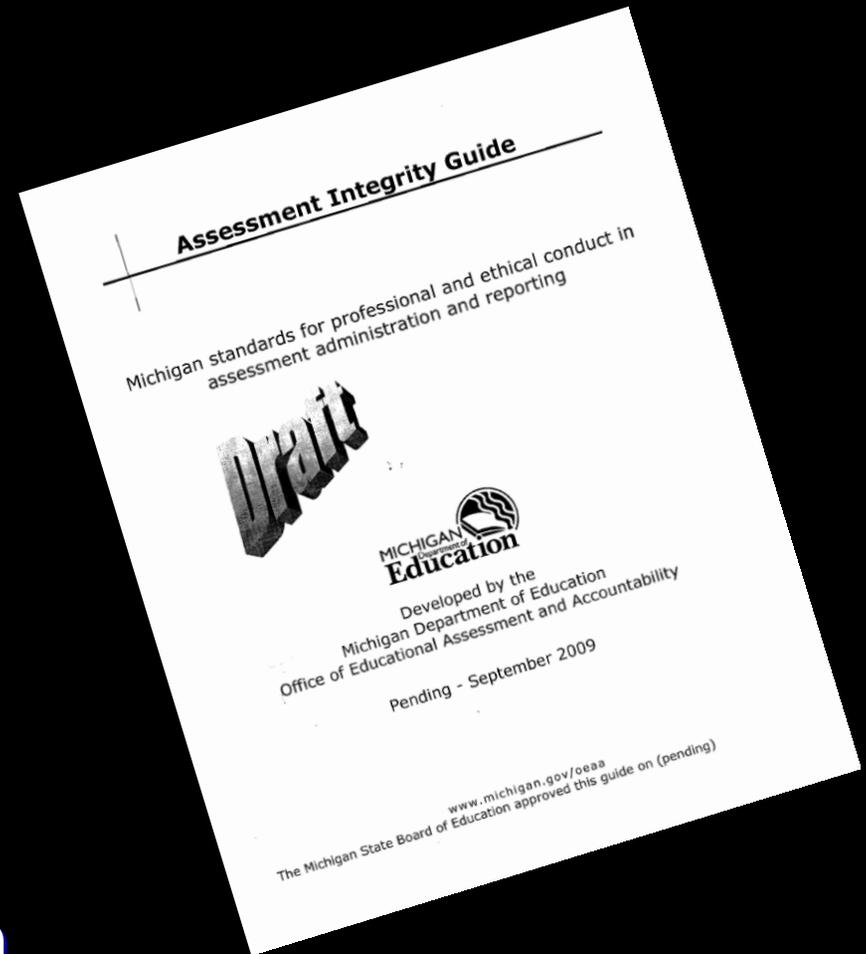

Paul Stemmer

Michigan Department of Education

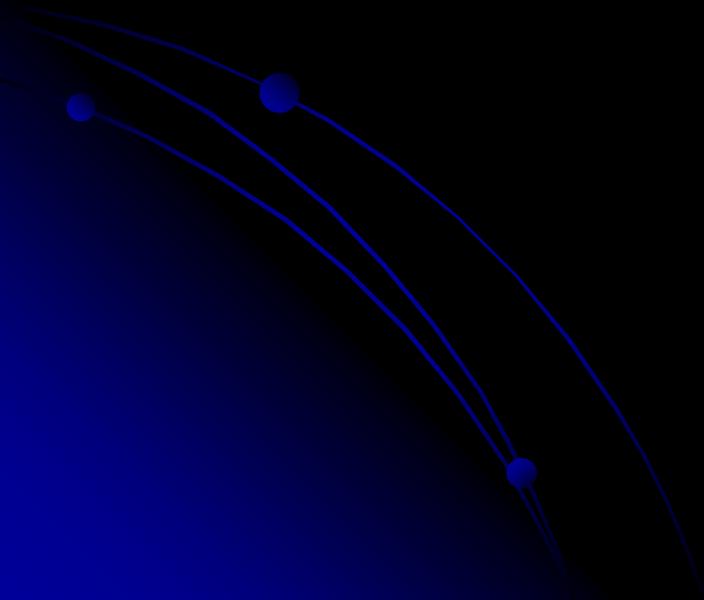

# Focusing on doing assessment right

- Under Review  
By State Board
- Expected Release  
September
- New guidelines
- More clarity
- Improved handling  
of complaints
- Focus on prevention

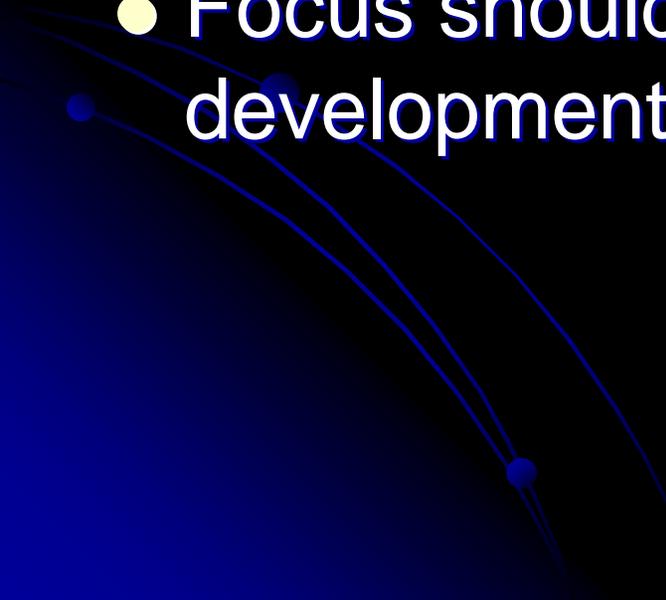

# Changes from last

- Test Preparation
- Secure and Restricted Use tests
- Revised and Detailed Flow Chart

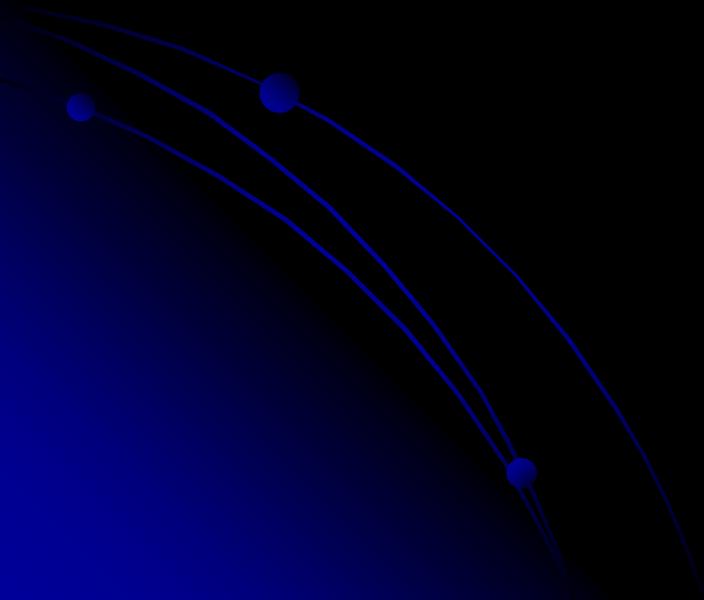

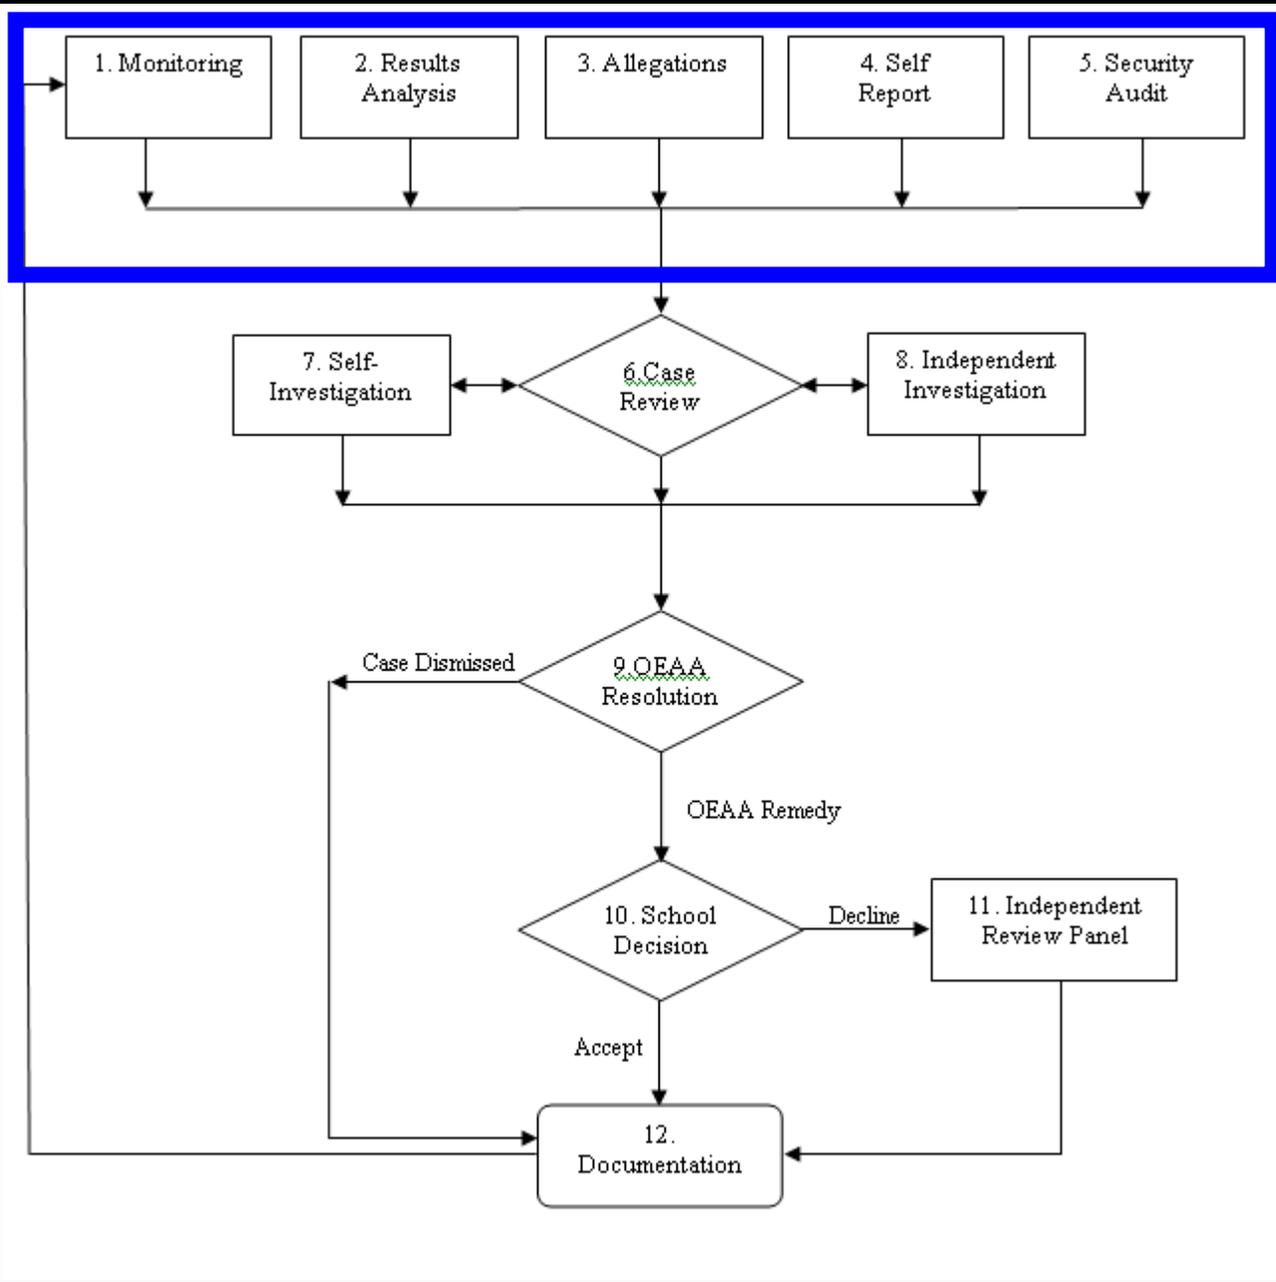

# Test preparation is important

- Appropriate Do's and Don'ts
  - A Balanced Assessment Approach
    - Formative Assessment: Michigan Assessment Consortium
  - Focus should be on instruction and skill development not testing and drilling
- 

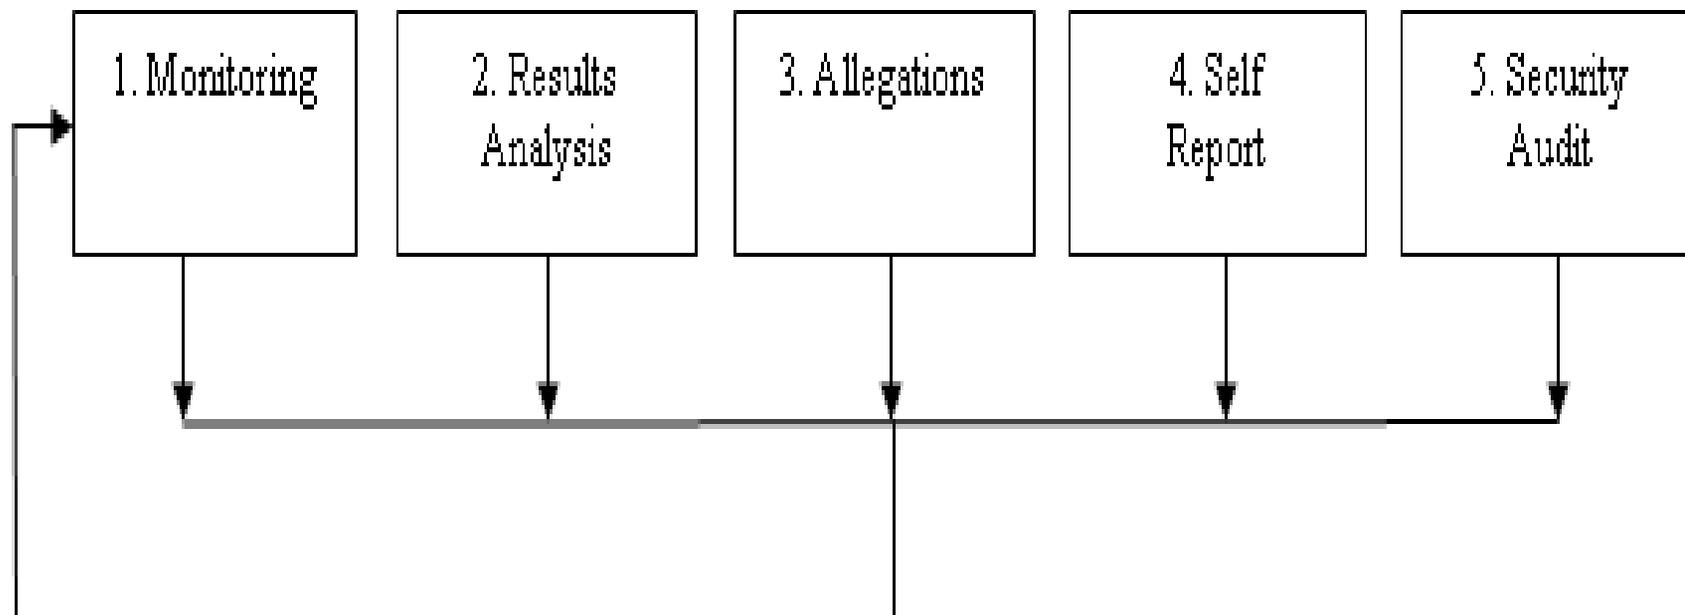

# Test Item Security

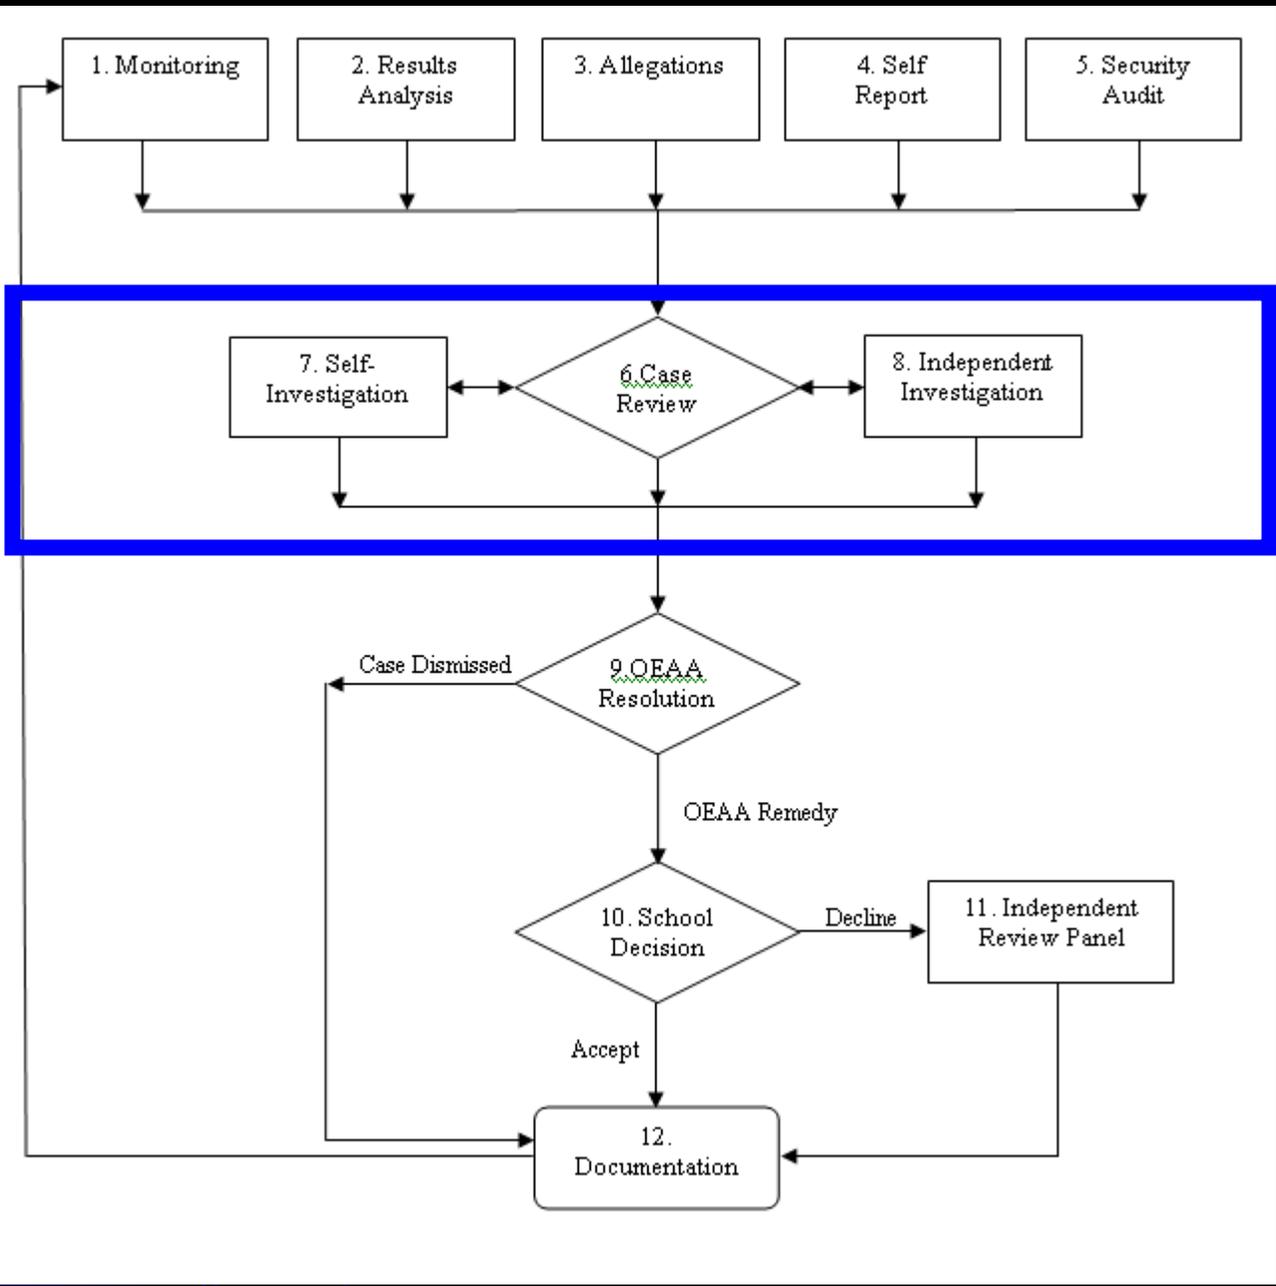

- Secure item defined
- Restricted Use item defined

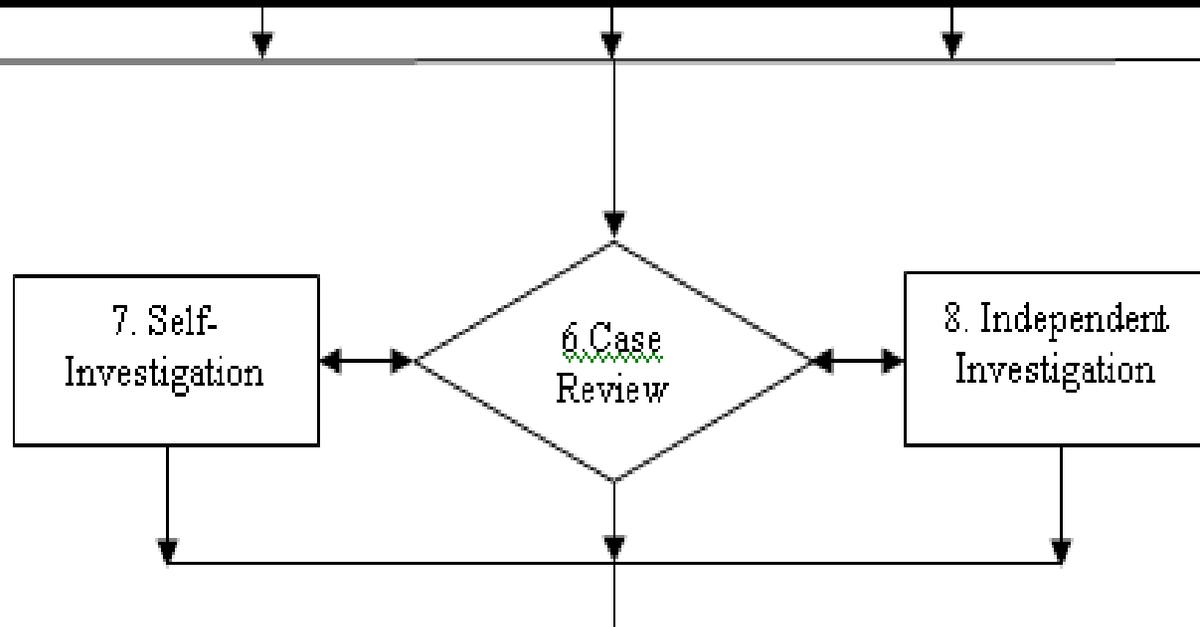

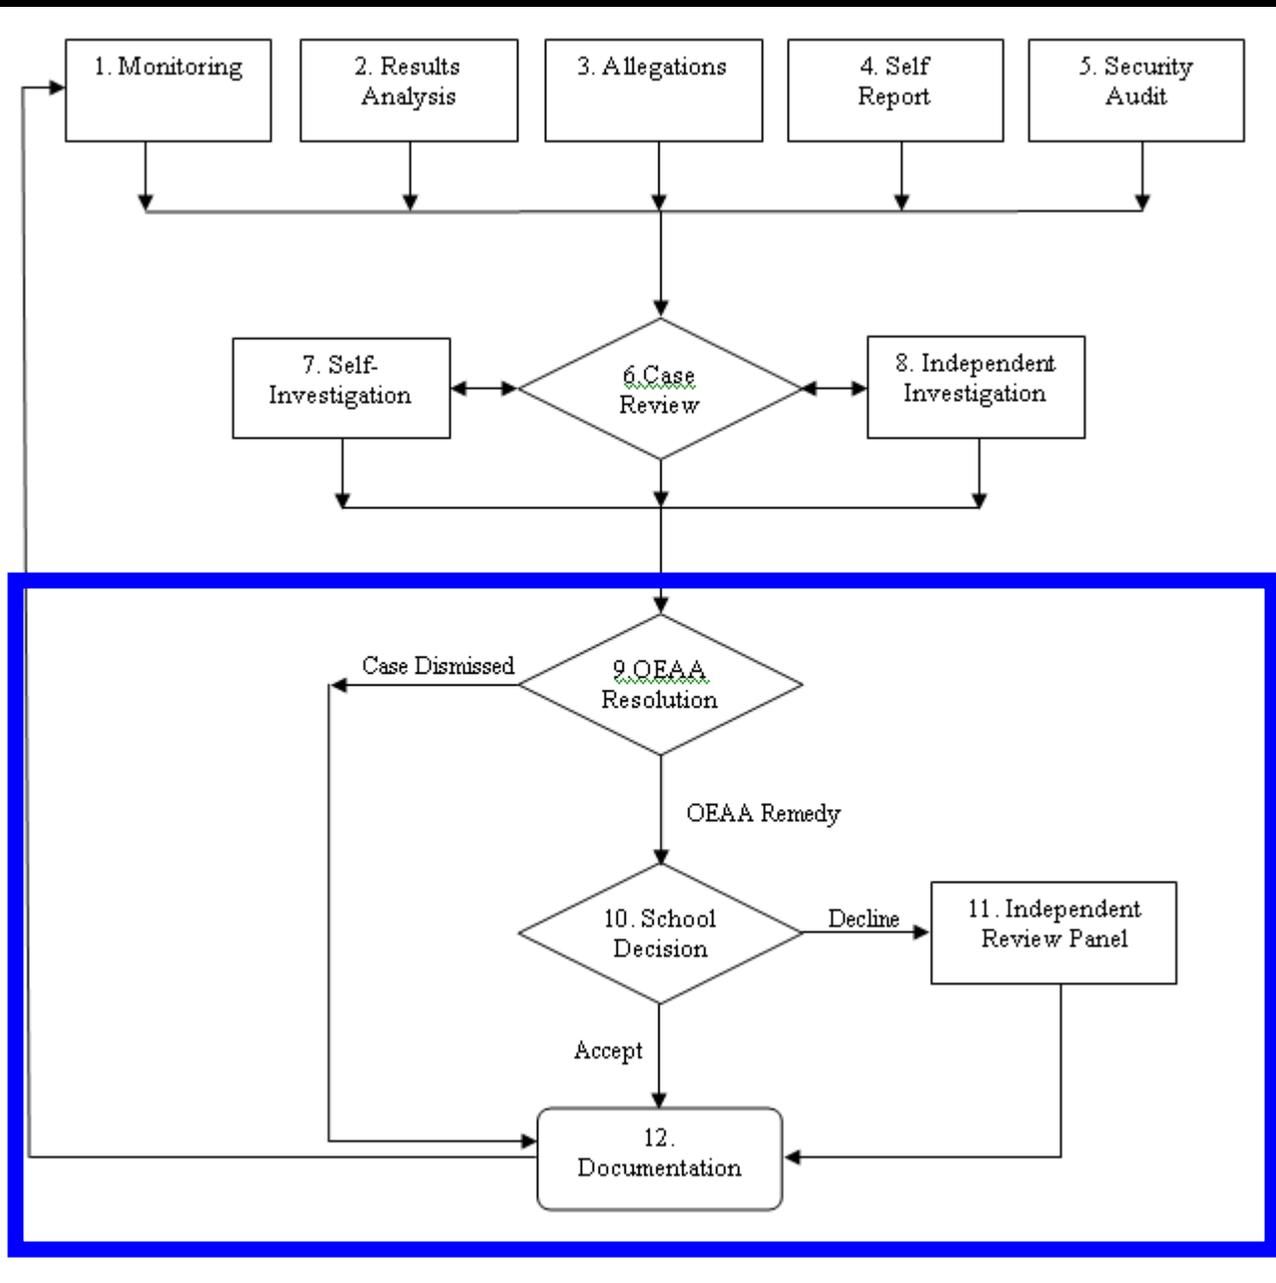

# Flow Chart Problem Determination

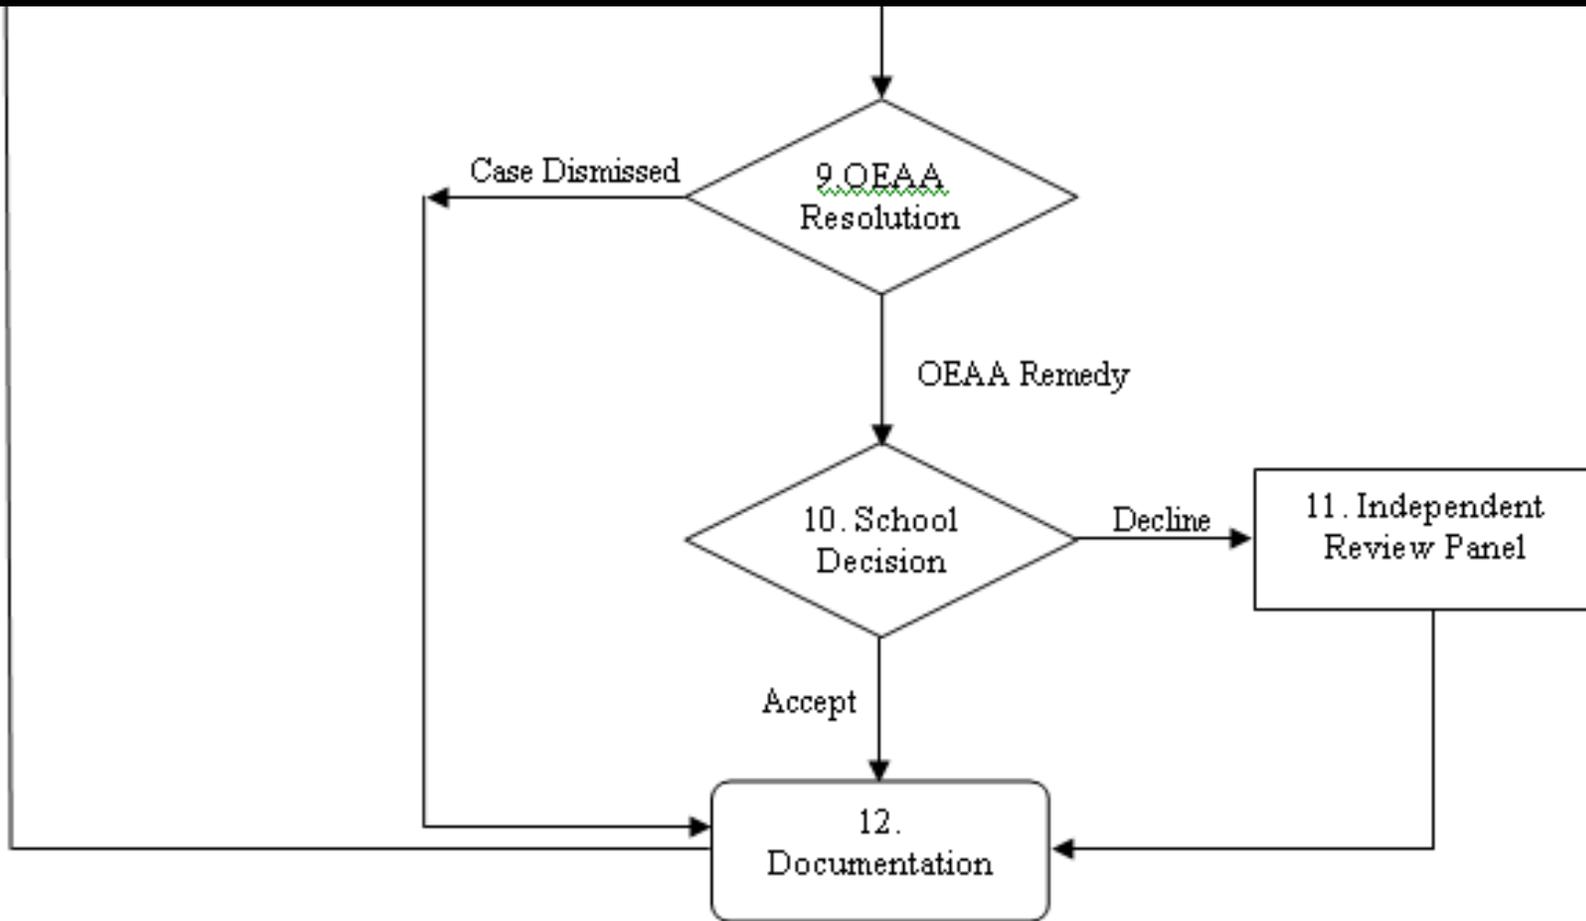

# Flow Chart Case Review

# Flow Chart Case Review

# Final Message

- Read the Assessment Integrity Guide carefully
  - Read and be familiar with Administration Manuals
  - Contact OEAA if you think you have a problem
-
