Local School Principals

FROM: Venessa Keesler, Ph.D. 
Deputy Superintendent, Education Services

SUBJECT: Feedback Survey for the AdvancED Adaptive System of School
Improvement Support Tools
(ASSIST)

Over the past year, the Michigan Department of Education has made the transition to the ASSIST Platform for working on school improvement initiatives such as the School Process Profile, the School Data Analysis, and the District Process Rubrics as well as your school and district improvement plans. As with any transition to new software, users sometimes experience difficulty with the system.

We have listened to your concerns and made updates, making the navigation and reporting easier and more user-friendly. However, now is a good time to ask you for additional input. To let us hear from you, we have provided a link below. Please give us your feedback no later than July 12, 2013.
