

Michigan 2015-16 FFVP Best Practice School Districts

Each of these districts did a great job with claiming (level of detail, timeliness) and offered a great variety of fresh fruits and vegetables throughout the year. Nice work!

Note: This isn't an all-inclusive list of districts that did a great job. These were simply a few select stand-outs MDE noticed during the course of the past two school years. If you know of any other districts fit for this category, please contact Adrienne via one of the channels below. We always like to promote the great work you all are doing.
