# **USDA REQUIREMENTS**

School Food Authorities (SFAs) must monitor Fund Balance and proactively invest profit to avoid an Excess Fund Balance (EFB) and findings

Invest profit into Food Service Program improvement

EFB occurs when Fund Balance exceeds 3 months average expenditures (Allowable Fund Balance) at vear end

MDE assesses Net Cash Resources (Fund Balance) through FID School Meals Report or School Lunch Year End Report (SLYER)

# **MDE PROCESS**

Email notifications sent every January or February for SFAs with an EFB

SFAs are required to fill out an online Spend Down Plan of Action (POA) form

SFAs must seek prior approval of equipment/capital outlay requests

Carryover Extension can be requested for one additional year

# Caution...

**Important**: USDA requires that Federal reimbursements be reduced for SFAs with repeated EFB findings.

Important: Failure to obtain MDE's prior approval of equipment/capital outlay results in an unallowable cost. Unallowable costs must be reimbursed to the Food Service Fund with Non-Federal funds.
