If the qualifying move was from Niles to Eau Claire, the moved from/previous address was **Niles**, the moved to was **Eau Claire**. A non-qualifying move (within the three years) was made to Berrien Springs.

On this COE, the moved from/moved to is still the same (Niles to Eau Claire) and the previous address remains **Niles**. The current address remains Eau Claire. These addresses document the qualifying move.

The previous address is the qualifying moved from address.

The current address is the qualifying moved to address.

The move to Berrien Springs did cross district boundary lines but was not a qualifying move. This TRUE address is noted in the comment box.

Example: “Non-Qualifying Move to Berrien Springs: 1234 Birch St. (269) 345-0987. The children qualify under the three year provision.”
